

2015 Culling Announcement

Table of Contents

In a continued effort to make Steelcase easier to do business with, you will be notified of our annual culling activities in the spring.

We realize some deletions require 12 months customer notification before last ship, while other lower volume items with minimal customer impact need 6 months notification.

The 2015 Culling Announcement contains two last order entry dates and two production dates:

- Last order entry **October 18, 2015**
Last production **December 3, 2015**
- Last order entry April 17, 2016
Last production May 26, 2016

See the Table of Contents for products and surface materials impacted by each deletion date.

Contact your Steelcase sales representatives for customer impact reports so you can notify your customers in a timely manner.

For advanced notification, some products and surface materials have been identified for deletion with these last order entry dates:

- October 16, 2016
- April 16, 2017
- October 20, 2019

		Alternatives close in color, texture, and pattern may be available through various customized programs. See the detail below for additional information. Where recommended alternatives have been provided, samples and pricing must be reviewed before specifying. These recommendations are not exact matches and other material options used in your specific application should be considered. Where no recommendations are suggested, please reference active samples to determine the best color alternative for your specific application.
