Price List

2022 USA V02

We manufacture contemporary furniture for singular collaborative spaces

Why Viccarbe

- Our warranty period is valid for 5 years
- Average production time, 5 weeks (*25 working days*)
- Quickship program for a curated selection of products (*ready to ship in 1 week*)
- Samples and mock-ups easily provided to success with projects
- Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA)

Quality, sustainability, affordability

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources – designing and producing furniture pieces that could last in time.

Dear customer,

Below you will find the latest additions to our collaborative furniture collection:

NEW ADDITIONS

1. **Sistema Legs Armchair.** Sistema Legs is a contemporary design armchair, ideal for working or relaxing in the office and at home. The armchair is part of the collection designed by Lievore Altherr Molina and provides new solutions for any setting. It includes different armrest options and is available in a variety of finishes.
2. **Sistema Floor Armchair.** The Sistema Floor armchair is recommended for individual work and relaxation in offices and residential projects. It includes different types of armrests.
3. **One seater Sistema Bench.** Ideal for enhancing comfort in the office or in the living room, the one-seater bench from the Sistema Legs collection brings elegance to any space. It functions as an individual pouf, adding an extra seat for meetings or celebrations. It can also be combined with any of the armchairs in the collection and used as a ottoman.
4. **Medium armrest for Sistema.** New medium armrest for the Sistema collection, available fully upholstered or with a stained wood finish on the outside. It can be combined with both sofas and armchairs in its Legs and Floor versions.
5. **Fixed Sidetable for Sistema Legs.** Ideal accessory to accompany and facilitate work and collaboration on our Sistema Legs sofas.
6. **Trolley for Ears and Maarten chair.** We include the stacking chair transport trolley in the Ears and Maarten collections to make it easier to move and store.

We remind you that Viccarbe does not have printed pricelists as we are truly committed that taking care of our environment means taking care of our future. Please do not hesitate to contact our sales team if you have any queries or requirements involved with our latest novelties.

Best regards,

Viccarbe

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

— We try to design products with easily interchangeable parts, making it easier to recycle the various components at the end of their life cycle.

— We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.

— For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

— We use powder coating on all our metallic structures.

— We offer several graded-in fabrics which are 100% made of recycled materials.

— We appropriately recycle all our waste with authorised agents.

— We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.

— For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

— Following our commitment to the environment, we have launched a new line of conscious furniture together with ECOALF, sustainable and ethic fashion brand. The first piece of this joint-venture is Maarten chair, upholstered with a 100% recycled material.

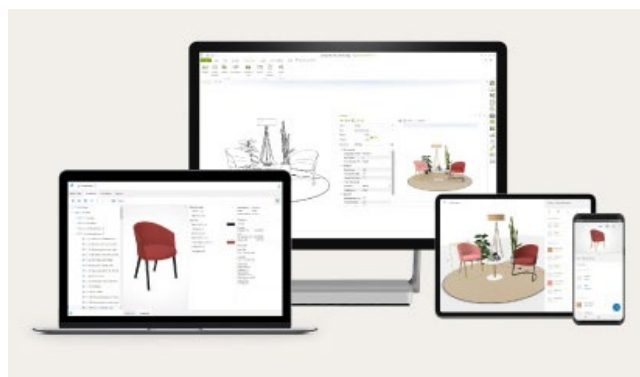

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMA), which guarantees that the products have been tested.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products at www.viccarbe.com in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at www.viccarbe.com/configurator, allowing to configure and visualize product compositions that match any specific project requests.

BIMObject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

General sales conditions

Public pricelist valid from 1st July 2022.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— SALES AND SIMILAR TAX

The Company's prices do not include sales, use, excise or similar taxes. Consequently, in addition to the price specified, the amount of any present or future sales, use excise or similar tax applicable to the sale of the goods shall be paid by the Purchaser, or in lieu thereof the Purchaser shall provide VICCARBE with a tax exemption certificate (resale number) acceptable to the taxing authorities.

— QUOTATIONS

Written quotations are subject to change without notice and become void unless accepted by the purchaser within 30 days. Quotations by any other means are given for estimating purposes only and are not valid unless confirmed in writing by VICCARBE.

— HOW TO ORDER

All orders need to be received in written to e-mail:
customerservice@viccarbe.com
and must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.
It is not allowed to order spare references as frames, legs, casters...

— COMPOSITIONS

For orders that include the SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued.
To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing

prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos.

Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers. Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls. For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote. Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— MINIMUM ORDER FREE OF CHARGE

Est Cost (USA) orders for a value of less than \$2500 net will be subject to a charge of \$100, orders for a value between \$2500 - \$5000 net will be subject to a charge of the \$150, and orders for a value over \$5000 net will be free of charges.

West Cost (USA) and CANADA orders for a value of less than \$2500 net will be subject to a charge of \$200, orders for a value between \$2500 - \$5000 net will be subject to a charge of \$300, and orders for a value over \$5000 net will be free of charges.*

Delivery charges assume working hours (9:00am to 5:30pm).
Additional charges may apply outside of these hours.

The delivery is dock to dock. White glove delivery has additional charge, so please ask the factory in each case.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is phisically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— DELIVERY TIME FOR NON STOCK PRODUCTS

For products that are not in stock, delivery time would be between 10/12 weeks after receiving full payment of the invoice.

In any case, this is a just a guideline and is not binding for the manufacturer.

In case of air shipments, the material used to protect the product, will be charged to the customer.

— IMPORTANT LOGISTICS PROCESS

Viccarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging:

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is € 20 / unit. Please note that pallets are not stackable.

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

VERY IMPORTANT NOTES:

In order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

You are expressly warned that if you do not indicate on the delivery note "RECEIVED WITH RESERVATIONS", even if the packaging is not damaged, Viccarbe will not be responsible for possible damage to the product due to its transport.

— PAYMENT TERMS

Full payments must be done by Wire Bank Transfer or Check before shipping. 2% monthly interest will be charged on overdue balances. This amount is retroactive to the delivery date if payment is not made in the prescribed amount of time. Purchaser agrees to pay the cost of collection on past due invoices, reasonable court costs and attorney's fees as a result of any legal action taken to collect on overdue invoices.

— 5 YEARS WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might by a slight difference in wood tonality.

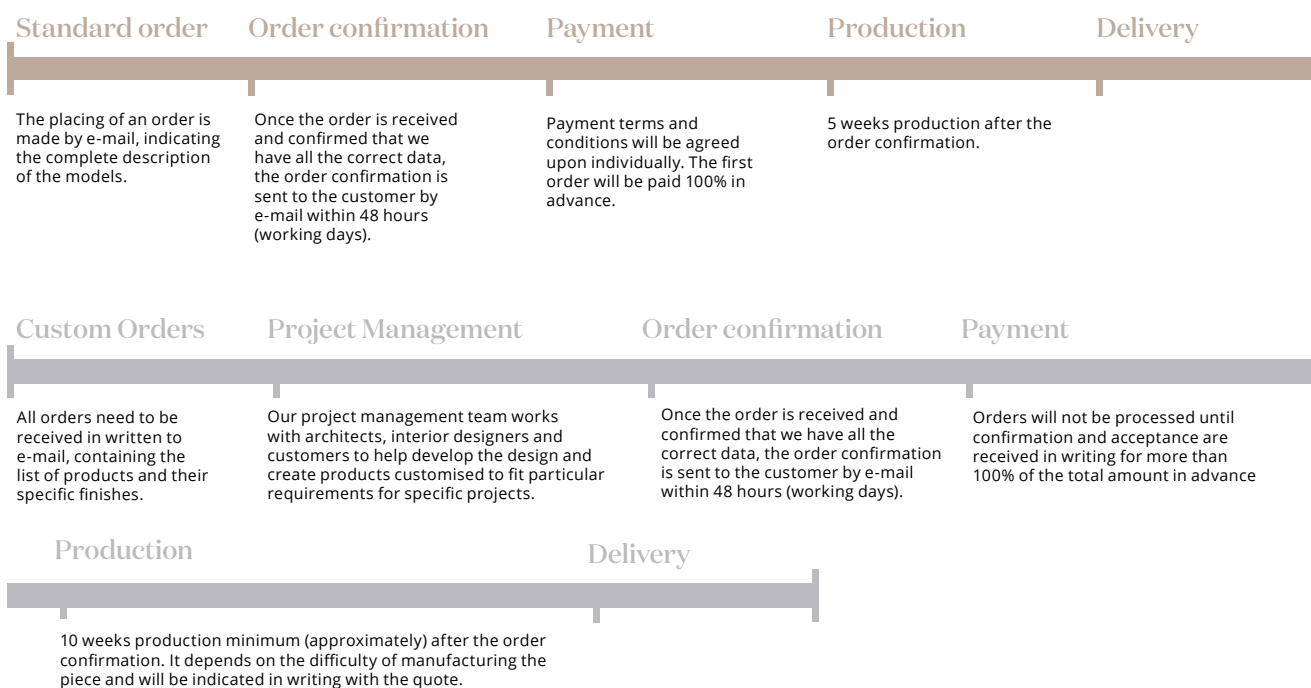

Up in the Air: All the elements that are used to compose the table Up in the Air are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of the fishes and its silicone. We recommend avoiding placing the table near a direct light source for a prolonged period.

The guarantee is valid for 5 years from the date of the invoice of Viccarbe, except for the custom orders which is 2 years.

During the term of the guarantee, the holder thereof shall be entitled to at least:

- a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.
- b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

Summary

(Best-selling fabric samples available on **page 440**)

The difference upholstery choices are divided in the following categories (always referred to plain fabric 1.53 yd wide):

- G3: MAIN LINE, AQUARIUS, BLAZER, NEXUS

maharam

- G2: METRIC, MESSENGER

ECOALF

- G5: ECOALF 48.3

— ADDITIONAL INFORMATION

The fabrics used are of the best quality in their category and subjected to prior testing. Even so, they cannot be formally guaranteed, particularly with respect to colour differences between the samples and products delivered at different times, as it is impossible to ensure a perfect match between the upholstery of an original composition and elements added later.

The footage indicated is based on a fabric width of 1.53 yd. In the case of leather upholstery (C.O.L.), the metres that figure in the price must be multiplied by 1.6 to calculate the necessary square metres.

The tolerance in the measurements of the upholstered elements can be of +/- 1.2".

— CAMIRA STAY SAFE

As a novelty, we now offer the option of including the Camira Stay Safe treatment to some fabrics graded in. An advanced textile treatment, which reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interiors. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring upholstery does not act as a potential source of transmission.

In a world in which hygiene and health are today's top priorities, Camira StaySafe can help create safer interior spaces by providing an enhanced level of protection against viruses and bacteria. It is perfect for multi-occupancy furniture – in waiting areas, public transport

The production times indicated are subject to the existence in stock of the selected colour and model of fabric. Although it is not usual for fabrics to be out of stock, it is recommended that you confirm the availability of the fabric with the sales department before placing your order.

