Orders

Orders

Please send P.O.s to orders@amqsolutions.com.

Cancellations

Orders may be cancelled within 48 hours of order placement in writing via email. Orders are not officially cancelled until a confirmation is sent via email from AMQ. Please send cancellation requests to cc@amqsolutions.com.

Returns and Exchanges

We do not accept returns or exchanges on products; sales are final once acknowledgments are sent. If a product is ordered by mistake or other issue arises, contact our Customer Care team at cc@amqsolutions.com.

Change Orders

Orders may be changed within 48 hours of order placement. The request must be made via email to cc@amqsolutions.com. The change order is subject to approval and is not accepted until an AMQ acknowledgment is sent to the dealer. In the event that a change order is accepted, change fees may apply. Lead time starts on the day of approval of changes.

Pricing/Order Entry Errors

Claims for pricing or order entry errors must be made no later than 48 hours from receipt of an AMQ acknowledgment. After the 48 hour grace period, customers will be responsible for orders as they are acknowledged.

Please send emails to cc@amqsolutions.com along with your order acknowledgment number, line number with error and detail of the error.

Lead Times

All AMQ products ship within 5 business days.*
Lead time begins the day after receipt of a clean P.O.
When your order is shipped, a tracking notification will be emailed to the contact specified on your purchase order.

Order Fulfillment

We make every attempt to ship all of our orders complete. In the event of a partial or split shipment, you will be notified and an estimated date will be provided for the backordered items. We cannot guarantee which warehouse the product will ship from.

Customer has 10 calendar days after delivery at the specified location to file a claim with AMQ for missing items or AMQ errors not obvious at the time of delivery. If AMQ determines missing items or error was made by AMQ, AMQ's sole obligation is to replace the missing items or correct error and ship at AMQ's expense. AMQ does not cover labor or trip charges. Customer waives right to file a claim if filed after 10 calendar days of receipt of shipment.

*Two products (noted on following pages) require a 10 day lead time. Orders including these products will ship in 10 days.

Warranties

All AMQ products have a 10-year warranty, with 5 years on ACTIV and KINEX electrical parts. AMQ is not responsible for labor charges on any repairs needed.

AMQ's obligation under this warranty is limited to replacing any product or part that it determines to be defective after inspection by its authorized representative, following receipt of written notice of the defect from the purchaser within the warranty period. This warranty shall apply to the original purchaser only, is non-transferable, and is not applicable outside the United States, Canada, and Mexico.

This warranty is based on normal installation and use of the product in an 8-hour shift. This warranty does not apply to:

- Damage in shipment caused by a carrier
- Defects caused by improper installation
- Products subject to improper use and conditions
- Customer modifications to the product
- Any product that has been modified, altered, tampered with or repaired by any person other than an authorized representative of AMQ
- Normal wear and tear

Labor charges and/or damage incurred in the installation, repair, or replacement of any products are excluded; AMQ will replace the product if the claim is approved.

Product Design

The right is reserved by AMQ to make changes in design and material, as well as discontinuance of parts and units when such action is deemed to be an improvement in design, function and/or construction.

Warranty Claims

Please email claims to cc@amqsolutions.com.

Shipping

Will Call

AMQ provides Will Call pickup from our Santa Clara, CA and Atlanta, GA warehouses. Please specify this method upon placement of order.

Note we have mandatory Will Call zones in our warehouse regions. Zones are noted on our Discount sheet.

We will maintain availability of your order up to 48 hours beyond the scheduled pick up date. Failure to pick up your order after 48 hours will result in storage fees of \$100 per working day per pallet. Failure to pick up your order after 15 working days of scheduled will call, will result in your order being returned to inventory and subject to restocking fees in addition to accumulated storage fees.

Freight Terms

All pricing includes freight, except for orders less than \$1500 Net, which incur surcharges of \$100.

Orders that contain Seating and Accessories ONLY do not incur a shipping surcharge.

Products are shipped LTL (Less than Truck Load) with freight costs and handling fees prepaid. If a split shipment is requested by the customer, they are responsible for additional freight charges.

AMQ reserves the right to pass on charges for other than the normal dock to dock delivery, such as a residential delivery, lift gate service, inside delivery, etc., unless alternative arrangements have been agreed to in writing with AMQ prior to shipment. Any special freight requirements need to be requested prior to order placement and are subject to approval by AMQ. Please contact our Customer Care team for details and quotes.

Canada/Hawaii/Alaska

For shipments to Canada, AMQ pricing includes transportation (dock to dock) but not for customs clearance and import duty/taxes.

For shipments to Hawaii/Alaska, AMQ pricing does not include freight. Our pricing covers the continental United States only.

