FREESTANDING CASEGOODS

# senza

## DESIGNED WITH EVERYONE IN MIND

Patients can sense when an environment is designed for healing. Introducing Senza. With its design-forward approach to health care, our most complete line of casegoods will tie any space together with equal parts elegance, performance, and flexibility.

## SIMPLE COMFORTS

With a look that feels like home, Senza supports the healing process with comfort and ease of use.

## ADDED CONVENIENCE

Designed to meet the needs of many, Senza offers work surfaces for caregivers and private storage for patients and loved ones.

## CUSTOMIZABLE SOLUTIONS

To make the most out of your design, Senza offers efficient proportions and countless ways to customize your space.

## SEAMLESS SUPPORT

By providing beautifully integrated television monitors and cord management, Senza accommodates the ever-changing demands of patient communication and entertainment devices.

## FEATURES

Senza anticipates the needs of the patient environment with cleanable surfaces that offer a greater measure of infection control. Available in laminate, RTF, and multiple wood finishes, Senza provides solid-backed, heavy-duty construction, allowing it to withstand the continuing demands of healthcare.

### Vent Slot

Extends the entire width of the cabinet for even airflow and improved moisture control.

### Euro Hinge

Simple to adjust, and opens 110° for easy access.

### Drawer Liner

Offers a durable layer of protection that's easy to remove for cleaning.

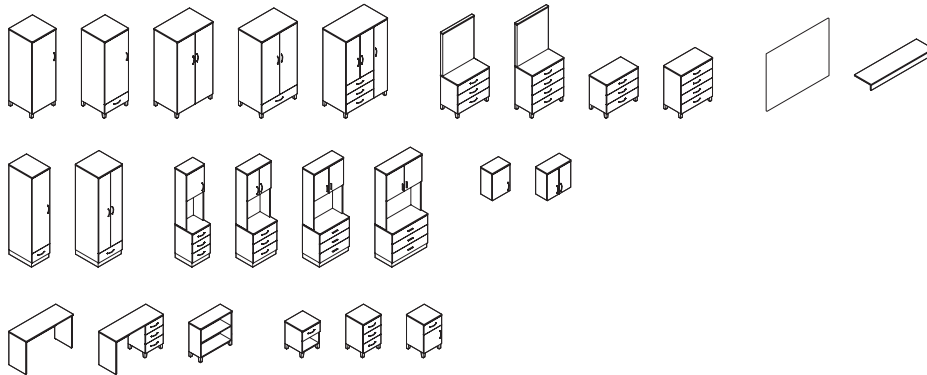

### Solid Surface

Addresses infection control by being easy to clean.
