

Aisla

Specification Guide

Availability

Electronic price list updated with release 204.C (U.S.) and 158.C (Canada), dated June 15, 2026.

All specifications subject to change without notice. Reference the electronic catalog/Hedberg for current pricing.

Transitional products in this specification guide are **maintained for existing customers only** and are likely to be phased out over time. These products are indicated with a . Products that are scheduled to be culled are indicated with an , followed by the last order entry date.

Surface Materials

The surface materials team has announced the launch of the Finish Library, found at www.steelcase.com/finishlibrary/.

► For a list of all trademarks, refer to the last page of this specification guide. © 2026 Steelcase Inc.

For Canadian Pricing

Canadian factor can be found at www.steelcase.com/CADpricing/. Calculate in the following order to avoid rounding errors:

- Multiply the base price and each option by the Canadian factor.
- Round each to the nearest dollar.
- Add base and options for total list price.

Ten Tips: How to Get the Most Out of This Book

Tip 1

Watch the tabs on the right-hand edges of the pages. They'll always indicate which chapter you are in.

Tip 2

Use the Statement of Line pages for an overview of the available components, their sizes, and page references for additional information. Each *Understanding* chapter includes a statement of line after the table of contents.

Tip 3

Find cross references by looking for page numbers flagged with an arrow.

Tip 4

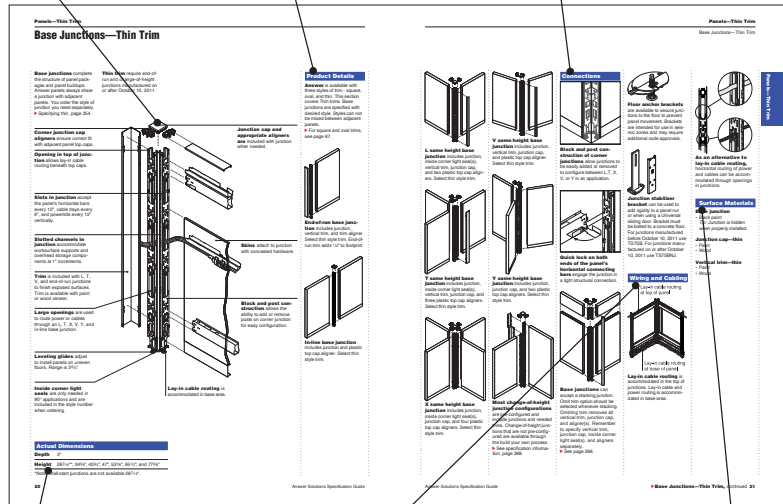

Study the product detail pages in the *Understanding* section to learn everything an expert knows about specific products. Each product detail page in this section contains the following features, where applicable:

- Product Drawing
- Actual Dimensions
- Product Details
- Connections
- Wiring and Cabling
- Surface Materials
- Application Topics

Product Drawing shows you what the product looks like and points out important features.

Product Details gives specific information on the product and how it is used.

Connections describes how the product is assembled or how it attaches to another product.

Actual Dimensions table lists the dimensions of the product.

Wiring and Cabling details the power and cable-management and cable routing capabilities of the product.

Surface Materials lists what material is used for each part of the product.

Tip 5

Refer to the specifying pages for all the information needed to order a product. Each product specifying page contains a variety of elements to help you complete a specification:

- Product Drawing
- Standard Includes
- Required to Specify
- Options
- Related Products
- Specification Information
- Dimensions
- Style Number
- Price

Standard Includes (under the red or dark grey band) provides a list of what comes standard with the product.

Required to Specify (under the red or dark grey band) itemizes the information that you must provide to order the standard product and the preferred sequence for specification.

Specification Information (under the teal or light grey band) provides product dimensions, style numbers, and prices for the standard product and any surface material choices that are available.

Product Drawing shows you what the product looks like.

Standard Includes

- Standard length (see note 1) (see 1) (see 1)
- Base trim with no backstops (see 1) (see 1)
- Base trim with backstops (see 1) (see 1)
- Base trim with backstops (see 1) (see 1)
- Base trim with backstops (see 1) (see 1)

Required to Specify

- Style Number
- Finish
- Color
- Material
- Profile
- Accessories

Product Drawing

Tip 6

Required to Specify

Specify with *Customiz Stain*

Italic typeface on specifying pages usually identifies wording that you should use in your order.

i

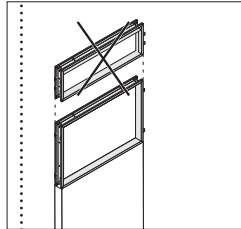

Tip 7

To determine how many skins are needed to complete a panel, consult the table at the right.

Tip: Remember to order skins for both sides of the panel buildup.

Watch for tips throughout the text that give you explanations and helpful instructions.

Tip 8

Learn what you cannot do by looking for drawings crossed out with an "X."

Tip 9

Use the surface materials listings in the Surface Materials section of this book to find surface material color numbers.

Tip 10

Style Number	Page
TS7042BL	131
TS7042S	130
TS7048BL	131
TS7048S	130
TS7060BL	131
TS7060S	130
TS7072BL	131

Refer to the style number index when you need a style number and you need to find the page that has more details about the product.

Additional Resources

Aisla products are supported with informational materials, tools, and software to help you plan, specify, and order an installation efficiently.

FSC CoC Certification
Steelcase Wood harvesting practices are just one of the steps in achieving Forest Stewardship Council Chain of Custody (FSC CoC) certification. FSC certified wood (veneer and core) is available on most Steelcase wood products through the Specials RFQ process.

Product brochures and planning tools can be ordered through your Steelcase area office by calling 1.800.784.0358 or through the Marketing Resources web site at village.steelcase.com.

Planning Ideas is your resource to help inspire, envision, and plan Steelcase wood solutions.
▶ See www.steelcase.com/resources/design-center/planning-ideas.

Wood Solutions Interactive Tool has everything you need to talk about wood solutions combined in one interactive tool. www.steelcase.com/woodinteractive

Printed Materials

Surface Materials Reference Manual

This publication provides:

- An explanation of the surface materials
- “Available on” matrices
- Surface material selection listing
- Technical data for surface materials
- Surface material care and cleaning instructions

Hard Surfaces Card

The card provides an overview of:

- Finish levels
- An explanation of Flat Cut, Rift Cut and Quarter Cut
- Veneer lay-up techniques on exterior surfaces
- Wood finishes
- Certifications

Form number 09-0000483

Computer Tools

Electronic Catalog

Accurate sales quotations and purchase orders for Steelcase products are created with specification software that uses Steelcase Electronic Catalog data. Use the data to specify and price style numbers and options for every Steelcase product. The data is updated bimonthly by Steelcase and provided to software programs including: the Hedberg Business System, SmartTools — Steelcase’s design and specification software (for more information on SmartTools, please email SmartTools@steelcase.com), the ProjectMatrix ProjectSymbols libraries, as well as 20-20 CAP Studio.

Furniture Symbol Graphic Data

Steelcase creates 2D and 3D furniture symbols (with attributes) for planning and initially specifying Steelcase products. This data is incorporated into several add-on software packages that work in either a Microstation or an AutoCAD drafting environment.

Digital Publications

You can access these digital publications at www.steelcase.com or village.steelcase.com.

Support

Steelcase Capabilities

Steelcase products are distributed, installed, and serviced through a network of more than 600 dealers worldwide. Steelcase is also represented with offices and corporate showrooms in 26 U.S. cities, 4 Canadian cities, and in France, Germany, Great Britain, and Japan. Every Steelcase product meets our exceptionally high standards of quality and durability and comes with the Steelcase assurance of excellence in service.

For ordering or product assistance,

please call your local dealer, the Steelcase Solutions Resource Team, or the Steelcase Solutions Fulfillment Team at 1.888.STEELCASE (1.888.783.3522) or send an e-mail to lineone@steelcase.com.

Call the Steelcase Solutions Resource Team prior to placing an order, when working on a bid, or when you need information about product applications and specifications.

Call the Steelcase Solutions Fulfillment Team if you have submitted an order to Steelcase and you need to speak to your Solutions Fulfillment Team Representative about the order. Also call if you have any post-shipment quality concerns or service parts questions.

For warranty information, please go to <http://www.steelcase.com/warranty/>.

Outside the U.S.A., Canada, Mexico, Puerto Rico, and the U.S. Virgin Islands, call 1.616.247.2500.

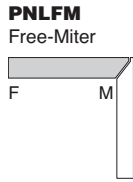

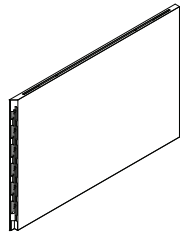

For information about Steelcase, the name of your nearest Steelcase dealer, or for product literature, call 1.800.333.9939 or visit our Web site: www.steelcase.com.

Sustainability

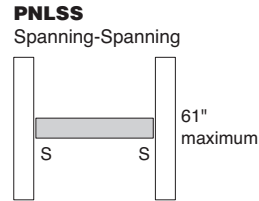

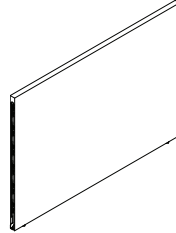

At Steelcase, we believe business can be a force for good. We create long-lasting products that are better for people and better for the planet. Our products and operations use life cycle thinking to meet our commitment to reducing climate change. This commitment is reinforced by practices such as designing to minimize global warming and other life cycle impacts, ensuring material health, and enabling end-of-use strategies. To learn more at a corporate level, visit: <https://www.steelcase.com/discover/steelcase/esg-overview/environmental/Product-Environmental-Profiles>, which provide key environmental attributes such as recycled content, embodied carbon and recyclability, as well as product certifications can be found by searching for Steelcase at *Origin.build*.

Panels are labeled by ends and sides.

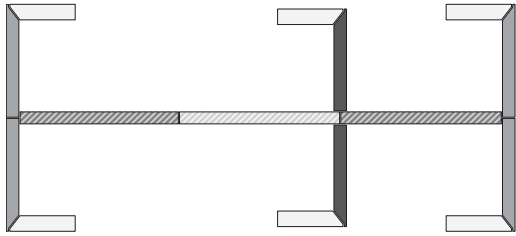

Each panel has a side 1 and a side 2. For each of the sides, there is an end A and an end B.

PNLIT

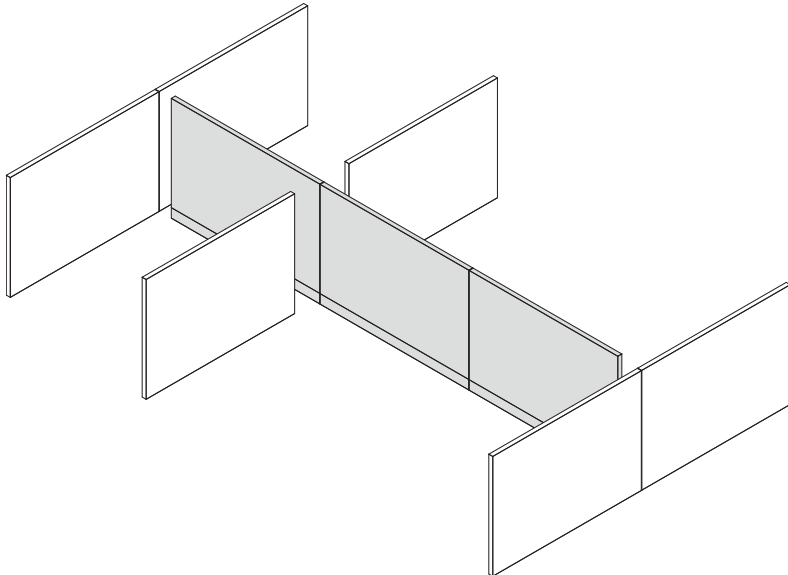

Shown is an example of labeling for an inline T panel style. The magnetic panel on side 1 is represented by the black line.

