# Guidelines for Selecting Appropriate Ergonomic Seating

<b>General-Use</b>	<div style="display: flex; flex-direction: column; align-items: center;"> <div style="writing-mode: vertical-rl; transform: rotate(180deg);">High</div> <div style="border: 1px solid black; padding: 10px; width: 100%; text-align: center;"> <p><b>General-Use Seating</b></p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: left;">Group Communicating</div> <div style="text-align: left;">Group Collaborating</div> </div> </div> <div style="writing-mode: vertical-rl; transform: rotate(180deg);">Interaction</div> </div>	<ul style="list-style-type: none"> <li>• Short periods of sitting</li> <li>• Moderate computer use</li> <li>• In some cases, a general-use chair can be used for short-term, individual analyzing/creating.</li> </ul>
<b>High-Performance</b>	<div style="display: flex; flex-direction: column; align-items: center;"> <div style="writing-mode: vertical-rl; transform: rotate(180deg);">Low</div> <div style="border: 1px solid black; padding: 10px; width: 100%; text-align: center;"> <p><b>High-Performance Seating</b></p> <div style="display: flex; justify-content: space-around;"> <div style="text-align: left;">Individual Processing (task intensive)</div> <div style="text-align: left;">Individual Analyzing/Creating (multi-task)</div> </div> </div> <div style="writing-mode: vertical-rl; transform: rotate(180deg);">Low</div> </div>	<ul style="list-style-type: none"> <li>• Long periods of sitting</li> <li>• Heavy computer use</li> <li>• The more repetitive the task (individual processing work), the more critical it is to have a high-performance chair with full adjustability.</li> </ul>
<b>Executive</b>	<p style="text-align: center;"><b>Executive Seating</b></p> <p>Today's executive is an active participant, not just a delegator. Image is very important in the executive suite, but time at the computer must also be a consideration. Whether image or ergonomics drive the choice, this range of seating is diverse to provide the perfect chair for any executive work setting.</p>	<ul style="list-style-type: none"> <li>• Design that acknowledges image</li> <li>• Aesthetics and detailing that suit the setting</li> <li>• Ergonomic features matched to the kinds of work</li> </ul>
<b>Guest</b>	<p style="text-align: center;"><b>Guest Seating</b></p> <p>Guest seating must be adaptable to many roles: as side chairs, pulled up to the conference table, in the learning center, in the private office, or in high-traffic areas where long use-life is essential. Guest seating is not intended for long periods of seated work, but must provide short-term comfort and have a welcoming, comfortable look.</p>	<ul style="list-style-type: none"> <li>• A style in harmony with the other furniture</li> <li>• A scale that suits the environment</li> <li>• A durability that fits the intended use</li> </ul>
<b>Stackable</b>	<p style="text-align: center;"><b>Stackable Seating</b></p> <p>Stackable seating is used when occasional, transportable, easy-to-store seating is needed. Whether used as side chairs, meeting chairs, in classrooms, or cafeterias, the challenge is to maintain an excellent aesthetic combined with great strength even though the chairs are light in scale for portability.</p>	<ul style="list-style-type: none"> <li>• Durability for high-volume, high-traffic use</li> <li>• Light weight for easy stacking and moving</li> <li>• Extra features if needed, such as tablet arms, bookracks, glides, transport and storage dollies, and ganging or alignment devices.</li> </ul>
<b>Lounge</b>	<p style="text-align: center;"><b>Lounge Seating</b></p> <p>Lounge seating is often multiple and is found throughout the organization from reception areas to executive offices. Lounge seating is the "first impression seating," critical to an organization's image.</p>	<ul style="list-style-type: none"> <li>• Durability related to level of use</li> <li>• A design that looks right in multiples</li> <li>• Size, scale, and appearance that suits the environment</li> </ul>

# Basics of Ergonomic Seating

**Proper ergonomic seating** can help workers perform more efficiently and avoid muscle and eye strain.

**Neck** is straight or slightly forward.

**Shoulders** are relaxed so arms hang naturally.

**Back** has full contact with the backrest (sit all the way back in your chair).

**Elbows and forearms** can rest comfortably on the arms of your chair, or on worksurfaces that are used for writing, paperwork, and other tasks.

**Lower back** fits into curved lumbar support.

**Tension** is adjusted so backrest tilts easily, yet provides smooth, even support.

**If worksurfaces and keyboard support** are not height-adjustable, raise your chair's seat height to achieve the appropriate relationship to your tasks. If this leaves your feet dangling above the floor, use a Details footrest.

