## Surface Materials

### Upholstery

- Fabric
- Fabric with soil-retardant treatment (option)
- Leather
- COM
- COL

### Frame

- European Beech
- Tip: Wood finishes applied to beech will match the color of stains applied to oak, walnut, or cherry but will not show the same natural grain.*

### Glides

- Stainless steel only

### Wood touch-up kits

- Available in specific finishes for field repairs
- ▶ Page 692

### All Steelcase seating with standard upholstery fabrics

complies with requirements of the State of California Technical Bulletin 117. All standard seating is labeled to be in compliance with California 117.

## Programs & Services

▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

### The Customer's Own Material (COM & COL) Program

offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM and COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM and COL fabric and leather directly from the textile manufacturer.

For up-to-date information regarding fabric test results for all COM and COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

- Visit [www.steelcase.com](http://www.steelcase.com)

**Soil retardants** are treatments that provide longterm soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link
- Spyder

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories."

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to [lineone@steelcase.com](mailto:lineone@steelcase.com).

# Sawyer

*Tip: Due to natural variations in wood, finished products may vary in color texture and grain.*

*Tip: Wood color 3522 Clear is a clear coat. Therefore, the natural variations in European beech will be visible.*

*Tip: 3522 Clear coordinates with Marbled Maple laminate.*

*Tip: Wood finishes applied to beech will match the color of stains applied to oak, walnut, or cherry but will not have the same natural grain.*

*Tip: COL upcharge is in addition to leather upcharge.*
