

SHORTCUT WOOD

Perfect for the home or office, conference room, dining room or coffee shop, Shortcut Wood combines a strong design aesthetic with the warmth of natural materials.

2 | 18-0099617

4 | 18-0105463

5 | 17-0085039

Thoughtfully designed to blend traditional materials, wood, steel, plastic and upholstery, Shortcut Wood adds character to informal spaces without sacrificing comfort. Solid maple wood leg stains were carefully selected to celebrate the wood's natural grain. Steel brackets with exposed fasteners add a subtle industrial design element and can be painted any color for an added touch of personalization.

A perfect chair for social and collaborative applications, Shortcut's abbreviated elbow rests allow you to pull up close to the table while providing support when leaning back. A generous sculpted shell contours the body and features a back cut-out for optimal flexibility and comfort. An optional upholstered cushion adds comfort and a colorful accent.

THE SHORTCUT COLLECTION

Incredibly versatile, durable and comfortable, Shortcut is everything you need — and nothing you don't. A flexible, molded plastic shell and an optional upholstered seat cushion offers support for short-term seating. Shortcut's elbow rests stay out of the way so you're free to move close to your desk or lean back without adjustments. A choice of four base options provides range in design and makes Shortcut the perfect solution for anyone and every place. A natural fit in conference rooms, cafes, classrooms and beyond, Shortcut is a true multi-purpose chair.