**Call Details,** 1.800.833.0411, or your Steelcase dealer, for additional information or price list.

**Top of monitor** should be at eye level.

**Screen** is 20 to 30 inches from the eyes.

**Screen** is at eye level or slightly lower and directly in front of worker so head is not turned.

**Keyboard** is at elbow height.

**Wrists** should be straight when keying or mousing, not bent up or down.

**When keying or mousing,** forearms are parallel to the floor.

**Thighs** are parallel to the floor.

**Feet** are flat on the floor or on a footrest.

**Keep frequently viewed objects,** such as a VDT or source document, at or below the horizontal line of sight. Arrange display screen and documents to be equidistant from your eyes.

**ANSI/HFES** is the American National Standards Institute/Human Factors & Ergonomics Society. This organization's 1988 guidelines cover the ergonomic needs of task workers. These guidelines are currently under revision.

**ANSI/BIFMA** is the American National Standards Institute/Business and Institutional Furniture Manufacturer's Association. All Steelcase furniture meets or exceeds ANSI/ BIFMA standards for structural quality.

# Basics of Adjustability

**Steelcase chairs** offer varying levels of adjustability to meet the needs of many types of users. Adjustable chairs may offer one or more of these features:

## Mechanisms

**Swivel** feature allows the user to rotate the seat 360 degrees in either direction. (All)

**Synchro-tilt** feature means the chair back and seat are synchronized to move in a 2:1 ratio. When the user leans back, the seat rises only half as much, allowing the user's feet to remain flat on the floor. (Siento, Theorem)

## Seat Adjustments

**Pneumatic-height** adjustment allows the user to remain seated while adjusting the seat height by way of a control button or lever. (All)

**Swivel-tilt** feature means the chair back and seat are fixed together and move in unison. When the user leans back, the seat rises so that the back-to-seat angle remains constant. (Gentry)

**Passive seat edge angle** allows front edge of seat to drop down while seat angle remains unchanged. (Siento)

**Knee-tilt (low front rise)** minimizes the rise of the front of the seat when the chair is in a reclined position, allowing the user's feet to remain on the floor. This feature reduces pressure under the thighs, allowing for continuous blood circulation. (Mansfield)

## Back Adjustments

**Back-tension** adjustment allows the user to control the amount of resistance felt when leaning back in the chair. (All)

**Variable back stop** allows the user to lock the back upright and to preset their range of recline. (Theorem)

**Upright back lock** allows the user to lock the backrest in a full upright position or release it for full tilt motion. (Mansfield, Siento)

## Arm Adjustments

**Arm height** adjustment allows the user to move the arms up or down independently. (Siento)

**Arm width** adjustment allows the user to move the arms in or out independently. (Siento)

**Arm pivot** adjustments allows the user to position arm rests as appropriate for the task being performed. (Siento)

**Arm depth** adjustment allows users to get closer to their work by chair arms moving out of the way. (Siento)

## Wood seating products

are supported with an array of informational materials, tools, and software to help you plan an installation efficiently.

## Product brochures and planning tools

can be ordered through your Steelcase area office by calling 1.800.784.0358 or through the AdStock web site at [village.steelcase.com](http://village.steelcase.com).

## Steelcase Inc. Corporate Capabilities Brochure

This publication offers a concise overview of Steelcase including insights into the attitudes and commitments that make the corporation unique. In addition, the brochure provides an illustrated listing of all the products and services offered and international activities are described.

## Printed Materials

### Surface Materials Reference Manual

This publication provides:

- An explanation of the surface materials and their categories
- “Available on” matrices
- Vertical surface fabric and seating upholstery selection listing
- Technical data for surface materials
- Surface material care and cleaning instructions

## Planning Tools

### Quick Ship Guide

This handbook describes all Steelcase, Turnstone, Details, and Coalesse products that are available for Rapid2 (ships in 2 days), Rapid5 (ships in 5-7 days), or Coalesse Rapid10 (ships in 10 days).

### Casegoods and Seating Delivered in 12 Days

A comprehensive collection of “wood” casegoods and seating products available for 12-day delivery.

Form number S3461

## Computer Tools

### Electronic Catalog

Accurate sales quotations and purchase orders for Steelcase products are created with specification software that uses Steelcase Electronic Catalog data. Use the data to specify and price style numbers and options for every Steelcase product. The data is updated bimonthly by Steelcase and provided to software programs including: the Hedberg Business System, SmartTools–Steelcase’s design and specification software (for more information on SmartTools, please email [SmartTools@steelcase.com](mailto:SmartTools@steelcase.com)), the ProjectMatrix ProjectSysmols libraries, as well as 20-20 CAP Studio.

### Furniture Symbol Graphic Data

Steelcase creates 2D and 3D furniture symbols (with attributes) for planning and initially specifying Steelcase products. This data is incorporated into several add-on software packages that work in either a Microstation or an AutoCAD drafting environment.

