

This information applies to models: Single(c-clamp mount; c:scape mount; through mount; and extended column c-clamp mount), Dual, Triple, and “1 over 1”.

### Environmental Attributes

- Product Category — Computer Support Tools: monitor arms
- Certifications — Cradle to Cradle™ Certified – Bronze V3.1 (depending on options)  
— level® 2 certified to ANSI/BIFMA e3 standard
- LEED Contribution — Recycled content  
— Regional materials  
— Sustainable purchasing  
— Innovation in design
- Environmental Facts — 99% recyclable  
— Up to 30% recycled content

### Recycled Content Summary

#### Disclaimer

Numbers may vary based on model and options selected. Calculations based on Eyesite™ of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice. ### Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
