Storage and Delays

(Open Market) In the event that the site is not accessible, or safe and adequate storage space is not available during installation, the furnishings will be stored until delivery or installation can be accomplished. Pricing for storage will be negotiated on a project-by-project basis. Invoices will be sent to the local government purchasing facility upon delivery of the furniture to a designated storage facility. Steelcase shall provide notice to the Government purchasing facility that the furnishings are available for inspection by the Government at the Storage facility. Upon this notice, the Government, or representative for the Government, must inspect and accept the furniture prior to payment of any invoice. The inspection and acceptance must be completed within reasonable time frame agreed upon by both parties. Payment will be made by the Government 30 days after acceptance of the furniture.

Grommets for Standard Locations

Tip: The grommet will be shipped with the table so it can be installed on site in the factory-cut opening.

Tip: Custom locations are possible. Custom locations require an engineering review to confirm practicality. Please send a drawing to your customer service representative to show the locations you want, confirm practicality, and obtain a quotation.

Tip: For Axil Z and Ellora, the USB for charging is configured in the spot of one data port and is always configured on the end(s).

Tip: For each USB port specified, there are two USBs per port.

Tip: The hardwire or modular POD, hardwire Axil Z, or hardwire Ellora desktop module does not work with modular table power kits.

Tip: If a hardwire or modular POD, hardwire Axil Z, or hardwire Ellora desktop module is desired, then it can only be specified on tables with glides.

Tip: If one Axil Z desktop unit is specified other than center location, it can only be used on tables specified without raceway. If raceway is specified, then center location is only available location.

Tip: When a four power Axil Z or Ellora corded device is specified, the 15-amp plug end requires a circuit breaker, therefore the plug end is different.

Tip: If one Axil Z desktop unit is specified other than center location, it can only be used on tables specified without raceway. If raceway is specified, then center location is only available location.

Axil Z, Cord

Tip: The Axil Z desktop module will ship with instructions and a hole cutout template for field installation, if needed.

Tip: For a factory installed cutout in the table top, specify Axil Z as an option for Train. If you do not specify Axil Z as an option, where applicable, the table top will require a field installed cutout.

► See Coalesse Tables, Storage, and Accessories Specification Guide for cutout locations.

Tip: For any other tables, other than Train, that require an Axil Z desktop module, a special engineering quote is mandatory. If you require a factory installed cutout in a location other than standard, send us a drawing with measurements indicating the exact location(s) required in the table top.

Tip: USB for charging is configured in the spot of one data port and is always configured on the end(s).

Tip: For each USB port specified, there are two USBs per port.

Tip: When a four power Axil Z or Ellora corded device is specified, the 15-amp plug end requires a circuit breaker, therefore the plug end is different.

Standard Includes **Required to Specify**

Tip: Shipped knocked down.

Tip: Top ships in one piece.

Tip: 1 mm self-edge is only available on a laminate top surface.

Tip: Flat edge is only available on wood veneer tops and is offered in 6000 Black only.

Tip: When a 3 mm wood edge is specified on a wood veneer top, the edge finish will match the top finish.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and the top may not match.

Tip: Each utility bay comes with two universal faceplate openings that accept customer-supplied faceplates in any of the following sizes: single-gang, double-gang, or triple-gang.

► See *Coalesse Tables, Storage, and Accessories Specification Guide*

Tip: Transformer kit must be the same wiring schematic as the table.

Tip: For 72"L and 84"L tables, if you require your table top to be made into two pieces, this can be done as a special. Please contact Customer Service at 1.800.627.6770 to obtain a quote.

Tip: Tables available with zero, one, or two utility bays.

Tip: Shipped knocked down.

Tip: Top ships in one piece.

Tip: 1 mm self-edge is only available on a laminate top surface.

Tip: Flat edge is only available on wood veneer tops and is offered in 6000 Black only.

Tip: When a 3 mm wood edge is specified on a wood veneer top, the edge finish will match the top finish.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and the top may not match.

Tip: Each utility bay comes with two universal faceplate openings that accept customer-supplied faceplates in any of the following sizes: single-gang, double-gang, or triple-gang.

► See Coalesse Tables, Storage, and Accessories Specification Guide

Tip: 96"L tables are available with zero or two utility bays. 10'L tables are available with zero, two or three utility bays. 12'L tables are available with zero, two, three or four utility bays.

Tip: Sectioned top option is a 2-piece top.

Tip: Transformer kit must be the same wiring schematic as the table.

DESIGN JEFF CRONK

14'L, 16'L, 18'L, and 20'L Racetrack, Faceted, Rectangular, and Soft Radiused End Tables

SIN 711.11

Tip: Top ships in two pieces. Hardware is included for field assembly.

Tip: Shipped knocked down.

Tip: Edge type is specified before top surface when specifying electronically.

Tip: Flat edge is only available on wood veneer tops and is offered in 6000 Black only.

Tip: When a 3 mm wood edge is specified on a wood veneer top, the edge finish will match the top finish.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and the top may not match.

Tip: For tables with three or more bases, you must specify the entry point of the base power infeed, either an end base or a mid base location, in order to receive the correct length of base power infeed.

Tip: Each utility bay comes with two universal faceplate openings that accept customer-supplied faceplates in any of the following sizes: single-gang, double-gang, or triple-gang.
 ▶ See *Coalesse Tables, Storage, and Accessories Specification Guide*

Tip: 14'L and 16'L tables are available with zero, two, or four utility bays. 18'L and 20'L tables are available with zero, two, four or six utility bays.

