

Coalesse Seating Specification Guide

Availability

Electronic price list updated with release 202.A (U.S.) dated June 16, 2025.

This specification guide reflects PL202 pricing. All contract list prices will be PL202 plus 4.72% added to the list prices shown (round to two decimal places).

All specifications subject to change without notice. Reference the electronic catalog/Hedberg for current pricing.

Transitional products in this specification guide are **maintained for existing customers only** and are likely to be phased out over time. These products are indicated with a **Ⓜ**. Products that are scheduled to be culled are indicated with an **ⓧ**, followed by the last order entry date.

► For a list of all trademarks, refer to the last page of this specification guide. © 2025 Steelcase Inc.

For NASPO ValuePoint Contract Pricing

Calculate in the following order to avoid rounding errors:

- Multiply the base price and each option by the 4.72% factor.
- Round each to the nearest penny (round to two decimal places).
- Add base and options for total list price.

Ordering and Warranty

How to Order

Coalesse furniture is available through authorized dealers and retailers. Select products are available for order from our web site. The authorized dealer can help you with everything from surface material selection and order placement, to specialized services, such as space planning and design, delivery and installation. Best of all, they are part of your local community, providing expert advice with a thorough understanding of local needs. For more information and a listing of dealers and retailers, visit www.coalesse.com or call 1.800.627.6770.

Coalesse reserves the right to limit distribution of any or all models.

Credit, Prices, and Terms

Credit may be established upon acceptance of satisfactory references. For payment terms, contact Coalesse's Credit Department. Coalesse may cancel or change credit terms at its discretion and may request advance payment at any time.

The order confirmation will be deemed by the customer and by Coalesse, as the final expression of agreement and will be deemed the exclusive statement of terms. The order confirmation supersedes all prior writings and may not be modified or rescinded, except by a revised Coalesse order confirmation signed by the customer. No changes are binding on Coalesse until delivery of the order confirmation. Any storage charges and applicable sales taxes are in addition to the prices shown for merchandise. Inside delivery, uncartoning and installation are customer's responsibility unless separately quoted. All list pricing shown includes freight prepaid to one destination for delivery in the 48 contiguous United States. Hawaii and Alaska are not included. We reserve the right to increase prices without notice due to increases in labor and material costs. If timely payment is not made, customer is liable for reasonable collection costs, including attorney's fees.

Shipping and Storage

Coalesse reserves the right to select carrier and packaging method. Partial shipments may be delivered. Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control. Coalesse may transfer merchandise to storage if not accepted when shipment scheduled. Transfer and storage charges will be the customer's expense. Coalesse's invoice is payable upon transfer. If transfer is made prior to confirmed shipping date, storage expenses will be borne by customer.

Shipping charges MAY be calculated per order. Lead times vary by product. Coalesse reserves the right to select carrier. Partial shipments may be delivered. Coalesse will make every effort to provide current and accurate lead time information, however, Coalesse is not liable for delays or delivery failure due to strikes, lockouts, labor, or transportation difficulties, failure or delay of supply sources, accidents, fire, acts of God, or any other cause of like or unlike nature beyond Coalesse's control.

Freight is included on domestically manufactured products within the 48 contiguous states of the United States.

Claims

Merchandise shipped from Coalesse is thoroughly inspected and properly packed before leaving the factory. Responsibility of its safe delivery is assumed by the carrier at the time of shipment. Customer must match the freight delivered with the bill of lading. Customer must examine packaging material upon delivery and note any damage on the carrier bill of lading. If there is damage to the packaging material, inspect the furniture immediately. If concealed damage is found, contact the carrier within 10 days of delivery date. Save all packaging materials until after inspection.

Freight damage and claims must be reported by the purchaser to the carrier. Coalesse is not responsible for freight claims. Claims for loss or damage must not be deducted from our invoice, nor payment withheld awaiting adjustment of such claims. Do not return any merchandise to Coalesse without a Return Authorization number. By following these procedures carefully, Coalesse guarantees our full support of your claims to protect you against loss or damages. All claims against Coalesse for errors or shortages must be made by customer in writing within fifteen (15) days after delivery. Failure to make claims within fifteen (15) days constitutes acceptance of merchandise and waives claims. Cutting of textiles deems acceptance of yardage and waives all defects, errors, and shortages. Coalesse is not liable for subsequent damages.

Special/Custom Products

Coalesse prides itself on being responsive to our customer's needs. Contact our Customer Service team at 1.800.627.6770 to discuss a special opportunity. Due to product modifications and engineering time, special orders may not be cancelled. Charges will apply.

Ordering and Warranty

Order Cancellations/ Changes

All order change/cancellation requests must be submitted using the Coalesse order change/cancellation request form. Late changes could jeopardize the committed delivery of an order.

Coalesse Rapid10 programs no change or cancellations allowed.

Coalesse Products:

- No charges will be assessed for change or cancellation 14 or more calendar days prior to the manufacturing completion date (excludes holidays and/or large quantity project size orders). For import products, charges may apply.
- No manufacturing changes are allowed 0-13 calendar days prior to the manufacturing completion date. Simple changes including shipping address changes are subject to approval but will be accommodated when possible.
- No cancellations or product changes will be accepted for quick ship or special/custom product orders including special laminates. A cancellation fee will be applicable for any custom product and/or change may jeopardize lead time.
- If COM/COL has been received at time of change or cancellation, it is the dealer's responsibility to advise disposition or return of materials. Coalesse will not store materials after 30 days.

Additional Charges

- Changes or cancellations that involve any of the following may be subject to a charge earlier and/or greater than shown above: Special engineering product, CSM, pre-ordered components, materials with extended lead times (e.g., veneers, special paint, etc.) or large quantities of standard materials.
- Use our Order Change/Cancellation Request Form for all order changes. It is Coalesse responsibility to accurately process change order requests. It is the dealer's responsibility to verify that we have accurately interpreted your change requests by checking the acknowledgment after the change has been made. If you do not use the web-based change order form process and an error occurs during our translation which cannot be corrected prior to ship, all costs will be shared on a 50/50 basis. Changing ship dates or adding product to your order is subject to the availability of manufacturing capacity.
- Cartoning changes and shipping address changes are subject to approval and to a change charge. Please consult your Customer Service for specific information pertaining to your order.

Reserved Fabric Policy

Prior to order receipt, reserving textiles (COM/COL, Maharam, Designtex, and select Luna Select Surfaces) is the responsibility of the dealer. Coalesse cannot reserve textiles based on projected orders. Coalesse cannot guarantee Maharam or Designtex fabric availability. If dealer reserves Maharam or Designtex textiles, Coalesse will require the reserve number and zip code for locating purposes when ordering.

Schedule Enhancements

Coalesse will entertain schedule enhancements on a case-by-case basis; however, please understand that we must receive complete information such as installation date, opening date in order to make informed scheduling decisions.

No order move-ups or move-outs are allowed on any order that falls within the 15-working day period of its manufacturing completion date. If it is within the 15-working day period, Coalesse will invoice at shipment but may offer storage options at a charge for manufactured product.

Rapid10

The Coalesse Rapid10 program provides a broad selection of our most popular seating, outdoor furniture, and tables with expedited manufacturing. To view and specify products that are included in the Coalesse Rapid10 program, please refer to the *Quick Ship Guide*. The comprehensive Coalesse offering in this program can easily provide a range of solutions for any setting. Coalesse Rapid10 is designed for clients whose needs require fast delivery of products. All products are made-to-order and ship in 10 business days and typically deliver within 15 business days.

Warranty

For warranty information, please go to <http://www.coalesse.com/warranty/>.

Sustainability

Sustainability

At Steelcase, we believe business can be a force for good. We create long-lasting products that are better for people and better for the planet. Our products and operations use life cycle thinking to meet our commitment to reducing climate change. This commitment is reinforced by practices such as designing to minimize global warming and other life cycle impacts, ensuring material health, and enabling end-of-use strategies.

To learn more at a corporate level, visit: <https://www.steelcase.com/discover/steelcase/esg-overview/environmental/>

Product Environmental Profiles, which provide key environmental attributes such as recycled content, embodied carbon and recyclability, as well as product certifications can be found by searching for Steelcase at *Origin.build*.

Await Lounge System

DESIGN E00S

The Await lounge system

is the perfect solution for a variety of settings. Its staggered ganging capabilities offer versatility and functionality in transforming spaces.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Upholstery features a topstitch detail.

Legs are black, high-density polyurethane resin with non-adjustable glides. Floor mount legs available.

Freestanding tables and connector tables feature a High-Pressure Laminate top with a 3 mm edge band. ½" thick glass top with radiused edges is also available.

Seat features multiple densities of polyurethane foam and spring packs for added comfort.

Casters are standard on ottoman and are non-locking.

Connector tables attach to seating units with ¼" ganging plates. Power/data modules are also available.

Await Lounge System

DESIGN E00S

Product Details

Lounge is available in 3- or 4-seat.

4-seat bench provides a backless seating option.

Connector benches are available in 1-, 2-, and 3-sections and feature a fixed seat with top and double needle stitching on seams. Ganging kit is available.

Freestanding tables are 15 $\frac{3}{4}$ " diameter, and available in two heights: 19"H and 25"H. Standard with silver frame.
► See *Coalesse Tables, Storage, and Accessories Specification Guide*.

Connector tables are 4 $\frac{1}{2}$ "W and comes in three diameters: 20"D, 28"D, and 42"D; and in two heights: 15 $\frac{3}{4}$ "H and 25 $\frac{3}{8}$ "H. The tablet is 15 $\frac{3}{4}$ " diameter and $\frac{1}{4}$ " thick. Bottom connecting ganging plate is standard. Power/data module is available. Panels are available in black, white, or gray.
Tip: Connector tables are not made for ganging to Await mobile ottoman.

Ottoman standard with non-locking casters.

Bix Lounge System

DESIGN METRO DESIGN GROUP

Bix offers a system that can create a variety of lounge-based applications that address group or individual work needs. Each application provides convenient connections to power, voice, and data.

Collaborative meeting space created with Bix furniture offers a sense of enclosure without walls for collaborating and provides social and physical comfort.

Actual Dimensions
► See page 39

Bix Lounge System

DESIGN METRO DESIGN GROUP

Product Details

Individual work-booth area provides an alternative to a confined workstation. It offers a semi-private setting for temporary tasks that require projects to be spread out. It is created by grouping two straight sectionals or lounge chairs with a 27"H work-booth table.

Lounge chairs are available with or without upholstered back screens.

Sled lounge chairs feature a compact base that is designed for small spaces or to be used flush against the wall. They are available with or without upholstered arms or a tablet arm.

Sectional seating is offered in corner, extended corner, and straight units to provide a variety of configurations. Some styles are offered with or without back screens. All sections include an integrated ganging device. Corner sectional units are handed. Handedness is determined by the location of the back screen or back support legs.

Bench provides a backless seating option. It can also be used as an alternative soft occasional table.

18" seat height is an available option on all lounge, sectional seating, and bench. This option should not be used in conjunction with work booth tables. It allows a higher sit for health-care applications.

Multiple fabrics can be specified on lounge and sectional seating units for an additional fee per specified fabric.

- Seat cushion and sides of seat cushion - no additional fee
 - Back cushion and sides of back cushion - additional fee
 - Back screen (if selected) - no additional fee
 - Armrest (if selected) - no additional fee
- See *Bix Multi-Fabric Diagram and Yardage Request Form*, pages 48 and 51.
- Tip: Fabric for the seat and back is specified separate from the back screen, if selected. For a monochromatic look, specify the same fabric for both the seat and back and back screen.*

Back screen is available on lounge and sectional seating. It is fully upholstered with a zipper detail. However, it is not removable. Back screens must be ordered with the chair. It cannot be retrofitted to an existing backless lounge chair or seating sections.

Connections

Integrated ganging device, included, connects sectional seating units together in the field. It is not intended for user reconfiguration.

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.

► See *Coalesse Surface Materials Reference Guide* for additional information.

Note: Due to unusual upholstery conditions inherent in the design of Bix, not all seating fabrics may be specified. Refer to <http://fabric.coalesse.com/> for a list of pre-approved DesignTex fabrics on Bix. Pre-approval is required for all COM fabric. Also, due to the geometric shapes and flat planes of the Bix design, seat fabric tautness will vary depending upon the amount of stretch in the fabric. Leather naturally stretches with use.

Technical drawings of the 1000 Series storage units. The drawings show front and side views of the units. Dimensions are provided for the units:

- Unit 1000: 24"-27" height, 48" width.
- Unit 1001: 96"-99" height, 72" width.

