LED Lighting

DASH + DASH MINI

With clean lines, fluid movement and a timeless aesthetic, the dash and dash mini LED task lights provide a soft consistent pool of light.

SOTO LED + SOTO EXTENDED LED

With refined designs, The SOTO® LED and SOTO Extended LED task lights provide a powerful, yet unobstrusive light output ideal for use on large worksurfaces.

MINI SOTO LED + MINI SOTO EXTENDED LED

Designed for use in hard-to-reach and hard-to-light places such as beneath shelves, the Mini SOTO Extended LED has all the flexibility of our SOTO LED in a fraction of the space.

Fluorescent + Incandescent Lighting

ELSA

Elsa™ is a utilitarian task light that illuminates the workspace and offers ultimate flexibility. The freestanding version offers three moveable joints to provide lockable adjustment from its shade to its base. If usable space is at a premium, Elsa can also be mounted wherever needed along a panel, Slatwall or C-clamp.

PISA

A uniquely designed, freestanding incandescent task light, Pisa™ leans up to 20 degrees in any direction—making it useful as a lighting supplement at a workstation or wherever ambient light is hard to get.

Power Source

POWERPINCHER

The PowerPincher, with infrared occupancy sensor, senses human movement and supplies power to six of the eight convenient outlets on the PowerPincher strip.

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It's not only about creating goods, it's about creating good. It's not only about creating value, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions, and results are communicated in an annual Corporate Sustainability Report.