Tip: If you require your table top to be made into four pieces, this can be done as a special. Please contact Customer Service at 1.800.627.6770 to obtain a quote.

22'L and 24'L Racetrack, Faceted, Rectangular, and Soft Radiused End Tables
DESIGN JEFF CRONK

SIN 711.11

Tip: Top ships in three pieces. Hardware is included for field assembly.

Tip: Shipped knocked down.

Tip: 1 mm self-edge is only available on a laminate top surface.

Tip: Flat edge is only available on wood veneer tops and is offered in 6000 Black only.

Tip: When a 3 mm wood edge is specified on a wood veneer top, the edge finish will match the top finish.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and the top may not match.

Tip: For table with three or more bases, you must specify the entry point of the base power infeed, either an end base or mid base location, in order to receive the correct length of base power infeed.

Tip: Each utility bay comes with two universal faceplate openings that accept customer-supplied faceplates in any of the following sizes: single-gang, double-gang, or triple-gang. See Coalesse Tables, Storage, and Accessories Specification Guide

Tip: If you require your table top to be made into four pieces, this can be done as a special. Please contact Customer Service at 1.800.627.6770 to obtain a quote.

Tip: Tables available with zero, two, four or seven utility bays.

Tip: Shipped knocked down.

Tip: Top ships in one piece.

Tip: 1 mm self-edge is only available on a laminate top surface.

Tip: Flat edge is only available on wood veneer tops and is offered in 6000 Black only.

Tip: When a 3 mm wood edge is specified on a wood veneer top, the edge finish will match the top finish.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and the top may not match.

Tip: For table with three or more bases, you must specify the entry point of the base power infeed, either an end base or a mid base location, in order to receive the correct length of base power infeed.

Tip: Each utility bay comes with two universal faceplate openings that accept customer-supplied faceplates in any of the following sizes: single-gang, double-gang, or triple-gang.

Tip: You must send a sample of reasonable size for *Stain-to-Match*.

Tip: If you specify a wood edge on a top with woodgrain laminate, the edge and top may not match.

Tip: For grain matching always include a drawing or sketch along with your specification showing the arrangement of tables you plan so that we can ensure proper grain matching.

Tip: When the factory-installed flex ganger option is specified, the flex gangers will be installed in the end-to-end ganging configuration. If side-to-side or end-and-side ganging is required, change the position of the flex gangers at time of installation. All flex ganger locations are pre-drilled for simple re-location when desired.

Tip: When three grommets are specified, grommets will be located left, right, and center.

Tip: For sphere location availability.

Tip: If couplers are needed on PCS or CSP they must be ordered separately.

Tip: For installation of grommets, spheres, Interport, Mini-Port, Interact, Axil Z, or Ellora submit a drawing indicating the desired location for a factory installed cutout(s). Field installation is also available. All require the grommet(s), sphere(s), Interport, Mini-Port, Interact, Axil Z, or Ellora to be ordered as a separate item.

Tip: Table height adjustment range changes to 28½"H to 34½"H when casters are specified.

Surface Materials - Upholstery

Upholstery

All Coalesse textiles are priced by grades. Some Coalesse fabrics can be treated for flame retardancy, contact Customer Service. All Coalesse products are handcrafted making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to comfort wrinkles when upholstered.

A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements and prices. All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

Designtex, Maharam, Steelcase, and select Luna fabrics are graded in our pricing. Simply order Coalesse products with Designtex, Maharam, Steelcase, and select Luna specified. Designtex, Maharam, Steelcase, and select Luna fabrics are graded in on Coalesse products; however, Coalesse does not stock fabrics and can only respond based on Designtex, Maharam, Steelcase, and select Luna fabrics lead times. For current grades, refer to Coalesse website: www.Coalesse.com.

Special Fabric Applications

Backing

- Backing information is found on each product page. Select this option when ordering your product to have backing applied. Price varies by product according to yardage it requires.

Tip: Prices subject to change without notice and an additional 2 week lead time will apply for 54" wide fabrics. Wider fabrics will require 4 week additional lead time. Check fabric database to determine if backing is required at www.Coalesse.com.

Seating Upholstery

Coalesse fabrics are priced by grades from 6 through 14 and leathers C and E. Fabrics and leathers may be purchased separately as cut yardage, see page 360. All products are handcrafted, making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to wrinkles when upholstered. A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements for pricing.

All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible). Any graded-in or COM textile should be reviewed with supplier to verify availability. In some cases a textile supplier may require minimums that exceed your furniture order requirements. In these situations, you will be contacted with an option to select a different textile or continue with your original textile selection as a COM-DTP. If you choose to continue with your textile selection as COM-DTP to allow you to order the minimum required, please ship only the textile needed to Coalesse for your furniture order.

Customer's Own Material

CUSTOMER'S OWN MATERIAL

Coalesse is pleased to cooperate with COM/COL selections. Prior to order placement for exact yardage requirements, a sample cutting of actual COM/COL must be submitted to Coalesse for approval only if fabric approval is not found in Coalesse fabric database. Identify the name and number of units on which the fabric/leather is to be applied. If COM has a repeat the sample should be large enough to show the entire repeat. Coalesse will not accept nor use any painted leathers. A painted leather is described as any suede or leather which is not aniline dyed with the same color throughout the thickness of the hide.

