Product Compliance Laboratory
Confirmation of Product Compliance

5-Feb-2026

coalesse **Potrero415 and Potrero415 Light Table** products have been designed, engineered, and manufactured, to meet or exceed all applicable **ANSI/BIFMA (American National Standards for Office Furnishings)** requirements for safety and performance.

Samples representative of current production have been tested and found to be in compliance with the following ANSI/BIFMA Test Requirements:

ANSI/BIFMA X5.5-2021 – Desk/Table Products Tests
ANSI/BIFMA X6.5-2022 – Home Office and Occasional-Use Desk, Table and Storage Products Tests

The Potrero415 Table product line is Listed to the applicable UL and CSA Standards in accordance with the National and Canadian Electrical Codes:

UL 1286 Standard for Office Furnishings and related electrical accessories [1, 2]
CAN/CSA C22.2 No.203-M91 (R2014) Modular Wiring Systems for Office Furniture [1, 2]

[1] This specification is not included in the Steelcase Laboratory's scope of accreditation.
[2] Listing compliance is evidenced by the Nationally Recognized Test Lab (NRTL) certification Mark affixed to the product.

Steelcase uses its own ISO 9001 registered and ISO 17025 accredited laboratories, and accredited independent laboratories, to verify compliance to the Standards and requirements listed. A list of accredited independent laboratories is available upon request.

Sincerely,

Jeff Musculus – Director, Global Testing

Note:
This document may be reproduced in full only.

Steelcase products are designed and tested for code and standard compliance when installed and used as an integrated product solution in accordance with Steelcase application guidelines and assembly directions. The use of unauthorized non-Steelcase components, parts, or materials with integrated Steelcase product solutions VOIDS all Steelcase claims of product compliance to BIFMA, UL, CSA, LEED, and / or any office furniture safety or performance standards, including all building, fire, and electrical codes. This exclusion includes but is not limited to the use of non-Steelcase panel supported work surfaces, leg supports, panels, brackets, shelves, overhead bins, and other integral components. The use of non-Steelcase components in an integrated product solution not designed, tested, or supported, by Steelcase is an unauthorized modification of the original product which voids all Steelcase warranties, expressed or implied.
