FREESTANDING CASEGOODS

park

A CONTEMPORARY APPROACH TO HEALING.

When simplicity is key. When design is based upon function. That's the essence of the Park™ series from Nurture. Its contemporary themes bring a clean sense of calm to any space.

INTUITIVE ELEGANCE

Park brings the comforts of home to patients and their families. This includes dual-tiered surfaces for belongings, and a mobile cart for caregivers.

CUSTOMIZABLE SOLUTIONS

With patient space often at a premium, Park makes the most of it with an offering of efficiently proportioned furniture. Two-tone mixed-material finishes are available exclusively with Park.

INTELLIGENT SUPPORT

Park is not only clean-looking, its rigid thermofoil (RTF) and spill top surfaces address infection control. As with all Nurture casegoods, Park anticipates the needs of caregiver, patients and partners in care, creating an environment that supports greater healing.

FREESTANDING CASEGOODS

Wardrobe
with finger pull

Bedside Table
with finger pulls and metal legs

Bedside Table
with finger pulls and casters

Vent Slot

Extends the entire width of the cabinet for even airflow and improved moisture control.

Euro Hinge

Simple to adjust, and opens 110° for easy access.

Drawer Liner

Offers a durable layer of protection that's easy to remove for cleaning.

Spill Top

Makes cleanup easy and patient health the primary focus.

FEATURES

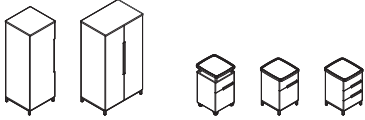

With RTF and spill top standard, Park keeps unwanted spills away from patients. Park also features heavy-duty, solid-backed construction allowing it to withstand the continuing demands of healthcare.