A variety of configurations may be created by combining sectional seating and 18" high tables. The Bix system is built upon a 12"/24" dimension module for planning. Seats are 24" wide. Rectangular tables are 24" deep. Tables are spaced 12" from seat edges. A 24" opening should be maintained for large 360° group enclaves.

Size: 12' 3" x 12' 3"
Seats: 8 - 10

Bix Lounge System

How To Plan

DESIGN METRO DESIGN GROUP

Configuration guidelines – DON'TS

- Individual lounge chairs are independent elements not designed as a module within the seating system. The lounge chair seat is wider than the 24" system module and lounge chairs do not include ganging hardware.
- Do not create a U-shaped configuration with a 27" high rectangular table. Access to the closed end is difficult and the table edge is too far from reach for the user.

Bix Lounge System

How To Plan *continued*

DESIGN METRO DESIGN GROUP

Orientation & fabric direction

Corner units are handed from a facing position. Location of back-screens should be considered for each configuration. In order to create a consistent pattern across seats in the configuration, seat fabric direction is determined by its relationship to the back-screen or back support legs. Seat and back fabric on 54"W extended corner and straight sections is always railroaded.

Examples below assume a striped patterned fabric:

54"W Extended Corner and Straight Sections

Tip: Seat and back fabric is always railroaded

Bix Lounge System Lounge Chairs

DESIGN METRO DESIGN GROUP

Tip: Fabric for the seat and back is specified separate from the back screen, if selected. For a monochromatic look, specify the same fabric for both the seat and back and back screen.

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: When specifying fabric in different price groups, the highest price group prevails.

Tip: The COM yards and COL square footage listed on this page reflect the requirements for a single fabric that are based on non-directional 54"W material applied railroaded. For multi-fabric COM requirements, please refer to Multi-Fabric Yardage.

*Fabric yardage is based on non-directional/solid fabrics. Use conversion chart on the following page for repeat/printed fabric yardage.

Bix Lounge System Multi-Fabric Yardage

DESIGN METRO DESIGN GROUP

Non-standard fabric requirements

Yardage requirements shown are based on non-directional 54"W material applied railroaded. Coalesse will apply fabric railroaded unless instructed otherwise on the dealer's purchase order. The following conversion chart should be used to determine yardage requirements when COM has a repeat of 2" or more. Please contact Coalesse Customer Service for a yardage quotation if the fabric is less than 54" wide, has a repeat of more than 24", or if the fabric must be cut-right.

CONVERSION CHART

PRODUCT	REPEAT		
	2" - 8"	9" - 14"	15" - 24"
Bix	15%	30%	75%

Yardage quotations will also be provided for order of 10 or more pieces.

Pattern matching on Bix

Due to Coalesse's high standards for pattern matching, we reserve the right to apply the following upcharges for extra labor incurred by a pattern or material that poses such challenges.

Customers will be informed if an upcharge will be applied to their order during the approval process. Should Coalesse receive an order without prior approval, it will be held as pending until the customer accepts such charges. The upcharge will be applied per item where applicable.

Cutting direction guidelines

Cutting direction is based on the fabric width and the way the fabric is cut from the roll and applied to Coalesse products. There are two cutting directions: railroaded or cut-right.

Horizontal or railroaded (across roll, warp horizontal) means fabric is cut across the roll; selvages are on the top and bottom.

Vertical or cut-right (down roll, warp vertical) means fabric is cut in the same direction it is woven; selvages are on the left and right sides.

Coalesse reserves the right to railroad or apply fabric according to weave unless instructions specify otherwise. Fabrics are railroaded when possible to avoid seams in large upholstered areas and/or single cushion units. If a fabric is questionable, a cutting of adequate size showing full repeat (if any) should be sent to Coalesse for a fabric requirement quotation.

Bob Lounge Chairs by Walter Knoll

DESIGN PEARSON LLOYD

Bob lounge chair is well-suited to any professional space with its flared arms, aluminum base (painted or polished), and a coordinating ottoman.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Adjustable headrest has a 2¾" range; also available without headrest.

Glides are a non-marring, black polymer. Optional soft felt glides can be used on non-carpeted surfaces.

4-leg base comes standard with a swivel mechanism. An optional return swivel mechanism is available.

Product Details

Bob Lounge is available without adjustable headrest.

Ottoman is available in matching upholstery.

Surface Materials

► See *Coalesse Surface Materials Reference Guide* for further information.

Upholstery (contrasting fabric available on lounge chairs)

- Fabric
- Leather

Base

- Aluminum matte polished
- Painted aluminum (available on swivel base only)

Program and Services

Customer's Own Material/Leather (COM/COL) Program is available.

Bob Lounge Chairs Multi-Fabric Diagram

DESIGN PEARSON LLOYD

Lounge Seating

Circa Lounge System

DESIGN ALISON SPEAR, AIA

Circa lounge system offers a dramatic, creative palette for configuring signature spaces with a wide array of large and small application expressions, from straight to curvilinear modular lounges and ganging or freestanding tables.

Intermediate tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating units. Shared application is an option.

End-of-run tables are available in laminate (with self-edge) or veneer. Tables come with ganging brackets to attach to seating unit.

Tapered legs are available in solid wood or metal. Solid wood legs are maple or walnut. Metal legs are offered in optional powder coat paint finishes. Tapered legs on lounge pieces support freestanding applications, allowing units to be easily rearranged.

Ganging kit is available to connect units together and maintain alignment.

Freestanding round table is available in laminate (with self-edge) or veneer. Optional center inserts are available: green tinted glass or power/data module (available in black anodized aluminum or silver anodized aluminum).

Circa Lounge System

DESIGN ALISON SPEAR, AIA

Product Details

Cylinder legs are solid oak. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

Modern metal legs are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units, minimizing leg locations and ganging units together, as shown. Legs can also be specified freestanding, supporting individual units that can be easily rearranged.

Tapered legs are available in solid maple or walnut, as well as optional metal in powder coat paints. Tapered legs on lounge units support freestanding applications, allowing units to be easily rearranged.

Cylinder legs are solid oak and are optional. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

Modern metal legs are optional and are available in powder coat paints. Legs can be specified to be shared between adjacent lounge units or freestanding application, allowing units to be easily rearranged.

30° wedge seat is available outside facing or inside facing.

60° wedge seat is available outside facing or inside facing.

60° wedge bench is available and can be used in outside or inside facing applications.

Straight seating available as 1-seat lounge, 2-seat lounge, or bench.

Round ottoman has five legs and is upholstered. Measures 42" diameter and 17"H. Tapered legs have a thin blade aesthetic and are available in solid maple and walnut, as well as optional metal in powder coat paints. Cylinder wood leg and modern metal leg are also available.

Straight, inside, or outside (15° or 30°) armrests can be specified without legs (intermediate) and ganged to adjacent lounge units. Or in end-of-run position, on left or right side.

High and low ganging tables are available in three sizes: straight, 15° wedge, or 30° wedge. Tables can be specified without legs (intermediate) and ganged to adjacent lounge units or in end-of-run position, on left or right side.

High and low freestanding tables are available straight, 15° wedge, or 30° wedge.

Freestanding round table is available in one size, 42" diameter, 15¾"H. Power/data module option available in black anodized aluminum or silver anodized aluminum. The round plate that houses the power module is powder coated to complement the module. Glass insert is available as an option.

Surface Materials

DESIGN ALISON SPEAR, AIA

Circa Lounge System Upholstered Modular Arm Rests—Straight, 15°, 30°, and Ottoman

DESIGN ALISON SPEAR, AIA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Cylinder wood and modern metal legs cannot be in shared position with armrests. The legs will always be on the lounge side.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
► See Coalesse Surface Materials Reference Guide.

Tip: All legs measure 6½" in height.

Tip: The round ottoman has five legs. If metal legs are selected, the upcharge is per leg.

Coalesse Ensemble

General Overview

DESIGN COALESSE DESIGN GROUP

Designed for gathering that really works. Coalesse Ensemble is a fluid, modular lounge system featuring an ingenious, intuitive performance back, proximity to power and companion screens for privacy, and infinite design expression with color, materials, and organic shapes.

Individual modular lounges are available as 1- and 2-seat units that can be ganged together for endless straight-run configurations by using the lounge connector kit. Personalize the lounge with an end of run armrest, metal or wood feet, varying in-line tables and planters, and power.

Standalone lounges are available as 1- and 2-seat units and come preassembled with choice of metal or wood feet. These styles can be specified armless, right or left arm, or with two arms.

Freestanding screens are available in three heights. Low screens are 51 $\frac{3}{5}$ "H, medium screens are 62 $\frac{7}{10}$ "H, and high screens are 78 $\frac{1}{2}$ "H. Screens are available in straight, corner, and J shapes.

Coalesse Ensemble

General Overview

DESIGN COALESSE DESIGN GROUP

Modular design allows individual components to be easily reconfigured by an installer.

Modular lounges can be specified armless, right or left arm, or with two arms.

In-line tables are offered in two shapes: rectangular and square. Tables are standard in High-Pressure Laminate with $\frac{3}{10}$ mm plastic edge and veneer. Optional power module can be specified as a one power or one USB A/C configuration.

Armrest can be specified in end positions only, when next to a lounge unit. An exception is made for an in-line table or planter, which may be specified on the outside of an armrest. An armrest cannot be specified between two lounge units.

Armrests are fully upholstered and 23 $\frac{1}{4}$ "H, from floor to top of armrest.

Feet are available in metal or wood choices. Feet are not included in the modular lounge styles and must be ordered separately.

Adjustable glides are standard on the lounge units. Each glide adjusts $\frac{1}{2}$ ".

Planter is available with two liner inserts for hosting plants, or with one liner insert set within a laminate or veneer surface. Optional power module can be specified as a one power or one USB A/C configuration.

Contrasting fabric is available on seat and back cushions. If armrest(s) are selected, they will match the seat cushion. Note, to have the armrest(s) to match the seat back, or contrast the lounge unit all together, order the end armrest separately (COENLEA).

Lounge power module is ordered separately and can be positioned anywhere along the attachment rail underneath the front lounge seat.

Performance lounge seat back allows user to change from a lounge position to a more upright task position within the same unit. An integrated pull strap is located on the top of the seat cushion. A simple pull activates the movement of the backrest. Release the pull strap to lock the backrest, when your desired comfort level is reached.

Backless bench

Coalesse Ensemble

General Overview *continued*

DESIGN COALESSE DESIGN GROUP

Standalone lounges are available as 1- and 2-seat units and come pre-assembled with choice of metal or wood feet.

Lounges can be specified armless, right or left arm, or with two arms.

Armrests are fully upholstered and 23¼"H, from floor to top of armrest.

Adjustable glides are standard on lounge units. Each glide can adjust ½" for uneven floors.

Performance lounge seat back allows user to change from a lounge position to a more upright task position within the same unit. An integrated pull strap is located on the top of the seat cushion. A simple pull activates the movement of the backrest. Release the pull strap to lock the backrest when desired comfort level is reached.

Power module is ordered separately and can be positioned anywhere along the attachment rail beneath the lounge seat.

Contrasting fabric is available on seat and back cushions. If arms are specified, they will match the seat cushion.

Connectors (ganging kit) are available and work on both modular lounge and standalone styles. Specify the modular lounge styles when looking to connect more than one module together.

Feet are available in metal or wood choices.

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

Product Details

Modular design allows each component to be personalized with varying lounge and table choices. Create endless straight runs and gang them to create non-linear configurations. Individual components are assembled to a steel frame and connect to one another using steel connectors.

Overall depth of each lounge unit, in-line table, and planter is the same due to its modular design, allowing units to easily be reconfigured. Overall depth is 32 1/4".

17" seat height is standard on all seating and benches and pairs with the Lagunitas 26"H work table height.

Armrest can be specified in end positions only, when next to a lounge unit. An exception is made for an in-line table or planter, which may be specified on the outside of an armrest. The armrest extends the overall width of the lounge by 6".

Comfort wrinkles are intended to occur over time to increase the comfort of Ensemble. Very little maintenance is required to reduce the definition; smooth the cushion fabric with a spreading/wiping motion.

Contrasting fabric is available on seat, back, and arm cushions. When selecting contrasting fabric on a single unit with an armrest, the armrest will match the seat. Note, to have the armrest(s) match the seat back, or contrast the lounge unit all together, order the end armrest separately (COENLEA).

Corner and chaise lounge units are handed. Handedness is determined while in the seated position.

Feet are available in solid oak or painted and are specified separately based on desired configuration. Feet are required every 78". It is highly recommended to use CET SmartTools to confirm feet location before ordering.

End feet (A) are specified at the end positions of each configuration.

