## Features + Benefits

### Simply smart

Steelcase Powerstrip Intro is available in white and merle – classic, neutral finishes that work well with others. It's part of a family of Intro accessories, including CF Series Intro Monitor Arm, LED Intro Task Light and SOTO Intro Bundle, that make it easy to complete your Steelcase workspace.

### Power and USB convenience

Choose from three convenient UL-listed configurations: double power outlets, a single power outlet paired with a dual USB outlet, double power outlets paired with USB A+C and optional overcurrent protection. Setup is simple with a coordinating clamp mount.

Also available with Powerstrip Intro desktop power is UL-listed Under Worksurface Utility Power with a choice of 4 or 7 outlets. Ideal for powering multiple monitors, computer, task light, etc.