Please contact our sales department for a quote and for more information.

— C.O.M. | C.O.L.

They can be provided at the price indicated in the category for customer-supplied fabric (G1), but the fabrics must arrive at our factory with all shipping costs paid. Any additional costs attributable to the customer-supplied fabric will be charged in the invoice.

Customer-supplied fabric notice:

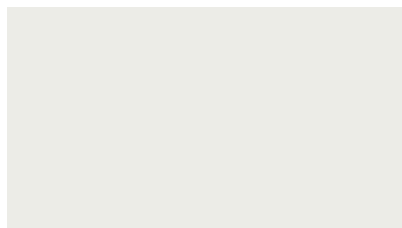

The customer-supplied fabric must be validated by the Viccarbe technical department before the item can enter production. Therefore you Viccarbe must send a 20cm x 20 cm sample of each customer fabric.

Please indicate the reference number of the order and product corresponding to the customer-supplied fabrics. The order cannot go into production until the fabric is received by Viccarbe.

Ears Chair

2020, BY PIERO LISSONI

CHAIRS AND STOOLS

The new chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us back in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

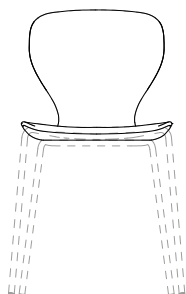

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This new chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and materials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

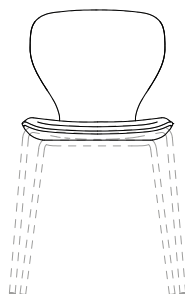

Stained

Stained curved oak plywood seat.

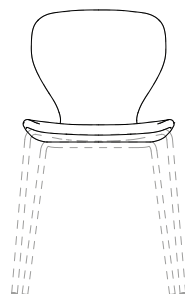

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

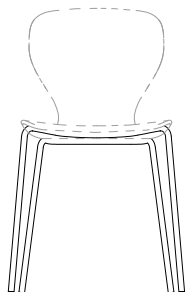

Smooth upholstered plywood seat covered with expanded polyurethane foam.

CHAIR BASE OPTIONS

Four metal legs

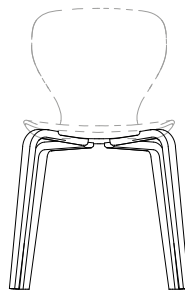

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

x10
Stackable up to
10 units.

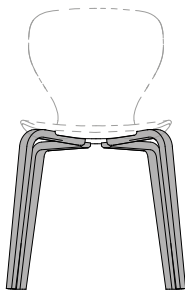

Four wooden legs

Curved legs in natural oak plywood with the finishes of our collection and white (open pore). Plastic glides in white or black.

Four upholstered wooden legs

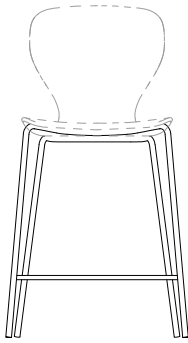

Curved legs in natural oak plywood upholstered in leather or ecoleather. Plastic glides in white or black.

STOOL BASE OPTIONS

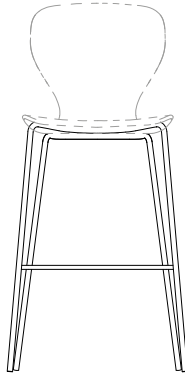

Four metal legs Counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

Four metal legs Bar stool

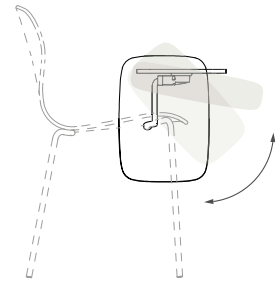

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

ACCESSORIES

Side table

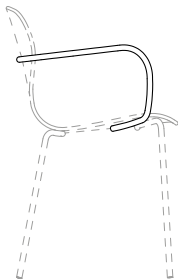

HPL sidetable with aluminum mechanism and anti-panic system. Left or right versions. Available only for four metal legs base.

ARM OPTIONS

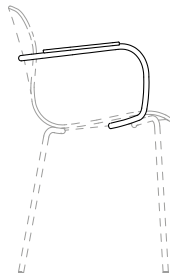

Metal armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white. Available for all bases and seats. Not stackable with arms.

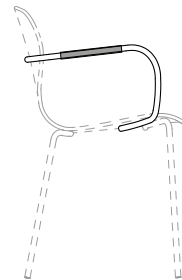

Metal with solid wood armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white with natural wood armrests stained with the finishes of our collection and white (open pore). Available for all bases and seats. Not stackable with arms.

Upholstered metal armrest

Calibrated steel arms powder coated in thermoreinforced polyester in black or white upholstered with leather or ecoleather. Available for all bases and seats. Not stackable with arms.

Funda

BY STEFAN DIEZ

VICCARBE · Price List 2022 USA

V02 Jul.

Funda Chair

2020, BY STEFAN DIEZ

CHAIRS AND STOOLS

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

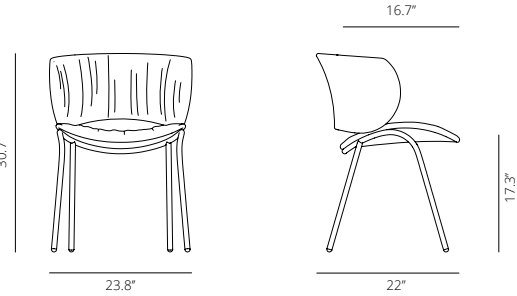

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black.
Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam.
Fabric or leather upholstery with the finishes of our collection.
Plastic glides.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Needed fabric for material:

Quadra

BY MARIO FERRARINI

CHAIRS AND STOOLS

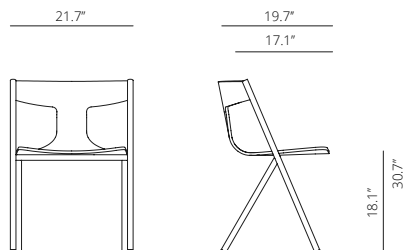

Test certificates: UNE-EN 16139:2013vc2015

Quadra has been originated as a tribute to the delicate details, lines, and tools of architectural drawing.

It is a convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting

rooms, homes...), and can additionally be stacked in large quantities. Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Curved oak plywood stained in the finishes of our collection and white open pore. Black plastic glides with or whitout felt* or white plastic glides.

Copa

BY RAMOS & BASSOLS

VICCARBE · Price List 2022 USA

V02 Jul.

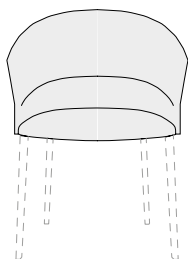

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide range of bases. The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Seat and backrest made of plywood covered with non-deformable expanded polyurethane of different densities.

CHAIR SEAT OPTIONS

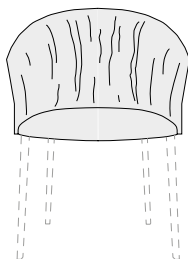

Smooth upholstery

Wooden seat and plywood backrest with padding and smooth upholstery.

Soft upholstery

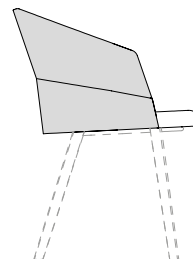

Wooden seat and plywood backrest with padding and soft upholstery.

CHAIR BACKREST OPTIONS

Back in leather or ecoleather

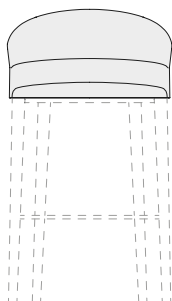

Back part of the backrest upholstered in leather or ecoleather.

STOOL SEAT OPTIONS

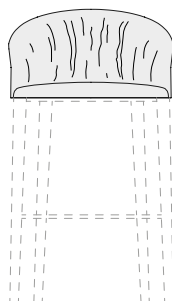

Smooth upholstery

Wooden seat and plywood backrest with padding and smooth upholstery.

Soft upholstery

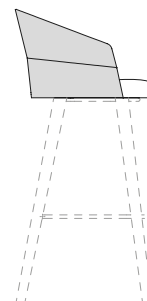

Wooden seat and plywood backrest with padding and soft upholstery.

STOOL BACKREST OPTIONS

Back in leather or ecoleather

Back part of the backrest upholstered in leather or ecoleather.

BASE OPTIONS

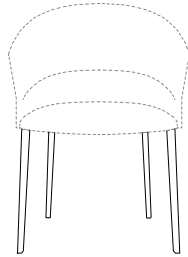

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides with or without felt.

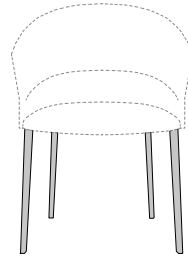

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Black or white plastic glides with or without felt.

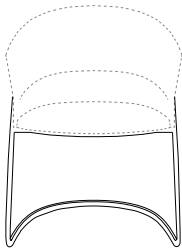

Four upholstered wooden legs

Four solid oak wood legs upholstered with leather or ecoleather. Black or white plastic glides with or without felt.

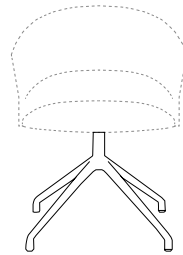

Cantilever

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides or black without felt or transparent plastic glides with felt.*

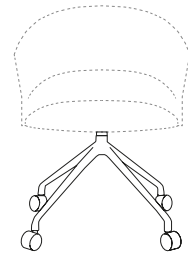

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

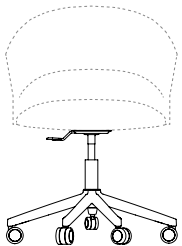

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

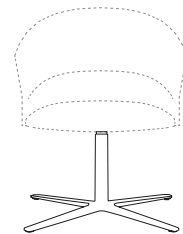

Aluminum swivel base powder coated in black or white, height adjustment system and black or white soft casters for hard floors*.

*6 weeks production time.