Middle feet (B) are required for runs that span more than 78".

Performance lounge seat is activated by pulling up on the nylon pull strap. This strap is not specifiable and available only in black nylon.

In-line tables are available in two sizes, 16 3/10"D x 32"W and 32"D x 32"W. The table surface comes standard in laminate with matching 0.6 mm flat edge band profile or wood veneer with matching 1 mm flat wood edge band.

The square in-line table can be specified as a corner module in an "L" configuration. To achieve this, one (1) connector kit and one (1) corner ganging kit is needed.

Planters are available and must be specified with one or two liner inserts. An optional top, available in laminate or veneer, is available with or without power.

The bezel is found on the planter lid when specifying one insert. The bezel is available in milk, black, or graphite.

Planters and in-line tables can be specified at end of run, or in-line to create purposeful separation between lounge units.

Clearance between the floor and rail is 3".

Connections

The connector kit gangs individual lounge, lounge to table, and lounge to planter units together.

Armrest end connector is required only when connecting an in-line table or planter to an armrest. When connecting an armrest to a lounge unit, no additional connectors are needed.

Corner ganging kit is required to create an "L" shaped configuration.

Coalesse Ensemble General Overview *continued*

DESIGN COALESSE DESIGN GROUP

Wiring & Cabling

Lounge power modules are ordered separately and can be positioned anywhere along the attachment rail underneath the front of the lounge seat.

Configurations available:

- 2 power,
- (1) USB A + (1) USB-C
- 1 power,
- (1) USB C single 60W

Lounge power module is available in black.

The power and USB power module options are located 3" from the floor.

Lounge power modules have a 72"L cord with a 15-amp plug and contain wire manager clips to route cord under seat when desired. USB C single 60W can charge tablets and laptops.

Single power or USB power module are available and can be specified with in-line tables and the planter. It comes with a 120"L power cord with 15-amp plug. The USB module has one USB A and one USB C 5V charging port. If a single USB module is specified, the 15-amp plug includes a built-in transformer measuring 2 1/8"D x 1 1/4"W x 3 1/2"H. The power modules are available in milk, black, or graphite.

Planters route cables and cords from the table surface through the metal structure, and out through the planter base. Cords can be concealed in the planter base.

Power location on the rectangular in-line table and planter is 7 1/2" from the front edge of the table surface.

When power is specified on the square in-line table, the power module is located in the center of the table.

The direction of the fabric or pattern always cuts in the across roll (horizontal) direction. The exception is the armrest, which is always upholstered in a down roll (vertical) direction.

Coalesse Ensemble General Overview

DESIGN COALESSE DESIGN GROUP

Coalesse Ensemble Freestanding Screens

DESIGN COALESSE DESIGN GROUP

Freestanding screens are available in three heights, 51 $\frac{2}{5}$ "H, 62 $\frac{7}{10}$ "H, and 78 $\frac{1}{2}$ "H. Screens offer privacy, reduce visual distraction, and provide purposeful space division and shielding in the open plan.

Screens are available in straight, corner, and J shapes.

Screens are sized to work best when paired with Ensemble Lounge, but can be paired with other products.

Screen heights are optimized for various applications: 51 $\frac{2}{5}$ "H works best with lounge-height seating, 62 $\frac{7}{10}$ "H works best with standard seated-height tables and seating, and 78 $\frac{1}{2}$ "H is best paired with standing-height tables and stools.

Nesting base can be specified with any screen shape or size and allows two screens to nest together. Note that the bases DO NOT attach to one another; they simply nest together to create a more streamlined look.

Glides on bottom of freestanding screen are non-adjustable.

Coalesse Ensemble Freestanding Screens

DESIGN COALESSE DESIGN GROUP

Product Details

Contrasting fabric is available. The primary panel is identified as the larger panel; the secondary panel is identified as the smaller panel. On the J and corner screens, the primary panel will always be the straight section of the screen.

Fabric panels are joined together by a zipper, concealed behind fabric. This zipper color is not specifiable and is available only in black.

Fabric is applied in an across roll/vertical direction. Due to the size of the screens, fabric is unable to be applied in a down roll/horizontal direction.

Ensemble screens were designed for stationary use. The screens may be moved when lifted and carried; they are not designed to be dragged. Excessive handling may result in the fabric panel(s) becoming loose around the frame, resulting in wrinkles.

Surface Materials

Screen

- Fabric

Approved fabrics include:

- Designtex Billiard Panel
- Designtex Mateo
- Designtex Rocket
- Steelcase Billiard Multi-Use by Designtex
- Steelcase Dovetail by Designtex
- Steelcase SoftNext

Fabrics can mix and match with the exception of Designtex Mateo. If specifying Designtex Mateo for the primary or secondary panel, the opposite panel must also be specified Designtex Mateo. Do note that a change in colorway is acceptable.

Base

- Metal, painted steel

Coupe/Coupe Grande/Mobile Lounge Seating

DESIGN DENNIE PIMENTAL / JOHN DUFFY

Coupe offers versatile lounge seating that is adaptable to multiple environments and spatial needs.

Frame is a unibody construction of hardwood and plywood.

Arms are fully upholstered and 22"H from floor.

Fully upholstered seat is constructed using multiple densities of laminated polyurethane foam and polyester fiber, featuring a top stitch detail.

4-leg base includes non-marring, non-adjustable glides. Standard solid beech wood legs, also available in brushed aluminum, powder coat, or clear acrylic as options.

Product Details

Coupe Grande's mobile chair is available with swivel hard casters with locking and non-locking wheels, or soft casters for use on hard floors. Optional tablet arm available in laminate 13 1/2" diameter.

Surface Materials

► See *Coalesse Surface Materials Reference Guide* for further information.

Coupe Grande/Mobile Lounge Seating

DESIGN DENNIE PIMENTAL / JOHN DUFFY

Davos Lounge Seating by Viccarbe

DESIGN JEFFREY BERNETT

Elegantly contemporary, Davos is a natural for social spaces. Configure the lounge with benches in a lobby, lounge, or living room setting.

Frame is constructed of hardwood.

Seating is fully upholstered with a top-stitch detail and has an option for contrasting upholstery on the underside.

Metal glides are non-adjustable.

Product Details

Benches are available in three sizes: the small bench measures 18"W, the medium bench measures 38"W, and the large bench measures 59½"W. All benches are fully upholstered with the option for contrasting upholstery on the underside.

Top-stitch detail is featured on the back cushion and arm of chair.

Hosu Lounge Seating

DESIGN PATRICIA URQUIOLA

Hosu lounge seating offers a comforting, personal space to relax and get things done.

Fully upholstered with contoured backrest cushion and frame which allows back to flex to support user's back shape.

Attached lumbar pillow is 3" thick in coordinating upholstery.

Pockets on side and rear for additional storage are standard.

Glides are non-adjustable.

Product Details

Lounge seating is available as a fixed single seat lounge or with a convertible chaise foldout. A fixed 2-seat lounge is also available.

Storage pockets are located where the seat, backrest, and base wrap come together. Large pockets in the rear are ideal for holding magazines, and smaller pockets on the sides are sized appropriately for handheld devices. Cable pass-through holes are in the rear of the seat.

Convertible lounge converts to an extended low lounge with chaise ottoman using a webbed pull tab. The pull tab is available in red, blue, or black. The footbed surface is fusion fabric or leather.

Hosu Lounge Seating

DESIGN PATRICIA URQUIOLA

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Vinyls will produce more wrinkles than other textiles.

Tip: Recommended leathers are Elmosoft group 1 and Elmorustical group 2.

Tip: Frame design allows back to flex to support occupants back shape.

Tip: Due to the design and construction techniques of Hosu lounge seating only certain textiles can be successfully applied, therefore all COM fabrics must be submitted to Coalesse for approval prior to order acceptance.

Tip: Hexa fabrics (fabric group 10) were specifically designed by Patricia Urquiola for Hosu lounge seating.

► See *Coalesse Surface Materials Reference Guide* for complete listing of Hexa fabrics.

Hosu Lounge Seating

Multi-Fabric Diagram

DESIGN PATRICIA URQUIOLA

Jean Nouvel Seating Collection

DESIGN JEAN NOUVEL

Elegantly proportioned and comfortable lounge seating by renowned architect Jean Nouvel for social and collaborative spaces. Three seating elements: a sofa, a lounge chair, and a tête-à-tête, plus an ottoman comprise the collection.

All Jean Nouvel seating collection components are upholstered.

A swivel return option is available on the lounge chair. Glides are black plastic non-adjustable.

Jean Nouvel tête-à-tête allows two users to collaborate or work individually.

Glides are black plastic feet and non-adjustable.

Product Details

Designed to work well with all three Jean Nouvel seating products, the ottoman provides additional support in lounge posture.

The sofa comfortably sits two people.

The tête-à-tête lounge sits two users in individual seats but within the same lounge piece.

The swivel-return cylinder option on the lounge has a built-in memory and will return to the fixed position when the user leaves the chair.

Joel Lounge Chair by Walter Knoll

DESIGN EOOS

The Joel lounge chair is a new take on the classic club chair - refined, modern, and comfortable.

Arms are integral to backrest with no seams for added comfort.

Swivel-return base with auto-return mechanism returns chair to front-facing alignment.

Frame is a two-piece construction. The seat is plywood and the back is steel for increased durability.

Disc base is $\frac{5}{16}$ " thick, with a chrome plated steel cover with plastic glides.

Product Details

Integral arms provide added comfort for a range of postures.

Lounge Seating

Lagunitas Lounge System

DESIGN TOAN NGUYEN

The Lagunitas lounge system

offers a wide range of highly customizable settings, bringing a new level of versatility to all the ways we work. Lagunitas adapts to changing work styles and shifting postures. Lagunitas utilizes a full range of design expressions with benches, lounge pieces, and tables. Fabric and knit, combined with high and low panels, allow for a full range of aesthetic and functional possibilities. Benches complement the range of lounge pieces. Work, occasional, and personal tables are curated to work specifically with Lagunitas lounges and benches. Integrated power options for the lounges, benches, and tables are available. Lagunitas supports existing and emerging work activities in an endless number of social, collaborative, and personal settings.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

All corners are standard with a stationary corner cushion for all 2- and 3-seat lounges and chaises. Arm cushions are optional on units with left- and right-hand screens to allow for articulating backs on all back cushions.

Welt cord is standard on fabric screens and will match the outside screen fabric selection if contrasting is selected.

Seat deck is available in knit or fabric and must be same material as the screen.

Lounges and chaises are standard with two glides per screen section or seat deck. Each glide can adjust $\frac{1}{2}$ " for uneven floors.

Lounges and benches are offered in 1-, 2-, and 3-seat models. The chaise is offered in 2- and 3-seat models. The corresponding table offering works with the seating dimensions for complete systematic compatibility.

Screens are available in two heights for lounges and chaises. Low-back screens are 26 $\frac{3}{4}$ "H and high-back screens are 50"H. Overall height of low-back units is 32 $\frac{3}{8}$ ".

Screens are available in knit or fabric.

Articulating back is standard on lounges and chaises which allow user to change from a lounge position to a task position within the same unit. An integrated pull at the top and bottom intuitively identifies the back and aids in the function of the back.

Lounge units can be connected together to create permanent connections for L- and U-configurations. The alignment connector bracket package includes two brackets to connect the seat decks and one screen alignment clip to keep the screens aligned.

Tables are offered in three types; work, occasional, and personal tables. 26"H table dimensions are curated to work with the lounge pieces for optimal compatibility. 28 $\frac{1}{2}$ "H work tables are compatible with standard height seating. ► See *Coalesse Tables, Storage, and Accessories Specification Guide*.

Table bases and columns are standard in powder coat paint.

Work and occasional table tops are standard in High-Pressure Laminate with a 3 mm plastic edge or wood veneer with a 3 mm matching edge profile.

Table glides are non-adjustable and are clear plastic.

Personal table tops are standard in High-Pressure Laminate with 3 mm plastic edge or Fusion fabric.

DESIGN TOAN NGUYEN

Product Details

1-seat lounges are available in low- and high-back screens. Screens can be back only or back and left- and right-hand screens. 1-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushion, and articulating back cushions. Fabric or leather end arm cushions are available.

2- and 3-seat lounges are available in low- and high-back screens. Screens can be back only or back with left- or right-hand screens, or back and left- and right-hand screens. 2- and 3-seat lounges are standard with upholstered fabric or knit screen(s), fabric or knit seat deck, fabric or leather seat cushions, fabric or leather articulating back(s) and or corner cushion(s). Fabric or leather end arm cushions are available.
Tip: Handedness is noted by seated position.