Even after preliminary approval, Coalesse reserves the right to reject COM/COL if necessary when the quality is not satisfactory for the item it is intended to be used on. Once COM/COL is accepted Coalesse assumes no responsibility for its overall appearance, flammability, normal durability, colorfastness, or any other quality, after upholstered on a Coalesse product.

COALESSE STANDARD TO BUY PROGRAM

The Customer's Own Material (COM) Program offers the opportunity for customers to select fabrics that are not offered through the standard Coalesse surface materials program for use on our products. Through the COM program, Coalesse will test your materials for application on Coalesse products. Once approved, you can place your order. Coalesse will facilitate the entire ordering process and give you a production schedule. Coalesse will order the COM fabric directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM fabrics and details regarding yardage requirements for most Seating lines, visit the fabric database at www.coalesse.com.

CUSTOMERS TO BUY SCHEDULING POLICY/COM/COL POLICY

COM/COL must be received at manufacturing location no later than 20 working days prior to the order scheduled delivery date. If COM/COL is not received in this time frame, scheduling will move the order's delivery date out to the best available ship date. Customer Service will notify the dealer via e-mail of the order's new scheduled delivery date. Project size order shipment may be affected due to size of order. If the COM/COL is received and the COM/COL requires backing, scheduling will move order out to best available ship date. Backing charges will apply. If COM/COL is received defective or short yardage/sq. ft., the replacement COM/COL order must be received within 3 days to maintain scheduled delivery date on order. It is the responsibility of the dealer to advise Coalesse on what to do with defective materials. In addition, customers may request Coalesse to order for COM/COL materials.

SQUARE FOOTAGE/ YARDAGE REQUIREMENTS

COM and COL price includes application of Customer's Own Material or Leather to frames. All COM and COL should be shipped freight prepaid to designated manufacturing location. Labels will be provided by your Customer Service representative to ensure clear textile identification.

Please have customers send COM/COL and add TAG: COM/ COL.

COM and COL must be identified as follows to prevent order delays:

1. Name and address (Should match purchase order)
2. Your furniture purchase order number/sales order
3. Style number to which fabric is to be applied
4. Supplier name and fabric name, number, and color

COL hides must be rolled for shipment to manufacturing location in a neat manner, avoiding creases and excessive roll marks. All leathers will be rejected if sent in a folded manner.

To determine COL square footage, see COL requirements for each product. Square footage requirements are based on an average hide size of 45-50 square feet of clean, usable leather. If the COL has a smaller average hide size, please consult Customer Service for quotation. Please note, leather is a natural product and all square footage requirements are estimations. The shape of the COL hides supplied and the usable, clean square footage may make it necessary for us to request more leather after COL is received.

Yardage requirements shown are based on 54" width plain material. If fabric design requires vertical/top out, Customer Service should be consulted for additional yards required. If fabric is under 54", refer to fabric database at www.coalesse.com.

EXCESS COM/COL POLICY

All excess COM/COL will be disposed of after order is completed unless prior arrangements have been made with Coalesse Customer Service. Fedex account number and address to ship to must be referenced. Excess WILL NOT be returned with shipment of furniture.

Customer's Own Material

Cutting Direction Guidelines

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Coalesse products. There are two cutting directions: railroaded or horizontal.

Horizontal or railroaded (across roll, warp horizontal) means fabric is cut across the roll; selvages are on the top and bottom.

Vertical or top out (down roll, warp vertical) means fabric is cut in the same direction it is woven; selvages are on the left and right sides.

Flammability Information

California Technical Bulletin 133

Definition: California Technical Bulletin 133 (CAL 133) is a flammability test procedure for seating furniture specified in public occupancies. Specifications, test procedures and requirements pertaining to flammability regulations are changing rapidly. Coalesse will make every effort to keep our information and services pertaining to flammability specifications up-to-date.

Coalesse reserves the right to make deletions and additions and cannot guarantee fabric manufacturer materials nor its specifications will not change. A new evaluation will be necessary if materials are altered by manufacturer. This approval information on our website is subject to change without notice. Coalesse is not responsible for textile manufacturer's changes. Contact fabric manufacturer for availability.

For fabrics not pre-approved, please submit the fabric supplier name, fabric name, style number, content, weight, Coalesse product number, and fabric name to be applied to Customer Service at 1.800.627.6770 or fax to 888.413.5161. Our Customer Service representative will contact you within 48 hours of your request with information on the fabric's CAL 133 compliance. Actual fabric sample may be required. **If not approved, a burn test may be required at a fee. Contact Customer Service for a quote.**

UFAC – All upholstered seating is constructed to conform to UFAC (Upholstered Furniture Action Council) specifications. This is comparable to NFPA 260. All Coalesse fabrics and leathers meet UFAC specifications and NFPA 260 requirements.

California Bureau of Home Furnishings Technical Bulletin 117

All Coalesse upholstered seating, fabrics, and leathers meet California Technical Bulletin 117. All products manufactured after May 1, 1993 have CAL 117 label attached.

California Bureau of Home Furnishings Technical Bulletin 133

On March 1, 1992 Technical Bulletin 133 (TB 133), a fire test for seating furniture in public buildings, became law in California. On and after March 1, 1992 all seating furniture sold in California for use in the public buildings specified in the regulations, must be in compliance with the requirements of TB 133, and each product must be labeled stating that the furniture meets TB 133. If a building is fully sprinklered, compliance with TB 133 becomes discretionary, however, even in sprinklered buildings all furniture must meet the minimum fire standards of the bureau's Technical Bulletin 117.

