Gathering is one of the great reasons to be at work — but how well do gathering places actually work for the people who use them? What kind of design innovations would help make the experience of working together feel more natural, more delightful?

Coalesce Ensemble Lounge System

“We explore ideas for how the office might be reborn, in big and small ways. And we are committed to helping design places that work better so people can do their best work.”

***Learning Spaces Should Inspire Active Learning.***

Our approach to activating learning spaces focuses on flexibility and innovation, catering to the diverse needs of educational and corporate environments. From interactive classrooms to dynamic training rooms, our ancillary products support an engaging and adaptive learning experience for all ages.

Active learning requires spaces that are as dynamic as the learning itself. Our portfolio is designed to facilitate different learning styles and activities. Create environments that encourage movement, foster communication, and build a sense of community among learners and educators alike.

*Celebrating Life,  
Everyday Everywhere*  
Diageo - Gurgaon, India

*“Beyond just the functional,  
we aimed to create a unique sense  
of place. Welcoming, meaningful,  
and for shared experiences.”*

**Addy Walcott**  
Associate Director  
M Moser Associate

When Diageo - a global leader in premium beverage alcohol with an iconic portfolio that includes Johnnie Walker, Guinness, and Tanqueray - envisioned a new workplace in Gurgaon, the goal was clear: to create a destination that reflects its purpose of Celebrating Life, Every Day, Everywhere.

Steelcase collaborated with M Moser Associates and Corporate Real Estate Team at Diageo, to bring this vision to life. Together, we translated Diageo’s distinctive brand essence into an environment that seamlessly blends flexibility, storytelling, and human connection.

Spanning 82,882 square feet across three floors, the Gurgaon workspace embodies the energy and spirit of Diageo. Every design choice from the open, flexible work zones to the immersive brand touchpoints celebrates Diageo's craft and culture.

The interiors balance premium hospitality and industrial character, merging oak paneling, bespoke lighting, and plush lounge furniture with raw materials like concrete floors, metal mesh, and oak barrels. Locally inspired elements such as Lakhori brick, brass, and terracotta infuse the space with warmth and Indian cultural heritage.

At the heart of the workplace is the Distillery, an open, welcoming environment that includes the reception, work café, collaboration lounge and more. Designed as a modern, hospitality space, it celebrates creation, craft, and collaboration, mirroring Diageo's deep connection to its brands and people.

Across the work floors, curated art, locally inspired textures, and brand storytelling come together to immerse employees and guests in Diageo's purpose driven culture, one that celebrates life in every moment.

*Reinvented for the Future of Work*  
Terra at HKRI Taikoo Hui  
Shanghai, China

On the 38th floor of HKRI Centre One, TERRA reimagines the workplace as a third space where work, hospitality, and culture converge. Blending premium experiences, curated dining, wellness rooms, and flexible event facilities with a strong commitment to sustainability, it offers a setting that is both refined and human.

The design narrative draws inspiration from the name itself. TERRA, rooted in the idea of terrain, extends into the meeting room concept where each space takes on the identity of an element; Earth, Water, Fire, and beyond. Materials, colors, and lighting capture the spirit of these forces. This elemental storytelling adds depth to the workplace, reminding users that collaboration and creativity are as much about atmosphere as they are about function.

With sustainability certifications such as RESET Embodied and Green Kitchen underlining its commitment to responsible operations, TERRA is as forward-thinking as it is refined. It is a place where business, hospitality, and culture converge; a showcase of how work environments can inspire not only productivity but also connection, well-being, and imagination.