Key Panel Applications and Panel Logic

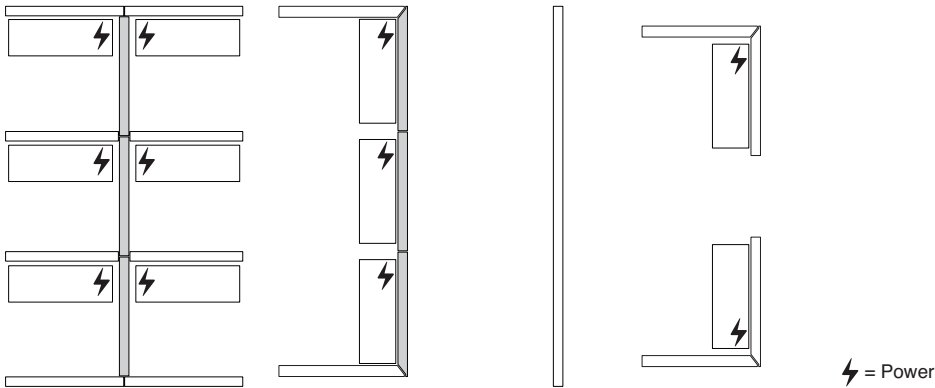

- = **PNLFM**
- ▨ = **PNLII**
- = **PNLIM**
- ▩ = **PNLIT**
- = **PNLMT**

Panels are planned and specified as non-powered or powered gallery panels. Generally, power runs down the spine of the application (highlighted in gray), however, any panels that connect inline can run power.

Power can only run through inline connections, it cannot turn a corner.

Double sided work-pack

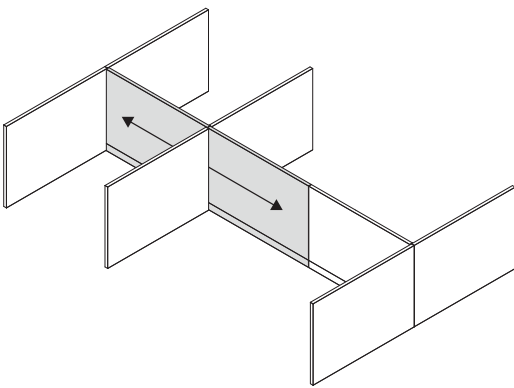

- 4, 6, and 8 packs
- Benching and perpendicular configurations
- Two-sided power expression

Single sided work-pack

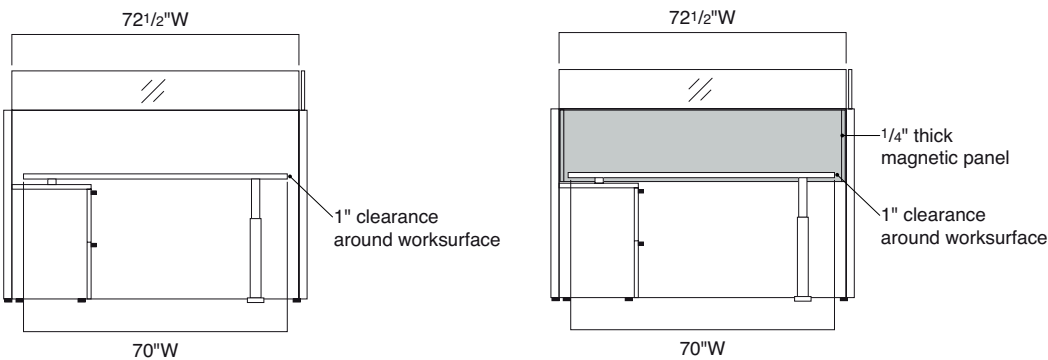

- 2, 3, and 4 packs
- Benching and perpendicular configurations
- One-sided power expression

Enclosed work-pack

- Reception and administration stations
- One-sided power expression
- Power and data chase to workstation

Aisla panel length changes automatically through SmartTools, utilizing integrated connections to maintain plan width.

Panels are sized to account for the accent panel, whether it is present or not. An additional 1/2" is added to all panels to account for pinch points. Use SmartTools for planning rules.

Tip: Aisla integrated credenzas have the additional dimension accounted for in the integrated height-adjustable desk leg case.

*Tip: For powered panels, add suffix **P** at the end of the style number.*

Tip: Cinch plate packages, including a plate and bolt, are automatically added to panel styles in SmartTools when needed. No need to specify separately.

Tip: Bumper connections automatically added to panel styles in SmartTools when needed for alignment between glass on panels. No need to specify separately.

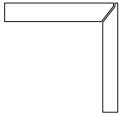

Panel Stability Guidelines

Inline panels may not exceed a maximum of 193¹/₂" of inline panels consecutively or no more than two connections between panels not exceeding 193¹/₂" without a T or end return.

L, U, and T panel applications have the stability restrictions outlined below. Accessories include glass, fabric-wrapped magnetic panel, and transaction top.

Panel Grain Directions

Wood veneer grain directions

Wood is a natural, unique, and always changing material. No two pieces are the same. The appearance of each surface will vary based on a piece's individual grain pattern, underlying color, and characteristics (like gum pockets and pin knots). While the finishing process is identical for all pieces, each finished piece celebrates wood's individual beauty. Because wood contains standing fibers, similar to suede, the orientation of the grain pattern to a light source will cause it to reflect light differently and look a slightly different color. Two surfaces with grain directions that are at different angles to each other will look different. This natural phenomenon is called flash or polarization. This can happen within a piece as alternating veneer leaves are placed side by side or from piece to piece. Polarization is often noticed on worksurfaces installed at a 90° angle with each other.

Make a sketch of the grain direction for adjacent worksurfaces to ensure they are suitable for your installation.

Please refer to the illustrations at right for an understanding of grain direction on your installation.

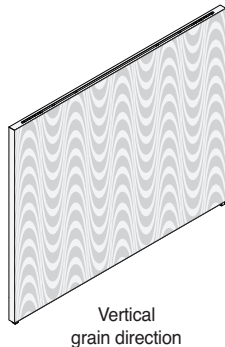

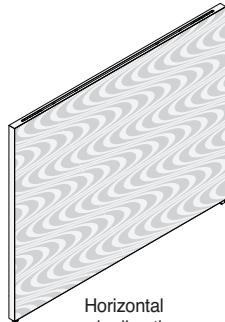

Directional laminate grain directions

Directional laminates are standard with the grain directions shown.

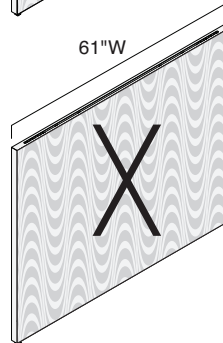

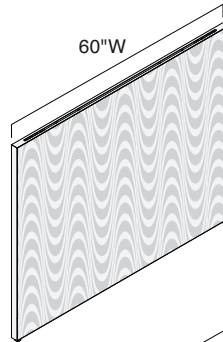

Laminate patterns are not available with the short grain direction option.

Make a sketch of the grain direction for adjacent worksurfaces to ensure they are suitable for your installation.

Please refer to the illustrations below for an understanding of grain direction on your installation.

Panels can be specified in horizontal or vertical grain for laminate, composite veneer, or wood veneer.

For directional laminates on panels, horizontal and vertical grain direction are available when the width is up to and including 60". When the width is greater than 60", only horizontal grain direction is allowed.

Aisla Panels

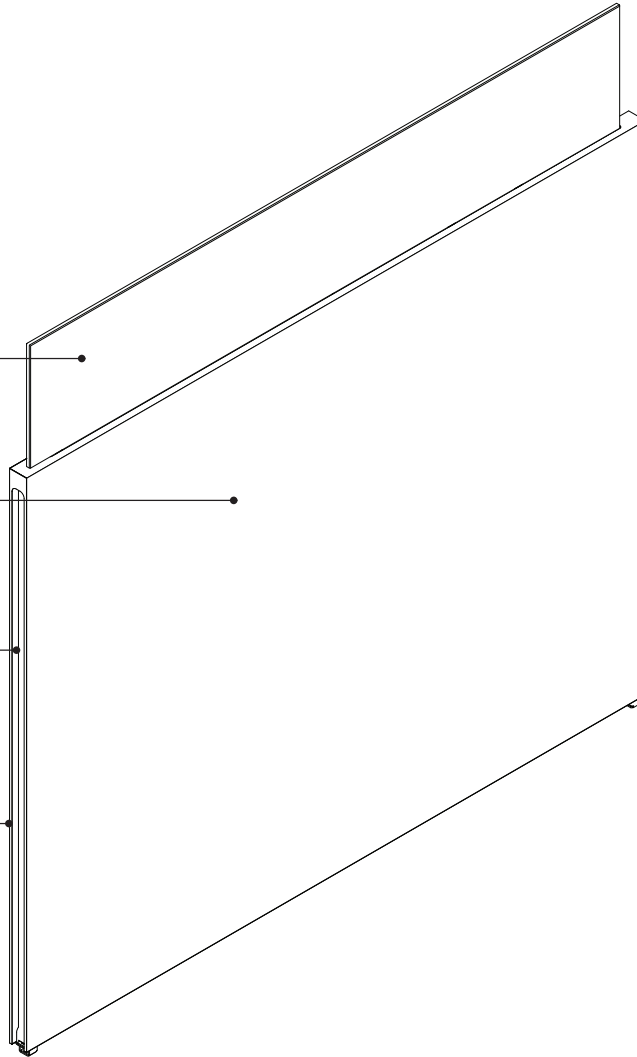

Aisla is a product line that looks and feels like a custom product, scaled to the quality and quantity of Steelcase yet is designed for a broad range of applications.
 ▶ Specifying, pages 48–84

Integrated glass, available as an option, has a height of 10" or 12".

Panel width is available parametrically from 18"–96.5" in 1/16" increments.

Panels have a wood core with a composite veneer, wood veneer, or laminate surface.

Panels have a 1 mm edge band on the top of the panel for visual aesthetics, and a 3 mm edge band on the side for durability.

