Victor Carrasco

Born in Valencia (Spain) in 1974, Victor Carrasco began his professional career after graduating Cum Laude in Industrial Design Engineering at the Polytechnic University of Valencia.

Shying away from trends and fads, he has developed and positioned international brands with remarkable added value, thanks to his passion for synthesis, sustainable growth and his pragmatic vision of the future.

Since 2007, he has been combining his position as strategic director of Viccarbe with that of Director Business Development for the prestigious American multinational Coalesse (Steelcase Inc.). Likewise, as an industrial designer, he has collaborated with numerous international companies.

He was the recipient of the Prince Felipe Award for Business Excellence and he has also won the German Design Award.

“As an agora, it is capable of becoming a central space, a meeting point for books, coffees and other decorative objects that give personality to the home or the in-between space in which it is framed.”

Maarten *Low Table*

2014 — In its auxiliary version, Maarten stands out for its large proportions. As an agora, it is capable of becoming a central space, a meeting point for books, coffees and other decorative objects that give personality to the home or the in-between space in which it is framed.
