

Open Up Possibilities

Create privacy that feels open, so people can stay connected to their colleagues and enjoy more natural light – and productivity. As modular solutions, glass fronts can save installation time, reduce construction costs and offer tax advantages over drywall.

Glass front choices

Steelcase offers a complete portfolio of glass front solutions with distinct styles and benefits. Each integrates with conventional architecture and other Steelcase architectural solutions to achieve custom objectives and blend beautifully across a space.

Lite Scale

Glass Selections

Privacy Wall

V.I.A.

Lite Scale

A striking minimalist statement that proves less is more

Glass Selections

Slim profile with a luminous look and built-in agility

Privacy Wall

Bold style with maximum flexibility for future needs

V.I.A.

True acoustical privacy with the ability to host technology