Flat swivel

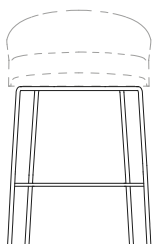

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

STOOL BASE OPTIONS

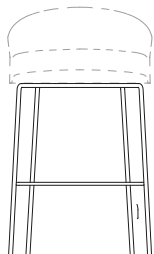

Fixed counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

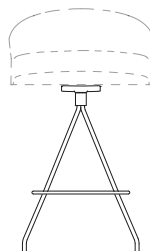

Fixed bar stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

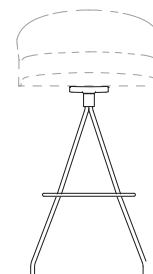

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

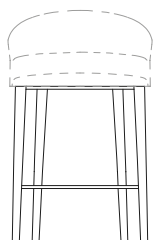

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

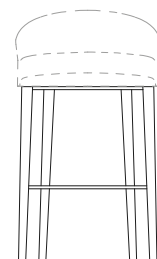

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

Aleta

BY JAIME HAYON

Aleta

2017, BY JAIME HAYON

CHAIRS AND STOOLS

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

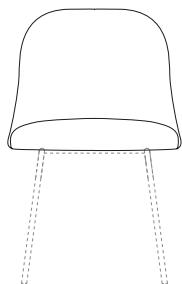

For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

SEAT OPTIONS

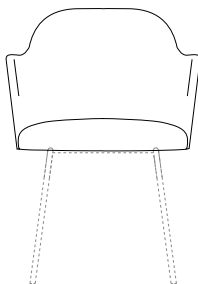

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

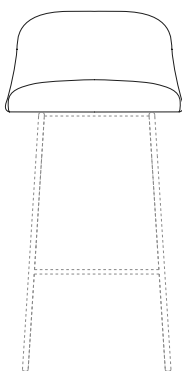

SEAT OPTIONS

Low backrest

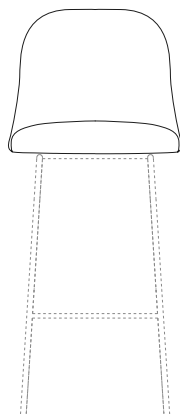

Moulded plywood seat and backrest covered with expanded polyurethane foam.

* Only available for stools.

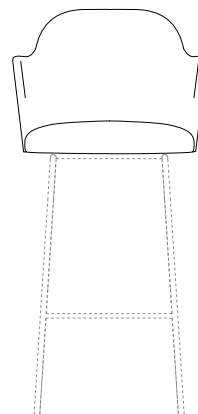

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

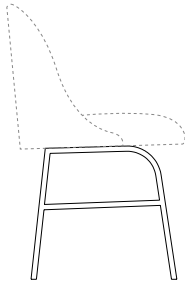

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

CHAIR BASE OPTIONS

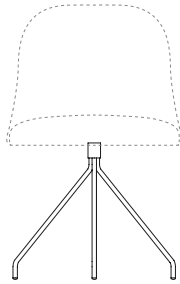

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

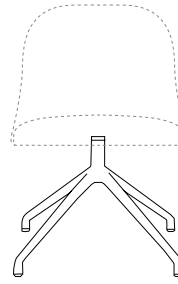

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

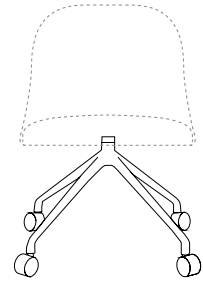

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

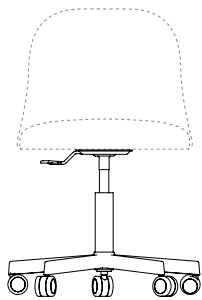

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

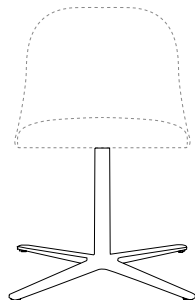

Five casters

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

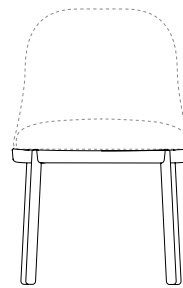

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

Four wooden legs

Structure in solid oak wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

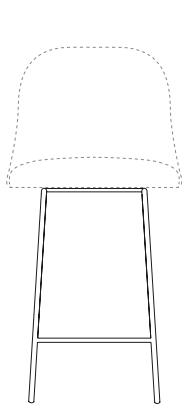

*6 weeks production time

STOOL BASE OPTIONS

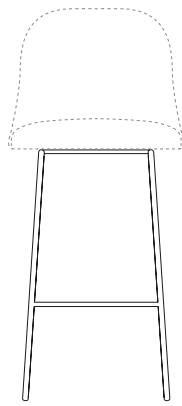

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.
Black or white plastic glides with or without felt.

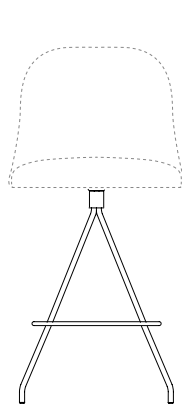

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.
Black or white plastic glides with or without felt.

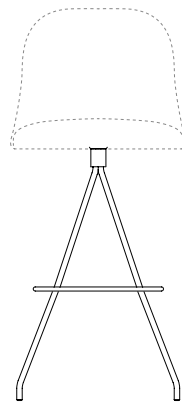

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe.
Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe.
Black or white plastic glides with or without felt.

Maarten Chair

BY VICTOR CARRASCO

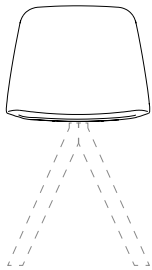

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s. Maarten is available in a wide variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the soft and smooth versions.

Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

HIGH BACKREST SEAT OPTIONS

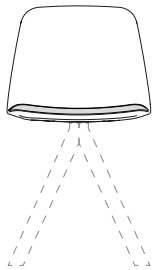

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick.

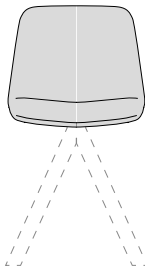

Plastic with cushion

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick with upholstered seat cushion.

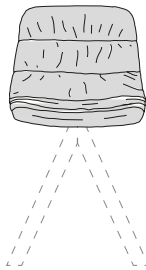

Smooth upholstery

Injected polypropylene seat with smooth upholstery.

Soft upholstery

Injected polypropylene seat with soft upholstery.

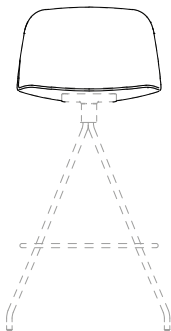

LOW BACKREST SEAT OPTIONS*

*Only available for stools.

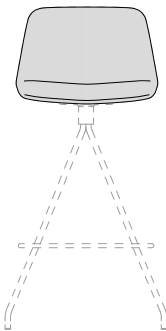

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick.

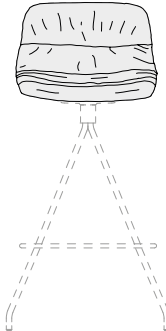

Smooth upholstery

Injected polypropylene seat with smooth upholstery in the finishes of our collection.

Soft upholstery

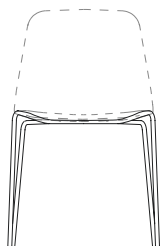

Injected polypropylene seat with soft upholstery in the finishes of our collection.

CHAIR BASE OPTIONS

Four metal legs

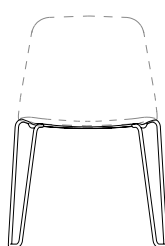

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Black or white plastic glides with or without felt.

x10 Plastic versions
stackable up to 10 units
x4 Upholstered versions
stackable up to 4 units

Sled

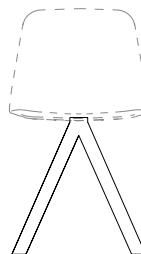

Calibrated steel structure powder coated in thermoreinforced polyester in white, or black.
Black or white plastic glides or black without felt or transparent plastic glides with felt.*

x10 Plastic versions
stackable up to 10 units
x4 Upholstered versions
stackable up to 4 units

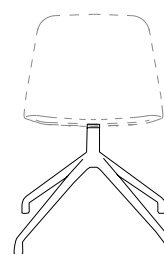

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Clear polypropylene injection glides.

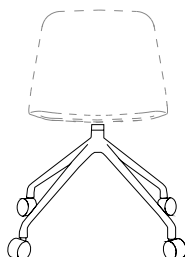

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Black or white plastic glides.

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

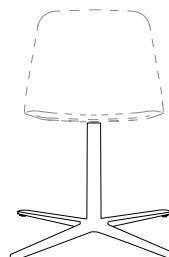

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors*.

*6 weeks production time.

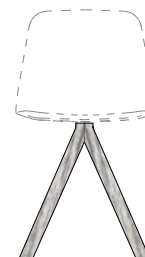

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized.
Black or translucent plastic glides.

Wooden swivel

Calibrated steel swivel structure finished with oak veneer stained with the finishes of our collection.
Clear polypropylene injection glides.

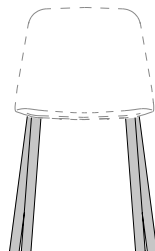

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

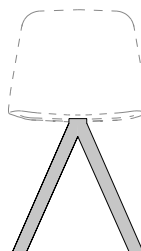

Four upholstered legs

Four solid oak wood legs upholstered with leather or ecoleather. Plastic glides with or without felt.

Upholstered swivel

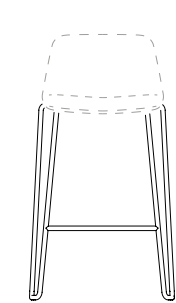

Calibrated steel swivel structure upholstered with leather or ecoleather. Clear polypropylene injection glides.

STOOL BASE OPTIONS

Sled counter stool

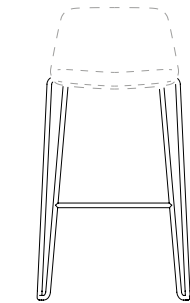

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.*

 x4 All versions stackable up to 4 units

Sled bar stool

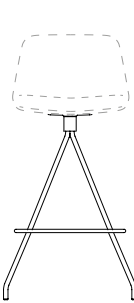

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.*

 x4 All versions are stackable up to 4 units

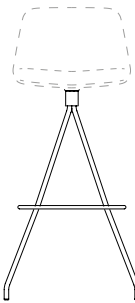

Swivel counter stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

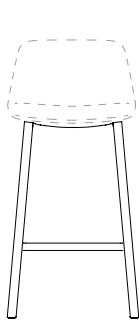

Swivel bar stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

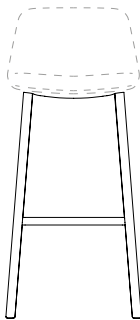

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or without felt.

Maarten Chair

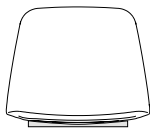

2012, BY VICTOR CARRASCO

CHAIRS AND STOOLS

AUDITORIUM SEAT OPTIONS

Plastic

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick. Screws or anchoring system not included.

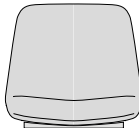

Plastic with cushion

Injected polypropylene seat in white, black, taupe, dusty green, yellow ochre or brick and seat cushion. Screws or anchoring system not included.