For more information about these and other software tools to help you plan effective work environments, please email [fsl@steelcase.com](mailto:fsl@steelcase.com).

### Digital Publications

If your device has a bar code reader App, scan this QR code for a direct link to the online digital publications. Utilizing this QR code allows you to search across multiple specification guides, share across social media, or print out pages. You can also access these digital publications at [www.steelcase.com](http://www.steelcase.com) or [village.steelcase.com](http://village.steelcase.com).

## Support

### Steelcase Capabilities

Steelcase products are distributed, installed, and serviced through a network of more than 600 dealers worldwide. Steelcase is also represented with offices and corporate showrooms in 26 U.S. cities, 4 Canadian cities, and in France, Germany, Great Britain, and Japan. Every Steelcase product meets our exceptionally high standards of quality and durability and comes with the Steelcase assurance of excellence in service.

**For assistance**, please call your local dealer, the Steelcase Solutions Resource Team, or the Steelcase Solutions Fulfillment Team at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

Call the Steelcase Solutions Resource Team prior to placing an order, when working on a bid, or when you need information about product applications and specifications.

Call the Steelcase Solutions Fulfillment Team if you have submitted an order to Steelcase and you need to speak to your Solutions Fulfillment Team Representative about the order. Also call if you have any post-shipment quality or warranty concerns or service parts questions.

Outside the U.S.A., Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands, call 1.616.247.2500.

For information about Steelcase, the name of your nearest Steelcase dealer, or for product literature, call 1.800.333.9939 or visit our Web site: [www.steelcase.com](http://www.steelcase.com).

# Executive Seating

<b>Siento</b>	<b>12</b>
<b>Mansfield</b>	<b>18</b>
<b>Theorem</b>	<b>22</b>

# Siento

**Siento desk chairs**, designed in collaboration with Jorge Pensi, merge remarkable ergonomic comfort with a slim and sophisticated executive form.

**Outer back** is fully upholstered.

**Patented LiveBack technology** (found in Steelcase Leap chair) is embedded in the back to change shape and mimic the user's spine.

**Arms** are available as either T-arms or enclosed. T-arms are available fixed or adjustable (height, width, pivot and depth).

**Arm uprights** are available in polished aluminum, platinum, or black.

**Five-arm base** is available in polished aluminum, platinum, or black.

**Headrest option** provides additional head and neck support.

**Seat height** adjusts from 16" to 21" and is standard with pneumatic adjustment mechanism. Fixed-height option is also available.

**Front seat edge** flexes naturally to relieve pressure under the user's thighs.

**3" hard dual-wheel casters** are provided for use on carpet. Soft dual-wheel casters are available for use on hard floors or chair mats.

## Product Details

**High-back and mid-back desk chairs** are available.

**Arms** are available as T-arms or enclosed. T-arms are available as fixed or adjustable. Fixed T-arms are available in urethane or fully upholstered. Adjustable T-arms are available in urethane only. Enclosed arms are always fully upholstered.

**All Siento chairs** comply with ANSI/HFS and BIFMA standards.

## Adjustment Features

**Seat height** adjusts pneumatically. To lower, hold handle up while seated. To raise, hold handle up and keep your weight off the chair. Standard range of adjustability is 5" from 16"H to 21"H.

## Actual Dimensions

	High-Back Desk Chairs with Headrest	High-Back Desk Chairs without Headrest	Mid-Back Desk Chairs
Overall depth	26"	26"	26"
Overall width—outside of T-arms	27½"	27½"	27½"
Overall width—outside of enclosed arms	29½"	29½"	29½"
Overall height	46¾"—51¾"	46"—51"	40"—45"
Seat depth	17½"	17½"	17½"
Seat width	21"	21"	21"
Back height from seat	31½"	30"	24"
Width between arms	20½"	20½"	20½"
Arm height from seat	8"	8"	8"

## Adjustability Features

- Pneumatic seat-height
- Upright back lock
- Back tension control
- Synchro-tilt mechanism

**Seat edge** flexes, relieving pressure under the user's thighs.

**Upright back lock.** Flick switch forward to lock; flick switch back to tilt.

**Back tension control** adjusts by turning knob. Turn knob forward to increase rate of tension, backward to decrease.

**Synchro-tilt mechanism** provides synchronized back movement while feet remain flat on the floor.

**Height-, width-, pivot-, and depth-adjustable arms** are available on select models of chairs.

**Arm height** adjusts independently within a range of 4" (7"-11" from the seat). Push button on outside and under arm cap in while moving arms up or down. Releasing buttons locks arms in position.

