*Tip: Hard dual-wheel casters are for use on carpet. Use on hard surfaces, including floor mats, will affect chair stability and may result in personal injury.*

*Tip: Leather (L suffix) uses a sewn upholstery process on the seat which produces a stitched detail.*

*Tip: Vinyl specified with a V suffix uses a sewn upholstery process on the seat which produces a stitched detail. Vinyl specified without a suffix is a non-sewn, seamless upholstery.*

*Tip: Arms, if specified, will match base.*

*Tip: Suffixes other than K for contrasting fabric, will be added in alphabetical order when specifying options. The contrasting fabric suffix, K, will always be at the end of the style number.*
