

A STEELCASE COMPANY

This information applies to models: GG, FF, SA, SF, FA, PP, DA. Numbers may vary by style. Palm rests can be combined with keyboard platforms and keyboard mechanisms.

- Product Category — Computer Support Tools
- LEED Contribution — Recycled content, and sustainable purchasing
- Environmental Facts — up to 100% recyclable
— up to 16% recycled content

Materials Chemistry

Together with McDonough Braungart Design Chemistry (MBDC), one of the world's leading sustainable design firms, we're assessing all of the chemicals and materials used in our products down to 100 parts per million - evaluating them against 19 human and environmental health criteria. As a result, we're forming a cradle-to-cradle strategy for all of our products.

Life Cycle Assessment

We work with the University of Michigan's Center for Sustainable Systems to complete life cycle assessments for all of our major products to better understand the environmental impact of every stage of a product's life. Steelcase has not performed a lifecycle assessment on this product.

Recycling & Reuse

We select materials that can be recycled at the end of a product's use and then design in such a way that they can be easily disassembled and separated. To simplify recycling, we minimize co-mingled components, consider the number and type of fasteners and are committed to making disassembly easy with common hand tools. Adhesives are eliminated if possible.

Recycled Content Summary

| Model | Total Weight (lbs) | Recycled Content (lbs and %) | | Post Consumer (lbs and %) | | Pre Consumer (lbs and %) | | Recyclability (lbs and %) | |
|---|--------------------|------------------------------|-----|---------------------------|-----|--------------------------|----|---------------------------|------|
| | | lbs | % | lbs | % | lbs | % | lbs | % |
| GG-Green Gel Palm Rest | 0.8 | 0.1 | 12% | 0.1 | 12% | 0 | 0% | 0.8 | 95% |
| FF- Full Width Fixed Height Palm Rest | 1.8 | 0.3 | 16% | 0.3 | 16% | 0 | 0% | 1.8 | 98% |
| SA-Standard Adjustable Palm Rest | 0.4 | 0 | 0% | 0 | 0% | 0 | 0% | 0.3 | 74% |
| SF-Standard Foam Palm Rest | 0.1 | 0 | 0% | 0 | 0% | 0 | 0% | 0.1 | 100% |
| FA-Full Width Height Adjustable Palm Rest | 2.3 | 0.3 | 13% | 0.3 | 13% | 0 | 0% | 2.3 | 99% |
| PP-Position able Palm Rest | 0.9 | 0 | 0% | 0 | 0% | 0 | 0% | 0.9 | 98% |
| DA-Deeper Adjustable Palm Rest | 0.7 | 0 | 0% | 0 | 0% | 0 | 0% | 0.5 | 71% |

Disclaimer

Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Product Environmental Profile –Palm Rests™

| Program | Category | Item | Contribution |
|---|-----------------------|--|--|
| LEED–INTERIOR DESIGN & CONSTRUCTION (formerly LEED- CI) | Materials & Resources | MR 4 (recycled content) | Post-consumer % + ½ pre-consumer % = recycled content%. GG = 12% FF = 16% FA = 13% |
| LEED–DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools) | Materials & Resources | MR 4 (recycled content) | Post-consumer % + ½ pre-consumer % = recycled content%. GG = 12% FF = 16% FA = 13% |
| LEED–OPERATION & MAINTENANCE (formerly LEED-EB) | Materials & Resources | MR 2.0 (sustainable purchasing – durable goods option 2 furniture) | Exceeds the ≥ 10% post consumer or ≥ 20% pre-consumer criteria. GG = 12% FF = 16% FA = 13% |

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Incorporation of user controlled task lighting and occupancy sensor products in systems furniture installations can contribute to reducing ambient light requirements and energy load. These contributions may be applicable to Energy & Atmosphere credits.

Also, both product longevity and the Steelcase Environmental Partnership Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems. Cradle to Cradle Certified™ is a certification mark of MBDC.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Corporate Environmental Performance (616.247.2996).