**Arm depth** adjusts by sliding arm caps back 3". Friction-fit mechanism keeps arms in position.

**Arms pivot** independently, 30° inward and outward.

**Arm width** can be adjusted 2 1/4" each, 4 1/2" overall. Grasp arm cap and move in or out.

**Surface Materials**

**Upholstery**

- Fabric
- Fabric with soil-retardant treatment (option)
- Standard Steelcase
- Elmosoft leather
- COM
- COL

**Arms**

- Fixed T-arms or adjustable T-arms: Black urethane
- Fixed T-arms or adjustable T-arms: upholstered
- Enclosed arms: fully upholstered

**Column**

- Black only

**Base**

- 0835 Black
- 4799 Platinum
- 8046 Polished Aluminum

**Casters**

- Black wheels with black body on black or platinum base
- Black wheels with polished aluminum body on polished aluminum base

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

**Programs & Services**

► See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

**The Customer's Own Material (COM & COL) Program**

offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

**Local codes** may have special requirements for upholstery.

# Mansfield

## Desk Chairs

**Mansfield** desk seating is a cost-effective, traditional collection with Chippendale aesthetics. Mansfield desk chairs complement Norfolk wood casegoods.  
 ▶ See Mansfield guest chair, page 56.

**Brass tack accenting** is optional.

**Seat height adjusts** from 18½"H to 21½"H. Pneumatic adjustment mechanism is standard.

**Five-arm base** with maple base caps is standard.

**Antique brass-hooded ball casters** are standard.

**Welting** on back is standard.

**Camel back** enhances traditional styling.

**Arms** are solid maple with upholstered arm rests.

**Knee-tilt/low front rise mechanism with upright back lock** is standard.

### Product Details

**Mid- and high-back desk chairs** are available.

**Five-arm base** provides optimum balance. It is standard with maple base caps that are stained in the selected wood color.

### Actual Dimensions

	High-Back Desk Chairs	Mid-Back Desk Chairs
Overall depth	30½"	28½"
Overall width	24½"	24½"
Overall height	43⅞"–46⅜"	38¾"–41¼"
Seat depth	19½"	19½"
Seat width	19"	19"
Back width	21"	21"
Back height from seat	27½"	22½"
Width between arms	19"	19"
Seat to floor height	18½"–21½"	18½"–21½"
Arm height from floor	25⅜"–27⅞"	25⅜"–27⅞"

### Adjustability Features

- Pneumatic height
- Knee-tilt mechanism
- Upright back lock
- Back tension

## Adjustment Features

**Pneumatic-height adjustment,** standard on all desk chair models, allows seat height adjustment from 18½"H to 21½"H with fingertip pneumatic lever. To lower, hold handle up while seated. To raise, hold handle up and lift your weight off the chair.

**Knee-tilt (low front rise)** minimizes the rise of the front of the seat when the chair is in a reclined position, allowing the user's feet to remain on the floor. This feature reduces pressure under the thighs, allowing for continuous blood circulation.

**Back tension control** varies reclining back support from light to firm and adjusts by turning knob. Turn knob clockwise to decrease tension, counterclockwise to increase.

*Tip: Be sure to unlock (release) the variable back stop before adjusting the back tension.*

**Upright back lock.** To lock back upright, push lever down while sitting upright. To release back lock, pull lever up while sitting upright.

## Surface Materials

### Upholstery

- Vinyl
- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Arms

- Wood with upholstered arm caps

### Base and column

- Wood base caps and black column

### Frame

- Wood

*Tip: Arms and base caps are constructed of solid maple. Finishes applied to maple will match the color of stains applied to oak, walnut, or cherry, but will not show the same natural grain.*

- Customiz stain on wood (option)

### Casters

- Antique brass only

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 98

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Programs & Services

▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

### The Customer's Own Material (COM & COL)

**Program** offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Theorem

**Theorem** desk chairs, a Lisa Smith design, have a neutral, rectilinear design that is appropriate in contemporary or transitional settings. This chair line offers numerous ergonomic support features.

**Double stitching** accents the back and seat.

**Seat height adjusts** from 16"H to 21"H and is available with pneumatic adjustment mechanism.

**Five-arm base** is standard in black aluminum. Solid maple base caps are optional.

**Hard dual-wheel casters** are provided for use on carpet. Soft dual-wheel casters are available for use on hard floors or chair mats.

