

Steelcase Series[®] 2

Attainable Style

Steelcase Series[®] 2 offers attainable performance with a boost of expression. The geometric back design comes in – standard or quilted upholstery, 3D Microknit, and Air Back options.

Steelcase[®]

Get to know your Steelcase Series 2

We're working toward better futures for the planet by recognizing our role in climate change and reducing our environmental impact. We do this by making, sourcing and delivering seating products that help reduce our carbon footprint, are designed for circularity, and use materials that were chosen responsibly. Steelcase Series® 2 was designed for circularity and easy redesign, as the back upholstery can be easily replaced instead of replacing the entire back frame.