California Technical Bulletin 133 requires special construction procedures and is based on fabric and product design. For applicable CAL 133 upcharge, refer to up-charge, refer to individual product pages in the specification guide or the fabric database at www.coalesse.com.

Pre-Approved Fabrics – www.coalesse.com If a model or fabric is not listed, consult Customer Service for details at 800.627.6770.

***Note** – California Technical Bulletin 133 is a unit test and requires specific product testing of unit for certification. If certification is required the test of a unit constructed exactly as the unit(s) to be specified in the installation, the cost of the test unit plus the cost of testing (\$500 net per test) must be added to obtain certification. Coalesse is not responsible for any charges for COM/COL purchased prior to evaluation if unit fails. Textile and unit cannot be returned.

Please consult Customer Service at 1.800.627.6770 or Fax 888.413.5161 for suggested fabrics/leathers, upcharges and minimums required for meeting California Technical Bulletin 133.

General Information

-Specifications, test procedures and requirements pertaining to flammability regulations are changing rapidly. Coalesse will make every effort to keep our information and services pertaining to flame specifications up-to-date. However, we do reserve the right to alter the products, fabrics/leathers or upcharges associated with any of the above or any other flame specifications.

When COM or COL is specified for use on Coalesse seating that is to meet the New York Port Authority Code, the COM or COL must be treated to meet this code prior to receipt by Coalesse. Coalesse is not responsible for the flammability treatment or certification of any COM or COL. All upcharges indicated are to be added to list prices. ▶ See specific product pages for CAL 133 approval, option, and pricing.

Surface Materials - Leather/Faux

Leather

ELMOSOFT, ELMORUSTICAL LEATHER CARE

Only the finest hides are used for Elmo leather. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful natural leather develops. The hallmarks of this leather include some naturally occurring markings, such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

Special Color Match Leather

Coalesse can provide a special color match in its leather to any supplier's leather color, paint color, carpet color, wall-paper color, etc. Sample to match must be submitted to Coalesse with purchase order. Sample for approval can be supplied if requested.

Note: Minimum order 2,500 sq. ft.

Special Fabric Applications

Backing

- Backing information is found on each product page. Select this option when ordering your product to have backing applied. Price varies by product according to yardage it requires.

Tip: Prices subject to change without notice and an additional 2 week lead time will apply for 54" wide fabrics. Wider fabrics will require 4 week additional lead time.

Elmo Leather

Coalesse uses leathers that are provided by Elmo of Sweden. Elmosoft is a full grain, aniline dyed, semi-aniline finish. With Elmosoft leather, now recyclable and chromium-free, you have the opportunity to bid on green projects when requested. Elmosoft leathers are never corrected, buffed, or altered in any way. Coalesse purchases only original full grain leathers. The quality of this genuine leather can be felt in the hand immediately. Other leathers are often stiff because of the amount of pigment needed to cover the imperfections of an inferior hide. Using leather of low quality affects the overall quality of the furniture it is upholstered on. You can feel confident in leather purchased from Coalesse.

Elmorustical Leather and Elmotique

Elmorustical and Elmotique is a full top grain, aniline dyed leather.

Elmorustical has a grain which varies in structure and offers outstanding comfort. It is an aniline leather with all the distinct features of the natural hide.

Elmotique is a thinner aniline leather with a batique-effect and displays all the features possessed by the original hide.

Only the finest hides are used for Elmorustical and Elmotique leathers. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful leather develops. The hallmarks of this leather include some naturally occurring markings such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical and Elmotique's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. ORDERING INFORMATION

- Minimum Order Requirements
 - Fabric: 1 yd. - 1/8 yd. increments.
 - Leather: 1 full hide (avg. sq. ft./hide - 50).
 - All orders will be filled in full hides only.
 - Overage will be invoiced accordingly.
- Special match leather: 2,500 sq. ft. minimum (Check delivery date)
- The embossing techniques used on Novasuede Perforated to achieve these looks involve very high temperatures. Color and shade may vary slightly based on the fiber density being embossed.
- Cancelled textile orders are subject to a 30% restocking fee. Order must be cancelled 5 days before ship date.
- Due to the natural processes of dyeing, sanding and embossing necessary to achieve these special looks, actual production may vary slightly in appearance from the swatches shown.

COALESSE TEXTILE WARRANTY

Coalesse textile merchandise is produced in accordance with Coalesse high standards. Coalesse does not guarantee, warrant or accept any responsibility whatsoever by reason of its fabrics or leathers fading, wearing, cracking, shrinking, stretching, tearing, seam slippage, alteration in color due to any finish treatment (flameproofing, stain repellent, etc.) or discoloration from liquid contact. Printed textiles are not warranted against irregularity in register. Coalesse is not responsible for dye lot differences or discrepancies in widths of fabrics. Coalesse does not guarantee, warrant or represent an exact color match to cuttings, tabs, memos or sample cards. Coalesse does not warrant exact matching of color or grain of leather. Leather hides may contain certain natural marks, scars, scratches, wrinkles and shade variations within hides, etc., considered by leather tanneries and Coalesse to be inherent characteristics part of the natural beauty of leather and the size or location of such markings cannot be controlled. In any event, upon inspection, Coalesse's responsibility shall be limited to either replacement of merchandise or refund of purchase price at Coalesse's option. The foregoing constitutes the sole and exclusive remedy of the customer. Coalesse is not responsible for the application or installation of our products. In no event shall Coalesse be responsible for any consequential damages or any charges, costs, expenses, or obligations other than as expressly herein set forth. Coalesse makes no other warranties, expressed or implied, as to any product sold by Coalesse. All other warranties (including any warranty of merchantability or fitness for any particular purpose) are hereby excluded.