Smooth upholstery

Injected polypropylene seat in smooth upholstery. Screws or anchoring system not included.

Soft upholstery

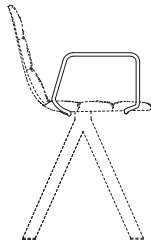

Injected polypropylene seat in soft upholstery. Screws or anchoring system not included.

ARMREST OPTIONS

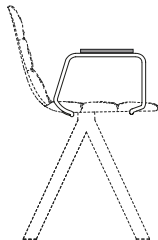

Armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

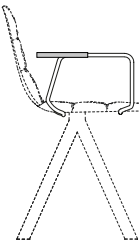

Wooden armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange, with natural oak armrests stained with the finishes of our collection. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

Upholstered armrest

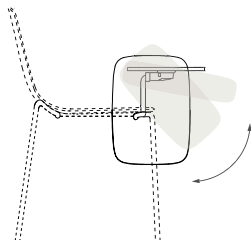

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange and upholstered with leather or ecoleather armrest. Available for all bases and seats but the auditorium base. Not available for low backrest stools.

ACCESORIOS

Side table

HPL sidetable with aluminum mechanism and anti-panic system. Left or right versions. Available only for four metal legs base.

Klip

BY VICTOR CARRASCO

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather. Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a hang for handbags etc.

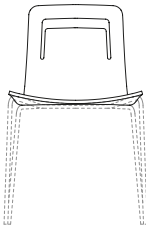

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

SEAT OPTIONS

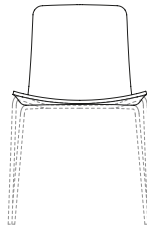

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back. Maximum weight supported by the handle: 33.1 lb.

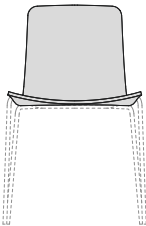

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

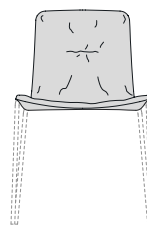

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

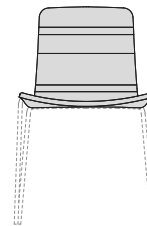

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

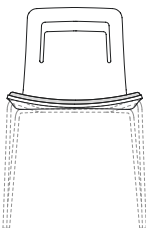

Lined upholstery

Plywood natural beech chair covered by expanded polyurethane foam, lined upholstery.

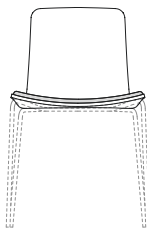

Stained / Lacquered with cushion and handle

Curved oak plywood stained or curved beech lacquered plywood lacquered in the finishes of our collection, with upholstered cushion and the handle in the back. Maximum weight supported by the handle: 33.1lb.

Stained / Lacquered with cushion and without handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with upholstered cushion and without the handle in the back.

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange.

Upholstered armrest

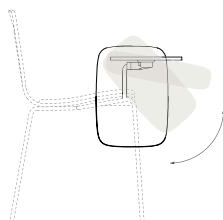

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange and upholstered with leather or ecoleather armrest.

ACCESSORIES

Side table

HPL sidetable with aluminum mechanism and anti-panic system. Left or right versions. Available only for four metal legs base.

Test certificates: ANSI BIFMA x5.1:2011 and UNE EN 16139:13 (for every seat finishing, with or without armrest)

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.

Black or white plastic glides with or without felt.**

No more than 10 units of the four leg base and no more than 4 units of the four legs base with upholstered finishes should be stacked up.

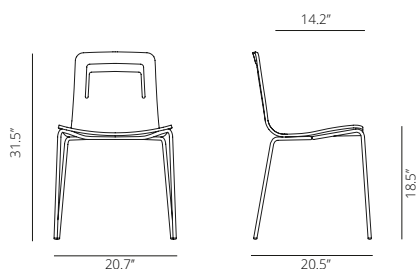

**The whole range of colors has a smooth lacquered finish except black, which has a lacquered microtextured finish.*

NOTE: Due to the fact that the wood used is natural, the finish may vary.

NOTE: We don't recommend to stack up upholstered chairs for a long period of time because it can damage the upholstery. We recommend using the stacking protector pad for stacking upholstered chairs. (See page 178)

Funda Lounge

BY STEFAN DIEZ

ARMCHAIRS

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

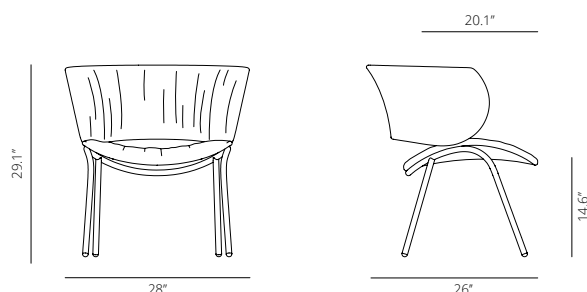

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Copa Lounge

BY RAMOS & BASSOLS

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

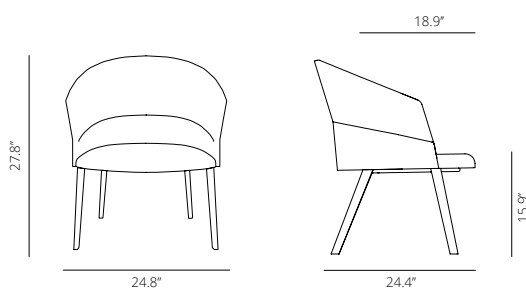

The comfort and rounded shapes of the Copa chair are transferred to new members of the family.

With an elegant wooden structure and with proportions and comfort as the main premises, the new lounge chair has been incorporated into the collection.

FOUR WOODEN LEGS BASE

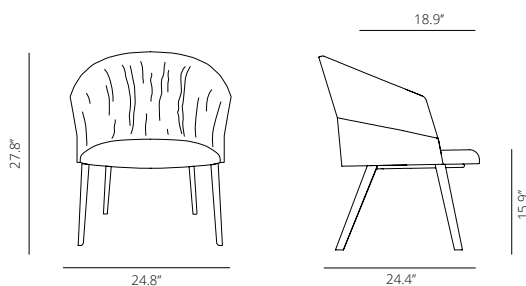

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.*

Savina

BY VICTOR CARRASCO

Savina

2021, BY VICTOR CARRASCO

SOFAS

Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative modular cloud sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hotel, or hybrid space.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

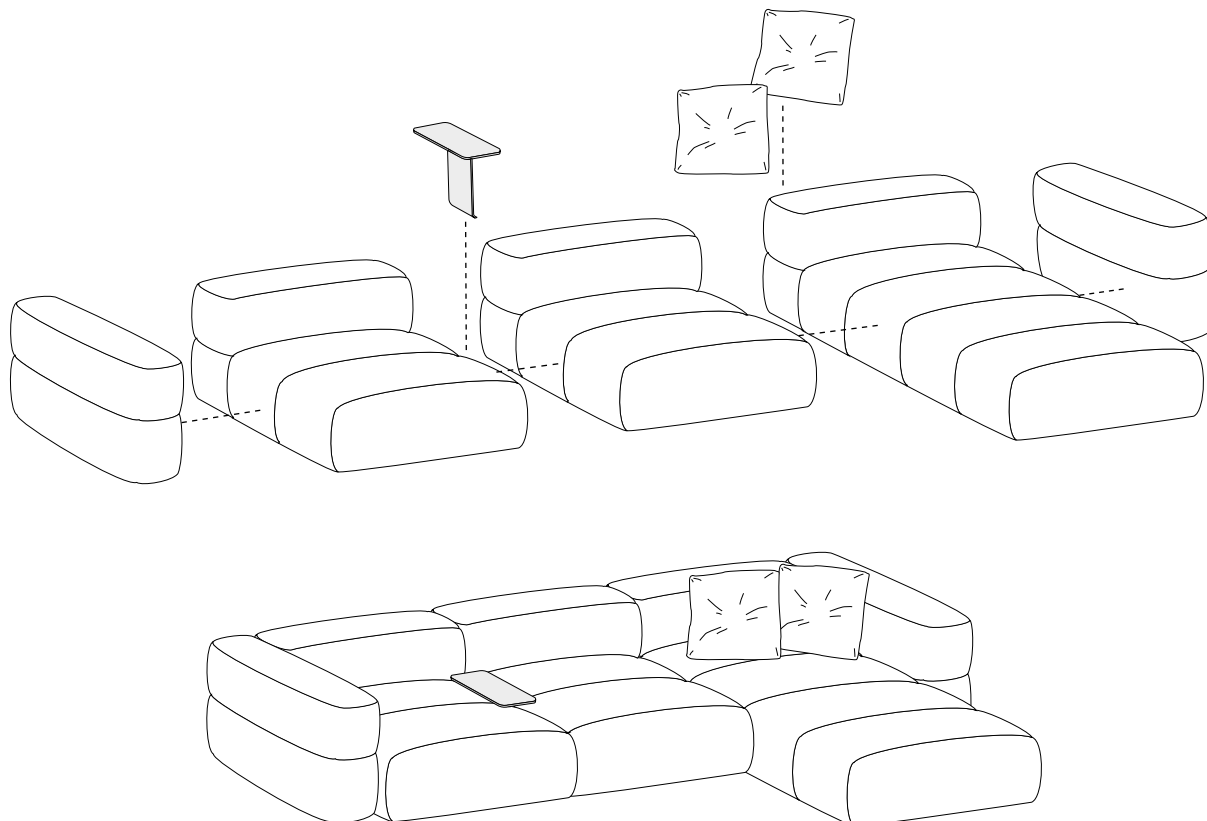

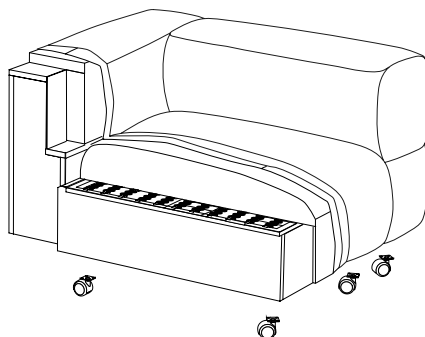

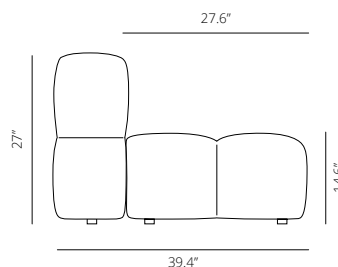

Solid wood frame with steel spring frame, non-deformable expanded polyurethane of different densities with viscoelastic layer, recycled PET fiber paneling and padded chamber filled with anti-mite feathers and recycled PET fibers.

Non-removable fabric or leather upholstery.

Height adjustable legs or hidden casters.