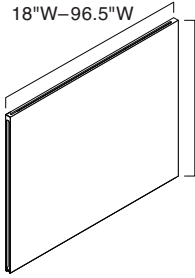

Actual Dimensions

Height	42" or 48"
Panel Width	Parametric from 18"–96.5" in 1/16" increments Spanning panel only parametric from 36"–61"W in 1/16" increments
Panel Thickness	1.5" nominal 1.6" High-Pressure Laminate 1.58" veneer

Product Details

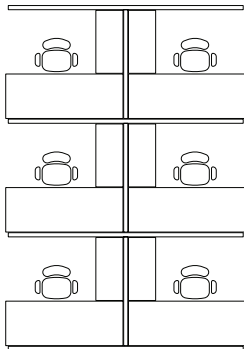

18"W–96.5"W

42"H
and
48"H

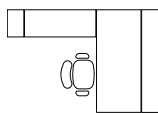

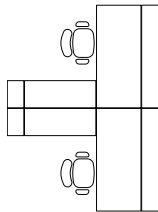

Panels are available in 42" or 48" modular heights, and 18"–96.5" parametric widths in 1/16" increments.
*Tip: Parametric width range for spanning panel **PNLSPNFF** is 36"–61"W in 1/16" increments.*

Panels can be planned in multiple different configurations. Three benchmark configurations are:

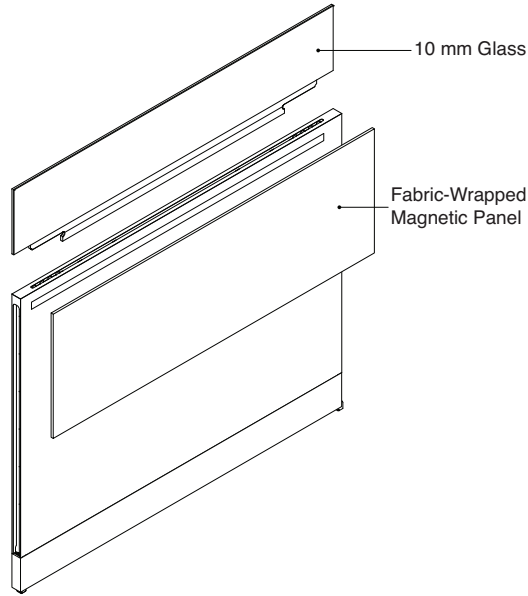

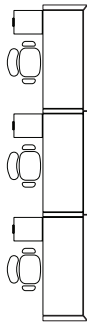

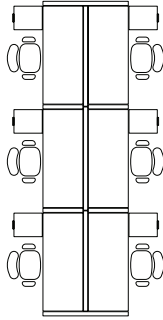

User and worksurface parallel to spine: benching application, with worksurface running along the spine, storage is perpendicular to spine.

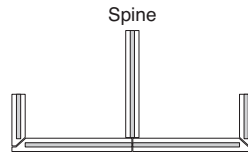

User and worksurface outward facing: generally with a transaction top and in a reception station.
Tip: Aisla can be planned in many different configurations, utilize SmartTools to find planning ideas and planning rules for all configuration needs.

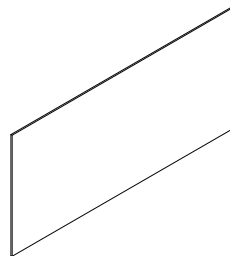

User and worksurface perpendicular to spine: Aisla storage running along the spine.

Glass is available as an option in 10" or 12" height on all panels 30"W and above.

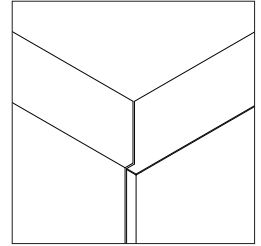

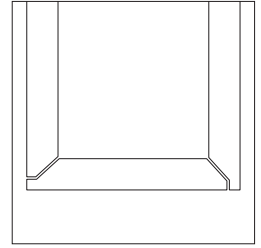

Glass is inset on miter corners or T connections. On inline panel connections, glass is touching via bumper.
Tip: Bumper styles and quantities automatically come with panel with T or inline connections and glass options in SmartTools to align glass between panels.

Fabric-wrapped magnetic panel is a thin steel panel wrapped in fabric to add texture and personalization to a workstation. Offered in standard vertical grade fabrics. Fabric is offered in vertical or horizontal direction.
Tip: When specifying with SmartTools, magnetic panels will snap to appropriate height and width when storage, height-adjustable desk, and panels are placed.
▶ See Migration Desking Collection in *Height-Adjustable Desks Specification Guide*.

Tip: Rare earth magnetics recommended on steel accent panel for trackability.

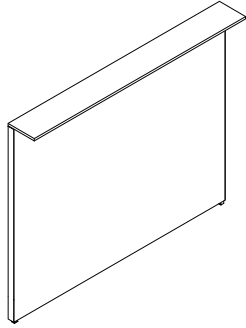

Miter matchstick corner can be specified on the panel, either on side 1 or side 2.

Optional fabric magnetic panel can be added to all the surrounding powered and non-powered panels.

Common customer supplied materials for bring your own material bracket:

Aisla Powered Panels

Aisla is a product line that looks and feels like a custom product, scaled to the quality and quantity of Steelcase yet is designed for a broad range of applications.
 ▶ Specifying, pages 88–128

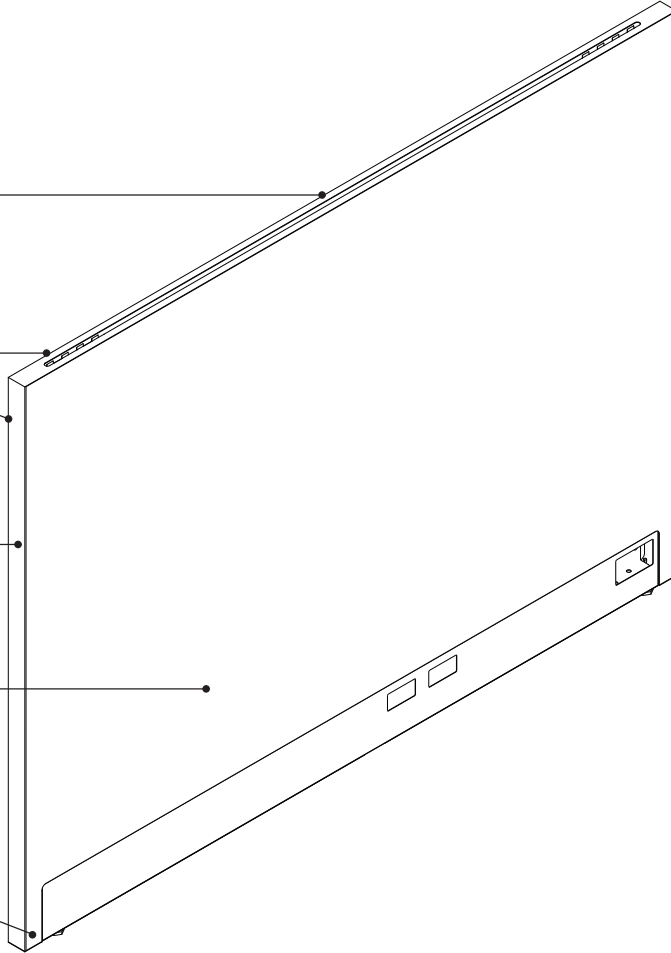

Powered panel width is available in 6" increments starting at 60.5" up to 96.5".

Powered panels have a 1 mm edge band on the top of the panel for visual aesthetics, and a 3 mm edge band on the side for durability.

Powered panels are 1½" thick and can route power in the panel across a floor plan.

Powered panels have a wood core with a composite veneer, wood veneer, or laminate surface.

Panel shown is finished to floor, single sided power panel.

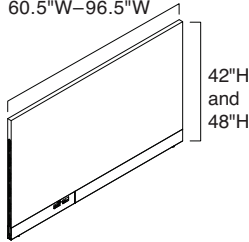

Actual Dimensions

Power Options	Dual sided — power expressed on both sides, base trim on both sides
	Single sided — power expressed on one side, base trim on both sides
	Finished to floor (aisle sided) — power expressed on both sides, base trim on one side, laminate, composite veneer, or wood veneer finished-to-floor on one side
Height	42" or 48"
Panel Width	60.5", 66.5", 72.5", 78.5", 84.5", 90.5", 96.5"
Panel Thickness	1.5" nominal
	1.6" High-Pressure Laminate
	1.58" veneer

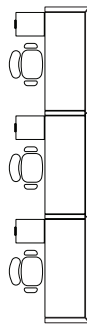

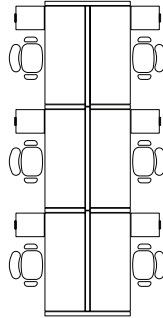

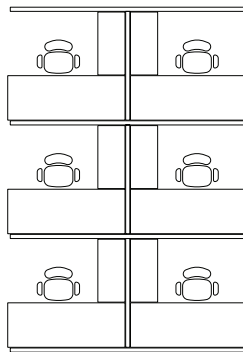

Product Details

60.5"W–96.5"W

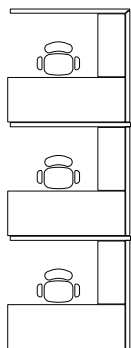

Panels are available in 42" or 48" modular heights, and 60.5"–96.5" modular widths in 6" increments.

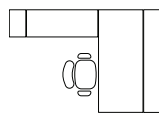

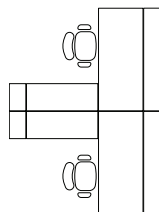

Panels and powered panels can be planned in multiple different configurations. Three benchmark configurations are:

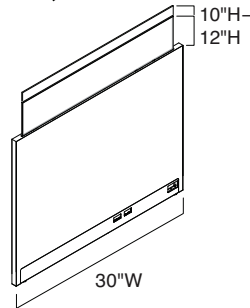

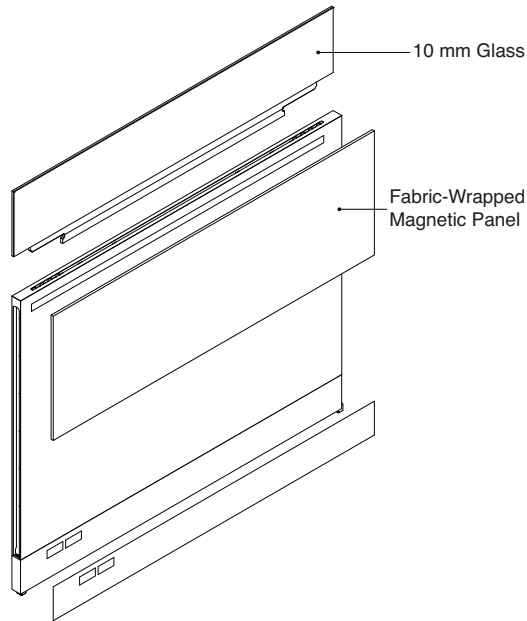

User and workspace parallel to spine: benching application, with worksurface running along the spine, storage is perpendicular to spine.

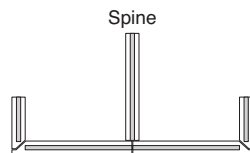

User and workspace perpendicular to spine: Aisla storage running along the spine.

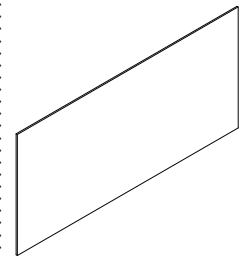

User and workspace outward facing: generally with a transaction top and in a reception station. *Tip: Aisla can be planned in many different configurations, utilize SmartTools to find planning ideas and planning rules for all configuration needs.*

Glass is available as an option in 10" or 12" height on all panels 30"W and above.