2- and 3-seat chaises are available in low- and high-back screens. Screens are back and left- or right-handed. 2- and 3-seat chaises are standard with upholstered fabric or knit screens, fabric or knit seat deck, fabric or leather seat and corner cushion.
Tip: Handedness is determined while in the seated position.

Benches are available in 1-, 2-, or 3-seat models. Benches are standard with an upholstered knit or fabric seat deck and a fabric or leather seat cushion.

Lagunitas focus nook is available with 50"H high-back screens and is offered in two types of materials, knit and fabric. The worksurface is 28½"H and is compatible with standard height seating. Worksurface is available in laminate with matching or complementing 3 mm flat edge band profile; or wood veneer with matching 3 mm flat wood edge band. Optional lighting grommet and power are specifiable on the left or right side of the worksurface.
► See page 178.

Screens are offered in two types of materials, knit and fabric. The knit panels allow for some transparency and light to pass through the panels. The fabric panels can be either monolithic (non-contrasting) or can be specified in differing finishes (contrasting) for the inside and outside of the screen.
Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

Seat deck is offered in two types of materials, knit and fabric. The seat deck material must match the screen material. If knit is specified on the screen, the seat deck will be applied automatically to the screen choice. If fabric is specified, seat deck must match either the inside or outside screen finish if contrasting is selected. When non-contrasting fabric screen is selected, seat deck will match screen fabric.

A welt cord is standard on all fabric specified screens and seat decks. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen specification when contrasting screens are specified. For non-contrasting screens the welt cord matches the screen specification. The knit screen and seat deck does not require a welt cord.

Lagunitas Lounge System *continued*

DESIGN TOAN NGUYEN

Screens and seat deck can be specified in:

- Knit
- Fabric (one fabric choice)
- Contrasting fabric (must be from fabric family)
 - Inside screen
 - Outside screen
 - Seat deck must match either the inside or outside fabric choice

Tip: Leather and vinyl are not approved for the screen(s) and seat deck. Consult the fabric database for fabric approvals.

Tip: It is important to understand the seat deck implication for contrasting fabric selection when two or more pieces are attached or adjacent to each other. The seat deck for contrasting fabric specification is either the outside screen (top example) or inside screen (bottom example).

Seat back and seat cushions can be specified in:

- Fabric or leather (one fabric choice)
- Contrasting fabric or leather
 - Seat backs
 - Seat cushion
 - Top and bottom pulls on articulating back cushion(s)

The seat back, seat cushion, as well as, top and bottom pulls on the articulating back can be specified in fabric or leather. It can be specified as non-contrasting, one finish; or contrasting, finish for back cushions(s) and finish for seat cushion. Specification of back cushion is for all back cushions for that style number. Specification of seat cushion is for all seat cushions for the style number.

Comfort wrinkles are intended to occur over the time to increase the comfort of Lagunitas. Very little maintenance is required to reduce the definition: smooth the cushion fabric with a spreading/wiping motion.

Work tables are available in six differing sizes, ranging from 30"W to 72"W that coordinate with the lounge dimensions to create a variety of social, collaborative, and personal applications. The work tables are available in two heights: 26"H and 28½"H. The work tables are comprised of a single column rectangular base in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band.

Occasional tables are available in two sizes, 32"W and 48"W, that coordinate with the lounge, chaise, and bench dimensions. The occasional tables are comprised of a single column with rectangular base available in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or wood veneer with matching 3 mm flat wood edge band.

Personal table is available in one size. It can easily be moved to your desired location for short term laptop work or simply used to set your coffee. The personal table is comprised of a single column with rectangular base available in powder coat paint and a rectangular table top in laminate with matching or complementing 3 mm flat edge band profile or a Fusion fabric-wrapped surface.

16" seat height is standard on all seating and benches. The 16"H seat height integrates specifically with the heights of all Lagunitas tables. There is an additional 1/4" crown of the seat cushion, which makes it 17 1/4" to work with the 26" work table height.

Two screen heights are available, 26 3/4"H for the low-back screen and 50"H for the high-back screen. Seat back cushions extend above the low-back screen, therefore, the overall height of low-back units is 32 3/8"H. Low-back screens are designed to provide an open environment. High-back screens are designed to provide privacy.

Lagunitas Lounge System

DESIGN TOAN NGUYEN

Seat depth accommodates two depths due to the articulated back design. In the lounge position, the seat depth is 22½"D and in the task position, the seat depth is 17¾"D.

Lounge

Bench

The overall seat depth on benches is 32⅝"D. The overall depth for lounge seating is 34"D.

1-seat lounge, left- and right-hand screens

2-seat lounge, left-hand screen

3-seat lounge

3-seat lounge, right-hand screen

3-seat lounge, left- and right-hand screens

3-seat chaise, right-hand configuration

3-seat bench

Two seat widths are available, 25⅙"W and 32⅙"W. When specifying corner or end cushions, the 32⅙"W module is used. The corner cushion and end cushion account for 7⅙" of the 32⅙" width, equating to the same seating space as the 25⅙"W module.

Exception: 1-seat lounge with three screens has an overall width of 46⅞" allowing for a seating space of 32⅙"W.

An additional 1⅓" thickness for each end screen or corner is added to the seating width to obtain the overall width of the product.

Corner cushions are standard when specifying two or three screens with closed end(s). Corner cushions are fixed and do not articulate.

Two end cushions with two articulating backs

Two corner cushions

Two end cushions with three articulating backs

Two corner cushions with middle articulating back

Two corner cushions or two end cushions are available on all 2- and 3-seat lounges when back, left- and right-hand screens are specified. If articulating backs are specified, end cushions are required.

Lounge position

Task position

The articulating back is standard on all lounges and 3-seat chaises (2-seat chaises are only available with a corner cushion). The articulating back allows the user to easily change postures from a lounge position, when the back cushion is fully upright, to a task position, when the seat back is articulated down. Simply use the integrated pulls, one at the top and one at the bottom, to position the seat back to the desired position. The articulating mechanism is completely hidden behind the back cushion, and attaches the cushion to the seat frame.

Pulls at top and bottom of all articulating backs aid the user to change from a lounge position to a task position and back to the lounge position.

Glides adjust ½" for uneven floors. There are two glides per screen and/or seat deck. Glides have a metal rounded foot.

Space is available under the seat deck of all Lagunitas seating to provide a place to temporarily store personal items. The clearance height, without power module(s), is 10¾" and the depth is 32⅙".

Work tables are available in two heights: 26"H tables are optimized to work with the lounge seat height, while 28½"H tables work with standard height seating.

Occasional tables are available in one optimized height, 16"H, to work with the lounge seat height.

Lagunitas Lounge System *continued*

DESIGN TOAN NGUYEN

All work and occasional tables have a rectangular metal base with a centered column. The 3" column includes a cone at the top that attaches to the work surface. There are five rectangular base dimensions:

16"D x 23 5/8"W x 3/8"H for 18"D x 32"W, 24"D x 30"W, and 24"D x 36"W work tables; 16"D x 31 5/8"W x 3/8"H for 18"D x 48"W occasional table; 21"D x 28 1/2"W x 3/8"H for 36"D x 40"W and 36"D x 48"W work tables; 21"D x 35"W x 3/8"H for 36"D x 57"W x work table; and 21"D x 35"W x 1/2"H for 36"D x 72"W x work table

The personal table is available in one height, 25"H, to work with the lounge seat height.

The personal table has a rectangular metal base with the column centered at the back of the base. The 1 1/4" column includes a flat plate at the top that attaches to the underside of the top. The base plate dimension is 10 3/4"D x 15 3/4"W x 3/8"H.

Non-adjustable 3" diameter plastic glides are standard on all tables. Glides are 3/8" thick for the 36"D x 72"W table; 1/2" thick for all other work and occasional tables; and 1/4" thick for the personal table. For all work and occasional tables the glide height is needed to route cords.

Tables are standard with a knife edge profile, that has the appearance of a 1/2" thick top that tapers to an overall top thickness of 1 1/8".

High-Pressure Laminate tables are standard with a matching or complementing 3 mm flat edge band. Wood veneer tables are standard with a matching wood 3 mm flat edge band. The underside of the table top is finished in black.

Specials are possible with Lagunitas. To confirm practicality and obtain a quotation, contact Customer Service at 1.800.627.6770.

Connections

Alignment connector bracket package includes two seat attachment brackets and one screen alignment clip. The alignment connector bracket package is used when permanent connection is needed for L-, U-, and straight configurations of two or more pieces. The screen alignment clip is not needed for any bench connections, only the two seat attachment brackets would be utilized. The alignment connector bracket package should not be used if reconfigurations of the furniture pieces are required.

Attachment brackets for screen connection to seat deck must be specified in either platinum matte or low gloss black. Along with the brackets, the entire frame underneath will be painted to match the bracket finish specified.

Brackets can be specified in:

- 4710 Low Gloss Black paint (for dark color fabrics)
- 4141 Platinum Matte paint (for light color fabrics)

Lounge booth connector screen comes with two bottom brackets and two screen ganging alignment clips. The bottom brackets can be specified in either 4710 Low Gloss Black Paint or 4141 Platinum Matte Paint. The paint should match the bracket specification of the lounge.

Power, Data, Wiring & Cabling

Optional power can be specified on all seating components (lounge, chaise, and bench):

- The power module consists of two power outlets.
- The USB power module consists of one USB A+C 20W port and one power outlet.

Power modules can be positioned anywhere along the attachment rail underneath the front lounge seat.

Power modules are available in black. One optional power module is available on 1-seat lounges. One or two optional power modules are available on 2- and 3-seat lounges.

The power and USB power module options are located 7 1/2" from the floor.

The power module has a 72" L cord and contains wire manager clips to route the cord underneath the seat deck when desired.

Lagunitas Lounge System

DESIGN TOAN NGUYEN

The power module cord is routed to the back utilizing clips attached to the underside of the lounge. The cord is then routed between the gap where the two screens meet when wall plug in access is needed.

A metal grommet is an option on all work and occasional tables. The 3" grommet is flush-mounted and located in the center of the table top over the cone and column. The metal grommet is available in anodized silver only.

Round power modules are available on the focus nook, and all work and occasional tables. On the focus nook worksurface, the power module is specifiable on the back right or left side. On the tables, the power module is located in the center of the table top over the cone/column. The 3" power module features tamper resistant power simplexes, an 8' L power cord with 15-amp plug, and is available in four colors.

The round power modules are available in three configurations:

- Two TR simplex receptacles
- One TR simplex receptacle and two USB A charging ports
- One TR simplex receptacle, one USB A charging port, and one USB C charging port

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

PowerPod grommet and stop is an option on all work and occasional tables. The grommet is located in the center of the table top over the cone/column. The stop attaches to the column to help hold and route cords and cables through the column. The grommet and stop cap are available in black or milk.

The grommet allows for pass through of cords and cables at the desktop. The grommet is open to allow for the PowerPod to be housed over or stored on the table. The grommet inside dimension is 3 1/2" and outside dimension is 5 1/16".

PowerPod includes six 15 amp outlets with an energy saving illuminated on/off switch. It comes with a 6' cord with three prong plug. The top tray is milk and the power source is silver with a milk face. It is UL and CSA listed.

Tip: PowerPod is sold separately.

The contour of the PowerPod bottom cradle is designed to work in conjunction with the grommet for a snug fit or can be used independently without a grommet.

Work and occasional tables route cables and cords from the desktop through the column out through the base. Cords can be concealed in the cone.

Tip: A powerstrip cannot fit inside the cone.

Tip: If a desktop device is desired, other than the standard PowerPod or power module, consult Specials engineering for capability.

Surface Materials

Screen(s) and seat deck:

- Knit
- Fabric (contrasting and non-contrasting - contrasting must be same fabric family)

Seat and back cushion(s), contrasting and non-contrasting:

- Fabric
- Leather

Lounge attachment brackets and frame:

- Paint

Lounge glides:

- Non-specifiable plated metal

Lounge power and USB power modules (options):

- Black powder paint with black receptacles

Work and occasional table top surface:

- Laminated with matching or complementing 3 mm plastic edge band
- Wood veneer with matching 3 mm wood edge
- Custom wood finish (option)

Table base (cone or plate, column, and bottom plate):

- Paint

Table glides:

- Non-specifiable clear plastic

Metal grommet (option):

- Non-specifiable (anodized silver)

PowerPod grommet and stop cover (option):

- 6000 Black plastic
- 6052 Milk plastic

Table power modules:

- 4013 Silver/Black (silver powder paint with black receptacles)
- 4180 Graphite Matte
- 4242 Milk Matte
- 4710 Low Gloss Black

Personal table top surface:

- Laminate with matching or complementing 3 mm plastic edge band
- Fusion fabric

Tip: Refer to the Coalesse Surface Materials Reference Guide for additional surface materials information.