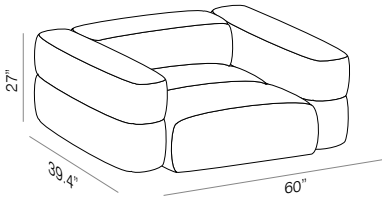

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

The tolerance in the measurements of the upholstered elements can be of +/- 1.2"

SAVICON-U: Powerbox with a USB hub with one USB-A and a USB-C.

Dimensions: Ø2.6x5.9"

The cable length is 0.87 yd with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

Sistema

BY LIEVORE ALTHERR MOLINA

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

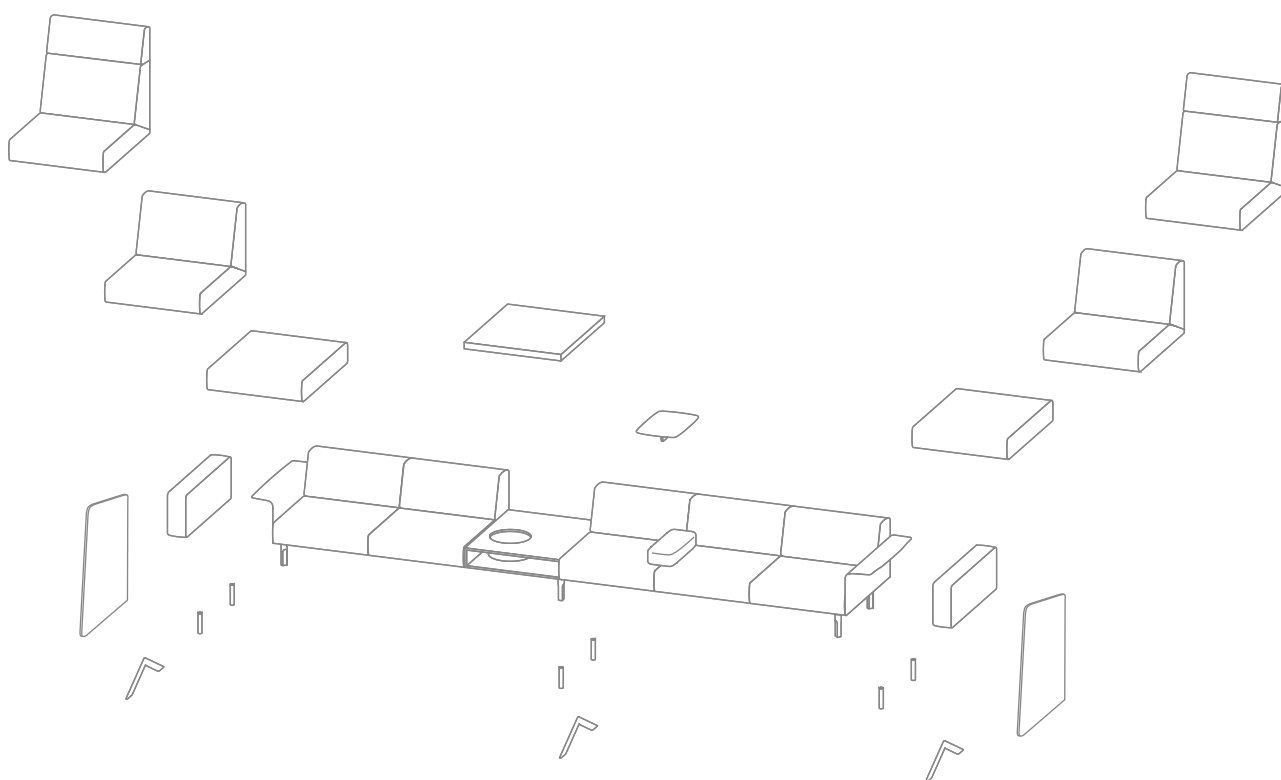

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Season Sofa

BY PIERO LISSONI

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

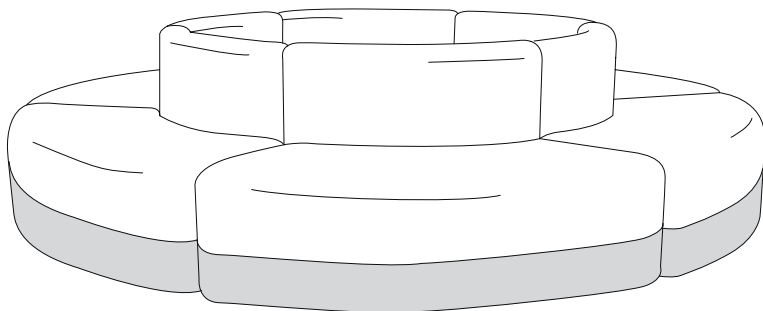

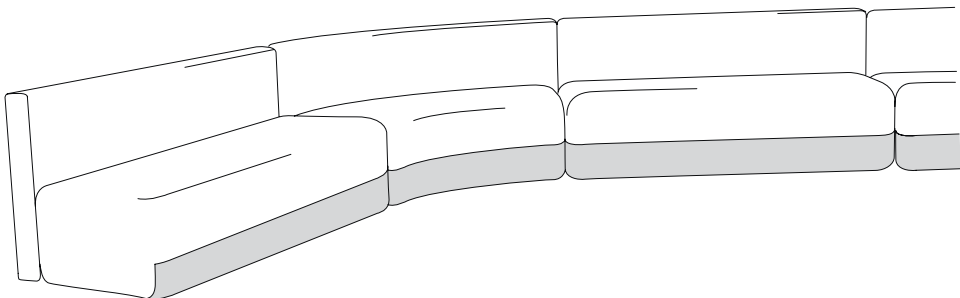

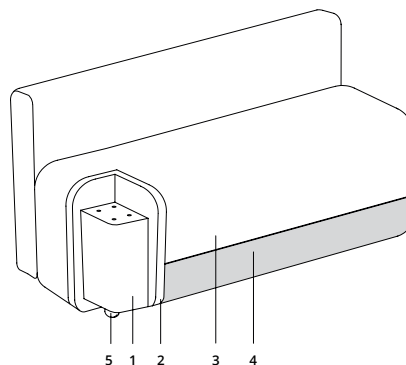

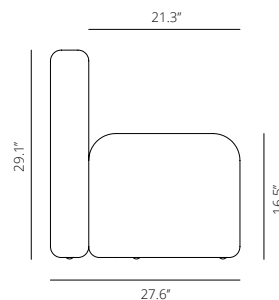

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 1.2".

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Upholstery protection (technical fabric*).
- 5- Height equalising legs.

*Check all the technical fabric colours available on [page 22](#).

Step

2013, BY VINCENT VAN DUYSSEN

SOFAS

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

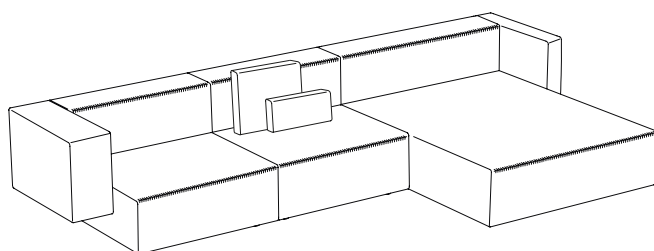

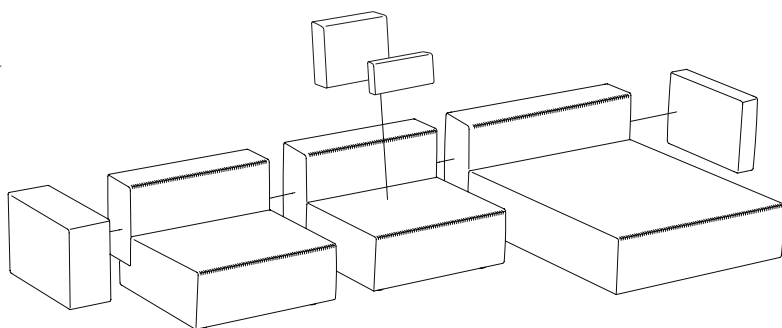

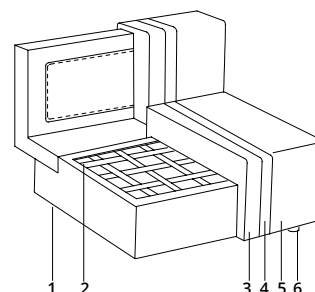

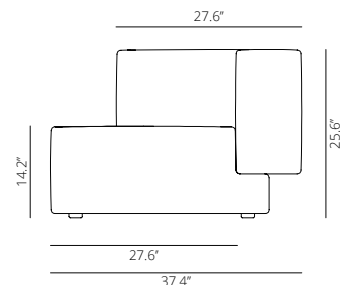

Despite its precise and formal geometric design, it is surprisingly comfortable, which makes it perfect for the residential use.

The tolerance of the different elements can be +/- 1.2".
Cushions made of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Not produced in leather.

- 1- Interior structure of the arms, back and seat in solid wood.
For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat and back structure.
- 3- Expanded polyurethane foam in different densities.
- 4- Polyester fibre covering.
- 5- Fabric.
- 6- Adjustable legs in height.

HANDMADE

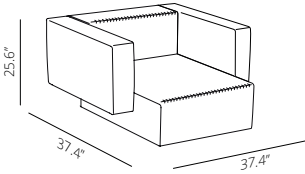

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

**Decorative seams are handmade*

Levitt

2007, BY LUDOVICA + ROBERTO PALOMBA

SOFAS

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Levitt is a collection of modular sofas and armchairs that allow to multiply compositions and finishes.

The seat depth of the sofa is 35.4" without cushions so do not forget to order the back cushions that you need.

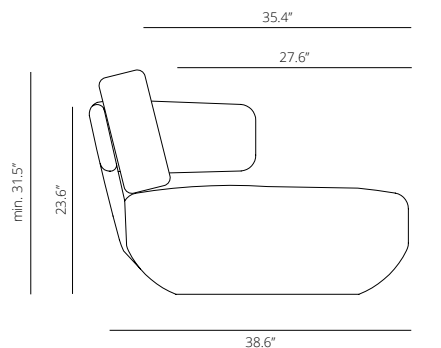

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.

The tolerance of the different elements can be +/- 1.2".

Indicate in the order the cushion/back that you would like.

Cushions in washed duck and goose feather with anti-acarus treatment.

Anti-feather scape cotton cover.

1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

2- Woven seat structure.

