Simplify Your Search

The Steelcase Find mobile app makes finding and reserving the best workspaces simple and quick. With Find, people spend less time searching and more time collaborating, creating and innovating. The app operates in tandem with Workplace Advisor Subscription, a tool for space managers.

Need a Space Now

With Steelcase Find, you see open spaces that you can reserve or use on an impromptu basis. Choose the size, technologies, amenities and duration of time to support the task at hand.

Integrated System

Find works in tandem with Workplace Advisor Subscription, Microsoft Office 365®, RoomWizard® and other digital signage solutions.

Simplify Space Reservation

Pairing Find with Workplace Advisor Subscription and Microsoft Office 365® activates Auto Book and Auto Release, removing any uncertainty surrounding room availability.

HOW IT WORKS

Find

Review the list of available spaces to find the best place for your work.

Reserve

Reserve your ideal space for individual work or group collaboration.

Share

Invite other Find users through the app.

Select

Choose to view spaces from a global, regional, city, building or floor perspective, and select your current location.
