Corner Lounge	390
Reverse Lounge	394
Backless Lounge	398

media:scape Lounge

media:scape lounge

creates collaborative work settings designed to support small teams of four to six people.

► Specifying, page 384

media:scape lounge

offers seven lounge pieces: straight, straight inverted, backless, right corner, left corner, reverse left, and reverse right. The lounge is designed to be easily reconfigured in many different ways to accommodate multiple settings. There are three different fabric orientations to choose from.

Due to the geometric shapes, it is recommended to use one of the standard fabrics, vinyls, leather, or a non-patterned COM or COL. The use of solid fabrics is recommended with media:scape lounge settings. Steelcase will not pattern match fabrics which have a distinct repeating pattern.

Tip: Canopy and ledge back panels are not available in full-fill or flat cut.

Totem canopy is optional on all tables with totems. It replaces the infill and is available in painted aluminum.

Lounge canopy

is optional on all corner and straight lounge pieces. It transforms the degree of privacy providing an intimate and protected setting. It includes a painted aluminum structure, fabric panel, and a laminate or veneer back panel.

Ledge is optional on all corner and straight lounge pieces. It acts as a surface and provides additional space for collaboration. It includes a painted aluminum structure, laminate or veneer back panel, and an optional laminate or veneer topper.

Tip: If specifying seating behind the ledge, maximum seat height should be 31" to provide appropriate leg clearance.

Glides are available in several finishes.

Lounge fabric is available in select Steelcase and DesignTex fabrics.

Upholstery Orientations

Same - The entire lounge is one fabric.

Edge - The top of the lounge is one fabric, along with the end of the corner unit. The remaining sides are a second fabric.

Front seat and back - The seat surface and the front of the back is one fabric and all other panels are a second fabric. The reveal on the back of the lounge is the same fabric as the seat surface and the front of the back.

Product Details

Straight lounge has a straight back which tapers to the front of the seat.

Straight inverted lounge has a straight back. It tapers from front to the back of the seat.

Backless lounge is the same shape as the straight lounge and tapers to the front of the seat.

Left corner lounge is left-handed in a seated position.

Right corner lounge is right-handed in a seated position.

The end of the corner lounges will have the same fabric as the top when edge upholstery is specified.

Reverse lounges are either right-handed or left-handed and provide the ability to transition seating from one side of an application to the other. They can be applied in either angled or straight applications.

Reverse left, when fitted next to a straight lounge, provides an angle similar to the corner left.

Reverse right, when fitted next to a straight lounge, provides an angle similar to the corner right.

Reverse lounges, that are specified with incorrect handed orientation will not align with other lounge pieces.

Use a reverse left to transition seating from one side of the application to the other and have seating on the left hand side.

Use a reverse right to transition seating from one side of an application to the other and have seating on the right side.

A reverse lounge piece must be used to transition seating from one side of an application to another. Attempting to transition seating without a reverse will prohibit adjacent lounges from being ganged together.

Surface Materials

Upholstery

- Steelcase or DesignTex fabric
- Fabric with soil-retardant treatment (option)
- Leather
- ▶ See *Surface Materials*, page 678.

Tip: Thread color that is associated with the more dominant fabric will be used throughout the upholstery. Therefore, with the multiple upholstery option, the thread may be a contrasting color.

Glides

- 4140 Arctic White Gloss
- 4799 Platinum
- 4803 Near Black Metallic
- 8046 Polished Aluminum

Solid non-repeat fabrics are recommended for media:scape lounge because of the unique geometric shapes. When patterned fabrics are selected, patterns are not matched.

Programs & Services

- ▶ See the *Surface Materials Reference Manual* for further detail about programs and services offered for seating.

The Customer's Own Material (COM & COL) Program offers the opportunity for customers to select fabrics and leather that are not offered through the standard Steelcase surface materials program for use on Steelcase products. Avoid pattern fabrics and heavily grained leathers. Through the COM & COL program, Steelcase will test your materials for application on Steelcase products. Once approved, you can place your order. Steelcase will facilitate the entire ordering process and give you a production schedule. Steelcase will order the COM & COL fabric and leather directly from the textile manufacturer. For up-to-date information regarding fabric test results for all COM & COL fabrics and details regarding yardage requirements for most Seating lines, visit the COM website. To locate the COM website:

- Visit www.steelcase.com

Soil retardants are treatments that provide long-term soil and stain resistance to a fabric without affecting the shade or the integrity of the fabric. The following Steelcase Textiles are available pre-treated with soil retardant. (You do not need to select the soil-retardant option for these fabrics and incur the upcharge.)

- Jacks
- Link

For information on soil retardant fabrics on Select Surfaces, please refer to the *Surface Materials Reference Manual*.

Soil-retardant treatment is available on all other seating fabrics at an additional upcharge per seating unit. To order this option, please select "Soil-Retardant Treatment" under "Optional Accessories".

For soil-retardant treatment on COMs, please select "Soil-Retardant Treatment" under "Optional Accessories." Minimums or additional yardage may be required. Please contact the vendor directly for specific information.

Extended lead times may be necessary for this service.

Contact your Steelcase Solutions Fulfillment Team Representative at 1.888.STEELCASE (1.888.783.3522) or send an email to line-one@steelcase.com.
