

Create Privacy with Universal Boundary Screens

Boundary Screens paired with Universal worksurfaces offer solutions for individual privacy and modesty needs. Simple and adaptable—Boundary Screens provide space division while reducing visual distractions in a variety of workplaces.

Screens on Panel-supported Workspaces

Screen on Freestanding Worksurface

In addition to providing privacy, Universal Boundary Screens:

- are compatible with panel-supported, tethered Universal workspaces and freestanding Universal workspaces.
- offer modular options designed to align with Answer panel heights, and can be specified to align with bottom of worksurface support leg or up to 15 inches above to align with one-high storage.
- can be ordered in parametric heights and widths for simple customization.
- are offered in a variety of laminates and veneers for aesthetic cohesion in the workplace.