Glass is inset on miter corners or T connections. On inline panel connections, glass is touching via bumper. *Tip: Bumper styles and quantities automatically come with panel with T or inline connections and glass options in SmartTools to align glass between panels.*

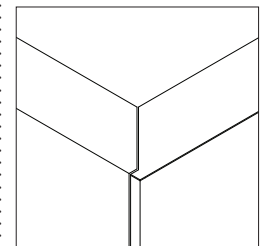

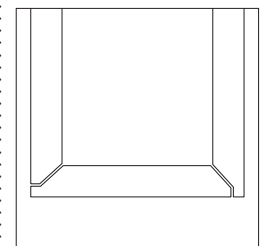

Fabric-wrapped magnetic panel is a thin steel panel wrapped in fabric to add texture and personalization to a workstation. Offered in standard vertical grade fabrics. Fabric is offered in vertical or horizontal direction.

Tip: When specifying with SmartTools, magnetic panels will snap to appropriate height and width when storage, height-adjustable desk, and panels are placed.

▶ See Migration Desking Collection in Height-Adjustable Desks Specification Guide.

Tip: Rare earth magnetics recommended on steel accent panel for trackability.

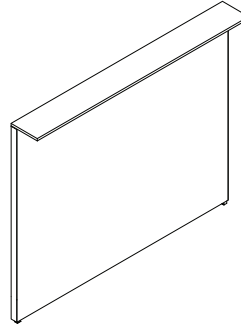

Miter matchstick corner can be specified on the panel, either on side 1 or side 2.

Optional fabric magnetic panel can be added to all the surrounding powered and non-powered panels.

96"	231.3	145.9	43.3	50.4	45.1

Tip: This bracket is not a Customer's Own Material bracket. Steelcase only provides the bracket in the specified finish, but is not involved in the material selection process. The material of the bracket is chosen by the customer, as long as it is under the weight limit.

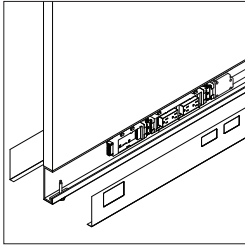

Transaction top is available on panels 30"W and above and comes in High-Pressure Laminate, composite veneer, wood veneer, and brackets and hardware for customer supplied material. Bring your own material bracket can accept any material if it is below the weight limit - example materials noted.

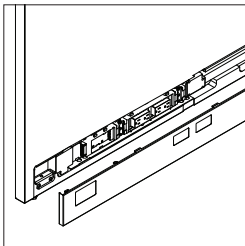

Panels can be specified in horizontal or vertical grain for laminate, composite veneer, or veneer.

Tip: For directional laminates, horizontal and vertical grain direction are available when the width is up to and including 60". When the width is greater than 60", only horizontal grain direction is allowed.

Power base trims are specified with powered panels. Power kits including power blocks (receptacle holders) and connectors (connecting power blocks to harnesses) are specified separately. Utilize SmartTools for easy specifying.

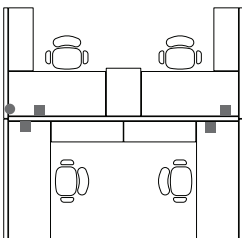

Dual and single sided power

Finished to floor (aisle sided) power

Power is integrated into the base of the panel. Two duplex receptacles are available per workstation. Power is offered on panels in:

- Dual sided — power expressed on both sides, base trim on both sides
- Single sided — power expressed on one side, base trim on both sides
- Aisle side — power expressed both sides, base trim on one side, and laminate, composite veneer, or wood veneer finished-to-floor one side

- = Infeed
- = Power block

Power blocks are configured to deliver contrasting functionalities. They are not sequential; instead, they operate in a complementary manner to achieve equilibrium across the system.

Wiring Schematics

Details for the Electrician

Aisla offers two different wiring schematics to allow you to match your specific wiring strategy to any typical building wiring plan.

Tip: All the components in an electrical system must use the same wiring schematic. The components are keyed and color coded to make it impossible to connect mismatched parts.

Black = Four-circuit, 3+1

Brown = Four-circuit, 2+2

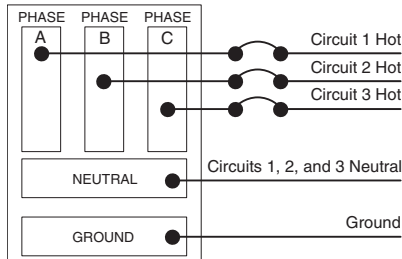

Shared neutrals = 10 gauge

Non-shared neutrals = 12 gauge

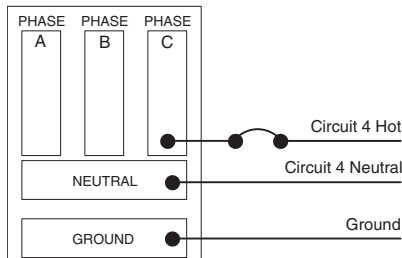

Hot wires = 12 gauge

Four-Circuit, 3+1

Circuit Panel 1

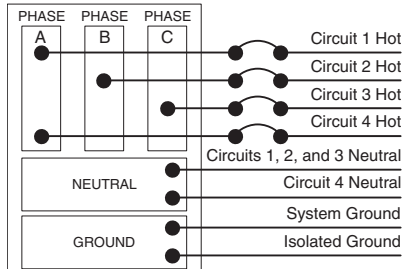

Circuit Panel 2

In the four-circuit 3+1 schematic, circuits 1, 2, and 3 are distributed from the first circuit panel and are supported with one shared neutral and one shared ground. Circuit 4 is distributed from a second circuit panel and is supported with a separate neutral and ground.

Single 3-Phase

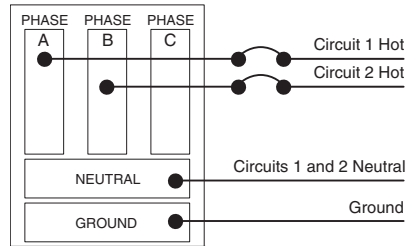

Circuit Panel

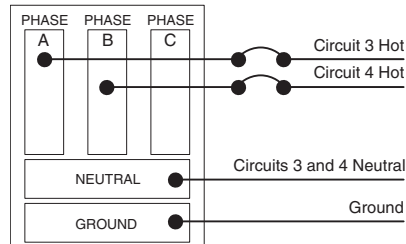

On a single 3-phase circuit panel, all four circuits are distributed as shown.

Four-Circuit, 2+2

Circuit Panel 1

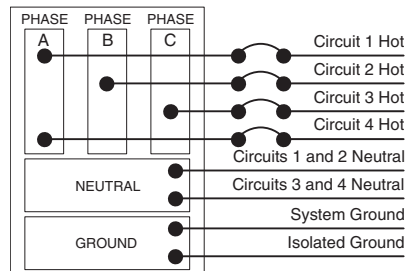

Circuit Panel 2

In the four-circuit 2+2 schematic, circuits 1 and 2 are distributed from two different phases from the first circuit panel and are supported with one shared neutral and one shared ground. Circuits 3 and 4 are distributed from a second circuit panel and supported by their own shared neutral and ground.

Single 3-Phase

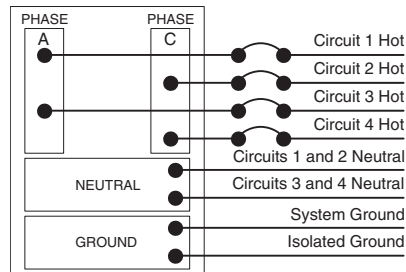

Circuit Panel

On a single 3-phase circuit panel, all four circuits are distributed as shown.

Split-Phase

Circuit Panel

On a split-phase circuit panel, all four circuits are distributed as shown.

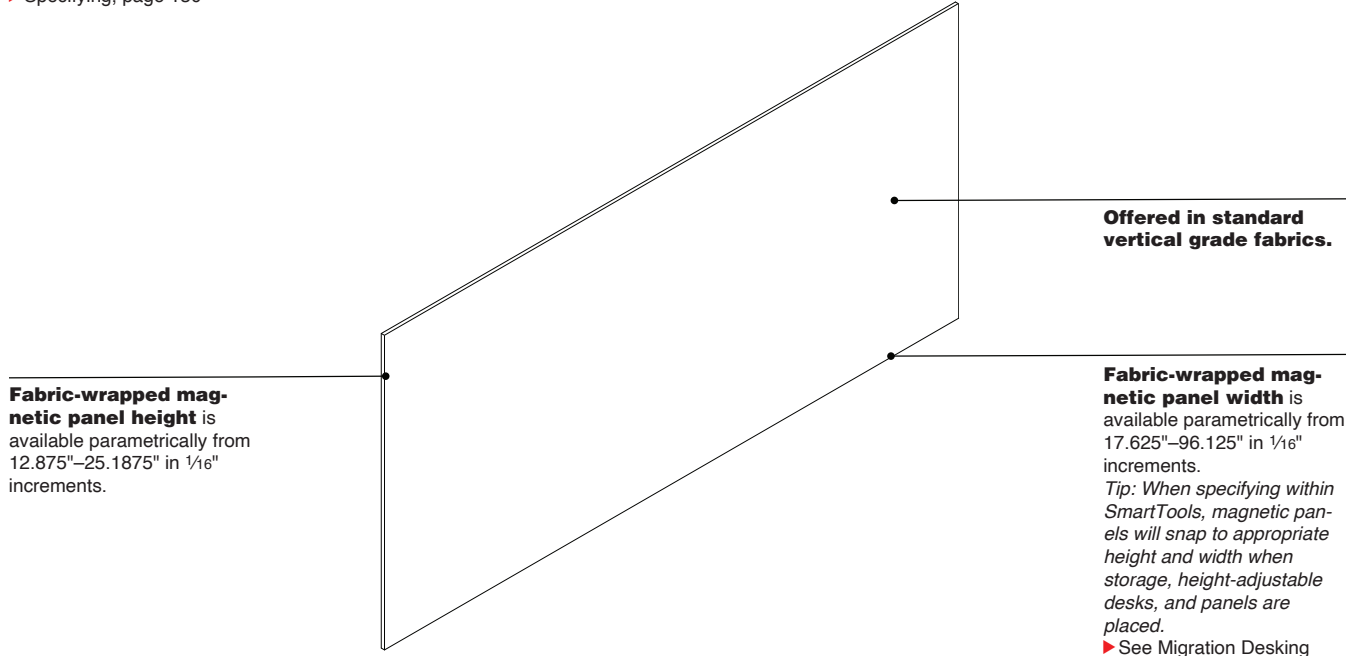

Special Requirements for Chicago

	Chicago Code	Specification:	Electrician will supply:
Panel Requirements Chicago code requires hardwiring of all electrical components.	Panel must be hardwired in the field. Electrician hardwires all receptacle boxes and conduits into panel bases in the field. <i>Tip: Panel depth prohibits use of standard device boxes for back-to-back receptacles in Chicago.</i>	<ul style="list-style-type: none">• Order panels with Chicago power option. <i>Tip: Chicago code doesn't require a special base cover with different receptacle locations.</i>• Receptacles in Chicago are supplied by electrician. <i>Tip: These panels only have one power location on each side, so these panels can accommodate two duplexes per side.</i>	<ul style="list-style-type: none">• Connection to building power supply• Wires• Fittings• Duplex receptacle (Leviton 5325-Decora style)• Electrical components

Aisla Fabric-Wrapped Magnetic Panel

Aisla fabric-wrapped magnetic panel is a thin steel panel wrapped in fabric to add texture and personalization to a workstation.