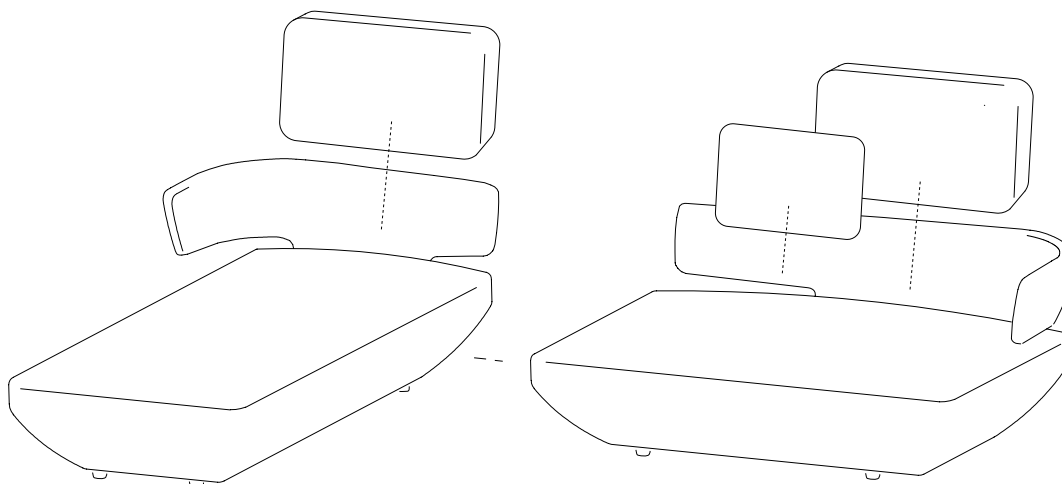

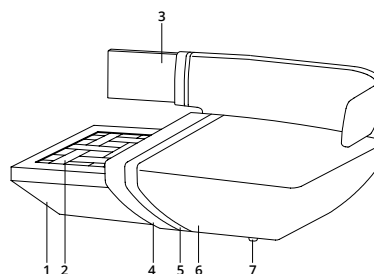

3- Structure in plywood with curved back.

4- Expanded polyurethane viscoelastic foam in different densities.

5- Polyester fibre covering.

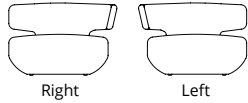

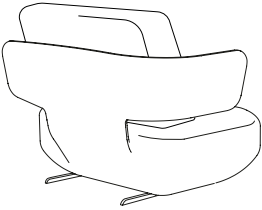

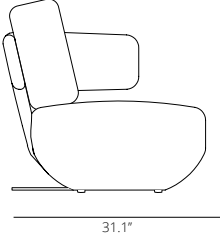

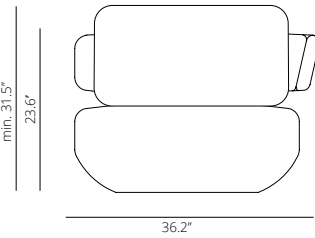

6- Fabrics or leather.

7- Height equalising legs.

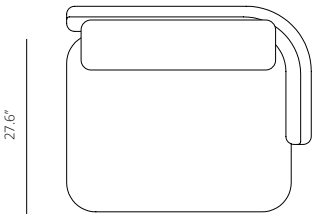

Needed fabric for material 1.53 yd wide:
Armchair: 4.59 yd
Sofa 59.8": 8.31 yd

Armchair

NOTE: The armchair will be supplied with a wide right arm (front-on-view); although it can also be made with a wide left arm (in any case it is essential that you provide us with a sketch when making the order so that no mistakes are made). The other models will be supplied with the arm in the position that is shown in each sketch.

The bench will be provided with the raised part on the right or on the left. Indicate the desired option in the order, remembering that left / right is understood by looking at the element from the front for manufacturing purposes.

Torii

BY LUDOVICA + ROBERTO PALOMBA

Torii

2018, BY LUDOVICA + ROBERTO PALOMBA

BENCHES

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The new bench designed by Ludovica + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed in collaborative

spaces and it can also take many different possible finishes (colours, upholstery and power options).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

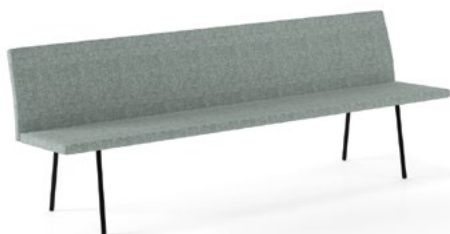

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from natural oak plywood stained with the finishes of our collection.
Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat made from plywood covered in non-deformable foamed polyurethane.
Backrest made from curved oak plywood stained with the finishes of our collection.
Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from plywood covered in non-deformable foamed polyurethane.
Black or white injection polypropylene glides.

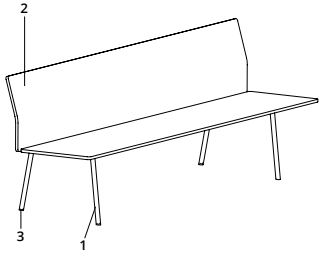

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
Seat and backrest made from natural oak plywood stained with the finishes of our collection.
Seat and backrest cushion made from 0.2" thick MDF covered in non-deformable foamed polyurethane.
There are two cushion models with different widths.
The position of the cushions on the bench is predefined by a series of set configurations

Custom foams and shapes of the backrest are available upon request. If you would like this, please indicate it on the order and attach a sketch.

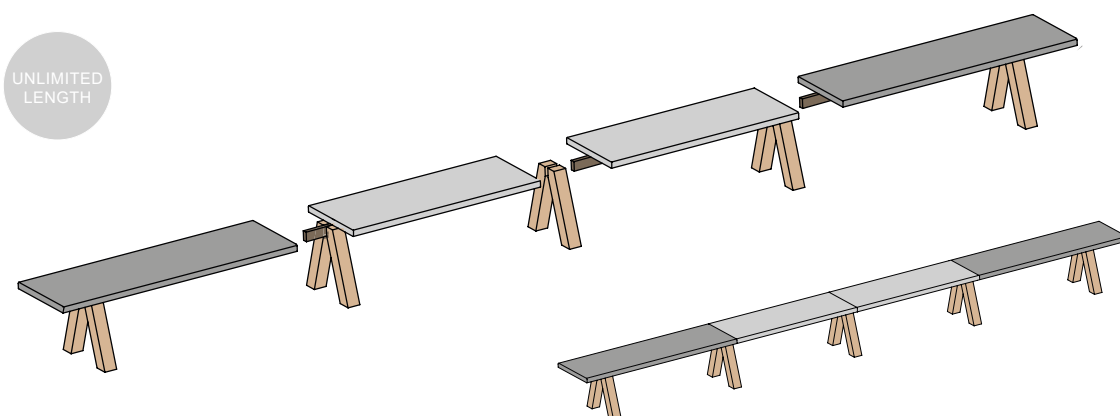

BENCHES

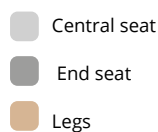

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions.

For those compositions, it will be necessary to choose two end seats, central seats according to the length of the table, and the legs (the number of legs will be the result of the number of total seats plus 1).

Colour code:

Needed fabric for material 1.53 yd wide:

Common

BY NAOTO FUKASAWA

BENCHES

Test certificates: ANSI BIFMA X5.4-2012 (H 15.6")

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 1.2".

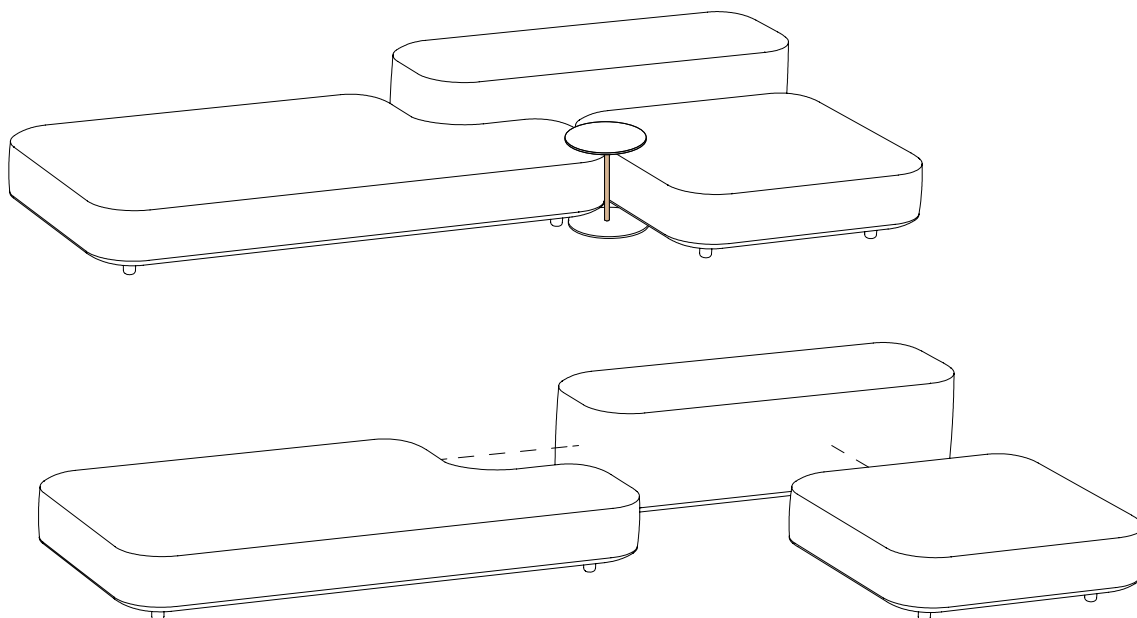

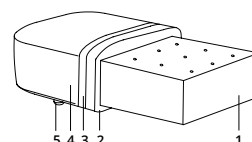

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric.
- 5- Legs in matt varnished natural beech.

NOTE: Leather and some technical upholster models are manufactured with different seams.

**Felt glides available with an upcharge of \$8.*

If not indicated, the chair will be produced with plastic glides.

+ \$8 

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Season Pouf

BY PIERO LISSONI

Piero Lissoni's successful collection grows with poufs of new dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educational spaces where agility and dynamism are paramount - as well as his particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

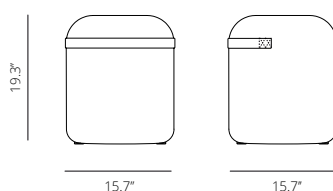

- 1- Interior structure in solid wood and perforated top of micro particles low in formaldehyde. For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Strap or belt produced in high-resistance technical fabric black, grey and red.
- 5- Hidden casters or height adjustment legs.

Cambio

BY VICTOR CARRASCO

VICCARBE · Price List 2022 USA

V02 Jul.

Defined by a singular central base with a seamless silhouette, Cambio is a minimalist game of geometry based on the transition from a square to a round shape, taking us back to our origins.

A modern table collection that allows to create infinite compositions and accommodate multiple guests with its tabletops of up to 78.7" long and discreet electrification options.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 94.5", the production delay is two additional weeks respect the normal production term.

