## Steelcase

# Worktools Worktools Intro Collection

From good lighting to organizers to user control at the desk, every item counts toward a productive, comfortable and beautiful set up. The Steelcase Worktools Intro Collection presents simple, affordable accessories that transform any space into your perfect office.

Curated from our portfolio, the Worktools Intro Collection includes these featured accessories.

#### LED Intro Task Light

Shed light on the subject at hand. The LED Intro Task Light provides high quality illumination at a friendly price point. Available in a single or dual-arm configuration, with three finishes and a transitional look that works everywhere, this light is always a bright idea.

#### **CF Series Intro Monitor Arm**

Position work right where you need it. The sleek design of the CF Series Intro Monitor Arm is at home in any setting. Advanced features allow for precise adjustments to support your preferences and healthy postures.

#### **SOTO Worktools**

Keep things tidy and convenient. Round up and organize your supplies right where you need them to stay productive. SOTO Personal Hook keeps bags, keys and headsets off your desk and within arm's reach for convenience.

#### **Powerstrip Intro**

Power your devices, monitor, or LED Intro Light. Powerstrip Intro puts convenient desktop power within everyone's reach. Simple and hardworking, it's available in multiple power with USB-A and USB-C configurations and two classic finishes.