► Specifying, page 130

Fabric-wrapped magnetic panel height is available parametrically from 12.875"–25.1875" in 1/16" increments.

Offered in standard vertical grade fabrics.

Fabric-wrapped magnetic panel width is available parametrically from 17.625"–96.125" in 1/16" increments.

Tip: When specifying within SmartTools, magnetic panels will snap to appropriate height and width when storage, height-adjustable desks, and panels are placed.

► See Migration Desking Collection in *Height-Adjustable Desks Specification Guide*.

Actual Dimensions

Height	Parametric from 12.875"–25.1875" in 1/16" increments
Panel Width	Parametric from 17.625"–96.125" in 1/16" increments
Panel Thickness	1/4"

Aisla Cabinets

Aisla storage offering

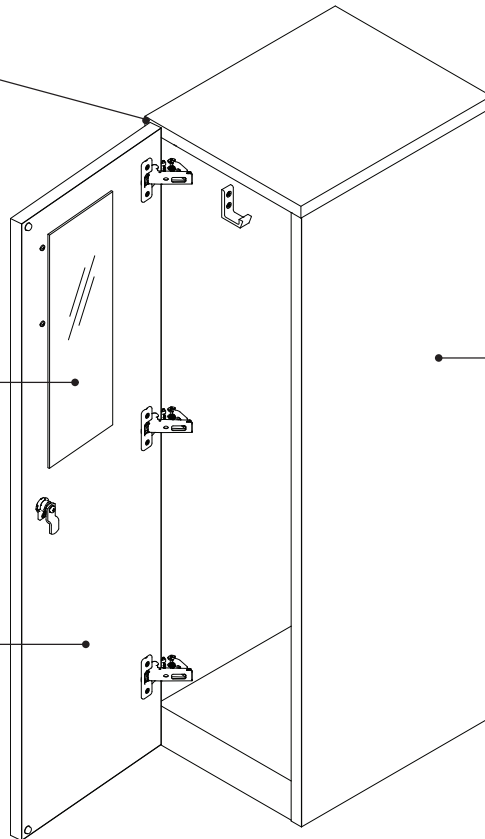

will enrich the workstation with features that elevate the product experience.

► Specifying, page 132

Top detail is available in top over front or front over top configurations. Shown with front over top.

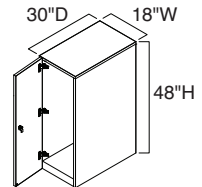

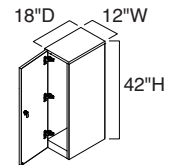

Mirror, available as an option, is 5⁷/₂₀"W x 15¹/₂"H.

Cabinets have left- or right-hinged door configurations.

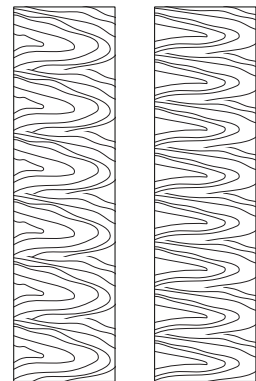

Cabinets are available in composite veneer, wood veneer, or laminate finishes.

Product Details

Aisla cabinets come in 42" or 48" heights, 18" or 30" depths, and 12" or 18" widths.

Tip: Cabinets must be attached to adjacent storage or panel for stability.

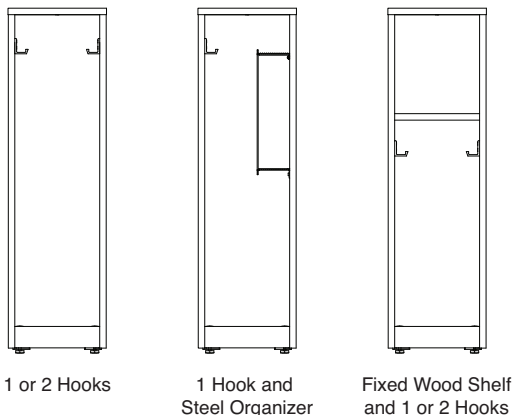

When specifying veneer cabinet headsets in vertical grain, the type of veneer you select will determine the cathedrals selected. Planked, rift cut, and quarter cut will all be acceptable. Flat cut will provide smaller 6"–8" cathedrals.

Actual Dimensions

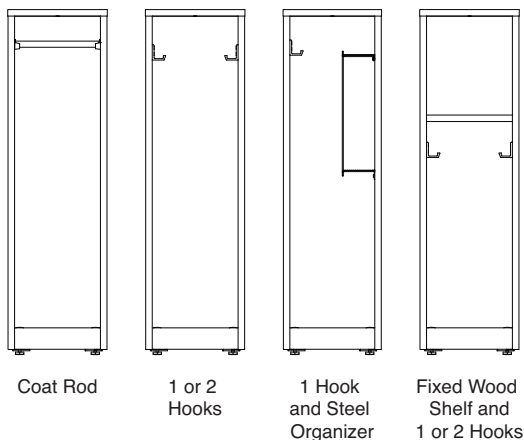

Depth	18" or 30"
Width	12" or 18"
Height	42" or 48"

18"D Cabinets

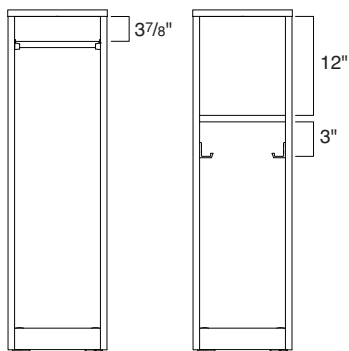

Interior configuration options for 18"D cabinets are hooks, steel organizer, and fixed wood shelf with hooks. Steel organizer is always placed opposite of the door.

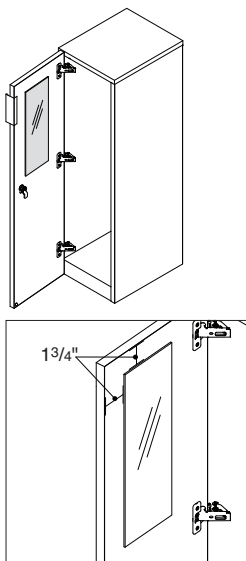

30"D Cabinets

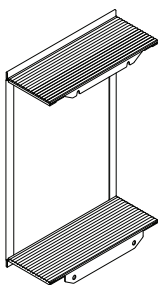

Interior configuration options for 30"D cabinets are: coat rod, hooks, steel organizer, and fixed wood shelf with hooks. Steel organizer is always placed opposite of the door.

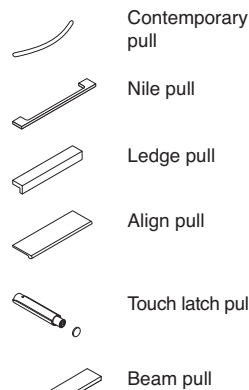

Coat rod is centered 37/8" below top panel. Shelf is always 12" below the top panel, and coat hooks are 3" below shelf.

Mirror, available as an option on cabinets, is 57/20"W x 15 1/2"H and offset 1 3/4" from the cabinet door to accommodate pull fasteners.

Cabinet organizer can be specified for cabinet interior. It is steel painted in 7360 Merle, and lined with Designtex Wannabe Rib Slate 5622-803.

Pull options on cabinets are: contemporary, Nile, ledge, align, touch latch, and beam.

Aisla HIU Storage

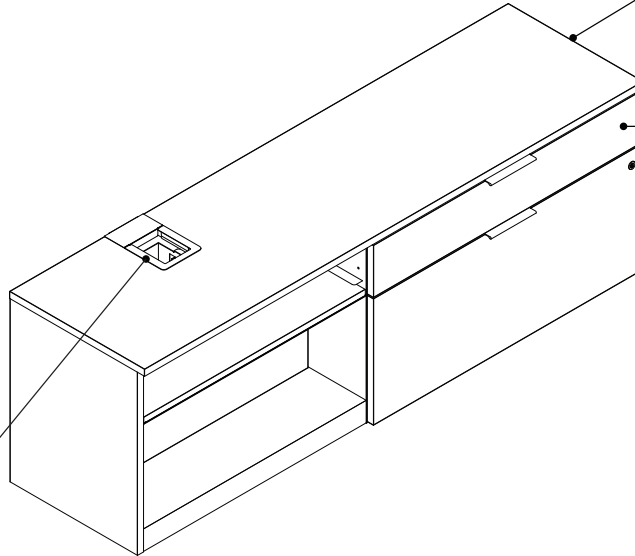

Aisla offers fully integrated 1.5H HIU (height-adjustable integrated unit) credenzas and HIU low storage.

► Specifying, pages 136–162

All HIU storage has both left and right hand versions. Configurations shown here are right handed.

Integrated storage credenza is 18"D, HIU is always 30.5"W, and the storage component is available in box/file configurations from 54"–96½"W.

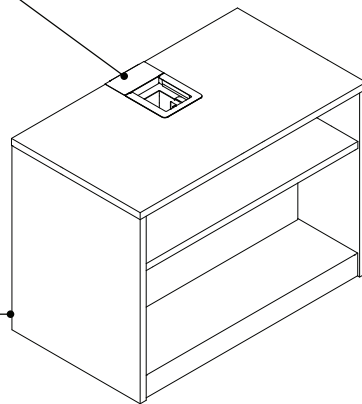

Soft close drawers are standard on credenzas.

Aisla storage integrates with Migration Pro height-adjustable desks and Slim Leg HAD.

► See Migration Desking Collection in *Height-Adjustable Desks Specification Guide*.

► See Slim Leg HAD in *Currency Specification Guide*.

HIU low storage is available in 1H and 1.5H, blending with basic and extended height desks, and is compatible with Currency credenza for combined applications.

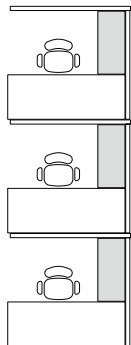

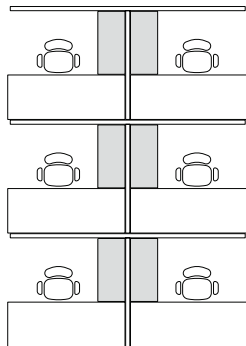

Plinth base on all storage has 5/8" clearance to floor for cables.