Surface Materials - Wood

Wood

Standard Wood Finishes

Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Contoured products, such as wood guest chairs and occasional tables, are finished with post-catalyzed vinyl, which provides similar properties and matches the sheen and color of Clarity. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Wood will develop a deep, rich patina over time as the wood ages. Mineral streaks, gum pockets, and pin knots are some of the unique characteristics that are visible in veneers and solids.

All wood products will darken with age and exposure to ultraviolet light. This is especially apparent with cherry and maple veneer.

When storing your wood furniture, please follow the following guidelines:

- Do not store products in trailers
- Store products in areas that simulate office temperatures (60°F to 90°F)
- Store products in areas that maintain constant, office-like humidity levels
- Keep product away from light. Cover products to make sure they are not exposed to light.

Steelcase Wood Finishes

Coalesse will match current Steelcase wood finishes at no upcharge. Finish matches are for color only and do not match the Steelcase finish in sheen. Samples will be provided upon request from Customer Service at 1.800.627.6770 and will be produced within 10 working days.

Stain-To-Match Wood Finish on cherry, maple, walnut, or oak

Coalesse will Stain-To-Match any wood finish at no upcharge. Samples submitted for matching must be at least 12" x 12" in surface dimension. Customers must specify cherry, maple, oak, or walnut species. Coalesse will produce a strike-off within 5 working days following acknowledgement of the order. Coalesse will not schedule the order for production until the strike-off has been approved and received by Coalesse.

Tip: For a visual palette, please refer to the Steelcase Finish Library.

Painted MDF

The painted medium density fiberboard (MDF) is utilizing molding grade MDF, therefore, the 45 lb density is consistent throughout the entire thickness of the board. This allows for a smooth edge when painted. Three coats of water reducible finish is applied to the board in a milk or black. The painted MDF has durability and care properties like a wood veneer, thus, must be treated as such.

Open Line Laminates

Customers can select laminates that are not offered as standard from select suppliers. Standard grade High-Pressure Laminates can be specified in Grade 1 (290A) or Grade 2 (290B) as indicated below (subject to availability). Grade 2 laminates will have extended lead time. Select from any Coalesse or Steelcase standard edge band finishes.

Contact Customer Service at 1.800.627.6770 to verify that your laminate selection falls within the categories noted below.

Directional patterns and woodgrains may be used on freestanding systems products, but will not be patterned matched.

Some standard High-Pressure Laminates, may not be available in the appropriate size to produce large products.

Wilsonart (Grade 1)
Standards (matte finish)
Exceptions: High definition which must be quoted as a special. Marker board which is grade 2.

Nevamar (Grade 2)
Solids (textured finish)
Patterns (textured finish)

Formica (Grade 2)
Color portfolio (matte finish)
Patterns (matte finish)
Formations (matte finish)

Pionite (Grade 2)
Decorative surfaces (suede finish)

Non-Standard Laminates

Coalesse can supply additional laminates for an upcharge. Contact your Coalesse sales consultant for a custom quotation. Custom upcharges will vary based upon the cost of the material specified and additional labor required to manufacture the products. Some non-standard laminates will not be available in the appropriate size to produce large Coalesse products. A sample of the laminate may be requested for approval. Some non-standard laminates may be subject to extended lead times.

Coalesse does not use the following types of laminate materials on Topo:

- Formica solid surfacing – Surell Solids, Surell Granites
- Nevamar – Fountainhead
- Dupont – Corian
- Metal Laminates – textured, brushed or polished

Surface Materials - Metal/Paint

Metal/Paint

Coalesse powder coats all painted metal components for an exceptionally durable, environmentally responsible finish — eliminating VOC's (volatile organic compounds) from being released into the environment. Electrostatically charged powder coat material is applied to an exacting thickness and then temperature baked, resulting in a smooth, flawless finish that is abrasion and impact resistant. The following Coalesse metal finishes are available:

Ordering

How to Order

Coalesse furniture is available through authorized dealers and retailers. Select products are available for order from our web site. The authorized dealer can help you with everything from surface material selection and order placement, to specialized services, such as space planning and design, delivery and installation. Best of all, they are part of your local community, providing expert advice with a thorough understanding of local needs. For more information and a listing of dealers and retailers, visit www.coalesse.com or call 1.800.627.6770.

Coalesse reserves the right to limit distribution of any or all models.

Credit, Prices, and Terms

Credit may be established upon acceptance of satisfactory references. For payment terms, contact Coalesse's Credit Department. Coalesse may cancel or change credit terms at its discretion and may request advance payment at any time.

The order confirmation will be deemed by the customer and by Coalesse, as the final expression of agreement and will be deemed the exclusive statement of terms. The order confirmation supersedes all prior writings and may not be modified or rescinded, except by a revised Coalesse order confirmation signed by the customer. No changes are binding on Coalesse until delivery of the order confirmation.