Lagunitas Lounge System *continued*

DESIGN TOAN NGUYEN

Laminates are available in two standard groups. Additional laminates from any manufacturer may also be practical—see *Other laminates* below.

Group 1 laminates include:

- Coalesse standard laminates
► See *Coalesse Surface Materials Reference Guide*.
- Steelcase standard laminates (code 290A)
► See *Steelcase Surface Materials Reference Manual*.
- Any standard-grade Wilsonart laminate in solid color, woodgrain, or pattern finish (code 290A)

Group 2 laminates

(code 290B) include any standard-grade, solid color, woodgrain, or patterned laminate from Nevamar (includes Matrix), Formica, or Pionite. Group 2 laminates may have extended lead times. For details, contact Customer Service at 1.800.627.6770.

Other laminates that are not included in the Group 1 or Group 2 offerings may also be available, such as Abet Laminati and Laminart. To determine availability and pricing, contact Customer Service at 1.800.627.6770, with the laminate manufacturer's name and the name and number of the laminate you want.

Laminate swatches are reproduced in the Surface Materials Color Palettes.

► See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of Coalesse standard laminates are available from your Coalesse Customer Service representative. For samples of laminates from other manufacturers, contact them directly:
Wilsonart
1.800.433.3222
Nevamar
1.800.638.4380

Formica
1.800.FORMICA
Pionite
1.800.285.5161

Tip: Laminate manufacturers change their offerings frequently. Always check availability before ordering.

Wood veneer table tops are fabricated with Architectural Grade AA hand-selected hardwood veneer, plain sliced, book matched, and bonded to the core with a backing sheet for balance. Coalesse's primary wood finish, Clarity, is a water-borne UV topcoat, which protects the environment while providing exceptional durability and resistance to water and chemical stains. Due to natural variations in wood, finished products may vary from samples in color, texture, and grain.

Wood is a natural material; slight variations occur in veneer texture, color, grain configuration, and stain acceptance. Coalesse stains are all applied with an exacting regard for consistency and are well within traditional tolerances for wood products.

Tip: You should know that finished tops may vary slightly in tone or character from each other or from the samples Coalesse produces. No guarantee can be made of an absolutely exact match.

Wood veneer swatches are reproduced in the Surface Materials Color Palettes.

► See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of Coalesse standard wood veneers are available from your Coalesse Customer Service representative.

Additional wood veneer species are available. To confirm availability and to determine pricing, contact Customer Service at 1.800.627.6770.

Stains applied to Coalesse wood veneer table tops are standard with the same stain color applied to both the top and the solid hardwood edge profile. Coalesse strives to produce a consistently high quality product and some natural variation in color is to be expected. This is especially apparent on natural woods which have no stain applied, for example 3525 Natural Maple. This color variation is normal and reflects the unique and natural properties of wood. This should not be considered a defect.

Stain swatches are reproduced in the Surface Materials Color Palettes.

► See *Coalesse Surface Materials Reference Guide* for a list.

Swatch cards and actual samples of standard wood veneers are available from your Customer Service representative.

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.

► See *Coalesse Surface Materials Reference Guide* for additional information.

Lagunitas Lounge System

DESIGN TOAN NGUYEN

Lagunitas offers a wide range of highly customizable settings with varying degrees of privacy and multimodal support that become a desired third place to collaborate, socialize, or focus on personal work as individuals spend less time at traditional workstations and require different postures for working.

Note: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

DESIGN TOAN NGUYEN

► Need help?
Product details,
page 128

Standard Includes

- Screen: group 1 knit
- Seat deck: group 1 knit to match screen
- Non-contrasting seat cushion, articulating back cushion and pulls, back corner cushion, and end arm cushions: fabric or leather
- Bracket: paint
- Six adjustable glides
- Ships assembled

Required to Specify

- 1 Style number
 - 2 Knit color number for screen
 - 3 Fabric or leather color number for non-contrasting seat cushion, articulating back cushion and pulls, and end arm cushions, if selected
 - 4 Paint color number for bracket:
4141 Platinum Matte
4710 Low Gloss Black
 - 5 Options, if selected (see below)
- See *Coalesse Surface Materials Reference Guide*.

Tip: If contrasting screen is selected, it is required to specify whether seat deck finish will match inner screen or outer screen.

Tip: Contrasting fabric for articulating back pulls upcharge is applied one time per style number.

Tip: When contrasting fabric for articulating back pulls is selected, only one contrasting fabric can be specified and will apply to all pulls.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions and ordering information.

► See *Coalesse Surface Materials Reference Guide*.

Tip: For any portion of the product that requires a COM, the additional upcharge is a one time charge per product.

Tip: For any portion of the product that requires a COL, the additional upcharge is a one time charge per product.

Lagunitas Focus Nook

Lagunitas focus nook is a cozy, touch-down destination that offers users a traditional work posture and responds to the demand for privacy and focus throughout the open workspace. The Lagunitas focus nook is infused with the same Lagunitas design aesthetic and surface materials. It is available in a breadth of materials and finishes, inviting expression while optimizing space.

50"H screens are offered in two material types: knit and fabric.

Knit screens allow for some transparency and light to pass through the panels. Available in 17 colors.

Adjustable leveling glides have a range of $\frac{1}{2}$ " to accommodate uneven floors.

Fabric screens are available with non-contrasting or contrasting (inside and outside of the screen) fabric.

Power modules are available for easy access to power.

Cable management tray keeps below surface cords hidden.

Light grommet is available to route on-surface light to the below-surface power source.

Worksurface is $28\frac{1}{2}$ "H and is available in laminate and wood veneer in a wide variety of finishes.

Lagunitas Focus Nook

Product Details

Screens are offered in two types of materials: knit and fabric. The knit panels allow for some transparency and light to pass through. The fabric panels can either be monolithic (non-contrasting) or specified in differing finishes (contrasting) for the inside and outside of the screen.

Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

A **welt cord** is standard on all fabric specified screens. The welt cord finish is non-specifiable and is the same fabric finish as the outside screen when contrasting screens are specified. For non-contrasting screens, the welt cord matches the screen specification. The knit screen does not require a welt cord.

Laminate or wood veneer workspace is standard with a knife edge profile that has the appearance of a $\frac{5}{8}$ " thick top, which tapers to an overall top thickness of $\frac{1}{8}$ ".

High-Pressure Laminate workspace is standard with a matching or complementing 3 mm flat edge band. Wood veneer tables are standard with a matching wood 3 mm flat edge band. The underside of the table top is finished in black.

Knit Screen Surface

Knit screen workspace measures 35"D x 46 1/2"W.

Fabric Screen Surface

Fabric screen workspace measures 35"D x 46 7/8"W.

Glides adjust $\frac{1}{2}$ " for uneven floors. There are two glides per screen. Glides have a metal rounded foot.

Power, Data, Wiring & Cabling

2" light grommet is available to accommodate an on-surface light by routing the on-surface light plug to the below-surface power source. Grommet is specifiable on the left or right side of workspace and is available in three color options.

Round power modules are specifiable on the back right or back left side of the workspace. The 3" power module features tamper resistant power simplexes, an 8'L power cord with 15-amp plug. Plug includes a built-in circuit breaker measuring $2\frac{1}{4}$ "D x $1\frac{1}{2}$ "W x $1\frac{1}{2}$ "H. Round power module is available in four color options, and three configurations:

- Two TR simplex receptacles
- One TR simplex receptacle and two USB A charging ports
- One TR simplex receptacle, one USB A charging port, and one USB C charging port

Tip: USB receptacles conveniently charge a range of electronic devices. Some devices may not be compatible.

Power package is available when light grommet is specified. Power package includes power module with a below workspace convenience outlet to power the available on-surface light and retain a single power cord out. Specifiable on the back right or back left side of the workspace.

Magnetic wire management brackets are black and come standard with the power module and power package to neatly manage the cord to the floor.

Cable management tray neatly conceals below surface cords to the underside of the workspace.

Surface Materials

Screens:

- Knit
- Fabric

Screen attachment brackets:

- 4710 Low Gloss Black

Workspace:

- Laminate with matching or complementing 3 mm plastic edge band
- Wood veneer with matching 3 mm wood edge

Glides:

- Non-specifiable plated metal

Power module and power package (options):

- 4013 Silver/Black
- 4180 Graphite Matte
- 4242 Milk Matte
- 4710 Low Gloss Black

Light grommet (option):

- 6000 Black
- 6052 Milk
- 6D03 Graphite

Cable management tray (option):

- 4710 Low Gloss Black paint

► See *Coalesse Surface Materials Reference Guide* for more information.

Lagunitas Focus Nook

Tip: If a contrasting screen is specified, the fabric must be chosen from the same fabric family.

Tip: Grommets and power devices are specifiable on either the right or left side.

Tip: Power package must be specified when power and lighting grommet is specified.

Tip: Power simplex receptacles are tamper resistant.

Tip: When power module or power package in 4242 Milk Matte is specified, the 8' infeed cord will be white. When any other finish is specified, the infeed cord will be black.

Tip: Power/USB configuration upcharges are in addition to the power module or power package upcharge.

Marien152 Lounge Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. Design personalization is built into the collection through a wide range of upholstery, color, base, and materiality choices. Thoughtful proportions and a signature cushioned back create a comfortable lounge chair that can support work. Available with a wood or metal base.

Leather may be specified with a contrasting back cushion only.

Black glides are available in hard and soft options.

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Solid white oak frame has a chamfered edge profile.

Gently sloping arms are subtle yet supportive.

360° swivel base provides full range of motion.

Base is standard in powder coat paint and polished aluminum.

Black glides are available in hard and soft options.

Massaud Lounge Seating

DESIGN JEAN-MARIE MASSAUD

Massaud lounge seating is designed for relaxed postures and connecting with technology at the office or at home.
Tip: This product line is a collection and will be found in multiple locations in this specification guide.
 ► See Collections, page 5.

Inner seat back features a duvet stitching technique accented with comfort wrinkles.

Backrest features an articulating headrest with removable pillow.

Wire management through seat cushion.

Swivel-return base with auto-return mechanism returns chair to front-facing alignment.

Flat base is 3/8" thick and allows users to rotate 95° left or right to prevent cords from wrapping around base of a fully rotating seat.

Plastic glides are 11/32" thick to allow cords to pass safely underneath without causing damage to the floor.

Massaud Lounge Seating

DESIGN JEAN-MARIE MASSAUD

Product Details

Lounge seating includes the standard lounge chair and a work lounge chair with swiveling tablet.

Backrest features an articulating headrest which contains a removable, teardrop-shaped pillow to allow for optimal user comfort. Headrest pillow resides inside an upholstered pocket, permanently attached to the backrest.

Wire management is concealed with seat hinges that open to reveal a passage to the floor. Base support features a hollow passageway of $\frac{3}{4}$ " diameter to allow clearance for cords.

Tablet on work lounge offers 180 square inches of surface area with a depth adjustment of $2\frac{3}{4}$ " to accommodate a wide range of users.

Matching ottoman is $20\frac{1}{2}$ "D x 26"W x 14"H, and features $10\frac{5}{8}$ " rectangular storage space. It is standard with one space divider and bottom insert in 3224 Charcoal. Lid features pull-tab opening with dampened, dual, four-bar hinge mechanism. Left and right storage pockets are standard with felt glides or integral molded feet.

DESIGN COALESSE DESIGN GROUP

Product Details

Lounge seating is available in 1-, 2-, and 3-seater lounge with tufted pattern accents and separate back pillows. Attachment straps are an available option. All styles have four steel legs, $\frac{1}{2}$ " x $1\frac{3}{4}$ " with fixed plastic glides.

Upholstery detail features tufted pattern accents with double needle top stitch and is available in a wide range of fabrics and leathers.

Arm bolsters are available round or square in coordinating upholstery, and are $18\frac{1}{2}$ "D x 7"W x 7"H.

Occasional tables are available in three styles: square, rectangle, and side tables. Square tables are available in three sizes: 30"D x 30"W x 15"H, 36"D x 36"W x 15"H, or 48"D x 48"W x 15"H. Rectangle tables are available in two sizes: 20"D x 54"W x 15"H or 30"D x 60"W x 15"H. Side tables are 20"D x 20"W x 20"H.

Millbrae Contract Lounge Seating

DESIGN COALESSE DESIGN GROUP

Millbrae Contract lounge seating enhances the social feel of today's progressive workplaces and is inspired by mid-century designs.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Lounge chairs are available in arm, armless, or single-arm styles with fixed glides.

