Brody WorkLounge
seating

Designed to be good for your
body and good for your brain.

Introducing the Brody™ WorkLounge.

Workers need a place to get away without going away.

COMFORT IS COMPROMISED

While most lounge spaces look comfortable, they provide little ergonomic support. Designed for short-term sitting, not focused task work, typical lounge seating leaves the body unsupported.

WORK IS COMPROMISED

People need more than chairs, alone, to get work done. They need surfaces for their notebooks and mobile devices. And those devices need power.

FOCUS IS COMPROMISED

Today's workplace is often open and exposed, providing little to no control over visual distractions.

Designed for your body.

Providing high-performance comfort and support, the Brody WorkLounge features patented LiveLumbar™ technology—bringing thoughtful ergonomic design to the lounge posture. The adjustable, personal worksurface holds technology at eye level, reducing neck and shoulder strain.

IM#: 15 0007409

Designed for your brain.

Maintaining focus is a costly problem for workers today. We get interrupted or distracted every 11 minutes, and neuroscientists have found it takes over 23 minutes to get back on task.

The Brody WorkLounge creates a shelter from visual distractions, providing privacy and an enhanced sense of psychological security.

Designed for work.

The Brody WorkLounge creates a comfortable microenvironment by thoughtfully integrating power, ergonomic comfort, personal storage and lighting—so you can focus your attention, get into flow and get work done.

Designed for business.

Brody WorkLounge can help organizations optimize their real estate by delivering a high-performance work space in a highly efficient footprint. A smart alternative to enclaves, the Brody WorkLounge transforms underutilized, in-between spaces into coveted destinations.

Design Details

LIGHTING
The dash® mini LED task light integrates seamlessly to deliver adjustable, efficient lighting where you need it most.

PRIVACY SCREEN
Privacy screens help reduce visual distractions and enhance personal privacy and comfort.

PERSONAL STORAGE
Personal storage provides a convenient place to store your belongings up off the floor and within arm’s reach.

POWER
Integrated power is easily accessible, so you can focus on your work—not your battery level.

SIDE SURFACE
Available with left- or right-sided configurations, side surface provides a convenient armrest, or a spacious writing or mousing surface.

FOOTREST
Additional support for legs and feet helps maintain comfortable, reclined postures, with a nonslip surface that prevents movement. Footrest fits under the seat when not in use.

PERSONAL WORKSURFACE
With up to 40° of pitch, this highly-adjustable worksurface lets you position your work and your devices precisely where you want them.

PATENTED LUMBAR TECHNOLOGY
Patented LiveLumbar technology provides dynamic back support that eliminates lower back gap.

ADAPTIVE BOLSTERING
The Brody WorkLounge seat allows the cushion to adapt to each user’s unique size. Adaptive bolstering provides exceptional seat comfort.

SUSTAINABILITY

At its heart, sustainability at Steelcase is about people. It’s about creating and supporting the economic, environmental and social conditions that allow people and communities to reach their full potential.

Research and insights direct our path. It’s not only about creating goods, it’s about creating good. It’s not only about creating value, it’s about living our values. It’s not just about reducing our footprint, it’s about expanding our reach. It’s about creating lasting and meaningful change to enable the long-term wellbeing of current and future generations.

Innovative products and solutions result. In the development of our products, we work to consider each stage of the life cycle: from materials extraction, production, transport, use and reuse, until the end of its life. We demonstrate performance through third-party verified certifications and voluntary product declarations.

Steelcase’s sustainability promises, actions, and results are communicated in an annual Corporate Sustainability Report.
