

CRADLE TO CRADLE CERTIFIED™ BRONZE SPECIFICATION SHEET

CERTIFICATION PERIOD: DECEMBER 6, 2015 - DECEMBER 5, 2017

STEELCASE STORAGE

When is a box more than a box? Think about it—all of the boxes in your office alone. We think about boxes a lot of the time. Like how to make a box that works forever, yet recycles easily; and how to make the same box work for pilers and filers; and how boxes support past, present and future work. If you have a customer who would like to create Cradle to Cradle Certified™ Bronze storage, you can use a variety of components as part of the Steelcase Storage solution.

PRODUCTS INCLUDED:
