

IDEA BOOK

Designing High
Performance
Ancillary Spaces

Steelcase

When it comes to designing shared spaces it's important to think about how these spaces will support all five work modes:

FOCUS

REJUVENATE

LEARNING

SOCIAL

COLLABORATION

Focus 01

This alternative space for resident workers is ideal for focus work; nearby yet away from distractions. Lounge seating provides shelter from visual distractions and a calming space. The overhead hoodie screen offers a boundary while the gap design maintains access to coworkers.

**media:scape Hoodie
by Steelcase**

media:scape lounge with hood is an inspired way to shape space, creating visual and physical boundaries to provide privacy.

**Sling Table
by m.a.d.**

Create an extra workspace instantly with this lightweight and portable work surface. A clean line of continuous metal tube wraps the body of this veneered side table for an honest and minimalist expression.

Rejuvenate 01

This alternative space for resident workers is ideal for focus time and rejuvenation; nearby yet away from distractions. Lounge seating provides a calming space, paired with a personal table and shielding inside the pod creates for a calm focused atmosphere.

Air3 Pod
by Orangebox

Renowned for their patented louvered ceiling design, the award-winning Air3 Acoustical pod range creates attractive quiet places in wide range of sizes for freestanding meeting rooms, private offices and touchdown spaces. Glass walls welcome light and connection, while interchangeable fabric panels control sound and add style.

Free Stand Table
by Coalesse

Lightweight, foldable and height-adjustable, Free Stand Table is a design minded accessory that go wherever you need it. The base allows it to work with almost any lounge chair or sofa.

Mango Chair
by Wendelbo

Mango Lounge Chair breathes contemporary life into a classic silhouette. A slice of fun in an elegant shell makes the Mango a versatile and comfortable chair that suits all occasions and surroundings.

Respite 01

Having a rejuvenation area in an open space provides individuals a quick touch down space and supports them to change their work modes with ease. The use of Urban Shelf gives a sense of spatial division without sacrificing the space's sight line. The Case lounge is offered in a high back to give that extra visual privacy.

Case – High Back
by Wendelbo

Case collection of sofas that breathes the cocooning comfort and calmness of the home into workplace and hospitality settings. Resting atop an elegant wooden base, the collection consists of Case High Back, Case Low Back and Case Combi.

Urban Shelf
by m.a.d.

As we bring in more natural elements into our 'urban' workplace, MAD has introduced a shelving unit that can not only house planters to create greener environments, but it also acts as storage and partitions.

Respite 02

A space to take refuge from the buzzing atmosphere of the workplace. A place for respite serves the mind and the body. A place to think or to take your mind off everything.

Slice Shelf by Wendelbo

A strong and creative multi-purpose structure with shelves placed logically, yet decoratively for storing books, catalogues and other objects. Slice is available in three versions, making it easily adaptable to a variety of spaces.

Flex Mobile Power by Steelcase

Steelcase Flex Mobile Power brings true mobility to the workplace. The sleek and smart mobile power solution gives teams and individuals the freedom to work anywhere they want.

Floema Table by Wendelbo

Floema is a family of tables whose minimalist design offers a feeling of welcoming elegance. The elliptical or circle tops are available in stone or wood and come in a variety of sizes making Floema an ideal choice as a centerpiece or side table.

Aloe Chair by Wendelbo

An extremely comfortable lounge chair. Its innovative design is inspired by the elegant leaf of an aloe plant suspended on a steel frame. Both light & sturdy, Aloe is a versatile option for lounge and lobby spaces and particularly suitable for respite areas.

Lobby 01

A welcoming waiting space provides hospitality, as well as support for users before and after meetings. Featured Shirley Sofa and Anna Lounge by Michael Strads, create a sophisticated look with rich materiality.

Shirly Sofa
by Michael Strads

An exquisite piece of furniture and masterpiece of high craftsmanship, the Shirley sofa is truly a statement piece. Each padding is individually packed with high density foam for maximum comfort and an everlasting shape.