**Lumbar contours** provide lower back support.

**Waterfall front edge** eases pressure under user's legs and enhances circulation.

**Synchro-tilt mechanism**

## Product Details

**High- and mid-back desk chairs** are available.

**Enclosed arms** are upholstered.

**Extended-depth seat option**, at 17½", adds 1½" to accommodate longer legs.

**All Theorem desk chairs** comply with ANSI/HFS and BIFMA standards.

*Exception: The extended seat option exceeds ANSI/HFS seat depth restrictions.*

## Actual Dimensions

	High-Back Desk Chairs	Mid-Back Desk Chairs
Overall depth	25"	25"
Overall width	28"	28"
Overall height	46"–51"	41"–46"
Seat depth	16"	16"
Seat width	20½"	20½"
Back width	20½"	20½"

Width between arms	20½"	20½"
Seat to floor height	16"–21"	16"–21"
Arm height from floor	24¾"–30¼"	24¾"–30¼"

## Adjustability Features

- Pneumatic height
- Variable back stop
- Back tension control
- Synchro-tilt mechanism

## Adjustment Features

**Pneumatic-height adjustment** is available to allow push-button control from 16"H to 21"H. To lower, pull lever on right side while seated. To raise, pull lever and lift your weight off the chair.

**Variable back stop** allows the back to stop at various tilt angles, including fully upright. Flick switch forward for full range of back angles. To limit back angle, recline to the desired position and flick switch back. *Tip: To lock in upright position, remove weight from back and flick switch back.*

**Back tension control** varies reclining back support from light to firm and adjusts by turning knob. Turn knob clockwise to decrease tension, counterclockwise to increase. *Tip: Be sure to unlock (release) the variable back stop before adjusting the back tension.*

**Synchro-tilt mechanism** provides synchro-tilted back movement while feet remain flat on floor.

# Alcove

**Alcove** is a contemporary guest chair with upholstered seat and back.

**Frame** is European beech wood.

**Back and seat** are fully upholstered.

**Arms** are one-piece solid wood construction and form a gentle curve to provide comfortable seating.

**Upholstered seat** features a webbed panel construction.

**Stretcher rails** provide additional support.

**Legs** are solid wood.

**Glides** are 1/2" in diameter.

## Actual Dimensions

Overall depth	22"
Overall width	22 1/2"
Overall height	34"
Seat depth	16 1/4"
Seat width	16"
Back width	15 1/2"
Back height	17"
Width between arms	16 1/2"
Seat to floor height	18"
Arm height from floor	25"

## Surface Materials

### Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Frame

- European Beech
- Tip: Wood finishes applied to beech will match the color of stains applied to oak, walnut, or cherry but will not have the same natural grain.*

### Glides

- Stainless steel only

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 98

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Programs & Services

▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

### The Customer's Own Material (COM & COL)

**Program** offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Collaboration

**Collaboration** guest chairs, designed by Dennie Pimental and John Duffy, have a classic design that is ideal for conference room, reception area, and dining room seating, or as guest seating in a workstation. Several arm inserts are available to create different visual details.

**Inserts** can match or contrast with frame color.

**Back and seat** are fully upholstered.

**Upholstered seat** features a webbed panel construction.

**Arms** may be enclosed with upholstery or European Beech inserts, or left open.

**Frame** is European Beech.

**Glides** are 1/2" diameter.

## Actual Dimensions

Overall depth	24 <sup>1</sup> / <sub>4</sub> "
Overall width	22 <sup>1</sup> / <sub>2</sub> "
Overall height	31 <sup>1</sup> / <sub>2</sub> "
Seat depth	17"
Seat width	18 <sup>3</sup> / <sub>4</sub> "

# Escapade

**Escapade** contemporary guest chairs are available with upholstered or wood slat backs.

**Frame** is European beech wood.

**Back** is fully upholstered front and back or with vertical wood slats.

**Stretcher rails** provide additional support.

**Legs** are solid wood.

**Glides** are 1/2" in diameter.

**Arms** have an open arch that flows into the front legs. Finger joint is used in construction.

**Upholstered seat** features a webbed panel construction.

## Product Details

**Two models** are available—upholstered back or vertical-slat wood back.

## Surface Materials

### Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Frame

- European Beech
- Tip: Wood finishes applied to beech will match the color of stains applied to oak, walnut, or cherry but will not have the same natural grain.*

### Glides

- Stainless steel only

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 98

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Actual Dimensions

Overall depth 22 1/2"

Overall width 23 1/2"

Overall height 35"

Seat depth 17 1/2"

Seat width 21 1/2"

Back width 20 1/4"

Back height 16 3/4"

Width between arms 19"

Seat to floor height 18 1/4"

Arm height from floor 28 1/2"

## Programs & Services

► See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

### The Customer's Own Material (COM & COL) Program

offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Sawyer

**Sawyer**, clean lines and simple forms create this solid wood guest chair. Contemporary, durable, and perfect for private offices and public spaces.

