

## BIVI DUAL HEIGHT

Designed with teams in mind, the Bivi Dual Height application offers seated and standing postures in one system. Bivi's intuitive design and new take on choice and control uniquely supports the dynamic nature of creative work.

### **Bivi Dual Height**

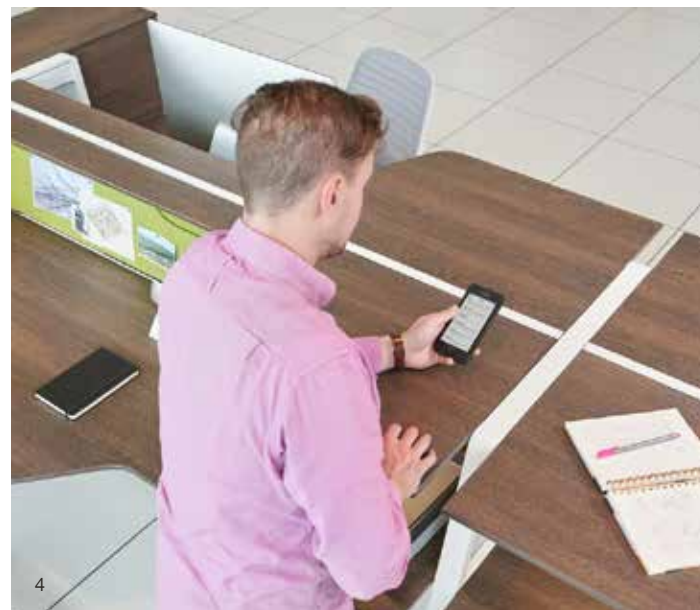

Bivi Dual Height's innovative design solves for multiple postures in the workplace without a sprawling footprint or complicated adjustments for the user.

