

Executive Collection - Impact

The Impact™ range enables the creation of complete workplace environments tailored to the requirements of the high performance executive. The range of simple stylish elements starts with a selection of worksurface shapes and sizes. It is complemented by a choice of tables, storage cabinets, mobile and fixed pedestals to provide flexible workspaces that support private confidential work, communication and collaboration.

The Steelcase Executive Collection is a select range of exclusive solutions for furnishing the high-performance executive workplace.

Executive Collection - Impact

Impactis a flexible, distinctive casegoods system that offers functionality and an exceptionally refined aesthetic.

- 1 The refined fit and finish complements the light elegant feel of the contemporary design in this open workspace.
- 2 Caster-mounted tables blend light-scale elegance with the versatility to change workplace layouts at a moment's notice.
- 3 Impact supports a wide range of settings from large-scale to space efficient, private office to open team workspaces
- 4 Individual elements such as open display cabinets and storage options can be mixed and matched to create a custom design.

Executive Collection ...environment friendly

Reduce

minimizing waste during the manufacturing process and eliminating emissions by using VOC-free adhesives and paints.

Reuse

the extensive use of wood creates a system with an extended lifecycle. All components are reusable when changing office layouts.

Recycle

at the end of its lifecycle, the Executive Collection can be separated into its constituent components and recycled.

The Executive Collection is an excellent example of how Steelcase's commitment to the environment is integrated into every aspect of a product's lifecycle. Designed and built to last, in its manufacture, use and disposal Executive Collection embodies the Steelcase environmental philosophy – Reduce, Reuse, Recycle.
