

PolyVision®

POLYVISION a³ CERAMICSTEEL FLOW

From feature walls that display brand messaging and graphics to seamless full-height writing surfaces, a³ CeramicSteel Flow enhances the aesthetics and functionality of vertical wall space.

Adapt Vertical Real Estate

a³ CeramicSteel Flow is a modular system that is easy to install and configure, making it simple to integrate into any environment. With no vertical joint covers, the system provides an uninterrupted design and worksurface. Choose from two standard finishes or enhance a³ CeramicSteel Flow by adding a custom image, logo or design to the surface.

Features:

- Concealed vertical joints
- Highly durable
- Surface made from inorganic materials
- Easy to clean
- Colorfast – will not fade
- Scratch, bacteria, chemical and fire resistant
- No made-to-order components
- Smooth, inert surface
- Sophisticated aesthetic

Trim/Hardware Options (Included):

- Clear anodized aluminum
