## Series 3 by Steelcase

As organizations grow, it becomes increasingly difficult to provide personalized work and wellbeing solutions for employees. The seated-height crank-based Series 3 is easily raised or lowered to an optimal height, allowing employers to respond to evolving workplace needs while providing employees with a healthy, individualized and productive workspace.

## Airtouch by Steelcase

Countless studies show that people are healthier and more productive when they can change postures in their workspaces. The innovative Airtouch® lift-assist mechanism gives workers the ability to adjust their worksurface height quickly, quietly and effortlessly—without the need for electricity—while encouraging frequent workstyle transitions.