**Back** has horizontal wood slots.

**Frame** is European beech wood.

**Upholstered seat** features a webbed panel construction.

**Glides** are 1/2" diameter.

## Surface Materials

### Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Frame

- European Beech  
*Tip: Wood finishes applied to beech will match the color of stains applied to oak, walnut, or cherry but will not show the same natural grain.*

### Glides

- Stainless steel only

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 98

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Actual Dimensions

Overall depth	22½"
Overall width	22½"
Overall height	32½"
Seat depth	18"
Seat width	19⅜"
Back width	22¼"
Back height	15⅜"
Back lumbar height	7"
Width between arms	19½"
Seat-to-floor height	18⅝"
Arm height from floor	26½"

## Programs & Services

► See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

### The Customer's Own Material (COM & COL)

**Program** offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM and COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM and COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM and COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide longterm soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Sawyer Wood Guest Chairs

*Tip: Due to natural variations in wood, finished products may vary in color texture and grain.*

*Tip: Wood color 3522 Clear is a clear coat. Therefore, the natural variations in European beech will be visible.*

*Tip: 3522 Clear coordinates with Marbled Maple laminate.*

# Terrazzo

**Terrazzo guest chairs**, designed by Brian Kane, have a classic and simple styling appropriate for a broad range of applications. A family of factory-installed back designs are available to create a variety of visual statements.

**Lattice inserts** are available in three designs. Slats are bowed to provide enhanced lumbar support.

**Frame** is European Beech.

**Arms** are arched to correspond with the curvature of the chair's back and are gently raised at the front to assist in entering and rising from the chair.

**Seat** is fully upholstered and features a webbed-panel construction.

**Glides** are 1/2" diameter.

## Product Details

**Square lattice back** creates a strong grid-like pattern.

**Macintosh lattice back** introduces a distinctive vertical space.

**Horizontal lattice back** divides the space with horizontal elements.

## Surface Materials

# Topaz

**Topaz** offers two chair styles to complement traditional and transitional office environments.

**Frame** is European Beech.

**Back** is upholstered and framed in wood. It is available either open or closed.

**Arms** are open. They are available with either a rectilinear or curvilinear design. Finger joint is used in construction.

**Upholstered seat** features a webbed panel construction.

**Legs** are solid wood. Front legs on open back model are carved for traditional detail.

**Glides** are 1/2" in diameter.

**Stretcher rails** on open back model provide added support.

## Product Details

**Two models** are available—open back or closed back.

**Open-back models** have rectilinear arms, carved detail on the front legs, and stretcher rails.

**Closed-back models** have curvilinear arms that flow into the front legs.

## Surface Materials

# Stackable Seating

**Deck**

**84**

Stackable

# Deck

**Deck**, stackable wood guest chairs designed by Brian Kane, combine function with a tailored aesthetic that is bound to become a modern classic.

**Back and seat** are available fully upholstered, with wood back and upholstered seat or with wood back and wood seat.

**Arms** are available as wood or black expanded urethane.

**Legs** are standard in black textured paint and available as an option in sterling paint.

**Glides** are 1/2" diameter.

## Product Details

**Fully upholstered back and seat**

**Wood back and seat**

**Wood back and upholstered seat**

### Deck stackable chairs with and without arms

are available in three styles—fully upholstered back and seat, wood back and seat, and wood back with upholstered seat.

**Chairs** stack five high.

**Fully upholstered back and seat**

## Actual Dimensions

	Guest chair with arms	Guest chair without arms	Stool

Overall width	26 <sup>1</sup> / <sub>4</sub> "	20"	17"
Overall height	32 <sup>3</sup> / <sub>4</sub> "	32 <sup>3</sup> / <sub>4</sub> "	43 <sup>1</sup> / <sub>4</sub> "
Seat depth	17 <sup>13</sup> / <sub>16</sub> "	17 <sup>13</sup> / <sub>16</sub> "	15 <sup>7</sup> / <sub>8</sub> "
Seat width	17 <sup>13</sup> / <sub>16</sub> "	17 <sup>13</sup> / <sub>16</sub> "	17 <sup>7</sup> / <sub>8</sub> "
Back width	17 <sup>13</sup> / <sub>16</sub> "	17 <sup>13</sup> / <sub>16</sub> "	15"
Back height	17 <sup>15</sup> / <sub>16</sub> "	17 <sup>13</sup> / <sub>16</sub> "	16"
Width between arms	20 <sup>3</sup> / <sub>8</sub> "	N.A.	N.A.
Seat to floor height	18"	17 <sup>3</sup> / <sub>4</sub> "	30 <sup>1</sup> / <sub>4</sub> "
Arm height from floor	25"	N.A.	N.A.