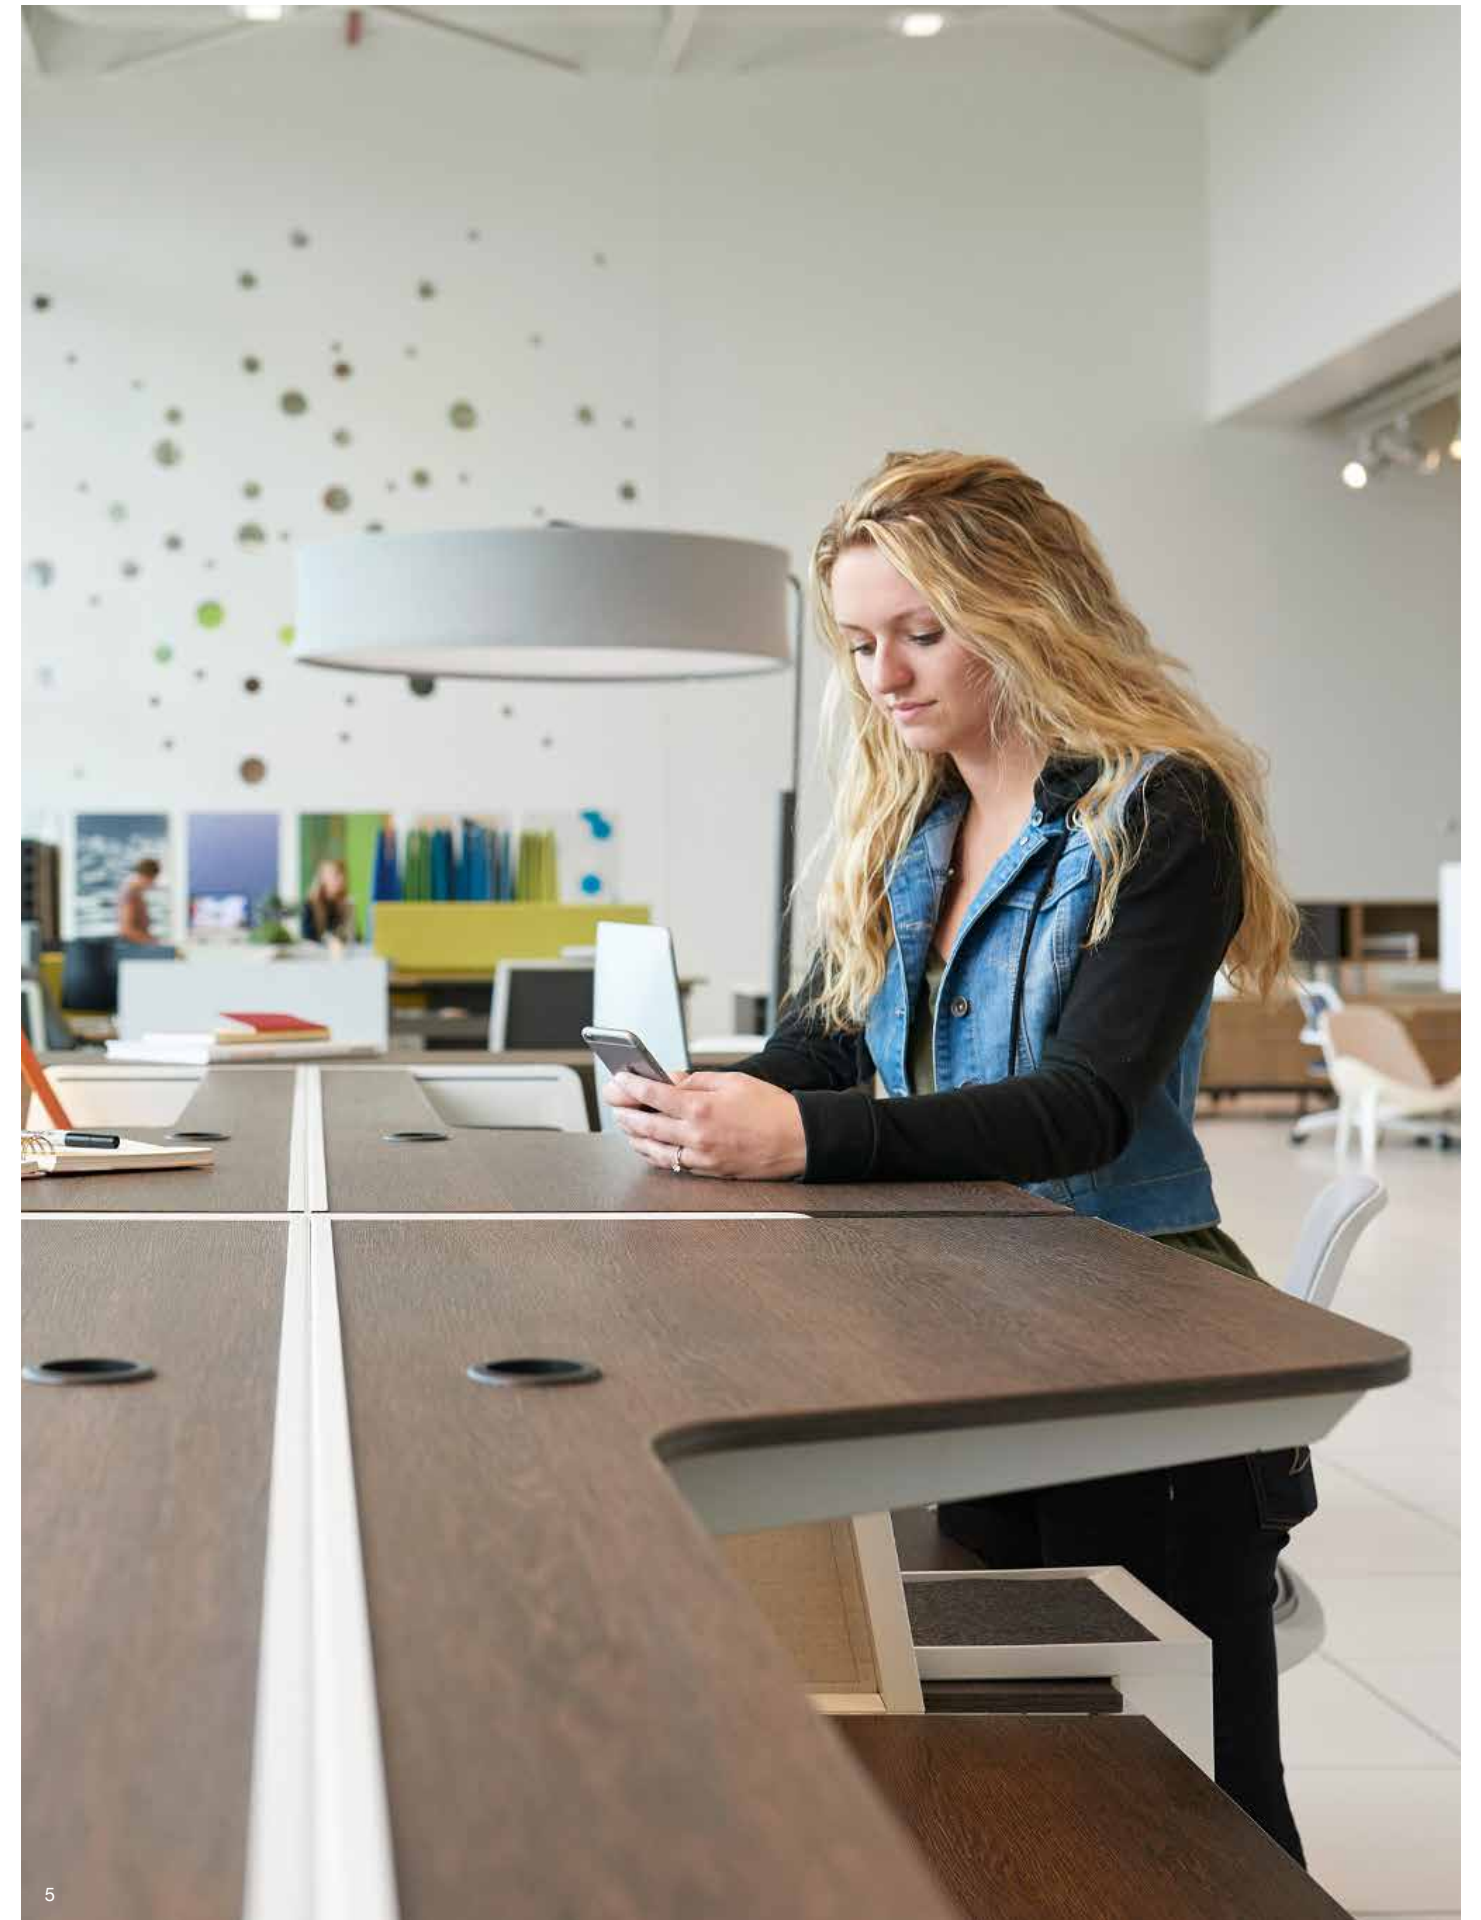

3

### Designed for Teams. Built for you.

Standing and seated options in one application allow teams to come together naturally and make it easy for individuals to work in ways that feel authentic. When others approach, Bivi Dual Height supports an effortless shift from private workstation to standing table top, dispelling height disparity and promoting engagement.

4

5

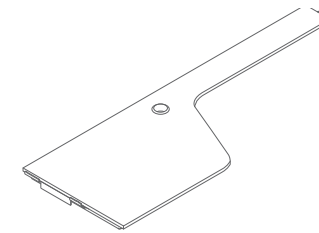

**Total control. No adjustments.**

Bivi's Upper Dual Tops can be configured on the ends of the bench or grouped in the center for impromptu meetings. Because there's nothing to adjust, workers simply stand to work or talk to teammates, maintaining eye-to-eye contact and leaving personal workspaces undisturbed.

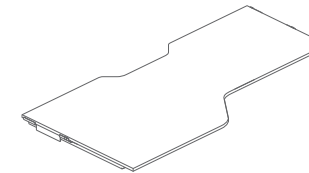

**STATEMENT OF LINE**

Dual Height Tops are the latest addition to Bivi's Table Tops offering and fit seamlessly with other existing Bivi components.

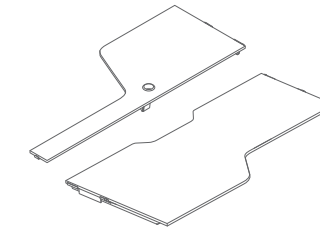

**Upper Dual Top\***  
TS8DHUPR