Actual Dimensions

	HIU Credenzas	HIU Low Storage
Depth	18"	18"
Width	54", 54.5", 60", 60.5", 66", 66.5", 72", 72.5", 78", 78.5", 84", 84.5", 90", 90.5", 96", 96.5"	30" or 30.5"

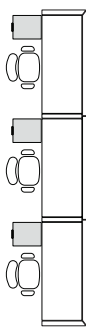

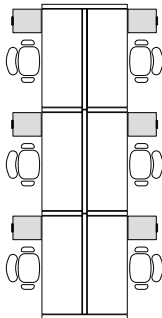

Product Details

Aisla storage can be planned in two configurations:

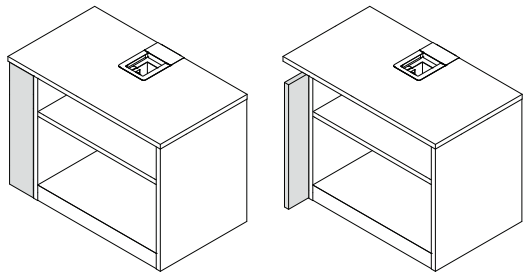

Parallel HIU credenzas and low storage

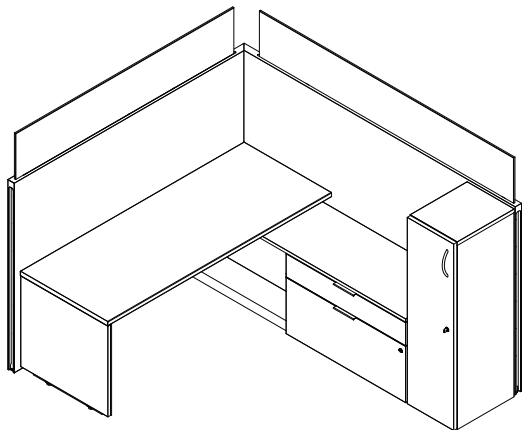

for parallel to the spine application planning.

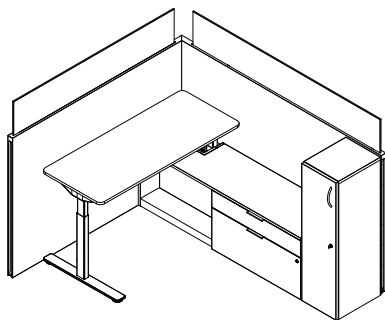

Perpendicular HIU credenzas and low storage for perpendicular to the spine application planning.

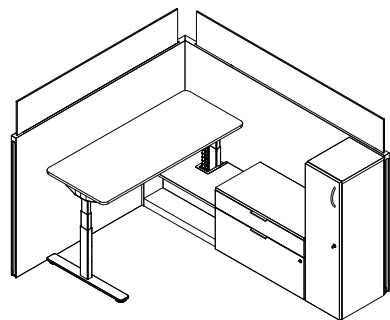

Perpendicular storage has a hinged power access panel on the HIU that allows for easy access to duplex receptacles and infeeds on the spine.

Aisla credenzas and low storage are designed to integrate seamlessly with the Slim Leg HAD lift column. Slim Leg HAD provides an elevated aesthetic where a visible height-adjustable desk leg is undesirable. This is a premium option in the open plan and complements the design of Aisla panels and storage, creating a highly aesthetic workstation. ▶ See Slim Leg HAD in *Currency Specification Guide*.

Basic Height Migration Pro Desk

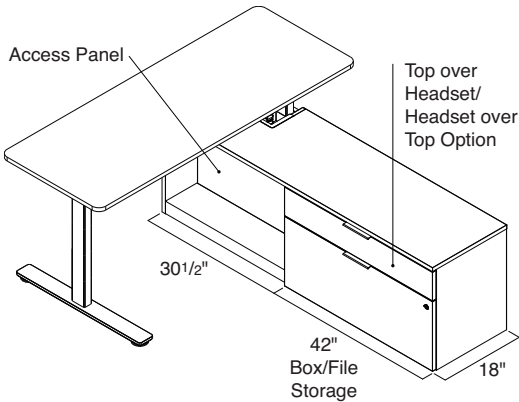

Extended Height Migration Pro Desk

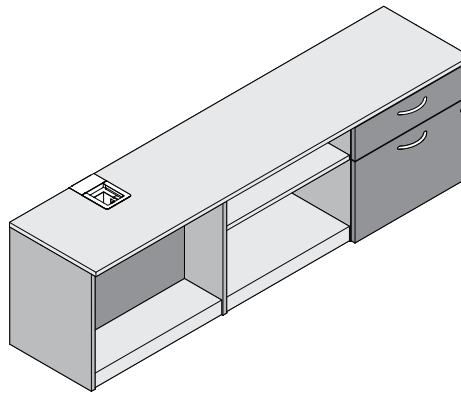

The Migration collection of height-adjustable desks pairs as a standard solution with Aisla panels and storage. Migration height-adjustable desks provide more design flexibility with a painted base.

For Aisla HIU integration, both basic and extended height Migration Pro desks can be specified, as it features 1"H storage to accommodate for the extra low seated height that the extended height desk provides.

▶ See Migration Desking Collection in *Height-Adjustable Desks Specification Guide*.

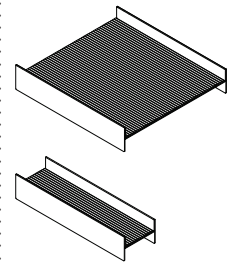

HIU credenza is 18"D, HIU is always 30.5"W, and the storage component is flexing to any size box/file configuration between 54"-96.5"W. Largest drawer size for box/file storage is 42", having a partition added for above 42".

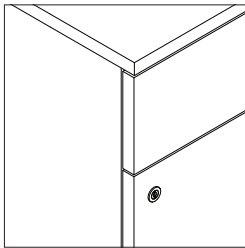

-  = Top Grain Direction
-  = Case Grain Direction
-  = Headset Grain Direction

Grain direction can be specified separately for top, case, and headset.

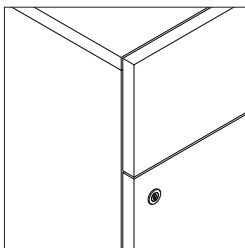

To receive the same filch of veneer in an application, utilize the office set option available in Hedberg or SmartTools to place a number to the styles in the same application. Styles will receive the veneer from the same filch, providing a cohesive application.

Paper and pencil trays are available as optional accessories. Steel painted in 7360 Merle and lined with Designtex Wannabe Rib Slate 5622-803.

Top over front

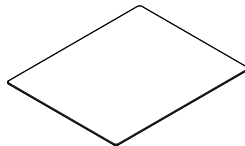

Front over top

Aisla storage offers an option to have storage drawer fronts to be top over front or front over top. This is available on all storage, except for stand-alone HIU.

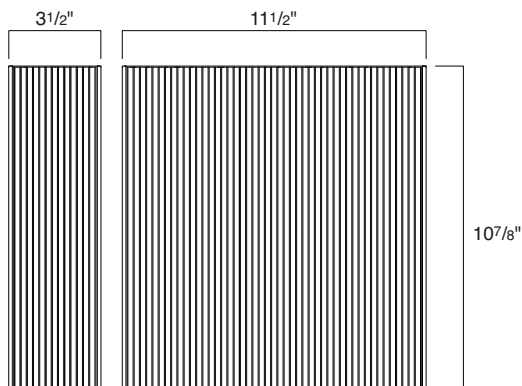

-  Contemporary pull
-  Nile pull
-  Ledge pull
-  Align pull
-  Beam pull

Pull options on HIU credenzas are: contemporary, Nile, ledge, align, and beam. Aisla is introducing the new align pull into the offering for a sleek new design that is ADA compliant.

Locks are available in polished chrome and ember chrome. Options for lock are keyed random, key plug only, master key random, master key plug, and no lock.

Drawer liners are included in price of HIU credenza for box drawers and can be deducted as an option. The liner is a sturdy metal sheet wrapped in 5H20 Billiard Cloth for a streamlined internal visual across all box drawers.

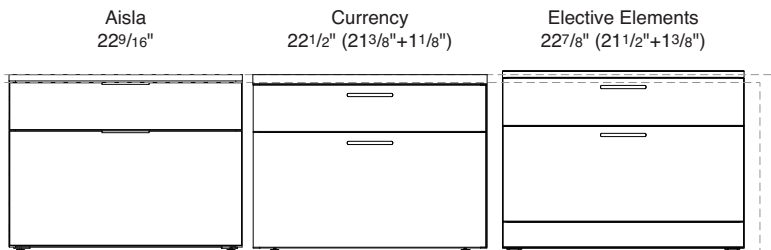

Pencil and paper trays are both 10 7/8" in length. Paper tray has a width of 11 1/2" and pencil tray is 3 1/2"W.

Drawers are full depth and measure 13.425" front to back. Internal dimension of the drawer is 12.339".

Soft close drawers are standard on all Aisla storage credenzas.

Undermount slides on drawers are standard on all drawers for clean aesthetic.

Aisla storage datums fall above Currency and below Elective Elements, but are glide adjustable to match alignment.

Aisla Panels—Spanning

► Need help?
Product details,
page 26

Standard Includes

- Panel—spanning: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Options, if selected (see below)
- See *Surface Materials*, page 164

Tip: Parametric width (18"W–96.5"W) is available in 1/16" increments.

	Required Selections	U.S. Price	Required to Specify
Width	• 18"–96.5"	Prices at right	Specify width.
Height	• 42" • 48"	Prices at right Prices at right	Specify height. Specify height.
Connection	End A • Spanning • T	+\$ 70 +\$100	Specify with end A spanning. Specify with end A T.
	End B • Spanning • T	+\$ 70 +\$100	Specify with end B spanning. Specify with end B T.

	Options	U.S. Price	Required to Specify

Aisla Panels—Inline

► Need help?
Product details,
page 26

Standard Includes

- Panel—Inline: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Options, if selected (see below)
- See *Surface Materials*, page 164

Tip: Parametric width (18"W–96.5"W) is available in 1/16" increments.

Aisla Panels—Miter

► Need help?
Product details,
page 26

Standard Includes

- Panel—Miter: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Options, if selected (see below)
- See *Surface Materials*, page 164

Tip: Parametric width (18"W–96.5"W) is available in 1/16" increments.

	Required Selections	U.S. Price	Required to Specify
Width	• 18"–96.5"	Prices at right	Specify width.

Height	• 42" • 48"	Prices at right Prices at right	Specify height. Specify height.
---------------	----------------	------------------------------------	------------------------------------

Connection	End A		
	• Spanning	+\$ 70	Specify with end A spanning.
• T	+\$100	Specify with end A T.	
• Mitered side 1	+\$250	Specify with end A mitered side 1.	
• Mitered side 2	+\$250	Specify with end A mitered side 2.	

	End B		
	• Spanning	+\$ 70	Specify with end B spanning.
	• T	+\$100	Specify with end B T.
	• Mitered side 1	+\$250	Specify with end B mitered side 1.
	• Mitered side 2	+\$250	Specify with end B mitered side 2.

	Options	U.S. Price	Required to Specify
--	---------	------------	---------------------

Surface Materials	Panel		
	• High-Pressure Laminate price group 1	No cost	Specify laminate color number.
	• High-Pressure Laminate price group 2	Prices at right	Specify laminate color number.
	• High-Pressure Laminate price group 3	Prices at right	Specify laminate color number.
	• Open Line laminate (OLL)	+\$111 plus cost of laminate	► See <i>Surface Materials Reference Manual</i> .
	• Composite veneer group 1	Prices at right	Specify composite veneer color number.
	• Composite veneer group 2	Prices at right	Specify composite veneer color number.
	• Wood group 1	Prices at right	Specify wood color number.
	• Wood group 2	Prices at right	Specify wood color number.
	• Wood group 3	Prices at right	Specify wood color number.
• Customiz stain	Prices at right	Specify with customiz stain.	

	Integrated glass		
	• Glass price group 1	Prices at right	Specify with 6500 Clear Glass.
	• Glass price group 3	Prices at right	Specify with 6501 Low Iron Clear Glass.
	• Glass price group 4	Prices at right	Specify with 6562 Bronze or 6563 Smoke Glass.