Anna Lounge
by Michael Strads

The soft curves of Anna gives it an air of ideal inner reflection. Its thin metal legs seems to make its cushy body feels lighter, lifting one into the clouds of relaxation.

Delphine Coffee Table
by Michael Strads

Delphine coffee tables balance their sturdy table tops on thin metal legs, giving an impression of floating on air.

Lobby 02

A living room style lounge setting with informal posture allows for ease of connection with guests. Multiple seating options are available for single or larger group sizes.

Roto Stool
by m.a.d

Playful and multi-purpose, m.a.d Roto Stool plays on the concept of rotation. One side provides a subtly curved seat, while the other side creates a convenient side table with a flat tabletop.

Dada Sofa
by Grado Design

This contemporary 2-seater sofa adorns spaces with its light and fresh design. It welcomes the users in all kinds of locations, from residential to reception areas, offices, and spaces dedicated to collaboration.

Circa Lounge
by m.a.d.

Circa lounge features a very organic silhouette with a curved backrest which highlights the lumbar support. Light metal tube legs elevates the seat, creating a visually lighter aesthetic.

Dada Table
by Grado Design

Dada table brilliantly balances aluminum tapered legs with different top options. The marble top is a favorite furnishing item that creates a sense of stylish luxury and visual elegance.

Wing Lounge
by m.a.d.

A beautifully designed chair that incorporates a level of privacy and Acoustical elements. Inspired by the natural symmetry and angled features of wings the conceptual piece incorporates newly selected fabrics giving it a softer wool like materiality.

Lobby 03

This casual lounge space allows users a chance to get away from their desk, relax and enjoy cup of coffee while connecting with co-workers, or catching up on email.

Wing Lounge
by m.a.d.

A beautifully designed chair that incorporates a level of privacy and Acoustical elements. Inspired by the natural symmetry and angled features of wings the conceptual piece incorporates newly selected fabrics giving it a softer wool like materiality.

Circa Lounge
by m.a.d

Circa Lounge features a very organic silhouette with a curved backrest which highlights the lumbar support. Light metal tube legs elevate the seat, creating a visually lighter aesthetic.

Delphine Coffee Tables
by Michael Strads

Delphine Tables balance their sturdy table tops on thin metal legs giving an impression of floating in thin air. The customizable table top is available in a variety of options and is the perfect addition to a lounge, lobby or in-between setting.

In-between 07

A multifunctional space that gives users a variety of choices for how and where to work. The lounge setting is shielded from its surroundings and provides a place for people to connect in a small group – and work together or individually. Adjacent touchdown workspaces provide lounge or seated height postures for focused, individual work – with built-in privacy and access to power.

Urban Shelves by m.a.d.

As we bring in more natural elements into our 'urban' workplace, MAD has introduced a shelving unit that can not only house planters to create greener environments, but it also acts as storage and partitions.

Lohko Phone Booth by Taiga Concept

Lohko Phone Booth is a well-equipped product which activates itself when the user steps in. The product is sustainable – materials used in the product are environmentally friendly and the electricity consumption is as low as possible.

Transit Chair by m.a.d.

Transit seating is designed for the in-between and breakout spaces where we can build communities and inspire teams to collaborate. The ergonomically molded seat with waterfall front increases comfort.

Airfoil Table by m.a.d.

The Airfoil Table is inspired by the sleek and symmetrical aerodynamic features of an airplane wing. The collection is visually lightweight. Its details in the slim chamfered table edges and stylish legs give the table a unique silhouette. Available in a range that covers dining, occasional and cafe settings.

Circa Lounge by m.a.d.

Circa lounge features a very organic silhouette with a curved backrest which highlights the lumbar support. Light metal tube legs elevates the seat, creating a visually lighter aesthetic.

In-between 12

Placing phonebooths right where is needed is important for users to swiftly change into another work mode with the least amount of disruption. Whether it is for an ad hoc call or a quick focus session.