Delivery Date Guarantee Option

Delivery date and time are at the discretion of the carrier within reasonable transit time unless special arrangements have been agreed to in writing between the customer and AMQ prior to shipment. There is an additional charge to guarantee delivery on a specific day. These charges will be quoted at customer request.

Redelivery and Re-consignment of Freight

The customer will be charged for redelivery or re-consignment of all orders (regardless of shipping terms agreed to), if redelivery or re-consignment was caused by a customer change after the goods have left AMQ's dock.

Shipment Damage Claims

All shipments must be carefully inspected by customer before acceptance, and the customer must record any damage or shortages noted at time of delivery on the Bill of Lading, and provide this information to AMQ immediately along with photos of any damage. AMQ will arrange inspection by the carrier. If customer believes it has uncovered further damage after delivery they must take photos of the damage and immediately request inspection by the delivering carrier. Damaged freight must be kept at point of delivery in original packaging for inspection by carrier until further notice by AMQ. If carrier is designated by AMQ, AMQ will seek recourse on behalf of the Customer. Freight Claims must be filed within 10 days of delivery date.

AMQ warrants to the original purchaser that the products it manufactures are free from defects in design, material and workmanship. Subject to the limitations below, AMQ warrants each product in this catalog to be free from material defects in materials and workmanship.

Submission of Claims

Please submit all order fulfillment, shipping, and warranty claims to cc@amqsolutions.com.

Order Processing

Please send purchase orders to orders@amqsolutions.com.

- Lead time of 5 business days starts from the next day after receipt of clean P.O.
- P.O.'s with missing information/finishes or incorrect pricing will be placed on order processing hold and the lead time will not start until the revised P.O. is sent to Customer Care (orders@amqsolutions.com).
- Please provide .sif file and AMQ quote number along with P.O., if applicable.
- Orders will be acknowledged within 24-48 hours with an AMQ acknowledgment number.
- Claims for quote errors, pricing, order entry errors and/or incorrect finishes must be made within 48 hours of receipt of acknowledgment. After 48 hours, AMQ will not be responsible for errors.

Please be sure to check order acknowledgments to confirm accuracy of products, fabrics and finishes against your purchase order.

Payments & Deposits

Terms of payment will be established based on the credit rating and credit information provided by and for specific customers. Orders are invoiced at the time of shipment or will call date. Standard payment terms are net 30 days.

	Orders Under 40,000 Net	Orders Over 40,000 Net
Deposit	No Deposit Required*	50% Deposit Due Upon Order
Balance Due	Net 30	Net 30

*First order with new dealership requires 50% deposit.

Worksurfaces

AMQ worksurfaces are low pressure laminate (LPL).
Available in linear, 90° and 120° degree shapes in four colors: White, Maple, Walnut and Teak.

SPECS

LPL (low pressure laminate)

1 inch/25mm thick

3mm PVC on four sides

Linear, 120, extended corner

*For customized worksurfaces, please call AMQ sales support at (888) 234-5098.

Our linear worksurfaces come in 48", 60" and 72" widths at 24" or 30" depth.

