POSITIONING STATEMENT

The Lexicon is designed as a single system for panel, bench and meeting configurations. Perfect for fixed address, hoteling and hot-desk usage, answering social and space-density needs to stimulate collaboration.

PRODUCT FEATURES

- One system for panel, bench and meeting configurations
- Supporting collaboration and personalization
- Linear aesthetic design
- Simple and intuitive with easy assembly
- Panels and Junctions join together with a simple cam-lock connection

## STATEMENT OF LINE (SOL)

Panel

- Thickness: 50mm
- Height: 850, 1000, 1150, 1300 and 1450mm
- Width: 400, 500, 600, 700, 800, 900, 1000, 1200, 1300, 1400, 1500, 1600, 1800mm
- Junctions: L, T, X, In-Line and End-of-Run Trim
- Utility Pole: Panel Height and Ceiling Height (2700 and 3200mm)
- Cable Management: Standard Panel (No Cable Management)
 Panel with Cable Management Above Worksurface
  Panel with Cable Management Below Worksurface

**Standard Panel (No cable management)**