Benches are available in 1-, 2-, 3-, or 4-seat models with fixed glides.

Ganging kit is available for Contract lounges and benches to be ganged.

Lounges are available in 1-, 2-, 3-, or 4-seat options. All lounges offer arm, armless, and single-arm options with fixed glides.

Occasional tables are available in three styles: square tables, rectangle tables, and side tables. All are standard with $\frac{3}{4}$ " glass top and four-leg steel base.

► See *Coalesse Tables, Storage, and Accessories Specification Guide*.

Millbrae Contract Lounge Seating

DESIGN COALESSE DESIGN GROUP

Product Details

Lounge chairs are available with arms, armless, or a single-arm. Armless chairs are 30"D x 26"W x 31"H. Each arm adds 3" to the width. Steel legs are 1/2" x 1 3/4" with fixed glides.

2-seat lounges are available with arms, armless, or a single-arm. Armless lounges are 30"D x 52"W x 31"H. Each arm adds 6" to the width. Steel legs are 1/2" x 1 3/4" with fixed glides.

3-seat lounges are available with arms, armless, or a single-arm. Armless lounges are 30"D x 78"W x 31"H. Each arm adds 6" to the width. Steel legs are 1/2" x 1 3/4" with fixed glides.

4-seat lounges are available with arms, armless, or a single-arm; armless lounges are 30"D x 104"W x 31"H, each arm adds 3" to the width. Steel legs are 1/2" x 1 3/4" with fixed glides.

Benches are available in 1-, 2-, 3-, or 4-seat. All are 16 1/2"H with four steel legs (1/2" x 1 3/4") with fixed glides. Front and side ganging brackets available.

Upholstery features a quilted pattern accent with a double needle top-stitch and is available in a wide range of fabrics and leathers.

Arm bolsters are available round or square in coordinating upholstery, and are 18 1/2"D x 7"W x 7"H.

Ganging kit for Contract lounges and benches is available for front and side ganging using 3/16" thick steel plates.

Occasional tables are available in three styles: square, rectangle, and side tables. Square tables are available in three sizes: 30"D x 30"W x 15"H, 36"D x 36"W x 15"H, or 48"D x 48"W x 15"H. Rectangle tables are available in two sizes: 20"D x 54"W x 15"H or 30"D x 60"W x 15"H. Side tables are 20"D x 20"W x 20"H. ▶ See *Coalesse Tables, Storage, and Accessories Specification Guide*.

Montara650 Lounge Chair

DESIGN LIEVORE ALTHERR MOLINA

Montara650 lounge chair is infused with comfort and craft, with its refined upholstery and customizable details. This simple lounge solution brings warmth, materiality, and posture to in-between spaces.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Shell is a durable, one-piece plywood with oak veneer and is offered fully upholstered, ³/₄ upholstered back, or upholstered seat.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Stools and guest chairs are also available.

► See page 354 and 386

Product Details

Upholstery choices include: fully upholstered, wood shell with upholstered seat, and wood shell with ³/₄ upholstered back.

Montara650 Rocker

DESIGN LIEVORE ALTHERR MOLINA

Montara650 rocker is classically casual and is infused with comfort and craft. The rhythmic motion invites movement, supporting physical and emotion wellbeing at work.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Shell is a durable, one-piece plywood with oak-veneer and is offered fully upholstered, ³/₄ upholstered back, or upholstered seat.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Runners are solid oak with clear finish.

Lounge, stools, and guest chairs are also available.
► See pages 196, 354, and 386

Optional cantilever arms are aluminum and will match frame finish.

Product Details

Upholstery choices include: fully upholstered, wood shell with upholstered seat, and wood shell with ³/₄ upholstered back.

Lounge Seating

Passerelle Lounge Seating

DESIGN STUDIO B

Passerelle lounge seating is a rich tradition of fine craftsmanship. It is exemplified in a button-tufted, double needle stitch detail, while the defined edges of the internal frame allow for a tightly upholstered appearance.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Benches with tufted button detail are available in three sizes.

Lounge seating is available in 1-, 2-, or 3-seat lounge. Arm bolsters are available with optional attachment straps.

4-leg base is standard in solid maple with non-adjustable glides.

Occasional tables are available in three sizes. All have a veneer top and a solid maple frame. An optional interport power module is available.

► See *Coalesse Tables, Storage, and Accessories Specification Guide*.

Passerelle Lounge Seating

DESIGN STUDIO B

Product Details

Lounge seating is available in 1-, 2-, and 3-seat with crisply tucked upholstery. 4-leg base is standard in solid maple, with 27 finishes available. Custom match wood finish option is also available on base.

Benches are available in two sizes. The frame is constructed of solid maple. The upholstery is hand-tailored with a button-tufted, double needle stitched detail.

Arm bolster pillows are available with optional attachment rings.

Occasional tables with solid hardwood frame are available with any Coalesse standard finish. Custom match wood finishes are also available. Veneer top is 1" thick with optional contrasting finish. ▶ See *Coalesse Tables, Storage, and Accessories Specification Guide*

Interport power/data module is an available option for the 17"H table and the 21"H table, and is available for center location only.

Lounge Seating

Sidewalk Lounge Seating

DESIGN STUDIO B

Sidewalk lounge seating is a crisp, lightly scaled, and portable collection for comfort and mobility, allowing a workspace to become a social space.

Upholstery is hand-tailored, featuring a horizontally tucked upholstery detail and double needle topstitched seams.

Frame is a unibody construction with finger jointed plywood.

4-leg steel base is standard in powder coat paint with easy gliding "go" glides.

Lounge chairs are available in a low back (shown here), or a high back.

Sidewalk Lounge Seating

DESIGN STUDIO B

Product Details

Lounge seating is available in three styles: low-back chair, high-back chair, and a 2-seat lounge. Seat height from floor is 17½"H.

Mobile lounge seating is available in a low back or high back with casters and a pivoting tablet arm. Extra tablet pivoter and cupholder available.

Tablet is 13½" and is standard in laminate. Extra tablet pivoter is available, allowing tablet to be moved side to side.

"Go" glides are standard. **"No go" glides** are optional.

Casters on mobile model are dual-wheel, swivel, and non-locking. Locking casters are optional.

Arm bolster in coordinating fabric is available (5½"D x 17½"H).

Sistema Lounge System

General Overview

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Sistema lounge system is an innovative modular system of fully customizable arms, backrest heights, base options, and accessories in the spirit of the modern sofa. With Sistema, build anything from a classic, high-back sofa to a sleek bench, a social sectional in any length, to a quiet niche for one or two.

Lounges with leg bases are available as 2- and 3-seat units that can be used on their own or together, for endless straight-run configurations. There is an ability to personalize with varying lounge, table, and leg choices.

Individual modular lounge components with fully-upholstered base are available in a range of back height and arm choices. Integrated gang-ing device keeps units aligned.

Sistema Lounge System

Leg Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Lounge choices include backless bench, low-, mid-, or high-back lounge components.

Arm bolster is user movable and can be positioned anywhere between lounge units. It provides arm support, boundary, or a landing place for mobile technology. Arm bolster is specified separately.

End legs are available in metal or wood choices. One set per each end is required. Legs are not included and must be ordered separately.

Modular design allows individual components to be easily repositioned or reconfigured on the frame by an installer.

Upholstered and plywood arm options are available. Arms can be specified at end locations only.

In-line box table includes cylinder cutout for storage. Cylinder can be specified in black or milk finishes. Slim table option is also available.

Connector legs gang 2- and 3-seat frames together. They are available in metal or wood options. Legs are not included and must be ordered separately.

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 3-seat lounge frames with (1) connector leg and (2) end legs.

Power module is ordered separately and can be installed in the end positions on individual lounge units or centered between two units (as shown).

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects (2) 2-seat frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.

Backless bench

In-line slim table

Each position can be specified with varying lounge or table choices. Configuration shown: (2) 2-seat lounge frames with 1-seat unit with legs and (2) end legs.

Sistema Lounge System

Leg Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Product Details

Modular design allows each component to be personalized with varying lounge and table choices. Create 2- and 3- seat lounges, or gang together to create endless straight configurations. Individual components are assembled to a welded steel frame. Lounge units ship installed to frame. Tables ship separately and are assembled in the field with four bolts. Lounge units ship facing same direction and can be easily flipped in the field to support yin-yang applications. Legs are ordered and shipped separately.

End Legs Connector Legs End Legs

Connector legs gang 2- and 3- seat frames together.

End legs are specified at the end positions of each configuration.

Legs are available in wood or metal finishes and are specified separately based on desired configuration.

1-seat connector lounge, leg base is specified with a 5-seat configuration only. This unit connects two 2-seat lounge frames together and positions the leg in a centered location. It can be specified with table or lounge and includes a connector frame and legs.

Overall depth and width of each lounge and in-line table component is the same due to its modular design, allowing units to be reconfigured. Overall depth is 36 1/4". Overall width of each unit is 29 1/2".

Low-back lounge

Mid-back lounge

High-back lounge

Backless bench

Three backrest height options unit are available (low, mid, or high back). A backless bench is also available. Seat depth on lounge chairs measures 25". Bench units have an overall depth of 36 1/4". Seat height is 16 1/8".

Upholstered Arm

Wood Arm

Upholstered and wood arms are available. Arms can be specified in end positions only. Arms extend the overall width of the lounge unit by 7 7/8". Wood arms are one piece plywood with oak veneer.

Cylinder legs, metal

Scissor legs

Cylinder legs, wood

End and connector legs are available in metal and wood choices; metal cylinder and scissor legs are available in painted finishes, and wood cylinder legs are solid oak. Cylinder legs offer 1/2" of adjustment. Legs are specified separately.

Slim table

Box table

In-line slim and box tables are available. Tables are oak veneer with plywood core and exposed, stained edges. Box table has an 11 3/4" diameter cylinder cutout for storage. Cylinder is available in 6000 Black and 6052 Milk.

Power modules are ordered separately and installed in set positions under upholstered units only. USB C single 60W can charge tablets and laptops. Configurations available:

- (2) power, (1) USB A+C 20W port
- (1) power, (1) USB C single 60W

Power modules can be installed in set positions under upholstered units only.

- (A) Right position on individual lounge units.
- (B) Left position on individual lounge units.
- (C) Shared position between two lounge units facing the same direction.

Power modules have a 72"L cord and contain wire manager clips to route cord under seat when desired.

Each component is specified and can be ordered in contrasting fabrics, if desired.

Sistema Lounge System Fully-Upholstered Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Individual modular lounge components with fully upholstered base are specified separately and include integrated ganging device to keep units aligned.

Lounges are available with three backrest height options: low, mid, or high back. Backless bench lounge is also available.

Lounges can be specified armless (bench), right or left arm, or with arms. Narrow and wide upholstered arm or wood arm is available.

Moveable table is user movable and can be positioned anywhere between lounge components. Moveable table is ordered separately.

Sistema Lounge System Fully-Upholstered Base

DESIGN LIEVORE ALTHERR MOLINA FOR VICCARBE

Product Details

Low-back lounge

Mid-back lounge

High-back lounge

Backless bench

Three backrest height options are available: low, mid, or high back. A backless bench is also available. Seat depth on lounge chairs measures 25". Bench units have an overall depth of 36 1/4". Seat height is 16 1/8".

Individual modular lounge components with fully upholstered base are specified separately and include integrated ganging device to keep units aligned. Three backrest height and three arm options are available. A backless bench is also available.

Upholstered narrow arm

Upholstered wide arm

Wood Arm

Upholstered and wood arms are available. Arms can be specified on individual arm units on left or right side, or with two arms. Upholstered arms are available in narrow or wide options. Wood arms are one piece of plywood with oak veneer.

Integrated ganging device is included and keeps units aligned.

Lounges can be specified in contrasting upholstery, if desired.

Additional seam will be included on arms when fabric is in horizontal/cross direction. The seam location aligns with the height of Sistema lounge with legs for visual connection.

Ottomans and Accessories

Accessories and ottomans can be used across the entire Sistema product line to add a decorative touch and function.

Round and square ottomans are available. Round ottoman is 36 1/4" in diameter. Square ottoman measures 36 1/4" x 36 1/4".

Moveable table is user movable and can be positioned anywhere between lounge units. Table measures 13"D x 20 1/2"L.

Arm bolster is user movable and can be positioned anywhere between lounge units. The upholstered unit provides arm support, boundary, or a landing place for mobile technology. Arm bolster measures 8 2/3"D x 20 1/2"L.