Aisla Panels—T

► Need help?
Product details,
page 26

Standard Includes

- Panel—T: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Options, if selected (see below)
- See *Surface Materials*, page 164

Tip: Parametric width (18"W–96.5"W) is available in 1/16" increments.

	Required Selections	U.S. Price	Required to Specify

Aisla Spanning Panels—Free

► Need help?
Product details,
page 26

Standard Includes

- Spanning panel—free: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—middle (See below under Required Selections)
 - 6 Connection—end B (see below under Required Selections)
 - 7 High-Pressure Laminate color for panel
 - 8 Glass color number for glass insert, if selected
 - 9 High-Pressure Laminate color for transaction top, if selected
 - 10 Plastic color number for transaction top edge, if selected
 - 11 Paint color number for transaction top bracket, if selected
 - 12 Options, if selected (see below)
- See *Surface Materials*, page 164

Tip: Parametric width (36"W–61"W) is available in 1/16" increments.

Aisla Powered Panels—Free

► Need help?
Product details,
page 30

Standard Includes

- Powered panel—free: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1
- Trim: paint price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Paint color number for trim
 - 12 Options, if selected (see below)
- See *Surface Materials*, page 164

Aisla Powered Panels—Spanning

► Need help?
Product details,
page 30

Standard Includes

- Powered panel—spanning: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1
- Trim: paint price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Paint color number for trim
 - 12 Options, if selected (see below)
- See *Surface Materials*, page 164

Aisla Powered Panels—Inline

► Need help?
Product details,
page 30

Standard Includes

- Powered panel—Inline: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1
- Trim: paint price group 1

Required to Specify

- 1 Style number
- 2 Width (see below under Required Selections)
- 3 Height (see below under Required Selections)
- 4 Connection—end A (see below under Required Selections)
- 5 Connection—end B (see below under Required Selections)
- 6 High-Pressure Laminate color for panel
- 7 Glass color number for glass insert, if selected
- 8 High-Pressure Laminate color for transaction top, if selected
- 9 Plastic color number for transaction top edge, if selected
- 10 Paint color number for transaction top bracket, if selected
- 11 Paint color number for trim
- 12 Options, if selected (see below)
 - See *Surface Materials*, page 164

	Required Selections	U.S. Price	Required to Specify

	Options	U.S. Price	Required to Specify
Surface Materials	Panel		
	• High-Pressure Laminate price group 1	No cost	Specify laminate color number.
	• High-Pressure Laminate price group 2	Prices at right	Specify laminate color number.
	• High-Pressure Laminate price group 3	Prices at right	Specify laminate color number.
	• Open Line laminate (OLL)	+\$111 plus cost of laminate	▶ See <i>Surface Materials Reference Manual</i> .
	• Composite veneer group 1	Prices at right	Specify composite veneer color number.
	• Composite veneer group 2	Prices at right	Specify composite veneer color number.
	• Wood group 1	Prices at right	Specify wood color number.
	• Wood group 2	Prices at right	Specify wood color number.
	• Wood group 3	Prices at right	Specify wood color number.
	• Customiz stain	Prices at right	Specify with <i>customiz stain</i> .
	Integrated glass		
	• Glass price group 1	Prices at right	Specify with <i>6500 Clear Glass</i> .
	• Glass price group 3	Prices at right	Specify with <i>6501 Low Iron Clear Glass</i> .
	• Glass price group 4	Prices at right	Specify with <i>6562 Bronze or 6563 Smoke Glass</i> .
	Transaction top		
	• High-Pressure Laminate price group 1	No cost	Specify laminate color number.
	• High-Pressure Laminate price group 2	Prices at right	Specify laminate color number.
	• High-Pressure Laminate price group 3	Prices at right	Specify laminate color number.
	• Open Line laminate (OLL)	+\$111 plus cost of laminate	▶ See <i>Surface Materials Reference Manual</i> .
• Composite veneer group 1	Prices at right	Specify composite veneer color number.	
• Composite veneer group 2	Prices at right	Specify composite veneer color number.	
• Wood group 1	Prices at right	Specify wood color number.	
• Wood group 2	Prices at right	Specify wood color number.	
• Wood group 3	Prices at right	Specify wood color number.	
• Customiz stain	Prices at right	Specify with <i>customiz stain</i> .	
Transaction top edge			
• Plastic	No cost	Specify plastic color number.	
Transaction top bracket			
• Paint price group 1	Prices at right	Specify paint color number.	
• Paint price group 2	Prices at right	Specify paint color number.	
• Paint price group 3	Prices at right	Specify paint color number.	
Trim			
• Paint price group 1	No cost	Specify paint color number.	
• Paint price group 2	+\$200	Specify paint color number.	
• Paint price group 3	+\$250	Specify paint color number.	
Connection T	End A		
	• No T	No cost	Specify with <i>end A no T</i> .
	• T side 1	No cost	Specify with <i>end A T side 1</i> .
	• T side 2	No cost	Specify with <i>end A T side 2</i> .
	• T side 1 and 2	No cost	Specify with <i>end A T side 1 and 2</i> .
	• T adjacent side 1	No cost	Specify with <i>end A T adjacent side 1</i> .
	• T adjacent side 2	No cost	Specify with <i>end A T adjacent side 2</i> .
	End B		
	• No T	No cost	Specify with <i>end B no T</i> .
	• T side 1	No cost	Specify with <i>end B T side 1</i> .
	• T side 2	No cost	Specify with <i>end B T side 2</i> .
	• T side 1 and 2	No cost	Specify with <i>end B T side 1 and 2</i> .
	• T adjacent side 1	No cost	Specify with <i>end B T adjacent side 1</i> .
	• T adjacent side 2	No cost	Specify with <i>end B T adjacent side 2</i> .

Tip: This option is only available when connection end A is inline or T.

Tip: This option is only available when connection end B is inline or T.

For Canadian Pricing
Multiply U.S. Price by the Canadian price factor.
▶ See page 1 for details.

► Options, continued from previous page

Tip: This option is only available when connection end A is mitered.

Tip: This option is only available when connection end B is mitered.

	Options	U.S. Price	Required to Specify
Mitered Matchstick	End A		
	• No matchstick • With matchstick	No cost No cost	Specify with end A no matchstick. Specify with end A matchstick.
	End B		
	• No matchstick • With matchstick	No cost No cost	Specify with end B no matchstick. Specify with end B matchstick.
Accent Panel	• No panel	No cost	Specify with no panel.
	• Fabric panel side 1	No cost	Specify with fabric panel side 1.
	• Fabric panel side 2	No cost	Specify with fabric panel side 2.
	• Fabric panel side 1 and 2	No cost	Specify with fabric panel side 1 and 2.
Top Accessory	• No accessory	No cost	Specify with no accessory.
	• Integrated glass	Prices at right	Specify with integrated glass.
	• 10"D transaction top side 1	Prices at right	Specify with 10"D transaction top side 1.
	• 10"D transaction top side 2	Prices at right	Specify with 10"D transaction top side 2.
	• Transaction top bracket only side 1	Prices at right	Specify with transaction top bracket only side 1.
	• Transaction top bracket only side 2	Prices at right	Specify with transaction top bracket only side 2.
Glass Height	• 10"	Prices at right	Specify glass height.
	• 12"	Prices at right	Specify glass height.
Grain Direction	Panel		
	• No grain direction • Horizontal • Vertical	No cost No cost No cost	Specify with no grain direction. Specify with horizontal grain direction. Specify with vertical grain direction.
	Transaction top		
	• No grain direction • Long grain • Short grain	No cost No cost No cost	Specify with no grain direction. Specify with long grain direction. Specify with short grain direction.
Power Location	• Side 1, end A	+\$ 776	Specify with power side 1, end A.
	• Side 1, end B	+\$ 776	Specify with power side 1, end B.
	• Side 2, end A	+\$ 776	Specify with power side 2, end A.
	• Side 2, end B	+\$ 776	Specify with power side 2, end B.
	• Side 1 and 2, end A	+\$1970	Specify with power side 1 and 2, end A.
	• Side 1 and 2, end B	+\$1970	Specify with power side 1 and 2, end B.
Power Install	• Side 1	No cost	Specify with install side 1.
	• Side 2	No cost	Specify with install side 2.
Infeed	• No infeed	No cost	Specify with no infeed.
	• Infeed	No cost	Specify with infeed.
Panel Base	• Base trim	No cost	Specify with base trim.
	• Finish to floor	No cost	Specify with finish to floor.
Power	• Standard power	No cost	Specify with standard power.
	• Chicago power	No cost	Specify with Chicago power.
Related Products	• Aisla panels		► Page 48
	• Aisla cabinets		► Page 132
	• Aisla fabric-wrapped magnetic panel		► Page 130

Tip: Finish to floor option is not available if power location is side 1 and 2, end A or side 1 and 2, end B.

Tip: If finish to floor option is specified, only standard power is available.

Aisla Powered Panels—Miter

► Need help?
Product details,
page 30

Standard Includes

- Powered panel—miter: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1
- Trim: paint price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Paint color number for trim
 - 12 Options, if selected (see below)
- See *Surface Materials*, page 164

Product details,
page 30

Standard Includes

- Panel—T: High-Pressure Laminate price group 1
- 1 mm top edge band
- 3 mm side edge band
- Transaction top, if selected: High-Pressure Laminate price group 1
- Transaction top edge, if selected: plastic
- Transaction top bracket, if selected: paint price group 1
- Glass insert, if selected: glass price group 1
- Trim: paint price group 1

Required to Specify

- 1 Style number
 - 2 Width (see below under Required Selections)
 - 3 Height (see below under Required Selections)
 - 4 Connection—end A (see below under Required Selections)
 - 5 Connection—end B (see below under Required Selections)
 - 6 High-Pressure Laminate color for panel
 - 7 Glass color number for glass insert, if selected
 - 8 High-Pressure Laminate color for transaction top, if selected
 - 9 Plastic color number for transaction top edge, if selected
 - 10 Paint color number for transaction top bracket, if selected
 - 11 Options, if selected (see below)
 - 12 Paint color number for trim
- See *Surface Materials*, page 164

Aisla HIU Credenzas—Perpendicular

► Need help?
Product details,
page 42

Standard Includes

- HIU credenza—perpendicular:
 - Top: High-Pressure Laminate price group 1
 - Case: High-Pressure Laminate price group 1
 - Headset: High-Pressure Laminate price group 1
- Wood shelf, if selected: High-Pressure Laminate price group 1
- Metal shelf, if selected: paint price group 1
- Top edge, if laminate top is specified: plastic price group 1

Required to Specify

- 1 Style number
- 2 Width (see below under Required Selections)
- 3 Width - left storage (see below under Required Selections)
- 4 Width - right storage (see below under Required Selections)
- 5 Desk application (see below under Required Selections)
- 6 Top detail (see below under Required Selections)
- 7 High-Pressure Laminate color for top
- 8 High-Pressure Laminate color for case
- 9 High-Pressure Laminate color for headset
- 10 Plastic color number for edge
- 11 High-Pressure Laminate color number for wood shelf, if selected
- 12 Paint color number for metal shelf, if selected
- 13 Paint color number for pull
- 14 Paint color number for grommet
- 15 Options, if selected (see below)
 - See *Surface Materials*, page 164

Surface Materials

Surface Materials	164
Veneer Cut Guidelines	168
Color Availability Matrices	169

Surface Materials

This listing includes all the surface material choices that are available for the products in this specification guide.