Any storage charges and applicable sales taxes are in addition to the prices shown for merchandise. Inside delivery, uncartoning and installation are customer's responsibility unless separately quoted. All list pricing shown includes freight prepaid to one destination for delivery in the 48 contiguous United States. Hawaii and Alaska are not included. We reserve the right to increase prices without notice due to increases in labor and material costs. If timely payment is not made, customer is liable for reasonable collection costs, including attorney's fees.

Shipping and Storage

Coalesse reserves the right to select carrier and packaging method. Partial shipments may be delivered. Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control. Coalesse may transfer merchandise to storage if not accepted when shipment scheduled. Transfer and storage charges will be the customer's expense. Coalesse's invoice is payable upon transfer. If transfer is made prior to confirmed shipping date, storage expenses will be borne by customer.

Shipping charges MAY be calculated per order. Lead-times vary by product. Coalesse reserves the right to select carrier. Partial shipments may be delivered. Coalesse will make every effort to provide current and accurate lead-time information, however, Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control.

Freight is included on domestically manufactured products within the 48 contiguous states of the United States and standard freight service of Carl Hansen & Søn and Emu.

Claims

Merchandise shipped from Coalesse is thoroughly inspected and properly packed before leaving the factory. Responsibility of its safe delivery is assumed by the carrier at the time of shipment. Customer must match the freight delivered with the bill of lading. Customer must examine packaging material upon delivery and note any damage on the carrier bill of lading. If there is damage to the packaging material, inspect the furniture immediately. If concealed damage is found, contact the carrier within 10 days of delivery date. Save all packaging materials until after inspection.

Freight damage and claims must be reported by the purchaser to the carrier. Coalesse is not responsible for freight claims. Claims for loss or damage must not be deducted from our invoice, nor payment withheld awaiting adjustment of such claims. Do not return any merchandise to Coalesse without a Return Authorization number. By following these procedures carefully, Coalesse guarantees our full support of your claims to protect you against loss or damages. All claims against Coalesse for defects, errors or shortages must be made by customer in writing within ten (10) days after delivery. Failure to make claims within ten (10) days constitutes acceptance of merchandise and waives claims. Cutting of textiles deems acceptance of yardage and waives all defects, errors, and shortages. Coalesse is not liable for subsequent damages.

Special/Custom Products

Coalesse prides itself on being responsive to our customer's needs. Contact our Customer Service team at 1.800.627.6770 to discuss a special opportunity. Due to product modifications and engineering time, special orders may not be cancelled. Charges will apply.

FOR MORE INFORMATION (on ordering our products) Please contact Coalesse Customer Service at: 1.800.627.6770.

Order Cancellations/Changes

All order change/cancellation requests must be submitted using the Coalesse order change/cancellation request form. Late changes could jeopardize the committed delivery of an order.

Rapid10 program, no change or cancellations allowed.

Coalesse Products:

- No charges will be assessed for change or cancellation 14 or more calendar days prior to the manufacturing completion date (excludes holidays and/or large quantity project size orders). For import products, charges may apply.

- No manufacturing changes are allowed 0-13 calendar days prior to the manufacturing completion date. Simple changes including shipping address changes are subject to approval but will be accommodated when possible.

- No cancellations or product changes will be accepted for quick ship or special/custom product orders including special laminates. A cancellation fee will be applicable for any custom product and/or change may jeopardize lead time.

- If COM/COL has been received at time of change or cancellation, it is the dealer's responsibility to advise disposition or return of materials. Coalesse will not store materials after 30 days.

Additional Charges

- Changes or cancellations that involve any of the following may be subject to a charge earlier and/or greater than shown above: Special engineering product, CSM, pre-ordered components, materials with extended lead times (e.g., veneers, special paint, etc.) or large quantities of standard materials.

- Use our Order Change/Cancellation Request Form for all order changes. It is Coalesse responsibility to accurately process change order requests. It is the dealer's responsibility to verify that we have accurately interpreted your change requests by checking the acknowledgement after the change has been made. If you do not use the web-based change order form process and an error occurs during our translation which cannot be corrected prior to ship, all costs will be shared on a 50/50 basis. Changing ship dates or adding product to your order is subject to the availability of manufacturing capacity.

- Cartoning changes and shipping address changes are subject to approval and to a change charge. Please consult your Customer Service for specific information pertaining to your order.

Reserved Fabric Policy

Prior to order receipt, reserving textiles (COM/COL, Maharam, Designtex, and select Luna Graded-In) is the responsibility of the dealer. Coalesse cannot reserve textiles based on projected orders. Coalesse cannot guarantee Maharam or Designtex fabric availability. If dealer reserves Maharam or Designtex textiles, Coalesse will require the reserve number and zip code for locating purposes when ordering.

Schedule Enhancements

Coalesse will entertain schedule enhancements on a case-by-case basis; however, please understand that we must receive complete information such as installation date, opening date, etc., to make informed scheduling decisions.

No order move-ups or move-outs are allowed on any order that falls within the 15-working day period of its manufacturing completion date. If it is within the 15-working day period, Coalesse will invoice at shipment but may offer storage options at a charge for manufactured product.

Surface Materials

ELMOSOFT, ELMORUSTICAL LEATHER CARE

Only the finest hides are used for Elmo leather. Expect some color variations from hide to hide due to the aniline state of the product. Color fading may occur if leather is exposed to direct or intense light. Care is required to allow this product to achieve the rich natural patina that beautiful natural leather develops. The hallmarks of this leather include some naturally occurring markings, such as healed scars, insect bites, stretch marks, and fat wrinkles. Elmorustical's leather treatment is very natural with little protection from spills or body oils. This rich leather will exhibit stains and oils through normal use. Coalesse is not responsible for discoloration, spotting, or staining on this leather.

