

IM#: 15-0013051

## Bedside Companion

An overbed table is more than just a place for patient meals – it's a bridge for communication between the patient and clinician. It supports consultation, collaboration and a host of tasks and activities.

IM#: 15-0013445

Height-adjustable and easy to move, overbed tables provide a just-right surface at bedside – or anywhere within the patient room or treatment space.

## FEATURES AND BENEFITS

- Base available in two styles: standard C-base and low-profile U-base, offering a choice of aesthetics and function
- Tops are available in three shapes to accommodate food trays and personal items; additional top size options available with U-base model
- Spill top standard on all thermoform styles