Resources

For more information about surface materials, refer to the following resources:

Additional surface materials specification tools are available to assist you in the specification process—the Surface Materials Binders.

The global surface materials palette is a core collection of finishes that is available across multiple geographies (Americas/EMEA – Europe, Middle East, and Africa/APAC – Asia Pacific) and on global product lines, where applicable. For a list of finishes included in the offering, see the Surface Materials Reference Manual. Additional details, like product approvals by geography and finish number conversions, can also be found in the Surface Materials Reference Manual or see steelcase.com/surface-materials.

Surface Materials Binders include:

- Surface Materials Reference Manual
- A complete set of swatch cards for hard surfaces, vertical surface fabrics, and seating upholstery

Wood

Steelcase carefully selects veneer and solid wood for consistent color and grain structure. Wood is a natural material and variations will occur in color, grain and texture. These variations are part of the inherent natural beauty of wood and are not considered defects.

Wood veneers and solid wood finishes will not be an exact match to woodgrain laminates. We highly recommend ordering physical samples to understand visual differences.

Forest Stewardship Council (FSC) certified wood (veneer and core) is available on most Steelcase wood products through the Specials RFQ process.

All wood products will darken with age and exposure to ultraviolet light. This is especially apparent with cherry and maple veneer. We recommend that desk accessories be rearranged periodically to ensure even aging of wood surfaces.

When storing your wood furniture, please follow the following guidelines:

- Do not store products in trailers
- Store products in areas that simulate office temperatures (60°F to 90°F)
- Store products in areas that maintain constant, office-like humidity levels
- Keep product away from light. Cover products to make sure they are not exposed to light.

Ⓜ = Excluded

Steelcase Surfaces

Veneer

Veneers are matched for proper balance and consistency. Veneers are available or quarter cut, except for Oak, which is rift cut.

▶ Refer to the *Veneer Cut Guidelines* on page 168 for descriptions of each cut.

Open-pore finish is a medium gloss finish that leaves the wood grain texture visible to the eye and distinguishable to the touch.

Applies to:

- Aisla panels
- Aisla powered panels
- Panel transaction top
- Aisla cabinets
- Aisla HIU credenzas and low storage
- Aisla HIU storage wood HIU shelf

- 3P41 OP Planked Cherry
- 3P51 OP Planked Maple
- 3P61 OP Planked Oak
- 3P71 OP Planked Walnut
- 3VFX OP Unmarked Oak

Tip: Known for its uniqueness, planked veneer has intentional and natural variations that include, but are not limited to: character marks, grain pattern, color, and natural color aging.

Premium Veneers

A selection of Premium veneers in this collection are available on most Steelcase brand products. The collection will be available as close to standard leadtimes as possible. However, because adequate supplies of veneer and solids must be secured, all orders will be scheduled individually. Leadtimes will vary based on Premium veneer and Premium solids availability at the time the order is placed. The collection is available as Wood Group 3 as part of our Select Surface program, and supported like standard veneers to make ordering easy. Please see the Steelcase surface materials section on village.steelcase.com for sample information and product line availability. All premium veneers are in clear-coat.

Wood Group 3

Quarter-Cut Open-Pore

- 3832 QC/OP Figured Anegre

Select Surfaces

Composite Veneer

Composite veneers are an engineered wood intended to create specific grain patterns and characteristics. They are pre-stained and finished with Steelcase's Clarity water-borne UV topcoat, which protects the environment while providing durability and clarity. Only open-pore finishes are available on composite wood. Composite veneer and matching edge bands are available on most Steelcase brand products. Composites, for use as a solid nosing substitute, are not available. Steelcase does not recommend mixing composite veneers with natural solid nosings because composite and natural wood grain and color matching are rarely compatible. Composite veneers are available as Wood Group 1 pricing as part of our Select Surfaces program.

Applies to:

- Aisla panels
- Aisla powered panels
- Panel transaction top
- Aisla cabinets
- Aisla HIU credenzas and low storage
- Aisla HIU storage wood HIU shelf

Custom Surfaces

Customiz stain is a service that allows you to create your own stain colors and finishes on standard veneer. Customiz stain color is available on all product lines that offer wood veneer.

A \$500 stain-matching fee applies on CUSTOMIZ requests (Exception: The \$500 fee does not apply on matches to Coalesse standard finishes or for a low-gloss finish request on a standard color). The \$500 fee covers the cost of formulating the Customiz color finish and applies regardless of whether or not an order for product is placed.

In addition, an approval form must be signed to indicate customer acceptance of Customiz match. A \$1500 initiation fee will be charged prior to first order entry. This initiation fee activates the finish for unlimited use on any Steelcase product for an 18 month time period. After the 18 month time period has lapsed, the Customiz finish may be reactivated for another 18 months for a \$1000 fee at any point within five years after the \$1500 initiation fee was paid. If the finish is not reactivated within five years after the \$1500 initiation fee was paid, the finish will be culled and the customer will need to pay the \$1500 initiation fee again. All style number related Customiz charges products are no cost as of April 2014. The matching and initiation fees are not discountable.

Customiz stain takes 10 days to formulate. Consult the *Surface Materials Reference Manual* for more information. Custom veneers are also available and must be quoted by Steelcase special group. Customiz stain on custom veneers takes 2 to 4 weeks to formulate.

Requirements and information on ordering a Customiz stain color are found in the *Surface Materials Reference Manual*.

Laminate

Steelcase Surfaces

High-Pressure Laminate

Price Group 1

Custom Surfaces

Open Line Laminate (OLL)

This service allows you to order non-standard laminate at an additional processing fee of \$111 U.S. per unit, plus the cost of the laminate.

High-Pressure Laminate pricing does not include premium or digitally printed patterns from any suppliers. Laminate cost may also vary for basic or standard laminates from other suppliers. Please contact the OLL consultant at 616.475.2426 for pricing. The cost of the laminate will be added to your invoice as a separate line on the acknowledgement.

When processing orders for Open Line laminate, specify 2900 in the laminate finish field and enter the OLL manufacturer information. Specify appropriate 2K finish number for the edge finish.

Laminate Approval and Material Requirements

To confirm whether a particular laminate has already been tested for use on a specific Steelcase product or to determine material square foot requirements:

- Visit www.steelcase.com

For additional information, refer to the *Steelcase Surface Materials Reference Manual*.

Veneer Cut Guidelines

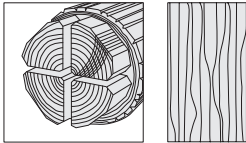

Flat Cut

Veneer is cut parallel to the flat side of the cant at a tangent to the growth rings of the tree. This produces a cathedral or oval pattern. On average, there is a 6-8" wide leaf width. On an 18" wide surface, there will likely be three leaves showing a repeated pattern.

Quarter Cut

Veneer is cut from quarter sections of the log which are produced by cutting each cant in half. Cutting lines are at an angle of approximately 90 degrees to the growth rings at the center of the quarter. This produces a straight grain or ribbon pattern. On average, leaves are 2½-4" wide.

Rift Cut

This veneer cut is specifically for oak. Cutting lines are an arc approximately perpendicular to the growth rings. This produces a comb-like straight grain or ribbon pattern. On average, leaves are 2½-4" wide.

Color Availability Matrices

Plated and Painted Metal

Not every plated metal color is available on every metal component. This matrix gives you an overview of which plated metal colors are available on each component.

Lock and Keying	172
Style Number Index	174

Lock and Keying

Aisla products are available with field-installed lock plugs only. Lock cylinders are ordered separately.

Locks consist of a factory- or field-installed lock cylinder and a factory-installed lock face ring.

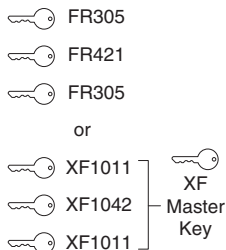

Two types of locks are available — the standard keying system (FR series) and the master keying system (XF series). All the locks in the XF series can be opened with a single master key.

Factory-Installed Keying

Factory-installed locks are always key random (standard) or master key random (optional on some product lines). Key random means that the locks will be assigned arbitrarily at the factory with key numbers ranging from FR305 to FR999 (Master keying numbers: XF1001 to XF3000). All locks within a unit will be keyed alike.

Tip: Random keying can mean that different furniture units will have the same key number. If you must have all locks keyed differently, you should specify field-installed, key specific or key consecutive lock cylinders.
▶ See below.

Key Random

Required to Specify

Master key random +\$39 Specify with master key random.

Field-Installed Keying

Field-installed locks are only available on products that include factory-installed lock mechanisms.

Specify "plug" when specifying furniture, and the product will ship with a plastic plug in place of the lock cylinder.

Front-removable lock cylinders must be specified separately. You must also order a special lock tool to install or remove lock cylinders in the field.

Tip: Lock tools are reusable. You do not need to order additional lock tools with every furniture order.

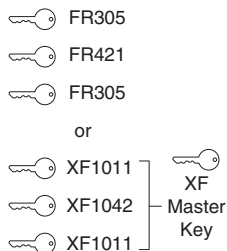

Lock cylinders will be shipped separately so that you can install the locks when you are ready.

Three keying choices are available for field installation — random (standard), specific, and consecutive. All three are also available with master keying, which means that all locks can be opened with a single master key.

Key random means that the locks will be assigned arbitrarily at the factory with key numbers ranging from FR305 to FR999 (Master keying numbers: XF1001 to XF3000).

Tip: Random keying can mean that different furniture units will have the same key number. If you must have all locks keyed differently, you should specify key specific or key consecutive lock cylinders.

Key Random

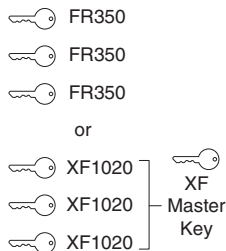

Key specific means that you can specify any key number from FR305 to FR999 (Master keying numbers: XF1001 to XF3000). This option can be used to key all the furniture units in a workstation or department the same.

Tip: Designate the quantity per key number in your specification.

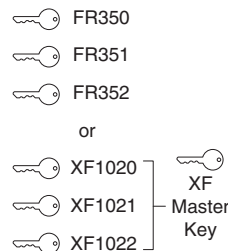

▶ See example at right.

Key Specific

Key consecutive means that you can specify lock numbers in a consecutive order to ensure that no two locks have the same key number until the key sequence repeats. You must select a beginning key number from FR305 to FR999 (Master keying numbers: XF1001 to XF3000).

Key Consecutive

Example of a typical lock cylinder specification is shown below:

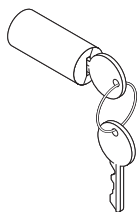

10	LOCKFR FR320
5	LOCKFR FR350
15	LOCKXF XF1100
30	Total
1	877102003SR standard lock tool
1	877102002SR master lock tool

For Canadian Pricing

Multiply U.S. Price by the Canadian price factor.
▶ See page 1 for details.

Field-Installed Lock Cylinders

Tip: Lock price is included in price of furniture with locks.

Tip: For replacement lock cylinders, refer to Service Parts.

Tip: You can change lock cylinders in the field by using the appropriate lock tool.
