

Environmental Attributes

- Product Category — Casegoods: Wood Solutions
- Certifications — SCS Indoor Advantage™ certified for indoor air quality in North America
- LEED Contribution — Recycled content
 — Regional materials
 — Rapidly renewable materials
 — Certified wood
 — Low-Emitting materials
 — Daylight and views
 — Sustainable purchasing
- Environmental Facts — 10% recyclable
 — 70% recycled content

Recycled Content Summary

Total Weight (lbs) 830.1 - BIFMA Typical Private Office Workstation

| | | | |
|--------------------------|-------|--------------------|-----|
| Recycled Content (lbs) | 582.8 | Recycled Content | 70% |
| Post Consumer (lbs) | 13.2 | Post Consumer | 2% |
| Pre Consumer (lbs) | 569.6 | Pre Consumer | 69% |
| Recyclable Content (lbs) | 83.1 | Recyclable Content | 10% |

Disclaimer

Numbers may vary based on model and options selected. Calculations based on Impact Typical Private Office of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Steelcase Product Environmental Profile – Impact™

| Program | Category | Item | Contribution |
|---|------------------------------|---|---|
| LEED–INTERIOR DESIGN & CONSTRUCTION (formerly LEED- CI) | Materials & Resources | MR 4 (recycled content) | Post-consumer (2%) + ½ pre-consumer (69%) = 36.0%. |
| | Materials & Resources | MR 5 (regional materials) | Impact™ is assembled in Grand Rapids, MI. Projects ≤ 500 miles from this location qualify. |
| | Materials & Resources | MR 6 (rapidly renewable materials) | Steelcase offers textile and surface material options that may contribute to this credit. |
| | Materials & Resources | MR 7 (certified wood) | Steelcase offers FSC certification as an option, which contributes to this credit. |
| | Indoor Environmental Quality | IEQ 4.5 (low emitting materials) | Impact™ is SCS Indoor Advantage™ certified for indoor air quality in North America. |
| LEED–DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools) | Materials & Resources | MR 4 (recycled content) | Post-consumer (2%) + ½ pre-consumer (69%) = 36.0%. |
| | Materials & Resources | MR 6 (rapidly renewable materials) | Steelcase offers textile and surface material options that may contribute to this credit point. |
| | Materials & Resources | MR 7 (certified wood) | Steelcase offers FSC certification as an option, which contributes to this credit. |
| | Indoor Environmental Quality | IEQ 4.5 (low emitting materials) | These standards do not currently include furniture in the IEQ credit; however USGBC has allowed equivalent credit for furniture/furnishings when submitted as an Innovation in Design credit. |
| | Indoor Environmental Quality | IEQ 8.1 & 8.2 (daylight and views) | Steelcase offers a range of products and application thought starters to assist customers in achieving these credits. |
| LEED–OPERATION & MAINTENANCE (formerly LEED-EB) | Materials & Resources | MR 2.2 (sustainable purchasing – durable goods) | |

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Incorporation of user controlled task lighting and occupancy sensor products in systems furniture installations can contribute to reducing ambient light requirements and energy load. These contributions may be applicable to Energy & Atmosphere credits.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Indoor Advantage™ and Indoor Advantage™ Gold are trademarks of Scientific Certification Systems.

Refer to www.usgbc.org for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