Rotomolded polyethylene central base available in white, black or taupe. It allows the addition of power options in the center of the tabletop thanks to the internal cable management duct.

The tabletop is available in 1.2" thick MDF, with a technical microtextured lacquered finish in the colors of our collection that gives it great scratch resistance, or in natural oak veneer polished in matt oak, wenge, cognac or ash.

Also available in high resistance materials for severe use in Contract such as 0.75" Melamine or 0.47" Compact.

Thickness and type of table top edges available for each material:

Solar

FOR MARC KRUSIN

Solar

2021, POR MARC KRUSIN

TABLES

Test certificates: ANSI BIFMA X5.4-2020 and UNE EN 16139:2013vc2015

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating.

It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy. The structure is made of steel.

The table is made of MDF board or compact with the finishes of our

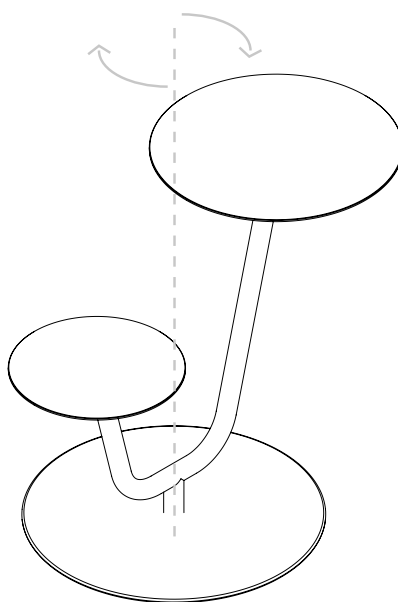

collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times.

A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

BY VICTOR CARRASCO

TABLES

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 29.1").

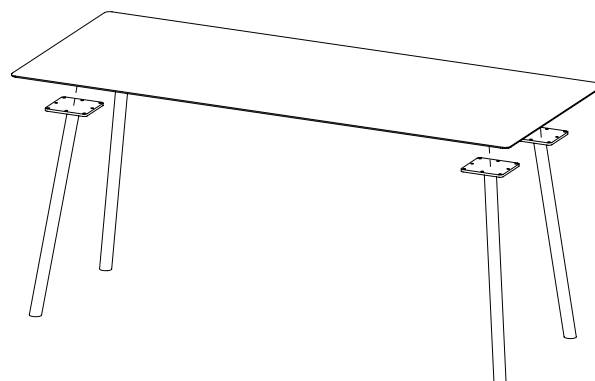

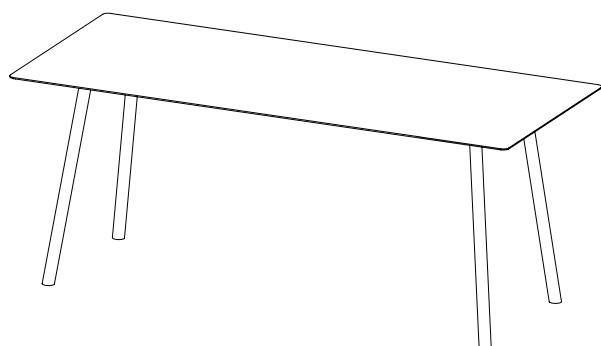

Maarten is a collection of tables and complements that allows many compositions and finishes.

The legs, which come in heights of 11.8" or 29.1", are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, fluorescent orange or a stained oak veneer with the finishes of our collection.

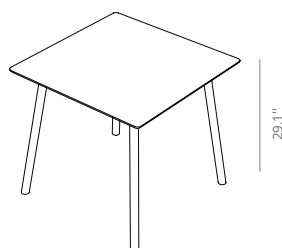

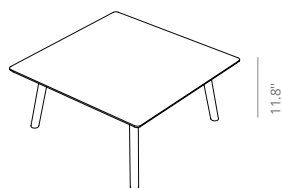

The 1.2" thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

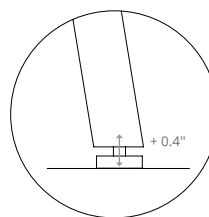

Thickness and type of table top edge:

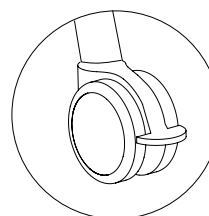

Different measures available for the height of the table:

Types of legs:

ADJUSTABLE

IMPORTANT: please indicate with a drawing, the situation of each table, especially when combined with the support container or added accessories, along with the order to avoid confusion. Always remember that the right or left denomination always means facing the element. The more information you attach to the order, the less chance of error.

WIRE MANAGEMENT

Wire management leg

CODE		FINISHES		PUBLIC PRICE
-	MAAPMER	lacquered	white, black, taupe or fluorescent orange	\$196

The Maarten table allows the possibility to manage the wiring so that it is hidden and integrated into the table. For this purpose, the cable management leg (MAAPMER) is available as an option.

The leg allows up to 4 cables to be routed inside the table down to the floor.

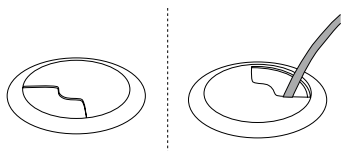

Wire management metal leg.

ACCESSORIES

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories require the approval of the technical department.

Wire hole

 Installed and included in the board box.

Burin

BY PATRICIA URQUIOLA

Burin

2018, BY PATRICIA URQUIOLA

TABLES

Burin is a symbolic tribute to traditional wood carving tools. The unmistakable silhouette of the base runs through this extension of the collection to include a new table with a central base, available in different heights and a double version for large surface areas.

Conceived for both homes and community spaces, the new Burin table gives continuity to the family that was launched in 2011 with the side table designed by Patricia Urquiola.

Central support available in roto-moulded polyethylene in white, black or taupe.

The 1.2" thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 94.5", the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edges available for each material:

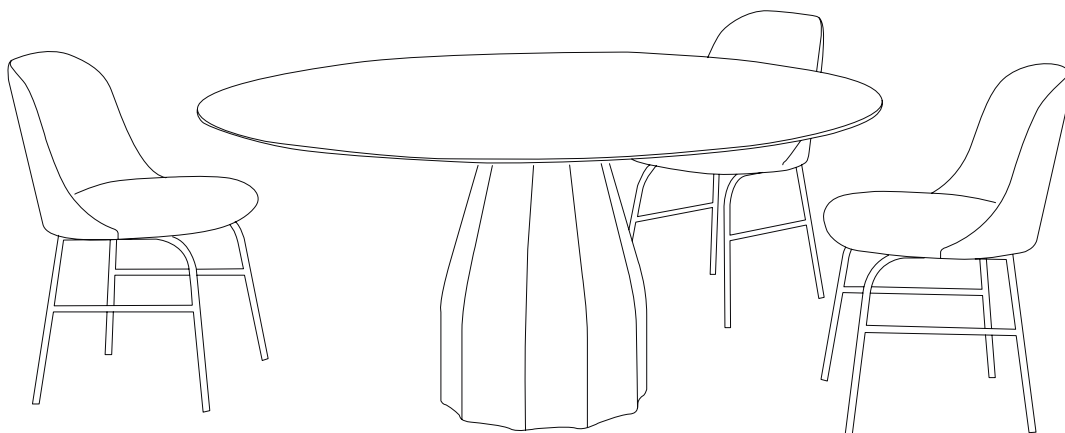

Compact

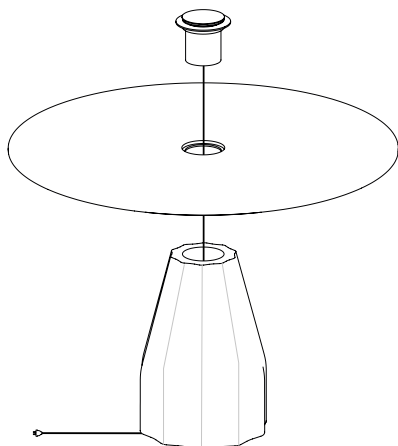

The total size of the compact and melamine tabletops may vary by $\pm 0.4"$

More table top information on page 21

Power options:

Heights and bases available:

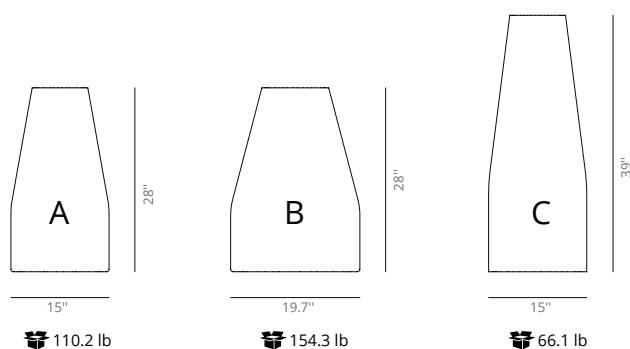

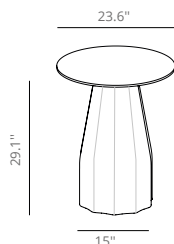

Table tops available for base A: D23.6" - D39.4" | 23.6x23.6" - 35.4x35.4"
Table tops available for B: D47.2" - D59.1" | 39.4x39.4" - 55.1x55.1"
Table tops available for C: D23.6" - D39.4" | 27.6x27.6" - 35.4x35.4"

TABLES

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Table top hatch

2.6 lb

(x1) 13.4x7.1x3.5" (0.007 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBCAP*	CAP*	white or black	\$328

Metallic hatch access to the lower part of the table.

Available in white, black or grey.

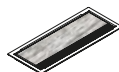

Does not include power options.

Dimensions: 12.6x5.9"

* Cut out not included.

NOTE: Not available for compact tabletops.

Table top hatch plus

2.6 lb

(x1) 13.4x7.1x3.5" (0.007 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBCAPP*	CAPP*	white or black	\$397

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.

Dimensions: 12.6x5.9"

* Cut out not included.

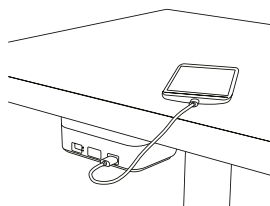

NOTE: Not available for compact tabletops.

Cut out

CODE		PUBLIC PRICE
-	BUMEC	\$287

Custom table top measure. The price is per table top.

USB hub with battery

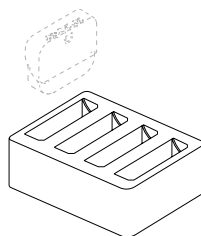

3.1 lb

(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBBUEL-B	BUEL-B	black	\$573

USB hub with two USB device charging ports without being plugged into electric current. It's needed to buy the battery charging tray to charge the USB hub battery.

