

Lock Bar

A round or rectangular
cafe height table

orangebox

Product Description

Lock Bar meets requirements for diverse working environments and different types of surfaces within today's workplaces.

Suggesting a more relaxed café environment, the Lock Bar provides a place to both work and eat and drink, encouraging social interplay within the working day.

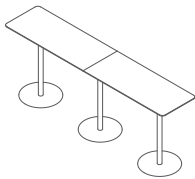

While Lock Bar is ideal for more compact or restricted spaces, it also provides a simple, inviting solution for most environments.

Available in a variety of lengths, and also with a compact circular table, Lock Bar has a refined contemporary chamfered edge detail, and surface finishes integrated across the Orangebox portfolio.

A complementary table range offers different table heights for meetings or collaborations.