Special Color Match Leather

Coalesse can provide a special color match in its leather to any supplier's leather color, paint color, carpet color, wall-paper color, etc. Sample to match must be submitted to Coalesse with purchase order. Sample for approval can be supplied if requested.

Note: Minimum order 2,500 sq. ft.

Special Fabric Applications

(available on GradedIn or Coalesse to purchase orders)

Teflon protection

- Minimum charge:
- 1-30 yards \$125 list
 - 31+ yards \$2.50 list/per yard

Latex backing

- 1-50 yards \$260 list minimum charge
- 50+ yards \$8.00 list/per yard

Tip: Prices subject to change without notice and an additional 2 week lead time will apply for 54" wide fabrics. Wider fabrics will require 4 week additional lead time. Multiple rolls will incur additional charges per roll.

Upholstery

All Coalesse textiles are priced by grades. Some Coalesse fabrics can be treated for flame retardancy, contact Customer Service. All Coalesse products are handcrafted making each unique. Certain fabrics and leathers will appear loose and may differ from like products due to comfort wrinkles when upholstered.

A contrasting welt is available on some products. Consult Customer Service for yardage or square feet requirements and prices. All stripes will be applied vertically unless customer specifies otherwise. Loose cushions on Coalesse products are not fully upholstered (not reversible).

Designtex, Maharam, and select Luna fabrics are graded in our pricing. Simply order Coalesse products with Designtex, Maharam, and select Luna specified. Designtex and Maharam fabrics are graded in on Coalesse products; however, Coalesse does not stock fabrics and can only respond based on Designtex and Maharam lead times. For current grades, refer to Coalesse website: www.Coalesse.com.

Pre-approved CAL 133 Textiles Designtex and Maharam textiles have been graded into our pricing; however, not all textiles are recommended on all seating. For current grade and approval information, please visit our website and click on FABRICEVALUATIONS to obtain grade pricing for a specific pattern.

Wood and Finish Specifications

Solid hardwood is a renewable natural resource, and each section of a tree is unique. The color and grain pattern will vary emphasizing the natural beauty of each product built. Wood is a natural material and will accept stain differently. Coalesse cannot guarantee finished products to be an exact match to finish samples due to the natural characteristics of wood. Light finishes will exhibit some mineral streaks and dark graining due to the natural wood.

The finish used by Coalesse on hardwood frames and occasional tables is pre-catalyzed lacquer which can be easily repaired in the field if damage occurs. Veneer is sanded prior to finish application, and sanded between coats. The lacquer top coat is then polished after final application with wool wax. 4 to 6 layers of finish are applied during the process. The CH process varies from our internal processes.

Coalesse Tables and Casegoods

Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. contoured products, such as wood guest chairs & occasional tables, are finished with post-catalyzed vinyl, which provides similar properties and matches the sheen and color of Clarity, due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Stain-To-Match Program

Coalesse will offer a stain to match program at no additional upcharge for all products with wood finish options.

Customer must supply Coalesse Customer Service with sample to be matched. (internal note - CSR's will have samples of bare wood to compare and define species when applicable that will be used to accomplish the closest stain to match).

Coalesse high sheen will be standard unless specified by customer.

Sheen to match is available as part of the stain/sheen to match program at no upcharge.

Species to match is considered a special and requires to special request to Coalesse Customer Service. Species to match may require an upcharge.

Use commercial cleanser and polish, according to manufacturer's directions.

Fabric

Under normal use, clean with soft cloth dampened with water. For spots and spills, we recommend professional cleaning. For COM, refer to the specific cleaning instructions recommended by the fabric supplier.

Emu Outdoor Fabric:

Remove loose dirt with soft bristle brush or hose down with cold water. Clean with mixture of water and mild soap. Rub in mixture with soft brush and allow to thoroughly soak into fabric. Rinse thoroughly with cold water and air dry. Never use water over 100 degrees Fahrenheit. Do not machine dry. For light cleaning, avoid using detergents.

For stubborn stains use mixture of one gallon cold water, 1/2 cup bleach and 1/4 cup mild soap for one hour.

Detergents can be used without harm, though they may remove some of the water and stain resistant properties in the fabric.

SW_1 Knit:

Clean with warm water and soap. Wet sponge and wipe fabric. Household cleaners such as Windex™ may be used. Do NOT use cleaners containing bleach.

Laminate and solid phenolic

should be cleaned with soap and water. For stubborn stains, use a non-abrasive household cleaner.

SW_1 Tablet

surfaces clean with soft cloth dampened with water and soap, if needed. The use of general purpose cleaners are acceptable but must be void of citric content that has z-butoxyethanol in the formulation listing.

Cleaning Laminate

Markerboard Surface

Use dry erase markers only. Remove dry-erase markings with a markerboard eraser or soft cloth as often as possible. Change erasers, as they become dirty. Dirty erasers will leave ink residue on the surface.

For daily cleaning, or as needed, use a dry erase cleaner, or a non-abrasive household cleaner, such as glass cleaner. This may be done with a soft cloth or sponge. Dry the surface with a soft cloth prior to writing. All markings should be removed weekly.