72" width

60" width

48" width

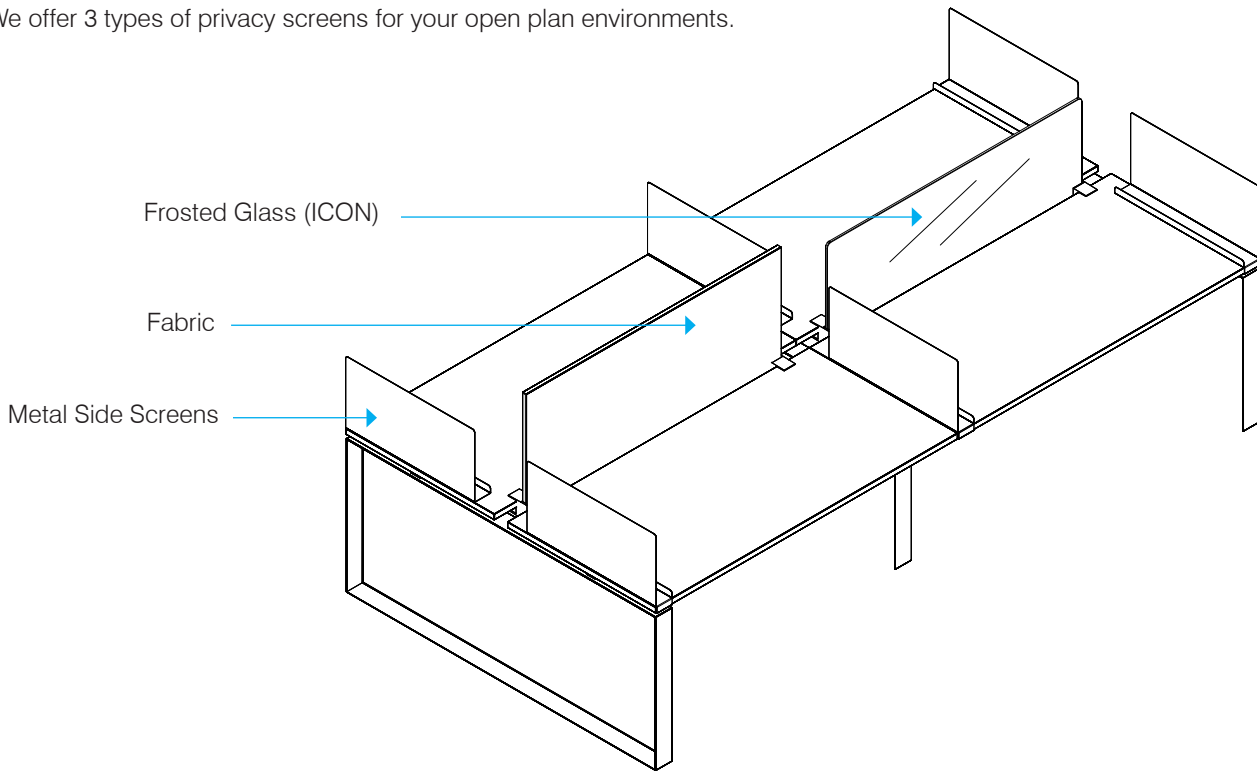

Worksurfaces are 1" thick with 3mm PVC on 4 sides.

120° worksurfaces also available for ACTIV-Pro3 height adjustable base.

Privacy Screens

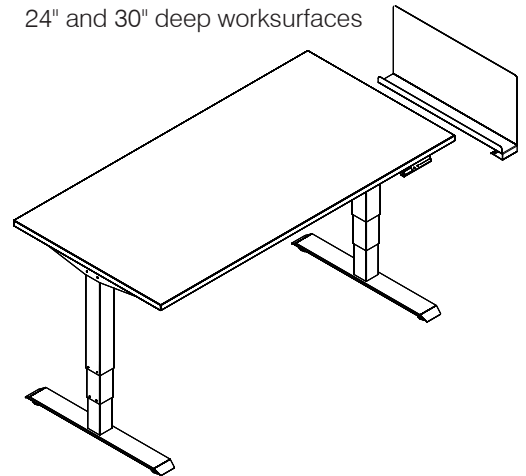

We offer 3 types of privacy screens for your open plan environments.

Fabric screens clip onto worksurfaces and are height adjustable when used with ICON and ACTIV bases

Metal side screens slide onto 24" and 30" deep worksurfaces

Frosted glass allows for more light and design possibilities (available for 60" and 72" ICON only)

Fabric Screens

AMQ fabric screens are .75" thick with aluminum and plastic frame and high density felt interiors. Upholstered in polyester fabric (ASTM E-84, Class A or 1).

Height adjustable when used with ICON and ACTIV bases.

Frosted Glass Screens (60" and 72" ICON only)

AMQ frosted glass screens are .3"/8mm thick and sold in 2-packs for our ICON product line.

Side Screens

Our metal side screens are 22.9"D x 3.14"W x 12.2"H, 1/16" thick, with 3" overhang that slides onto worksurfaces up to 1.5" thick. Rubber mat inset with knob tightener. No clips required. Fits 24" and 30" deep worksurfaces. KINEX and ACTIV only.

Screen Clips

AMQ screen clips vary by product line and configuration. All sold in pairs (separately from screens). ICON/ACTIV base clips work with worksurfaces between .7"-1.5" (18mm and 40mm) thickness.

ICON and KINEX single runs, plus ACTIV bases

ICON double run

ILINE

KINEX double run

Modesty & Insert Panels

ICON Modesty Panel Leg Insert (ICON)

Laminate; .6" thick
 Available in White
 Available for SR/DR 24"/30" O-Legs

KINEX End Panel

End Panel for 24" and 30" DR applications.
 Available in Platinum and White.

ILINE Modesty Panel

2-piece metal panel, with clips
 Available in Platinum and White
 48", 60" and 72" lengths

Electrical

We use the USA-based company Byrne Electrical for all our power and data.

The Byrne 8-Trac System and Phase 3 are UL recognized as an Office Furnishing Accessory (UL 1286), and are UL Listed as a Manufactured Wiring System (UL 183) in full compliance with electrical specifications found in the National Electrical Code (NEC). It also complies with municipal standards such as New York, Los Angeles and San Francisco.

