

**Environmental Attributes**

- Product Category — Tables: Overbed Tables
  
- LEED Contributions
  - Recycled content
  - Regional materials
  - Sustainable purchasing
  - Furniture and medical furnishings
  
- Environmental Facts
  - 67% recyclable
  - 47% recycled content

**Recycled Content Summary**

Total Weight (lbs) 53.3

|                          |      |                    |     |
|--------------------------|------|--------------------|-----|
| Recycled Content (lbs)   | 25.0 | Recycled Content   | 47% |
| Post Consumer (lbs)      | 6.5  | Post Consumer      | 12% |
| Pre Consumer (lbs)       | 18.5 | Pre Consumer       | 35% |
| Recyclable Content (lbs) | 35.9 | Recyclable Content | 67% |

Disclaimer

Numbers may vary based on model and options selected. Calculations based on style number 250T3604 of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content.

This document will be reviewed and updated periodically and is subject to change without notice.

## Product Environmental Profile – Mobile Overbed Tables

| Program                             | Category              | Item  | Contribution   |
|-------------------------------------|-----------------------|---|--|
| LEED-INTERIOR DESIGN & CONSTRUCTION | Materials & Resources | MR 4 (recycled content)                         | Post-consumer (12%) + ½ pre-consumer (35%) = 29.5%.  |
|                                     | Materials & Resources | MR 5 (regional materials)                       | Mobile Overbed Table top is assembled in Grand Rapids, MI. Base is assembled in Galesburg, MI. Projects ≤ 500 miles from these locations qualify.  |
| LEED-DESIGN & CONSTRUCTION          | Materials & Resources | MR 4 (recycled content)                         | Post-consumer (12%) + ½ pre-consumer (35%) = 29.5%.  |
| LEED-OPERATIONS & MAINTENANCE       | Materials & Resources | MR 2.2 (sustainable purchasing – durable goods) | Exceeds the ≥ 10% post consumer <b>or</b> ≥ 20% pre-consumer criteria.   |
| LEED for Healthcare                 | Materials & Resources | MR 5 (furniture and medical furnishings)        | <p>May contribute toward 1 point awarded for 30% or 2 points for 40% total value of freestanding furniture and medical furnishings because it meets one or more of the three options for this credit .</p> <p><b>OPTION 3 - Sustainably Sourced Material Criteria</b> (per MR Credit 3)</p> <ul style="list-style-type: none"> <li>•Recycled Content value is determined by multiplying the recycled content percentage by the cost of the assembly. The recycled content percentage is:<br/>[Post-consumer (12%) + ½ pre-consumer (35%) = 29.5%]<br/><b>or</b></li> <li>•The value of all materials assembled locally within 500 miles of the project site is included. Mobile Overbed Table top is assembled in Grand Rapids, MI. Base is assembled in Galesburg, MI.</li> </ul> <p><b>Note: MR Credit 3 defines the sustainability criteria for use in MR Credit 5. To avoid double counting, furniture and medical furnishings contribute to MR Credit 5 and <u>not</u> MR Credit 3.</b></p> |

### Other Credit Contributions

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.