Pillows are a great way to elevate the design and comfort of any lounge setting. Square pillow measures 17 3/4"L x 17 3/4"H. The lumbar pillow is more firm to provide support and measures 20 2/3"L x 9 5/8"H.

SW_1 Lounge Seating

DESIGN SCOTT WILSON & MINIMAL

Three inches lower than conventional seating and with a more relaxed posture, the SW_1 lounge chair is a conference/lounge hybrid that creates a more intimate and comfortable environment for collaboration.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See *Collections*, page 5.

Seat back is available in two heights: a low back 36³/₄"H or a high back 41³/₄"H.

Swivel base has an automatic, return-to-center mechanism.

Backrest reclines at an angle of approximately 102° to the seat.

Knit back provides back support and breathability.

Lumbar pillow enhances comfort. It is available in coordinating or contrasting upholstery.

Glides are aluminum with a non-marring, plastic insert.

SW_1 collection features collaboration seating, collaborative and conference tables, and occasional tables.

► For collaboration seating, see page 322.

► For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide*.

SW_1 Lounge Seating

DESIGN SCOTT WILSON & MINIMAL

Product Details

SW_1 lounge seating is available in a low back or high back; the low back overall height is 36³/₄"H, the high back overall height is 41³/₄"H.

Swiveling tablet arm option is available in left- and right-hand models. Tubular steel support arm allows tablet to freely swivel 110° for easy user ingress and egress.

Tablet arm is 12⁵/₃₂" x 15" x 5/₈" thick. Tablet surface is available in black or milk.

Lumbar pillow in coordinating or contrasting upholstery is available, 4¹/₄"D x 16¹/₂"W x 10¹/₂"H. Lumbar pillow is relocatable for optimal comfort.

4-star base is aluminum matte polished with non-marring, easy gliding nylon feet.

Swivel return mechanism is standard. It has built in memory and will return to the fixed position when the user leaves the chair.

DESIGN E00S

Thoughtful Lounge Seating

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Thoughtful lounge seating

features a slightly winged back for comfort, while double needle stitching and upholstery detail provides effortless style.

Frame is a unibody construction with finger jointed plywood.

Backrest embraces the user with a sweeping, concave design and side wings.

Base features four solid hardwood legs with subtle curve design; non-adjustable glides standard.

Upholstery features double needle stitching detail on the seams.

Contrast welting around base is available.

Matching ottoman is also available.

Thoughtful Lounge Seating

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Product Details

Lounge seating is available in four styles: lounge chair, small lounge, medium lounge, and long lounge; ranging in widths from 28³/₄"W to 80³/₄"W. All styles are fully upholstered with four solid hardwood maple or walnut legs. The base features a two-tiered welt design which wraps around the entire lounge chair/lounge.

Matching ottoman carries the design signature of the lounge seating and features the same four legs and two-tiered base welting; 26¹/₄"D x 28¹/₂"W x 17³/₄"H.

Side wings and sweeping concave design of the backrest provide the user with the feeling of being embraced.

Base features four solid hardwood legs; non-adjustable glides are standard. Two-tiered welt design on base is available in contrasting welting to create a unique aesthetic.

Thoughtful Lounge Seating

Multi-Fabric Diagram

DESIGN PAMELA LIGHT, FIIDA SHIELDS

Together Benches by Walter Knoll

DESIGN EOOS

Together elevates the upholstered bench to an impressive new height while reinventing the corner seat. Corner shapes define space and create rooms within rooms; straight benches offer open seating.

End and corner legs are fully upholstered panels featuring fixed glides.

Together features straight benches and corner benches, available in varying dimensions.

Backrest is 12½" above seat to also function as an armrest.

Backrest is offered with 8" offset back (shown) or 1½" offset back. No back available on straight benches only.

Together Benches by Walter Knoll

DESIGN EOOS

Product Details

Left corner with back, 8" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Left corner with back, 1½" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Right corner with back, 8" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Right corner with back, 1½" offset styles are 31"H and are available in four overall sizes: 70½"D x 96¼"W, 97¼"D x 96¼"W, 70½"D x 123"W, and 97¼"D x 123"W.

Straight with back styles are available with 8" offset or 1½" offset; all with 26¾"D and 31"H.

Straight without back styles are available with 26¾"D and 18½"H. Available in two sizes: 71"W and 97¾"W.

Visalia Lounge Seating

DESIGN COALESSE DESIGN GROUP

Visalia lounge seating is a range of soft seating efficiently scaled and designed to be grouped to promote collaboration. It can also be arranged for relaxed reflection in offices, lobbies, or hospitality environments.

Upholstery features top-stitched upper and lower facets that can be upholstered in one material or two, for an attractive contrasting effect.

Seat and back cushions are attached.

Frame is a unibody construction with finger jointed plywood.

4-leg base in cast aluminum is standard in powder coat paint.

Visalia lounge seating features a lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench.

Visalia Lounge Seating

DESIGN COALESSE DESIGN GROUP

Product Details

Lounge seating features five fully upholstered, complementary models: lounge chair, 2-seat lounge, 3-seat lounge, ottoman, and bench. All models feature a 4-leg, cast aluminum base with a powder coat painted finish. Upholstery is hand tailored. Double needle top stitching detail on upper and lower upholstery seams is available.

Faceted arm features a top-stitched detail on its upper and lower facets.

Bindu Conference Seating

DESIGN BRIAN KANE

Bindu conference seating
combines the comfort and
craft of an upholstered lounge
with the performance needs of
a work task chair.

Flex back allows smooth posture adjustments for users.

Seat height adjustment
allows users to change seat height within a 4¹/₂" range with a pneumatic adjustment mechanism.

Back tension adjustment
allows users to control the amount of resistance needed for reclining.

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

5-star base is black resin. A polished aluminum base is available as an option.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Optional soft casters are available for use on hard floors and chair mats.

Bindu Conference Seating

DESIGN BRIAN KANE

Product Details

Bindu conference seating is offered in mid back and high back.

5-star base is available in black or optional polished aluminum.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Soft casters for use on hard floors are an available option.

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, stand slightly while lifting lever; to lower, sit while lifting lever and weight pressure will lower seat height. Range of adjustability is 4 1/2" with a maximum seat height of 20 1/2".

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

Back tension control knob turns clockwise to increase tension and counter-clockwise to decrease tension, allowing free tilt.

Bindu Conference Seating

DESIGN BRIAN KANE

Chord Conference Seating

DESIGN MICHAEL SHIELDS

Chord conference seating offers built-in, passive ergonomic curvature of the back, making this design well-suited for long-term conferencing.

Chord Conference Seating

DESIGN MICHAEL SHIELDS

Product Details

Chord conference seating is offered in mid back or high back.

5-star base is standard in black resin or optional polished aluminum.

Casters are standard with hard, dual-wheels that roll smoothly on carpets. Soft casters for use on hard floors are an available option.

Accent welt flows across the back and down the arms (contrasting fabric option).

Pillowback versions are available on mid-back and high-back chairs for added comfort.

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, slightly stand while lifting lever; to lower, sit while lifting and weight pressure will lower seat height. Range of adjustability is 3" with a maximum seat height of 22".

Upright back lock allows users to lock the backrest in a full, upright position. To unlock for free tilting, push handle back towards seat.

Tension control knob allows the user to increase tension (will require more force to tilt chair back), by turning the knob clockwise. For reduced tension and more responsive tilt adjustment, turn knob counter-clockwise.

Knee tilt control (optional) minimizes the rise of the front of the chair when the chair is in a reclined position, allowing the user's feet to remain on the floor. Push handle up to lock and down to free tilting.

Surface Materials

► See *Coalesse Surface Materials Reference Guide* for further information.

Upholstery (contrasting fabric available)

Chord Conference Seating

DESIGN MICHAEL SHIELDS

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
 ► See *Coalesse Surface Materials Reference Guide*.

Tip: Arm is cast from 100% recycled material then hand buffed to a mirror finish. Arm caps are molded in black.

Tip: List price based on highest fabric group usage.

Tip: Contrasting option available only on 798-P and 796-P.

Tip: Chord does not pass CAL 133 with urethane arms. To choose the CAL 133 option polished aluminum arms must be selected.

Marien152 Conference Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

Back cushion gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

360° swivel base provides full range of motion.

Seat height adjustment allows users to change seat height within a 5" range with the assistance of a pneumatic gas cylinder.

Base is standard in powder coat paint and polished aluminum.

Black casters have hard, dual wheels that roll smoothly on carpet. Soft casters are designed to roll quietly and are available for use on hard floors and chair mats.

Gently sloping arms are subtle yet supportive.

Base is standard in powder coat paint and polished aluminum. It is a fixed height with 360° swivel only.

Black glides are available in hard and soft options.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Conference and duvet conference chairs feature different upholstery techniques expressed through the unique geometry on each chair's inner back.

Tip: These techniques apply to mid- and low-back chairs with both loop and integrated arms.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

Aluminum loop arm, available in painted or polished finishes, is contoured for comfort and is available on mid-back chairs only. Optional upholstered arm caps are available.

Casters have hard, dual-wheels that roll smoothly on carpets. Soft casters with roll control have been designed to roll quietly and are available for use on hard floors and chair mats.

Back tension adjustment offers two settings to allow the user to adjust the rate of increase or decrease in force as the user reclines. Turn lever forward to increase tension. Turn lever back to decrease.

Seat height adjustment allows users to change seat height within a 5" range with the assistance of a pneumatic gas cylinder.

Conference chair upholstery features a horizontal, single needle stitching technique on the chair's inner back.

5-star base is standard on mid-back chair with loop arm.

Duvet conference chair upholstery features a duvet stitching technique accented with comfort wrinkles on the chair's inner back.

Recline adjustment allows user to choose from three recline positions: full-tilt, mid-stop, and full upright positions.

Synchro-tilt mechanism is weight activated and automatically responds to recline resistance proportionate to the user's weight. The chair and back move in a 3:1 ratio.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Inner back vertical seam is standard on chairs with integrated arms.

4-star base is standard on low and mid-back chairs with integrated arm. Aluminum base, available in painted or polished finishes, comes standard with glides. Seat is fixed height with a swivel only mechanism.

Non-adjustable glide is standard on low- and mid-back chairs. Easy slide glide is optional and features a wide surface, allowing a smooth slide on carpet and soft flooring.

Integrated arm follows the elegant curve and profile of the chair and is available on low and mid-back chairs.

5-star base is optional on chairs with integrated arm. Includes synchro-tilt mechanism with pneumatic height, tension, and recline adjustments.

Product Details

Tip: Upholstery details apply to mid- and low-back chairs with both loop and integrated arms.

Seamless Upholstery

Outer back seams are not required on conference and duvet conference chairs with seamless upholstery selection.

Inner back vertical seams are not required on conference chairs with seamless upholstery selection.

Seamed Upholstery

Outer back seams are required on conference and duvet conference chairs with seamed upholstery selection.

Inner back vertical seams are required on conference chairs with seamed upholstery selection.

Tip: Duvet conference chairs with loop arms always have horizontal inner back seams, but vertical seams are not required. Conference and duvet conference chairs with integrated arms always have vertical inner back seams.

Surface Materials

Seamless Upholstery:

- Coalesse Fusion (back only)
- Designtex Chromatic
- Designtex Heather
- Designtex Billiard Cloth
- Designtex Pigment
- Designtex Melrose
- Maharam Hallingdal
- Maharam Messenger
- Steelcase Cogent: Connect
- Steelcase Billiard Multi-Use by Designtex

Seamed Upholstery:

- Any upholstery not listed above will require seams.

Base and arms

- Aluminum matte polished
- Paint

Easy slide glides (option):

- Paint

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.

► See *Coalesse Surface Materials Reference Guide* for additional information.

Massaud Conference Seating

DESIGN COALESSE DESIGN GROUP AND JEAN-MARIE MASSAUD

Tip: For duvet conference chairs, fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information.
 ► See Coalesse Surface Materials Reference Guide and online fabric database at <http://fabric.coalesse.com>

Tip: Pneumatic height adjustment allows user to change seat height, with the assistance of a pneumatic gas cylinder. Synchro-tilt mechanism has three recline positions and two tension positions.

Tip: Faux leathers and vinyls are not recommended on arm cap upholstery.

Tip: Loop arms can be adjusted out 1" on either side. Requires tools and must be done by a facility manager.

Tip: Easy slide glides are to be used on carpet and soft flooring.

Tip: Fusion fabric is available on the outer back only. It is not recommended for any other surface.

SW_1 Conference Seating

DESIGN SCOTT WILSON & MINIMAL

SW_1 conference seating offers a wide range of expressive possibilities with the use of knit mixed with fabric or leather upholstery.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Knit back provides back support and breathability.