To learn more about Byrne, visit their website at www.byrne-electrical.com

Electrical — 3 Circuit/5 Wire

The Byrne Phase 3 System is similar to 8-trac system except is a double sided 3-Circuit/5-Wire system. It Includes flexible mesh conduit jumpers (UL1286 only). Also offers multiple circuit configurations selected by the receptacles.

SPECS

UL183 Listed and UL 1286 Recognized in full compliance with National Electric Code (NEC)

3-Phase System

Modular Receptacles

Flexible mesh conduit jumpers (UL1286 only)

Multiple Circuit configurations selected by receptacles

Double-sided system

Wire Diagram for 3 Keying

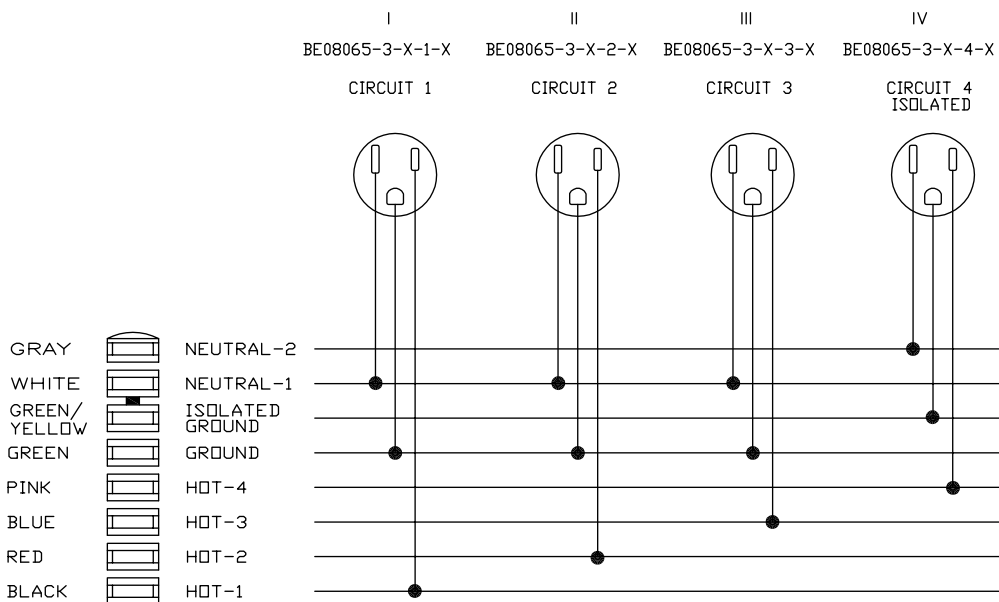

Electrical — 4 Circuit/8 Wire

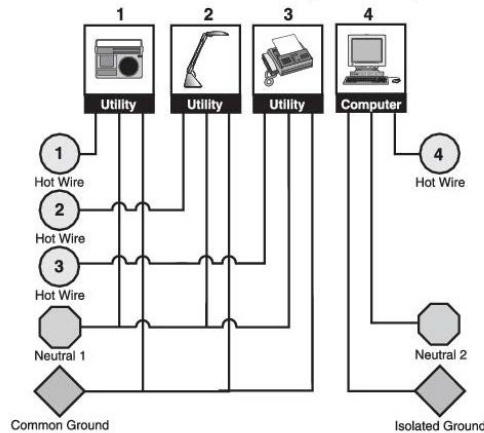

BYRNE 8-TRAC SYSTEM

The Byrne 8-Trac System is rated for 15 amps allowing the use of 4 circuits with 4 line conductors, 2 neutrals and 2 grounds. Under NEC requirements, up to 13 duplex receptacles maybe used per circuit, with a total of 52 available receptacles if all circuits are used, per single power entry. The line conductors are 12 AWG, and share 12 AWG ground and a 10 AWG neutral. The fourth circuit is isolated and dedicated, and is serviced by its own line conductor, neutral and isolated ground. The Byrne System can be wired in both single and 3-phase configurations, 240/120V, 208/120V respectively. Additionally, a 3 hot, 3 general, 2 ground (3-3-2) wiring system is available. The System accommodates panel applications of 2" to 3½" thick harnesses available from 12" to 1800" in length. Assemblies are 100% electrically tested to ensure the highest quality and reliability.