Caution:

- Do not use permanent markers on markerboard surfaces. In the event a permanent marker is used, removal of markings may be attempted by using dry erase cleaner, or by writing over the marking with a dry erase marker and erasing with a markerboard eraser or soft cloth.
- Do not use abrasive cleaners or solvent type cleaning solutions, such as Ketones (Acetone, MEK, etc.) lacquer thinner, nail polish remover, etc. because they may remove the finish from the markerboard surface.

Cleaning CeramicSteel

Markerboard Surface

- Care and maintenance applies to both a³ CeramicSteel and e³ CeramicSteel.
- Wipe board with a clean cloth moistened by a liquid markerboard cleaner or a solution of 50% water and 50% isopropyl alcohol.
- Rinse with clear water.
- Wipe dry with a clean cloth. If your board is used daily, the cleaning should be performed at least 2-3 times a week.

More thorough cleaning may be required if writing is left on the board for more than two days.

Markers

Use any high-quality dry erase marker.

CAUTION! The use of Low Odor markers may cause ghosting to occur. If Low Odor markers have been used, the surface can be completely cleaned by following the cleaning instructions above. Remember to discard eraser if used with Low Odor markers.

Removing Permanent Marker

Option 1:

- Write over the top of the permanent marker ink with a dry-erase marker
- Simply erase

Option 2:

- Moisten a clean, dry cloth with isopropyl alcohol
- Wipe the board in a circular motion to loosen marker residue
- Rinse with clear water
- Dry the board with a clean cloth
- Repeat these steps as necessary

Installer's Instructions for Initial Cleaning at Time of Installation

NOTE: These initial cleaning instructions are shipped with every board.

- For initial cleaning, wipe your board with a clean cloth moistened by a mild, alcohol-based cleaner.
- Rinse with clear water. This step is simple, but very important.
- Wipe dry with a clean cloth.

Leather

Under normal use, regular dusting and vacuum cleaning are all that is necessary. For spots and spills, wipe excess liquid immediately. If necessary, use lukewarm water cleaning the entire area where spot occurred and air dry. For stubborn spots or stains, use a solution of mild non-detergent soap and air dry. For butter, oil, or grease, wipe excess with dry cloth and then leave alone. The spot will dissipate into the leather. Do not apply water.

Faux Leather

Under normal use, clean with soft cloth dampened with water. For spots and stains, use the recommended mixture of Woolite and water. Rinse with clean water and air dry.

Granite/Glass

Under normal use, clean with Windex and soft cotton cloth.

Powder coat finishes on chairs and table bases

should be cleaned with a liquid detergent and water. Remove stubborn stains with liquid cleanser, such as Formula 409.

Emu Outdoor Paint:

Store in an enclosed and dry area during winter to avoid condensation. Before winter and regularly every quarter, clean the metal surfaces with a cloth dipped in water or detergent and protect them with vasoline oil or car polish. Do not use ethyl alcohol or detergents that contain even in small quantities acetone, trichloroethylene, or ammonia (or solvents in general). When storing tables, do not stack them or put the table tops in direct contact with each other. Handle the seats with care when stacking them to avoid damaging the varnished surfaces.

Polished Aluminum finishes

on table bases should be cleaned with a commercial powder, liquid, or paste metal cleaner and polish. Follow the manufacturer's directions.

Veneers and painted MDF

should be cleaned regularly with mild soap and water and dried with a soft cloth. *Tip: Never use ammonia-based cleaners or wax on wood surfaces.*

Veneers should be cleaned regularly with mild soap and water and dried with a soft cloth.

Tip: Never use ammonia-based cleaners or wax on wood surfaces.

Protecting Wood Surfaces

Use desk pads and coasters to help protect the finish against dents, scratches, moisture and hot and cold liquids. Do not use desk pads that have plastic backing. Use felt or leather pads on the bottoms of office equipments and accessories.

Periodically move desk accessories and other objects kept on the worksurface to ensure even aging.

Lift objects when you move them, instead of pulling or pushing them across the surface, to avoid scratching the surface. Avoid leaving vinyl binders on worksurface for long periods.

If you use a protective glass top, insert felt pads between the glass and the worksurface to create an air space and allow the wood to breathe.

Keep your furniture away from direct sunlight. Avoid extreme temperatures and humidity. Maintain temperatures between 60 and 80 degrees Fahrenheit and humidity levels between 30 and 50 percent.

Cleaning Wood Surfaces

Keep a supply of soft, clean, absorbent cloths handy for wiping up spills and regular dusting.

To dust, wipe with a slightly damp, soft cloth, using another soft cloth to dry. Always wipe the surface in the direction of the woodgrain.

Use a quality cleaner or flax soap formulated especially for use on wood surfaces. Do not use oils or ammonia. Dilute the cleaner as directed by the manufacturer. Dampen but do not saturate a soft cloth with the diluted cleaning solution. Wipe the surface in the direction of the woodgrain to remove dirt and fingerprints. Wipe the surface clean with a soft, dry cloth.

Care and Maintenance

Vinyl

Under normal use, clean with soft cloth dampened with mild soap solution. For stubborn stains and spills, a sponge or soft brush may be used with mild non-abrasive cleaner.

Transolid/Corian:

Clean regularly with mild soap and water. Dry with a soft cloth.

Tables should be inspected and maintained regularly by tightening screws and bolts, inspecting casters and glides for damage, and inspecting all moving parts for damage and wear.
