

# Office in a File

## Style Numbers:

Office in a File	WOFS
------------------	------

## Features:

Complete storage for all office accessory tools – such as pens, tape, paper clips, glue, etc.
Handle molded into product to permit easy transport
Product “hangs” in any standard-size pedestal when not in use; business tools inside product remain in dedicated compartment and will not fall out when hung vertically.
Augments traditional filing space because the need for a pencil drawer is eliminated, thus allowing user to specify a file/file drawer pedestal, doubling the file capabilities of a traditional box/box/file drawer
Mounts to Slatwall and SlatRail for convenient access throughout the day.
Office in a File top (cover) attaches to the bottom of the product for storage when in use.
Top is translucent for visual access when closed.
Ideal product for traveling jobs. Allows user to carry needed daily tools in an organized manner within a single case
Can be used while traveling as a rigid writing surface.
Easily fits into a briefcase.
Ideal for team areas, conference rooms, or any meeting space requiring these tools.
Thin profile takes up minimal space while filed in pedestal.
Office in a File base is available in five finish colors; top is translucent only
Tape dispenser can be accessed with cover on or off. Tape tear-off is molded into product; no additional parts that may be susceptible to breakage.
Product has compartments for the following business tools; pens, pencils, business cards, clips, tacks, glue, correction fluid, or other related items.

## Dimensions:

W12-3/4” x H1-3/8” x D9-5/8”
------------------------------

## Technical Specifications:
