

CRADLE TO CRADLE CERTIFIED™ BRONZE SPECIFICATION SHEET

CERTIFICATION PERIOD: DECEMBER 31, 2015 - DECEMBER 30, 2017

SOTO™ II WORKTOOLS

Workers today are more mobile than ever. Moving from space to space, stopping wherever work takes them—for a moment, hours or longer. We studied the ways people move about their workday. How they struggled to identify spots to work. Places to plug in. And areas to put their bags, tools and mobile technology. SOTO™ II Worktools are the result. If you have a customer who would like Cradle to Cradle Certified™ Bronze worktools, you can use a variety of components as part of the SOTO™ II solution.

THE EXCEPTIONS ARE AS FOLLOWS:

No exceptions exist for the standard product line; however any product modifications ordered through Specials do not qualify.