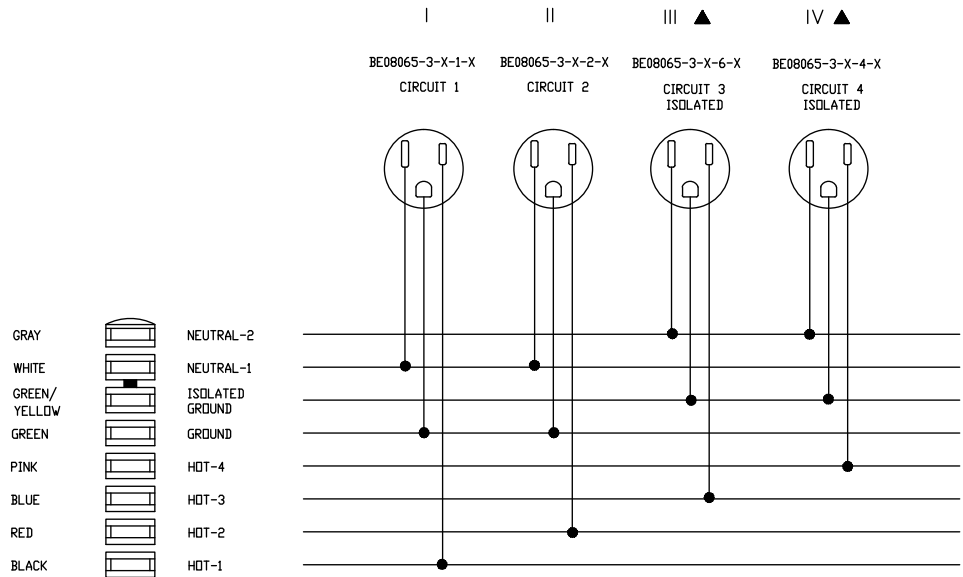

3+1

Four-circuit, 3 + 1 Receptacle Option

2+2 special order

Four-circuit, 2 + 2 Receptacle Option

Unique Electrical Codes

The primary electrical code used in the United States is the National Electrical Code (NEC) (NFPA70). While most states and cities use the NEC as is, some have created their own electrical code using the NEC as the basis for the requirements. There are 3 cities that have unique requirements that directly affect office furnishings installations: New York, Chicago, and San Francisco. These unique requirements are detailed below.

Chicago

Chicago has their own electrical code based on the NEC.

Chicago does not allow the use of any modular systems. All electrical must be hardwired by a licensed electrician. The specific wording of the 2009 Chicago Electrical Code is as follows:

18-27-605.2. General. Wiring in and on office partitions shall conform to all applicable chapter provisions. Relocatable wired partitions are not considered portable and, as such, plug and jack connections are not acceptable. All wiring is to be contained in listed and labeled electrical raceways and outlet boxes.

(a) Use. Wired relocatable office partitions shall be installed and used only as provided for by this Article. The biggest ambiguity is what product types will require TR receptacle for code compliance applications. For example, the NEC TR code dwelling requirements specify "appliances" as exempt from the scope of TR receptacles. Relocatable Power Taps are often grouped into this category.

Hardwire accessories can be used in Chicago if they have a metallic enclosure. This includes Mho, Assemble, Axil, Glenbeigh, and Wonderbar product lines. These hardwire units can be provided as a Chicago version which includes 15" of conduit and a 4X4 junction box.

New York City

- Allows the use of Office Furnishings Systems (as permitted by Article 605 of the NEC) but requires that licensed electricians install the electrical components into the furniture.
- Does not allow the use of any non-metallic liquid tight conduit.
- Metallic liquid tight conduit can only be 18" long.
- Flexible metal conduit used on infeeds can only be 6' long.
- Does not allow Manufactured Wiring Systems in furniture.

As of 2009, New York City allows the use of Relocatable Power Taps in office environments.

The New York Electric Code exception of Article 604 for Manufactured Wiring Systems includes Article 604(3) Such wiring may only be used for general lighting circuits above the hung ceiling line.

Until now, this statement was interpreted as lighting circuits must be above the ceiling, while other Manufactured Wiring Systems can be used below the ceiling line.

The new official interpretation requested by BIFMA indicates Manufactured Wiring Systems can only be used for lighting and must be above the ceiling. This applies to Byrne 8-Trac, Byrne 4-Trac and Byrne Phase 3 product lines. This interpretation has not been published on the official NYC Codes site even though more recent interpretations have been. BIFMA continues to work on a resolution to this issue.

San Francisco

San Francisco uses the California Electrical Code which in turn uses the NEC. San Francisco has additional / revised requirements that are called out as an addendum to the code. San Francisco does not allow the use of non-metallic liquid tight conduit and only metallic liquid tight conduit is permitted.

ARTICLE 356 – LIQUIDTIGHT FLEXIBLE NONMETALLIC CONDUIT: TYPE LFNC

- 356.10 Revise the first sentence of this section as follows:
 356.10 Uses Permitted.

