SIMPLE TABLES

Tables

At turnstone, we believe space and culture are game-changing ingredients for companies young and old, large and small. That's why we're focused on helping entrepreneurs leverage their culture and their space to accelerate business results, and on helping intrapreneurs activate a sense of startup culture to do the same.

WHAT IS STARTUP CULTURE?

People are passionate about meaningful work. We take work home and take home to work, erasing lines and cross-pollinating our lives. We want everything we do to feel authentic and actively seek ways to let our personalities shine through—especially in the office.

These hallmarks of startup culture begin with the belief that work can happen anywhere, and that having the freedom to choose where to work is foundational to authenticity.

Passion

Passion is at the core of startup culture. Whether it's passion for community, revenue or environment, this focus becomes the heart of the business and the rally cry for the team.

Personality

For many entrepreneurs, the simple act of incorporating photos and personal items to the space is a first step toward putting personality on display. Taken a step further, personality can include commissioned artwork, custom colors, reclaimed wood and rich surface materials.

Authenticity

The freedom to truly be yourself without compromise is the holy grail of the startup ecosystem. Authenticity recognizes that each person brings diversity to the team, and it intentionally celebrates the individuality of each person, the way they work and their unique creative contributions.

Agility

Startup culture depends on an agile physical environment that allows nimble movement between standing height tables, impromptu meeting spaces and traditional desking solutions. But equally important is the agile support of innovation and strategy pivots directly impacting business results.

STARTUP CULTURE + SIMPLE TABLES

For busy teams in fast-paced environments, simplicity and agility are foundational to progress and measurable results. Turnstone Simple Tables help create additional project spaces, impromptu meeting rooms and extra cafe seating in a flash, keeping you focused on the thing that matters most: running your business.

SIMPLY BEAUTIFUL

With three tabletop shapes and three heights to support sitting, standing or lounging, Simple Tables are easy to customize for an authentic work experience.

FOR ANY KIND OF WORK

Simple Tables support group and solo spaces in the office, allowing you to create a variety of standing height, seated or lounge settings, giving your team total choice and control.

VERSATILITY, SIMPLIFIED

Versatile and dependable, Simple Tables are available with casters or gliders, so rearranging your space is a breeze. Rounded corners make room for cords to pull through, keeping devices charged when tables are grouped together. Just choose the shape that fits your style and the height that fits your space, and Simple Tables will do the rest.

SIMPLY COLORFUL

Brand your space or put your individuality on display with new paint colors designed to express passion in the office. With thirty-four standard colors to choose from and endless options with PerfectMatch, turnstone gives you dozens of ways to create spaces that exude personality and style.

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It's about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It's not only about creating goods, it's about living our values. It's not just about reducing our footprint, it's about expanding our reach. It's about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase's sustainability promises, actions and results are communicated in an annual Corporate Sustainability Report.
