

## Product Environmental Profile – Jenny® by Turnstone®

### Environmental Attributes

- Product Category — Seating: Lounge
- Certifications — SCS Indoor Advantage™ and SCS Indoor Advantage™ Gold (excludes leather and wood options) certified for indoor air quality in North America  
— level® 1 certified to ANSI/BIFMA e3 standard
- LEED Contribution — Recycled content, regional materials, and rapidly renewable materials
- Environmental Facts — 27% recyclable  
— 3% recycled content

### Recycled Content Summary

Total Weight (lbs) 44.4

Recycled Content (lbs)	1.3	Recycled Content	3%
Post Consumer (lbs)	0.1	Post Consumer	0%
Pre Consumer (lbs)	1.2	Pre Consumer	3%
Recyclable Content (lbs)	12.0	Recyclable Content	27%

#### Disclaimer

Numbers may vary based on model and options selected. Calculations of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (0%) + ½ pre-consumer (3%) = 1.5%.
	Materials & Resources	MR 5 (regional materials)	Jenny® is assembled in Tijuana, Mexico. Projects ≤ 500 miles from this location qualify.
	Materials & Resources	MR 6 (rapidly renewable materials)	Steelcase offers textile and surface material options that may contribute to this credit.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	Post-consumer (0%) + ½ pre-consumer (3%) = 1.5%.
	Materials & Resources	MR 6 (rapidly renewable materials)	Steelcase offers textile and surface material options that may contribute to this credit.

**Other Credit Contributions**

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Environmental Partnership Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to [www.usgbc.org](http://www.usgbc.org) for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