LFNC shall be permitted to be used in exposed or concealed locations for systems not exceeding 50 volts for the following purposes:

356.12 Uses Not Permitted

356.12 Revise item 4 of this section as follows:

(4) Where the operating voltage of the contained conductors is in excess of 50 volts, nominal, except as permitted in 600.32(A).

How to Specify

HOW TO ORDER KINEX Single Run (SR):

To order a 2 pack of KINEX 2-Stage Benching in Platinum, specify:

- **KNX-BASE-S2M1.F1** - KINEX 2-Stage Base in Platinum
- **KNX-BM48-SR.F1** - 48" Single Run Beam in Platinum
- **KNX-SR-FT22.F1** - 22" Feet for Single Run, 24" deep worksurfaces

Worksurfaces, electrical components and accessories are specified separately.

HOW TO ORDER KINEX Double Run (DR):

To order a 2 pack of KINEX 3-Stage Benching in White, specify:

- **KNX-BASE-S3M2.F2** - KINEX 3-Stage Base in White
- **KNX-BM48-DR.F2** - 48" Double Run Beam in White
- **KNX-CB24.F2** - 48" Double Run Cross Beam Kit in White

Worksurfaces, electrical components and accessories are specified separately.

Bases

		SKU	DESCRIPTION	LIST
	KINEX Base – Fixed	KNX-BASE-S1.F1 (Platinum) KNX-BASE-S1.F2 (White)	KINEX Benching Fixed Column leg. Includes the width adjustable stretcher bars, Set of Cantilevers Finish: Platinum	\$875
	KINEX Base, 2 Stage, Double Motor	KNX-BASE-S2M2.F1 (Platinum) KNX-BASE-S2M2.F2 (White)	KINEX Benching 2-Stage Column, Two Motors. Includes width adjustable stretcher bars, Set of Cantilevers & 2 Button Handset. Height Range: 27"-46.7"	\$2,000
	KINEX Base, 3 Stage, Double Motor	KNX-BASE-S3M2.F1 (Platinum) KNX-BASE-S3M2.F2 (White)	KINEX Benching 3-Stage Column, Two Motors. Includes width adjustable stretcher bars, Set of Cantilevers & 2 Button Handset. Height Range: 22"-48".	\$2,165

Crossbeams

Chicago Power Box 	IBS-KNX-CHB.F1 (Platinum) IBS-KNX-CHB.F2 (White)	Chicago Box for KINEX application.	\$420

Electrical — 3 Circuit/5 Wire

	SKU	DESCRIPTION	LIST
Power Entry 	X-E3-BF120	Power Entry Base Feed, 120"	\$330
	X-E3-BF120.SF	San Francisco Base Entry Pack — Power Entry Base Feed, 120"	\$432
	X-E3-BF120.NYC	New York Base Entry Pack — Power Entry Base Feed	\$440
	X-E3-CF	3-Circuit — Power Entry Ceiling Feed, 180"	\$390
Junction Block 	X-E3-DJCTBLK.1C	3-Circuit — Double Sided Junction Block. Includes 2 Junction Block Brackets for KINEX.	\$180
Receptacles 	X-E3-D1.C.G (Grey) X-E3-D1.C.G (White)	3-Circuit — Duplex Receptacle (C), 15Amp, 3D, Line-1	\$46
	X-E3-D2.C.G (Grey) X-E3-D2.C.G (White)	3-Circuit — Duplex Receptacle (C), 15Amp, 3D, Line-2	\$46
	X-E3-D3.C.G (Grey) X-E3-D3.C.G (White)	3-Circuit — Duplex Receptacle (C), 15Amp, 3D, Line-3	\$46
Jumpers / Adapters 	X-E3-J36A	36" Adjustable Jumper	\$131
	X-E3-J42A	42" Adjustable Jumper	\$139
	X-E3-J48A	48" Adjustable Jumper	\$148
	X-E3-J54A	54" Adjustable Jumper	\$156
	X-E3-J60A	60" Adjustable Jumper	\$164
	X-E3-J66A	66" Adjustable Jumper	\$172
Y-Connector 	X-E3-YC	3 Circuit Y-Connector (Box of 1)	\$45