**Wood back and seat**

**Wood back and upholstered seat**

**Stools** are available fully upholstered, with wood back and seat, or with wood back and upholstered seat.

**Ganging device** is available to link chairs in the field for evenly spaced rows. Spacing between seats of chairs linked with ganging device is 9". Spacing between front of chair arms is 1/2" and spacing between back of chair arms is 2".

## Surface Materials

### Upholstery

- Vinyl
- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Legs

- 4798 Sterling (option)
- 7207 Black

### Arms

- Expanded urethane
- Wood

### Seat

- Wood or upholstered

### Back

- Wood or upholstered
- Tip: Wood finishes applied to maple will match the color of stains applied to oak, walnut, or cherry but will not show the same natural grain.*

- Customiz stain (option)

### Ganging device

- Black plastic only

### Glides

- Plastic to match legs

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 98

**All Steelcase seating with standard upholstery fabrics** complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Programs & Services

▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

## The Customer's Own Material (COM & COL)

**Program** offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM Web site. To locate the COM Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Surface Materials

This listing includes all the surface material choices that are available for the products in this specification guide.

## Resources

For more information about surface materials, refer to the following resources:

**Additional surface materials specification tools** are available to assist you in the specification process—the Surface Materials Binders.

**The global surface materials palette** is a core collection of finishes that is available across multiple geographies (Americas/EMEA – Europe, Middle East, and Africa/APAC – Asia Pacific) and on global product lines, where applicable. For a list of finishes included in the offering, see the *Surface Materials Reference Manual*. Additional details, like product approvals by geography and finish number conversions, can also be found in the *Surface Materials Reference Manual* or see [steelcase.com/surfacematerials](http://steelcase.com/surfacematerials).

## Surface Materials Binders

- Surface Materials Reference Manual
- A complete set of swatch cards for hard surfaces, vertical surface fabrics, and seating upholstery

## Metal

### Steelcase Surfaces

4798	Sterling Metallic
7026	Nickel
7207	Black
8046	Polished Aluminum
9201	Polished Chrome

## Paint

### Steelcase Surfaces

0835	Black
4799	Platinum Metallic
7207	Black

## Wood

► See *Wood Color Availability Matrix* on page 94 for color availability by product line and wood species.

*Tip: The wood used in the construction of chairs is either maple or European beech. Wood finishes applied to maple or beech will match the color of stains applied to oak, walnut, or cherry, but will not have the same natural grain. Composite color finishes will match the color of composites on veneered surfaces, but will not have the same grain pattern.*

## Steelcase Surfaces

### Wood Seating color choices

3062	Graphite Walnut
3402	Clear Cherry (Aged)
3412	Natural Cherry <b>E</b>
3422	Medium Cherry
3522	Clear Maple*
3572	Amber on Maple <b>E</b>
3592	Blonde on Maple
3602	Desert Oak
3612	Warm Oak <b>E</b>
3692	Espresso Oak
3702	Clear Walnut
3712	Natural Walnut
3722	Dark Mahogany on Walnut
3752	Medium Walnut
3762	Dark Walnut
3772	Medium Mahogany on Walnut

3JDX	Oak Composite**
3JFX	Maple Composite**
3JHX	Cherry Composite**
3JJX	Walnut Composite**

*\*To ensure an understanding of the color ranges and characteristic variations of natural veneer, a sign-off sheet is required prior to orders being accepted for this clear-coat finish. The sign-off sheet is available through Steelcase advertising stock. Form number 05-0001370*

*\*\*To ensure an understanding of the color ranges and characteristics of composite veneer, a sign-off sheet is required prior to orders being accepted for composite veneer. The composite sign-off sheet is available through Steelcase advertising stock. Form number 14-0000141.*

## Custom Surfaces

**Customiz stain** is a service that allows you to create your own stain colors and finishes on standard veneer. Customiz stain color is available on all product lines that offer wood veneer.

A \$425 stain-matching fee applies on CUSTOMIZ requests (Exception: The \$425 fee does not apply on matches to Coalesse standard finishes or for a low-gloss finish request on a standard color). The \$425 fee covers the cost of formulating the Customiz color finish and applies regardless of whether or not an order for product is placed.

In addition, an approval form must be signed to indicate customer acceptance of Customiz match. A \$5,000 initiation fee will be charged prior to first order entry. This initiation fee activates the finish for unlimited use on any Steelcase product for an 18 month time period. After the 18 month time period has lapsed, the Customiz finish may be reactivated for another 18 months for a \$1,000 fee at any point within five years after the \$5,000 initiation fee was paid. If the finish is not reactivated within five years after the \$5,000 initiation fee was paid, the finish will be culled and the customer will need to pay the \$5,000 initiation fee again. All style number related Customiz charges products are no cost as of April 2014. The matching and initiation fees are not discountable.