Battery charging tray

2.2 lb

(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
VCBBUEL-C	BUEL-C	black	\$670

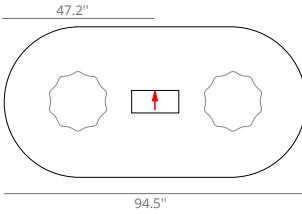

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Includes magnetic key to remove the station from its support.

POWER POSITION OPTIONS

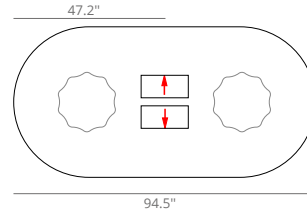

Here are some power position options in the Burin table.
For other options, please contact the sales department, indicating the cut out reference in the order.

Trestle

BY JOHN PAWSON

TABLES

Test certificates: ANSI/BIFMA X5.5:2014, UNE-EN 15372:2017, UNE-EN 527-1:2011 and UNE EN 527-2:2017 A1:2019

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 29.1" height, 34.6" counter height and 41.3" bar height.

Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.
Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (35.4" and 47.2"):

- 1.2" MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Also available in micro-textured lacquer in white, black or taupe.

- High pressure HPL laminate in black or white on a 1.2" thick MDF board with stained edges in transparent.

Thickness and type of table top edge:

More table top information on page 21

NOTE: For tables equal to, or longer than 189", the production delay is two additional weeks respect the normal production term.

It is possible to add a built-in wire management system (TRPMR) in a leg for an extra of \$397. It has to be indicated in the order with its reference. To see the position options for the wire management leg, see page 394.

NOTE: The production time for 480 cm tabletops (triples) is 2 weeks longer than the normal production time.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

NOTE: All of the weights are calculated considering the option of the wooden leg.

COMPONENTS FOR TABLE COMPOSITIONS

Apart from those suggested, there is a possibility to create your own table compositions.

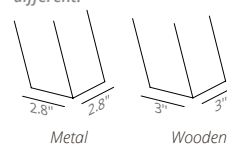

For those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

Colour code:

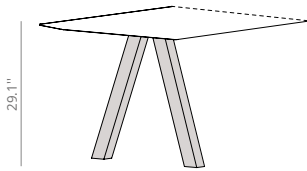

- Central top (TRMC - TRMCA)
- End top (TRME - TRMEA)
- Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

**The measure for metal legs and wooden legs is slightly different.*

WIRE MANAGEMENT

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories different from the ones shown need the approval of the technical department.

Wire hole

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	AC03B	white or black	\$41

Cut out of the board is included.
Dimensions: Ø 2.4"

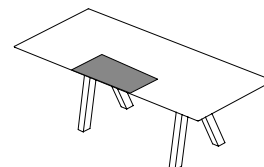

Cut out

CODE		PUBLIC PRICE
-	TRMEC	\$287

Table top custom cut out. Price cut out table.

Table top protector in ecoleather

 2.2 lb

 Installed and included in the table top box

CODE		FINISHES	CODE
-	TRPROT	eco leather	\$573

Dimensions: 17.3x35.4"

Table top hatch

 2.6 lb

 (x1) 13.4x7.1x3.5" (0.007 yd³)

CODE		FINISHES	PUBLIC PRICE
-	CAP	black, white or grey	\$328

Metallic hatch access to the lower part of the table.

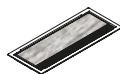

Available in white, black or grey.

Does not include power options.

Dimensions: 12.6x5.9"

* Cut out not included.

Table top hatch plus

 2.6 lb

 (x1) 13.4x7.1x3.5" (0.007 yd³)

CODE		FINISHES	PUBLIC PRICE
-	CAPP	black or grey	\$397

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame

available in black or grey and central part in

the veneer of the finish of the table.

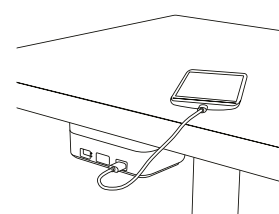

Does not include power options.

Dimensions: 12.6x5.9"

* Cut out not included.

TABLES

USB hub with battery

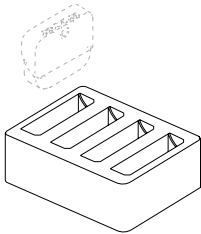

3.1 lb
(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
-	TREEL-B	black	\$573

USB hub with two USB device charging ports without being plugged into electric current. It's needed to buy the battery charging tray to charge the USB hub battery.

Battery charging tray

2.2 lb
(x1) 15.7x7.9x9.8" (0.03 yd³)

CODE		FINISHES	PUBLIC PRICE
-	TREEL-C	black	\$670

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Includes magnetic key to remove the station from its support.

POWER POSITION SUGGESTIONS

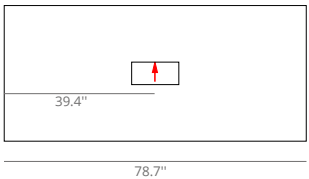

Below are some options for the electrification of the Trestle table. For options other than those shown, contact with the sales department. Please include the reference code of the machining in your order.

All the cut outs presented have the measure of a standard power box (12.6x5.9"), compatible with the references CAP and CAPP

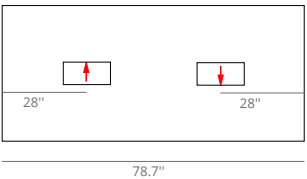

All cut out options are valid for both 35.4" and 47.2" tables.

BY STUDIO VCCB

TABLES

Base in powder coated steel in thermoreinforced polyester in white (RAL 9016), grey (RAL7004) or black (RAL9005). The white base of the Stan table is in RAL 9016.

Different base sizes available.

The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- Melamine (LPL) thickness 0.75" with 0.06" PVC edge, in black or white.

- 0.47" thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

- High Pressure Laminate (HPL) thickness 0.75" with 0.06" PVC edge, in black or white.

**The term of manufacture of the Stan tables is 6 weeks.*

NOTE: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the base without tabletop.

Thickness and type of table top edges available for each material:

For more information about the variety of table tops, see page 21

V02 Jul.

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.
Four star aluminium legs on the base.

With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.
- High Pressure Laminate (HPL) thickness 0.75" with 0.06" PVC edge, in black or white.

Table top available in different measures, materials and thickness:
- 0.6" thick MDF table top lacquered with the finishes of our collection.
- Melamine (LPL) thickness 0.75" with 0.06" PVC edge, in black or white.

NOTE : The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

Thickness and type of table top edges available for each material:

MDF (Lacquered)

Melamine | HPL

Compact

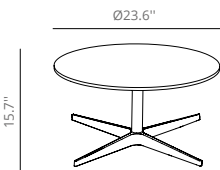

The total size of the compact and melamine tabletops may vary by ±0.4"

Trino

BY ELISA OSSINO

LOW TABLES

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a new range of side tables.

Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The new Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

Function and form meet again on this occasion to promote conversation between objects and space.

Top and base in calibrated steel structure powder coated in thermoreinforced polyester in single-color black.

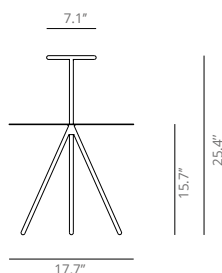

Available with three different types of handle:

- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.

- Solid oak sphere model stained in natural matt finish.

- Marble sphere model in Indian Green color.

Aleta

BY JAIME HAYON

LOW TABLES

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5:2008 (R2013)

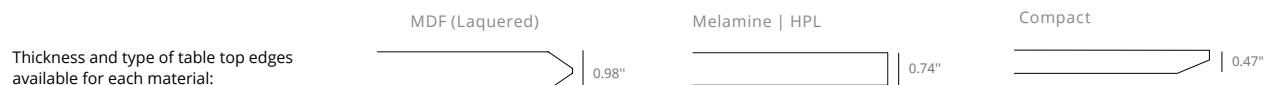

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.

Table top available in different measures, materials and thickness:

- 0.1" lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.
- Melamine (LPL) thickness 0.74" with 0.06" PVC edge, in black or white.
- High Pressure Laminate (HPL) thickness 0.74" with 0.06" PVC edge, in black or white.

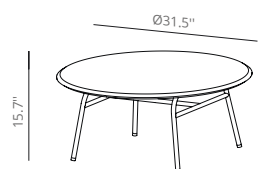

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

- 0.47" thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

For more information about the variety of table tops, see page 21

Tiers

2010, BY PATRICIA URQUIOLA

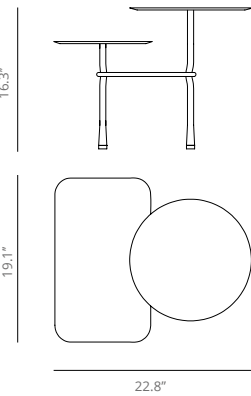

LOW TABLES

Structure in calibrated powder coated steel tube in thermoreinforced polyester in black or white.
Top in MDF lacquered in the finishes of our collection or veneered in matt natural oak, cognac, ash or wenge.
Transparent injection polypropylene glides.
There is the possibility of combining boards of different colors. In case of bicolor option, you must consider the superior price category.

NOTE 1: If one of the black lacquered tops is ordered, the other top will also come with a microtextured finish.

NOTE 2: Due to the fact that the wood used is natural, the finish may vary.

BURIN MINI

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

NAGI high armchair

The model tested complies satisfactorily with specifications of standards UNE EN 16139:13, according to the following tests:
General requirements for safety.
Front roll-over stability.
Rear roll-over stability.
Stability roll-over in rocking chairs.
Static on seat load.
Load static on the front edge of the seat.
Durability of the seat and backrest.
Durability of the front edge of the seat.

SERRA rectangular

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

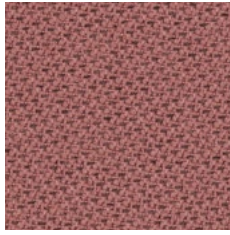

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.

PERMABLOK³®
ADVANCED VINYL PROTECTION

*Protections

A vinyl protective coating engineered to create a tough, effective barrier against the three biggest problems encountered in healthcare and hospitality environments: germs, abrasions and stains. You can't see it or feel it, yet the protection it offers results in extended performance and lasting beauty with a minimum of care.

	Composition	Durability	Fire Test	Water Test	Maintenance
ECOALF 48.3*	27% Recycled Polyester, 19% Sorona, 54% Polyester (membrane + backer)	70.000 Martindale	BS 5852 source 0	Water Repellency (Specify quantity and test method) - ISO 811: 2018 Water Proof (Specify quantity and test method) - WP10,000MM - JIS L1092 B	     

Environmental information

PFC Free. Recycled polyester from plastic bottles. Most of the recycled polyester we use is made out of recycled plastic water bottles (PET, Polyethylene Terephthalate). These bottles are recycled with a mechanical process that first transforms them into flakes and pellets to then be spun to high-quality yarn.

*This fabrics selection is only available for Maarten Collection.
