CF Series Monitor Arm
versatile technology supports
CF Series Intro
With a sleek design and advanced features at a value price point, CF Series Intro offers seamless precision to accommodate a wide variety of user preferences.
• Supports both single and dual monitors
• Adjustable arm provides up to 13.2” of vertical range
• Caters to monitors weighing 2.2 to 20 pounds (per monitor)
• Mounting bracket works as c-clamp or through mount
• Yields storage depth of less than 3” from the back of the worksurface when fully retracted

CF Series Evolution
CF Series Evolution simplifies monitor arms and creates a clean aesthetic, without sacrificing performance.
• Supports single and dual monitors
• Adjustable arm provides up to 10.4” of vertical range
• Caters to monitors weighing 1 to 15 pounds (per monitor)
• Choose between c-clamp/grommet, through mount, c:scape, FrameOne or Bivi mounting brackets
• Available in Pewter, Black or Pearl Snow finishes

CF Series Modular
CF Series Modular consists of a set of versatile computer support tools.
• Supports up to six monitors
• Offers static and dynamic monitor arm options and various monitor sizes and weights
• Choose between c-clamp, through mount, c:scape, FrameOne and Bivi mounting brackets
• Available in Pewter, Black or Pearl Snow finishes
• Pick from distinct accessories like slider bar tilt heads, extenders, lap top holders and 3 pole heights

Personalized Portfolio
The CF Series family of monitor arms accommodates a wide variety of configurations and weights. CF Series Intro and CF Series Evolution support both single- and dual-monitor applications, while CF Series Modular handles up to six. Ergonomic and easy, this portfolio ensures that your screens are in the optimal position for the task at hand.