5-star base is standard in aluminum matte polished.

Casters are standard with hard, dual-wheels in black that roll smoothly on carpets. Soft casters are available in black for use on hard floors and chair mats.

360° swivel base mechanism provides full range of motion.

Knit back provides back support and breathability.

Glides are standard in aluminum with non-marring plastic insert.

Swivel return mechanism has a built in memory and will return to the fixed position when the user leaves the chair.

4-star base is standard in aluminum matte polished.

Product Details

Conference chair with 5-star base is standard with black, dual-wheel casters. Aluminum matte polished casters are available as an option.

Conference chair with 4-star base is available for guest seating. Seat height is 18".

Adjustment Features

Seat height adjusts pneumatically. Lift lever to activate cylinder for desired height. To raise height, slightly stand while lifting lever; to lower, sit while lifting lever and weight pressure will adjust seat height. Range of adjustability is 3 1/2" with a maximum height of 19 3/4".

360° swivel mechanism is standard on 5-star base and provides user with a full range of motion.

Swivel return mechanism is standard on 4-star base. It has a built in memory and will return to the fixed position when the user leaves the chair.

Adjustment Feature Definitions

Active mechanism (AM+)

allows the seat and back angle to be adjusted independently of each other. The seat can be locked at various angles, and the back can free tilt with adjustable tension or lock in four positions.

Arms, height adjustable allow the user to independently move each arm up and down.

Arms, width-adjustable allows the arm rests to be adjusted in and out.

Arms, folding allows the user to independently fold each arm up or down for total freedom of leg movement and posture accommodation.

Back, height adjustable allows the user to raise or lower the chair back within a given range.

Back lock, forward allows the user to lock the backrest in a full upright position or release it to recline.

Back stop, selective allows the user to lock and unlock the backrest in any position within the tilt range.

Back tilt tension adjustment regulates the ease of tilt movement of the back only.

Back and seat tilt (Your Power mechanism) automatically responds to the weight and seating position of the user with an individual back resistance.

Base, free swivel allows chair to swivel 360°.

Base, memory-return swivel allows a chair to swivel 360°, but return to the forward-facing position when released.

Base, nesting four-prong has two front legs that are lower than the two rear legs, allowing chairs to nest for storage. A nylon tooth on the base engages a notch in the seat when folded. This engagement properly aligns the seat and base for nesting.

Folding seat allows the seat to flip up, while the chair automatically rises for nesting and storage.

Knee tilt control (low front rise) minimizes the rise of the front of the seat when the chair is in a reclined position, allowing the users' feet to remain on the floor. This feature reduces pressure under the thighs, allowing for continuous blood circulation.

Lumbar support, adjustable provides additional lower back comfort by allowing the user to move the lumbar support up or down, as well as increase or decrease the amount of support.

Passive mechanism (PM) allows the seat and back to move in synchronization without manual adjustment.

Pneumatic height allows the user to change the seat height assisted by a pneumatic gas cylinder.

Seat angle adjustment allows the user to change and lock the seat angle in various positions.

Seat depth, adjustable allows the user to slide the seat forward or back within a set range.

Seat tilt control allows the seat and back to rotate as a unit backward one position and forward two positions.

Seat, zero front rise allows the user to tilt back in the chair while feet remain on the floor because the seat front remains level.

Swivel-tilt mechanism control allows the chair to swivel 360° and the fixed seat and back to tilt in unison when the user leans back.

Synchro-tilt mechanism synchronizes the tilting movement of the seat and back in a set ratio.

Tilt tension adjustment allows the user to vary the amount of recline resistance. Your Power mechanism allows the back and seat tilt to adjust automatically to the weight and seating position of the user.

Your Preference control allows the user to adjust the back tilt by selecting one of four settings: weight activated, weight activated with 20% resistance boost, mid-stop recline, and upright back lock.

Enea Altzo943 Chairs

DESIGN: ESTUDI MANEL MOLINA DESIGN ORIGIN: SPAIN

Enea Altzo943 seating collection

brings residential warmth and soul to the workplace. Answering the demand for mixed materials, Altzo943 combines a precision-molded seat shell with solid oak legs. The special oval profile of the legs follows the pure curvature of the shell for a complete, harmonious design statement.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

► See Collections, page 5.

Seat and back are polypropylene with a slight flex and rounded edges for optimal comfort; available in 12 colors.

Wood legs are solid wood oak; available in six finishes.

Glides are polyethylene for superior durability on carpeted and hard floors.

Casting under the seat is painted in textured finishes to match polypropylene seat shell.

Upholstered seat cushion insert is available and is ½" thick.

Product Details

Upholstered seat cushion insert is available.

Marien152 Guest Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. An innovative back cushion provides support with soft, residential style. Easy personalization is built into the collection through a wide range of color, form, and materiality choices.

Back cushion gives the appearance of a soft, loose pillow while built-in flex allows the cushion to move with the user. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Solid white oak frame with chamfered edge profile.

Black glides are available in hard and soft options.

Gently sloping arms are subtle yet supportive.

4-leg metal base is standard in powder coat paint. Trivalent chrome optional.

Black hard glides are standard.

Marien152 Guest Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Product Details

Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Guest Seating

Montara650 Chairs

DESIGN LIEVORE ALTHERR MOLINA

Montara650 seating is infused with comfort and craft, with its refined upholstery and customizable details. The sculpted seating pairs with simple pedestal tables to provide an inspired social solution for today's mobile workforce.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Shell is a durable, one-piece plywood with oak veneer.

Frame is standard in powder coat paint. Polished trivalent chrome is optional.

Glides are polyethylene for superior durability on carpeted and hard floors.

Upholstery choices include: wood shell, wood shell with upholstered seat, wood shell with $\frac{3}{4}$ upholstery, or fully upholstered.

4-leg base is standard. Available with loop arms or armless. Arms are aluminum and match the frame finish.

Stools are also available. ► See page 386

Optional sled base is available with cantilever arms or armless. Arms are aluminum and match the frame finish.

Chairs are stackable. The stack pad is standard and protects upholstery from damage. Chairs stack to six high.

Product Details

Chairs are available with a 4-leg base (armless or with loop arms) and with a sled base (armless or with cantilever arms).

The Enea Iottus dolly can be used for storage or easy transport. Chairs stack to six high on the dolly.

Enea Café Wood Stools

DESIGN JOSEP LLUSCA

The warm, modern design of the Enea café wood stool makes a statement with a residential design character. The Enea café wood stool is available in two heights (counter or bar) and has solid wood oak legs.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Seat is available in molded polypropylene, wood, or upholstery.

Casting under the seat is offered in textured paints.

Wood legs are solid wood oak, with a natural finish.

Footring in trivalent chrome is standard on all wood leg stools.

Glides are non-adjustable and available in black polyethylene, for superior durability on carpeted and hard floors.

Enea collection features bar and café stools, guest seating, café tables, and occasional tables.

► For guest seating, see page 333.

► For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide*.

Surface Materials

► See *Coalesse Surface Materials Reference Guide* for further information.

Seat

- Polypropylene
- Rift-cut oak plywood
- Fabric or leather upholstery

Frame/legs

- Solid oak

Enea Lottus Post Stools

Post Base

DESIGN LIEVORE ALTHERR MOLINA

Enea Lottus is a flexible, multi-height collection of seating and tables that integrates simply and cleanly with any space. Sculpted for comfort with just the right flex, the elegant shell of the Lottus stool can be used alone or customized with a colored insert or upholstered cushion.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Post stool is available in counter height or bar height.

Seat and backrest is one-piece, injection-molded polypropylene construction with rounded edges for comfort.

Base and frame are constructed of steel. Standard in powder coat paint.

Post base allows seat to freely swivel 360°. Base is a steel plate with four plastic glides.

Seat insert is available in polypropylene or upholstered insert. Polypropylene insert is flush with seat and attached. Upholstered insert is ½" thick foam pad and attached.

Tubular steel foot ring is fixed at 9" from the floor.

Enea Lottus collection features post and sled base stools, guest seating, café tables, and occasional tables.
► For guest seating, see page 333.
► For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide*.

Enea Lottus Sled Stools

Sled Base

DESIGN LIEVORE ALTHERR MOLINA

Enea Lottus is a flexible, multi-height collection of seating and tables that integrates simply and cleanly with any space. Sculpted for comfort with just the right flex, the elegant shell of the Lottus stool can be used alone or customized with a colored insert or upholstered cushion.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Sled stool is available in counter height or bar height.

Seat and backrest is one-piece, injection-molded polypropylene construction with rounded edges for optimal comfort.

Frame is constructed of steel tubing. Standard in powder coat paint.

Seat insert is available in polypropylene or upholstered insert. Polypropylene insert is flush with seat and attached. Upholstered insert is ½" thick foam pad and attached.

Sled base features a steel, tubular, integrated footrest, located 13" from the floor.

Enea Lottus collection features post and sled base stools, guest seating, café tables, and occasional tables.
► For guest seating, see page 333.
► For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide*.

Enea Altzo943 Stools

DESIGN: ESTUDI MANEL MOLINA DESIGN ORIGIN: SPAIN

Enea Altzo943 seating collection brings residential warmth and soul to the workplace. Answering the demand for mixed materials, Altzo943 combines a precision-molded seat shell with solid oak legs. The special oval profile of the legs follows the pure curvature of the shell for a complete, harmonious design statement.

Tip: This product line is part of a collection and will be found in multiple locations in this specification guide.

► See Collections, page 5.

Seat and back is polypropylene with a slight flex and rounded edges for optimal comfort; available in 12 colors.

Wood legs are solid wood oak; available in six finishes.

Glides are polyethylene for superior durability on carpeted and hard floors.

Casting under the seat is painted in textured finishes to match polypropylene seat shell.

Upholstered seat cushion insert is available and is ½" thick.

Footring in trivalent chrome comes standard.

Product Details

Altzo943 stools are available in two heights (to the seat): counter height (26"H) and bar height (30"H).

Upholstered seat cushion insert is available.

Marien152 Stools Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Marien152 is a richly tailored seating experience that's inspired by the home and designed for the workday. Design personalization is built into the collection through a wide range of upholstery, color, base, and materiality choices. Thoughtful proportions and a signature cushioned back create a comfortable stool that can support work. Available in bar- or counter-height, and with a wood or metal base.

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Contrasting fabric is available on seat, surround, and back cushion.

Footrest has protective metal top.

Black glides are available in hard and soft options.

Solid white oak frame has a chamfered edge profile.

Back cushion gives the appearance of a soft, loose pillow. Intentionally relaxed upholstery on the back cushion adds to the welcoming appeal.

Leather may be specified with a contrasting back cushion only.

Contrasting fabric is available on seat, surround, and back cushion.

Base is standard in powder coat paint and polished aluminum.

Black hard glides are standard.

Marien152 Stools Seating

DESIGN COALESSE DESIGN GROUP AND ARIK LEVY

Product Details

Marien152 stools are available in bar and counter heights.

Standard leather pull, located behind the back cushion, allows users to easily move the chair. Leather in the color coal only. Option to specify without pull if desired.

Switch Stools

DESIGN E00S

Switch stool is upholstered and offered in two heights: counter and bar. Switch stool shares the clean lines and flared back of the Switch lounge and chair.

Tip: This product line is a collection and will be found in multiple locations in this specification guide and/or Coalesse Tables, Storage, and Accessories Specification Guide.

► See Collections, page 5.

Switch stool is available in counter height or bar height.

Seat and back cushions are constructed of molded foam with comfort pockets for optimal comfort.

Adjustable glides are standard to accommodate uneven floors.

Legs feature four tubular steel legs with integrated steel footrests at the front and sides.

The Switch collection features chairs, stools, lounge seating, and occasional tables.

► For chairs, see page 357

► For lounge seating, see page 268

► For tables, see *Coalesse Tables, Storage, and Accessories Specification Guide*.

Surface Materials

► See *Coalesse Surface Materials Reference Guide* for further information.

Upholstery

- Fabric
- Leather

Legs

- Matte chrome
- Polished chrome

Programs & Services

Customer's Own Material/Leather (COM/COL) Program is available.

► See *Coalesse Surface Materials Reference Guide* for additional information.

Switch Stools

DESIGN EOOS

Tip: Fabrics and leathers will appear loose with comfort wrinkles when upholstered.

Tip: Recommended leathers are Elmosoft group 1 and Elmorustal group 2.

Tip: Special color match, consult Customer Service.

Tip: Pricing based on highest group textile specified.

Tip: For Customer's Own Material or Leather, see necessary requirements, important processing instructions, and ordering information
► See Coalesse Surface Materials Reference Guide.
