

## Product Compliance Laboratory Confirmation of Product Compliance

5-Jun-2019

**Coalesse Massaud** seating products have been designed, engineered, and manufactured, to meet or exceed all applicable **ANSI/BIFMA (American National Standards for Office Furnishings)** requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI/BIFMA Test Requirements:

**ANSI/BIFMA X5.1-2017** – General Purpose Office Chairs Tests

**ANSI/BIFMA X5.4-2012** – Lounge and Public Seating Tests

**ANSI/BIFMA X6.1-2018** – Educational Seating

In addition to ANSI/BIFMA Standards the Coalesse products have been tested and found to be in compliance with the following standards:

**California Technical Bulletin 117-2013:** Requirements, Test Procedure and Apparatus for Testing the Smolder Resistance of Materials Used in Upholstered Furniture (Steelcase Standard Fabrics only)

**California Technical Bulletin 133-1991:** Flammability Test Procedure for Seating Furniture for Use in Public Occupancies<sup>1,2</sup>

### LOAD LIMITS

**Coalesse Massaud** series seating products have been tested to increased loads and forces that exceed the ANSI/BIFMA Standards. This testing ensures that all Coalesse seating will support users weighing up to 300 lbs with no loss of performance.

<sup>1</sup> When Fire Code Seating (FCS) construction and fabrics are specified.

<sup>2</sup> This test specification is outside our Scope of Accreditation. This testing was performed by an accredited independent lab.

Steelcase/Coalesse uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing

### Note:

This document may be reproduced in full only.

Steelcase/Coalesse products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase/Coalesse application guidelines and assembly directions. The use of unauthorized non-Steelcase/Coalesse components, parts, or materials with integrated Steelcase product solutions **VOIDS** all Steelcase/Coalesse claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase/Coalesse panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase/Coalesse components in an integrated product solution not designed, tested, or supported, by Steelcase/Coalesse is an unauthorized modification of the original product which voids all Steelcase/Coalesse warranties, expressed or implied.
