## Product Compliance Laboratory Confirmation of Product Compliance

3-Jul-2019

**Coalesse E-Table 2 table** products have been designed, engineered, and manufactured, to meet or exceed all applicable ANSI/BIFMA (American National Standards for Office Furnishings) requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI/BIFMA Test Requirements:

**ANSI/BIFMA X5.5-2014** – Desk/Table Products Tests

In addition to ANSI/BIFMA Standards the E-Table 2 table products have been tested and found to be in compliance with the following standards:

**UL 1286 Standard for Safety of Office Furnishings<sup>1</sup> (including the flammability requirement of)**  
**When tested to UL 723 Surface Burning Characteristic of Building Materials<sup>1</sup> (ASTM E 84 test methods)**  
Flame Spread Index (FSI) less than 200  
Smoke Developed Index (SDI) less than 450

**This product line is Listed to the applicable UL and CSA Standards in accordance with the National and Canadian Electrical Codes. <sup>2</sup>**

<sup>1</sup> This test specification is outside our Scope of Accreditation. This testing was performed by an accredited independent lab.

<sup>2</sup> Listing compliance is evidenced by the Nationally Recognized Test Lab (NRTL) certification Mark affixed to the product.

Steelcase/Coalesse uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing

**Note:**

This document may be reproduced in full only.

Steelcase/Coalesse products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase/Coalesse application guidelines and assembly directions. The use of unauthorized non-Steelcase/Coalesse components, parts, or materials with integrated Steelcase product solutions VOIDS all Steelcase/Coalesse claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase/Coalesse panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase/Coalesse components in an integrated product solution not designed, tested, or supported, by Steelcase/Coalesse is an unauthorized modification of the original product which voids all Steelcase/Coalesse warranties, expressed or implied.