Electrical — 4 Circuit/8 Wire

	SKU	DESCRIPTION	LIST	
Power Entry 	X-E4-BF120	4-Circuit — Power Entry Base Feed, 120"	\$440	
	X-E4-BF120.SF	4-Circuit — San Francisco Base Entry Pack — Power Entry Base Feed, 120"	\$550	
	X-E4-BF120.NYC	4-Circuit — New York City Base Entry Pack — Power Entry Base Feed, 54"	\$525	
	X-E4-CF	4-Circuit — Power Entry Ceiling Feed, 180"	\$475	
Junction Block 	X-E4-DJCTBLK.2C	4-Circuit — Double Sided Double Junction Block. Includes Junction Block Bracket for KINEX.	\$234	
KINEX Single/Double Sided Junction Block 	X-E4-SDJCTBLK	4 Circuit — Double Sided Single Junction Block for KINEX. Includes junction block bracket.	\$215	
Receptacles 	X-E4-D1.D.G (Grey) X-E4-D1.D.W (White)	4-Circuit-Duplex Receptacle (D), 15Amp, 3D, Line-1	\$47	
	X-E4-D2.DT.G (Grey) X-E4-D2.DT.W (White)	4-Circuit-Duplex Receptacle (D), 15Amp, 3D, Line-2, Title 24 Compliant	\$47	
	X-E4-D3.D.G (Grey) X-E4-D3.D.W (White)	4-Circuit -Duplex Receptacle (D), 15Amp, 3D, Line-3	\$47	
	X-E4-D4.D.G (Grey) X-E4-D4.D.W (White)	4-Circuit -Duplex Receptacle (D), 15Amp, 3D, Line-4	\$47	
	Jumpers / Adapters 	X-E4-J36A	4-Circuit — 36" Adjustable Jumper	\$195
		X-E4-J42A	4-Circuit — 42" Adjustable Jumper	\$202
X-E4-J48A		4-Circuit — 48" Adjustable Jumper	\$225	
X-E4-J54A		4-Circuit — 54" Adjustable Jumper	\$235	
X-E4-J60A		4-Circuit — 60" Adjustable Jumper	\$250	
X-E4-J66A		4-Circuit — 66" Adjustable Jumper	\$262

How to Specify

EXAMPLE

KIT # **I-4824DR6F2W2.4E3**
ICON Double Row of 6; White Frame with Worksurfaces in Walnut Finish and 3 Circuit/5 Wire Electrical (144"W x48.5"D)

Electrical

ICON is designed for one Power Block and two Receptacles per user.
Electrical jumpers are snapped into power blocks in a daisy chain fashion.
Wire troughs manage wires (specify 1 per user).

Electrical

Below are examples of how to specify electrical for ICON in both a single and double run.

4 Circuit/8 Wire Specification

Single Run (SR)

Double Run (DR)

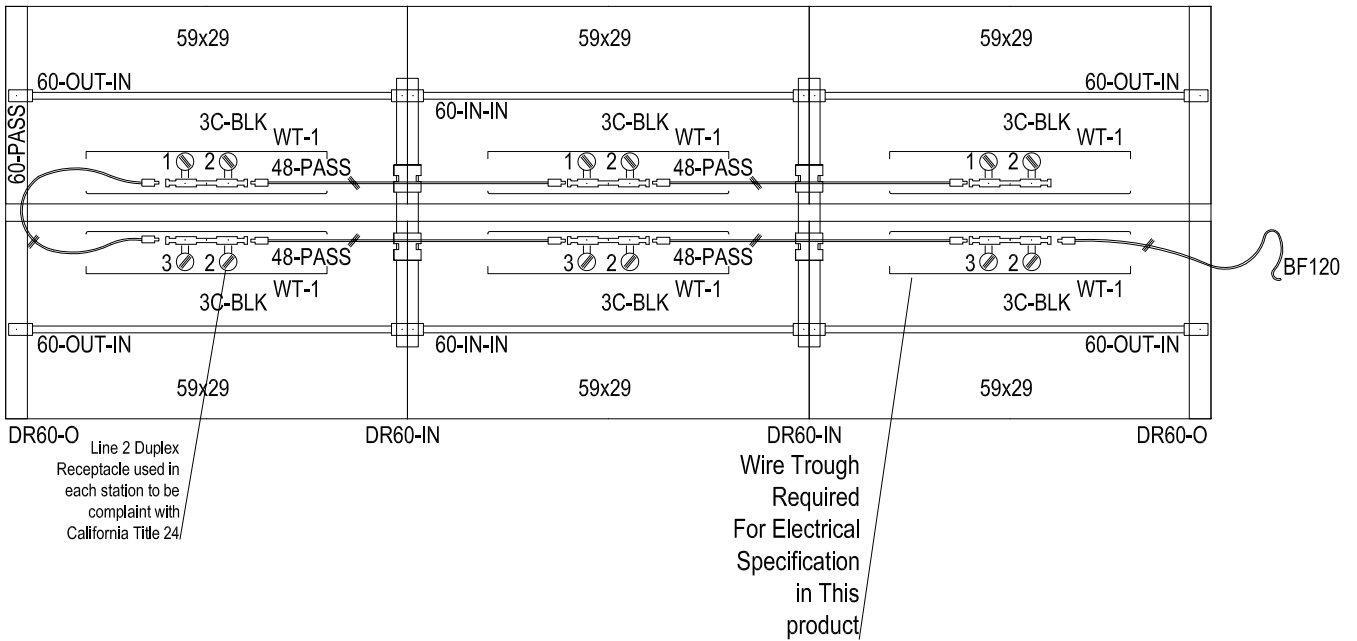

3 Circuit/5 Wire Specification

Electrical

ILINE beam technology distributes electrical with either 3 circuit/5 wire or 4 circuit/8 wire.

Each floor entry accepts up to 24 CAT6 cables or 1 infeed/conduit

Power Pole

Can accept
42 CAT6 cables,
1 conduit and
1 infeed

3 Circuit

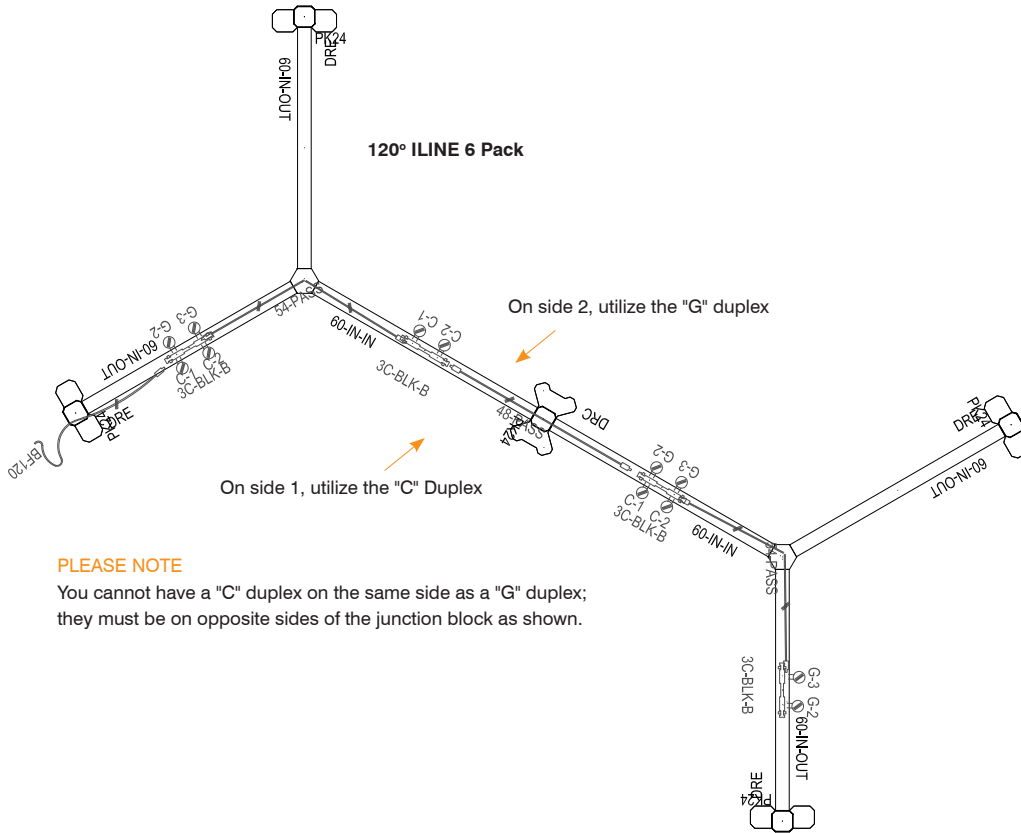

4 Circuit

Accepts 24 CAT6 cables, 1 conduit and 1 infeed

3 Circuit/5 Wire

PLEASE NOTE

You cannot have a "C" duplex on the same side as a "G" duplex; they must be on opposite sides of the junction block as shown.

ACTIV-Pro 2 Stage legs

Worksurface Sizes

ACTIV-Pro/2-stage legs Specifications

Handset	Push button with 4 programmable settings
Safety	Anti-collision
Foot Length in inches	22" and 28" for 24" and 30" deep worksurfaces
Legs	2 stage, available as T or C Leg
Leg Diameter	2.75" x 2.75"
Height range (excluding top)	27"-46.7"
Frame width expansion	width extendable 48"-72" in 1mm increments
Worksurface widths	48", 60" and 72"
Worksurface depths	24" and 30"
Max lifting capacity	220 lbs
Base weight without top	76 lbs
Gauge of Steel	2mm
Speed	30m/s
Standby Consumption	.2W
Active Consumption	200/360 W
Total Stroke	500 mm
Finishes	Platinum and White
ANSI BIFMA	X5.5
Green Certification	MAS Green
UL	UL962
Warranty	10 years (5 years mechanical parts)
