

This information applies to Aight™ Coffee and End Tables

Environmental Attributes

- Product Category — Tables: Occasional

- LEED Contribution — Recycled content
 — Regional materials
 — Sustainable purchasing

- Environmental Facts — 52% recyclable
 — 51% recycled content

Recycled Content Summary

Total Weight (lbs) 46.0

Recycled Content (lbs)	23.4	Recycled Content	51%
Post Consumer (lbs)	0.1	Post Consumer	0%
Pre Consumer (lbs)	23.4	Pre Consumer	51%
Recyclable Content (lbs)	24.0	Recyclable Content	52%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on style number TS34411T of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (0%) + ½ pre-consumer (51%) = 25.5%.
	Materials & Resources	MR 5 (regional materials)	Aight™ Tables are assembled in Grand Rapids, MI. Projects ≤ 500 miles from this location qualify.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	Post-consumer (0%) + ½ pre-consumer (51%) = 25.5%.
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods: furniture)	

Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
