

**Environmental Attributes**

- Product Category — Seating: Recliner
  
- LEED Contribution — Recycled content  
 — Regional materials  
 — Rapidly renewable materials  
 — Sustainable purchasing  
 — Furniture and medical furnishings
  
- Environmental Facts — 59% recyclable  
 — 14% recycled content

**Recycled Content Summary**

Total Weight (lbs) 165.2

Recycled Content (lbs)	23.7	Recycled Content	14%
Post Consumer (lbs)	13.6	Post Consumer	8%
Pre Consumer (lbs)	10.0	Pre Consumer	6%
Recyclable Content (lbs)	97.7	Recyclable Content	59%

Disclaimer

Numbers may vary based on model and options selected. Calculations based on style number SC6091 of recycled content are based on data provided by suppliers and other available information. This data may include industry averages, ranges or other broadly based information. Steelcase makes conservative assumptions when compiling this information to provide the most accurate recycled content calculations possible but variability in market conditions or manufacturing processes may result in higher or lower content. This document will be reviewed and updated periodically and is subject to change without notice.

Program	Category	Item	Contribution
LEED-INTERIOR DESIGN & CONSTRUCTION (formerly LEED-CI)	Materials & Resources	MR 4 (recycled content)	Post-consumer (8%) + ½ pre-consumer (6%) =11.3%.
	Materials & Resources	MR 5 (regional materials)	Mitra <sup>®</sup> is assembled in Tijuana, MX. Projects ≤ 500 miles from this location qualify.
LEED-DESIGN & CONSTRUCTION (formerly LEED-NC, LEED-Core & Shell & LEED-Schools)	Materials & Resources	MR 4 (recycled content)	Post-consumer (8%) + ½ pre-consumer (6%) =11.3%.
	Materials & Resources	MR 6 (rapidly renewable materials)	Steelcase offers textile and surface material options that may contribute to this credit.
LEED-OPERATIONS & MAINTENANCE (formerly LEED-EB)	Materials & Resources	MR 2.2 (sustainable purchasing – durable goods)	
LEED for Healthcare	Materials & Resources	MR 5 (furniture and medical furnishings)	<p>May contribute toward 1 point awarded for 30% or 2 points for 40% total value of freestanding furniture and medical furnishings because it meets one or more of the three options for this credit .</p> <p><b>OPTION 3 - Sustainably Sourced Material Criteria (per MR Credit 3)</b></p> <ul style="list-style-type: none"> <li>•Recycled Content value is determined by multiplying the recycled content percentage by the cost of the assembly. The recycled content percentage is:               <ul style="list-style-type: none"> <li>•[Post-consumer (8%) + ½ pre-consumer (6%) =11.3%]</li> <li>or</li> <li>•The value of all materials assembled locally within 500 miles of the project site is included. Mitra<sup>®</sup> is assembled in Tijuana, MX.</li> </ul> </li> </ul>

**Note: MR Credit 3 defines the sustainability criteria for use in MR Credit 5. To avoid double counting, furniture and medical furnishings contribute to MR Credit 5 and not MR Credit 3.**

**Other Credit Contributions**

Although not specific to this product, Steelcase has other corporate wide programs that can help support certain LEED credits. For example, many of our products can be blanket shipped, or shipped using recyclable packaging materials. Both options help support Materials & Resources credits targeted to prevent construction waste from being sent to a landfill.

Also, both product longevity and the Steelcase Phase 2 Program for end of life reuse/recycling support Materials & Resources credits for Material Reuse, Furniture & Furnishing Reuse, or Source Reduction & Waste Management.

Refer to [www.usgbc.org](http://www.usgbc.org) for LEED Program details. Steelcase products may contribute in a number of areas. For additional information contact your Steelcase dealer or the director of Global Environmental Performance (616.247.2996).
