Create Individualized Workspaces

Providing private space for individual workers, the Universal Privacy Modesty Screen reduces distractions, allowing for increased concentration. With tackable fabric and a range of color options, the screen can be customized to fit unique workspace needs.

Versatile Worksurface Screens

Elective Elements

While creating personal space, Universal Privacy Modesty Screens:

- Offer a clean, comfortable aesthetic.
- Attach using brackets, with no visible clamps or hardware.
- Offer a variety of fabric options that allow tacking for display and personalization.
- Mount flush with the worksurface edge, or with a 1¹/₈" gap to allow for power cords and cables behind the worksurface.