Customiz stain takes 10 days to formulate. Consult the *Surface Materials Reference Manual* for more information. Custom veneers are also available and must be quoted by Steelcase specials group. Customiz stain on custom veneers takes 2 to 4 weeks to formulate.

Requirements and information on ordering a Customiz stain color are found in the *Surface Materials Reference Manual*.

*Tip: The wood used in the construction of chairs is either maple or European beech. Wood finishes applied to maple or beech will match the color of stains applied to oak, walnut, or cherry, but will not have the same natural grain. Composite color finishes will match the color of composites on veneered surfaces, but will not have the same grain pattern.*

*\*\*To ensure an understanding of the color ranges and characteristic variations of natural veneer, a sign-off sheet is required prior to orders being accepted for this clear-coat finish. The sign-off sheet is available through Steelcase advertising stock. Form number 05-0001370*

*Note: Wood color 3522 is a clear coat. Therefore, the natural variations in wood (maple or European beech) will be visible.*

*Note: Due to natural variations in wood, finish products may vary in color, texture and grain.*

*\*\*\*To ensure an understanding of the color ranges and characteristics of composite veneer, a sign-off sheet is required prior to orders being accepted for composite veneer. The composite sign-off sheet is available through Steelcase advertising stock. Form number 14-0000141.*

## Legend

- = Not available
- = Available
- = Available with exceptions
- <sup>E</sup> = Established
- ▶ See specification guide for details.

## What is the issue?

Some textiles are plain and look the same regardless of which direction the fabric is applied to the product. But many customers prefer fabrics that have patterns that give a clear direction to the textile. Because there are limits to how directional fabrics can be applied to panels and chairs, it is important to understand directional fabrics to avoid being disappointed.

## Talking about direction

Fabrics come on rolls. The long threads that run parallel to the length of the roll are called the warp. The perpendicular threads that run parallel to the width of the roll are called the filling.

**Railroaded** means the height dimension of the product is perpendicular to the warp of the fabric; *warp horizontal* and *across roll* are other terms for running the fabric in this direction. All Steelcase standard fabrics are railroaded. The yardage requirements for railroaded cutting are calculated using the width of the fabric, quantity ordered, style of chair(s), and pattern repeat.

**Woven way** means the height dimension of the product is parallel to the warp of the fabric; *warp vertical* and *down roll* are other terms for running the fabric in this direction. The yardage requirements for woven way cutting are calculated using the width of the fabric, quantity ordered, and style of chair(s).

## What determines fabric direction?

The width of the roll of fabric and the techniques that are used to apply it to the product can both determine the direction. Standard default direction for seating products with Steelcase standard fabrics is railroaded. No exceptions are possible. COM fabrics are standard woven way. You may specify a COM fabric to be cut in a specific direction if the product allows it to be applied. The purchase order must clearly state the cutting direction if it is other than standard.

*Tip: If you are changing the cutting direction of fabric, yardage requirements may increase, resulting in an additional upcharge. This upcharge will be applied to the purchase order.*

▶ See *Yardage Requirements* in the *Surface Materials Reference Manual* for specific information.

**If you have any questions** regarding cutting direction guidelines, please call the Steelcase Solutions Resource Team at 1.888.STEELCASE or 1.888.783.3522. You can also find this information on our Web site:

- Visit [www.steelcase.com](http://www.steelcase.com)

## COM pattern exceptions

Sometimes COM fabrics have patterns that look awkward or inappropriate if they are applied in the standard direction (woven way). Those cases are addressed with these two pattern exception rules.

Incorrect

Correct

Incorrect

Correct

### 1

Fabrics with stripes or flame stitch will be applied so that the patterns are vertical.

Incorrect

Correct

Incorrect

Correct

### 2

Fabrics with patterns of people, vines, or flower arrangements will be applied so that the pattern is vertical.

# Wood Touch-Up Kits

## How to Order Wood Touch-Up Kits

Order wood finish touch-up kits from J. Kaltz Co. Specify the desired Steelcase finish code (i.e. 3422). Each kit, priced at \$9.98, contains one brush tip marker and one fil-stick. A minimum order of \$15 is required. Shipping, estimated at approximately \$5 per kit, is extra. Dealer will be charged directly. No additional discounts apply.

Place orders as follows:

- Phone: 616.942.6070
- Web: <http://jkaltzco.com>
- Email: [susan.bothwell@jkaltzco.com](mailto:susan.bothwell@jkaltzco.com)

Orders placed before noon Eastern Standard Time will ship the same day via standard ground shipping and will arrive in three to five days. Express shipment is not available due to the combustible nature of the materials.
