

# Spec News April 2015

News for the specifier of Steelcase products

Steelcase

## ► Headlines

### Price Adjustment

#### **Price Adjustment**

The Steelcase list price adjustment is effective 4/20/15 for price list 182A/147A. The April 2015 specification guides contain new product introductions and enhancements, and updated 182 U.S./147 Canada pricing, which goes into effect April 20, 2015. If you did not place a preorder for printed April 2015 specification guides or need additional printed copies, they can be ordered starting April 20th. Go to [village.steelcase.com](http://village.steelcase.com)—Americas, and click on AdStock under Quick Links. Downloadable pdf files of the April 2015 specification guides will be available on April 20, 2015 as well.

### New Steelcase Education specification guide

#### **New Steelcase Education specification guide**

Beginning in April 2015, you can find Verb product information inside the new Steelcase Education specification guide. Verb will no longer have its own spec guide. The Steelcase Education spec guide includes essential information on the education solutions portfolio for learning spaces of today.

### Elective Elements introduces mirrored glass on storage options

#### **Elective Elements introduces mirrored glass on storage options**

Mirrored glass—available in 6509 Mirrored Bronze only—is now available on Elective Elements storage options. See the April 2015 Elective Elements specification guide for more information.

### V.I.A. adds new products and options, and new acoustic information

#### **V.I.A. adds new products and options, and new acoustic information**

V.I.A. has added a structural beam for surface mounted furniture options, and an acoustic seal for captured glass for the April 2015 release. Additional monitor shroud sizes have also been added for both single and double monitor shrouds. New acoustics planning information addresses STC performance for captured glass frames. There are also more comprehensive planning guidelines for application of the new RoomWizard II mounting brackets. The hang-on components section has been updated to include information about the new universal worksurface brackets for V.I.A., which will be orderable in June 2015. See the April 2015 V.I.A. specification guide for more details.

### Details Series Bench adds FrameOne End Panel and Utility Pole

#### **Details Series Bench adds FrameOne End Panel and Utility Pole**

Available in three height-adjustment options—Series 3, Series 5, and Series 8—Series Bench supports a diverse range of individual needs while maintaining a seamless aesthetic throughout an organization. Now, the FrameOne aesthetic can be offered with the addition of a FrameOne end panel. Additionally, a utility pole has been added to the offering. See the April 2015 Details specification guide for more information.
