Steelcase Highlights

Steelcase is a trusted partner to state and local governments.

For over a century, we've designed, manufactured, and partnered with public sector organizations to create furnishings and solutions for the many places where government work happens — from city halls and courthouses to school district offices and emergency communications centers.

Through our research, we deliver insights and design innovative products that meet the unique needs of government workplaces. Our solutions come to life through a nationwide network of dealer partners, ensuring local expertise and consistent service.

We work for the wellbeing of people and the planet — using our business to help government workplaces work better.

Thought Starters

Public sector workplaces thrive on solutions that balance community needs with everyday resilience — inspiring spaces that welcome, comply, and last.

Products depicted in this section are subject to change and availability

Personal Spaces

Balance fostering focus work and team connections in these owned or shared personal spaces. Give individuals control over how they get work done, the ability to express themselves and a sense of security while prioritizing getting work done.

Collaboration Spaces

Spaces for conference and collaboration provide the foundation for connection and progress. By weaving together physical presence and digital access, they make it possible for teams to engage seamlessly—whether gathered in the same room or spread across the state.

Social Spaces

Help cultivate culture with social spaces that connect people, and create a sense of purpose and belonging through meaningful interactions. Access to power, and analog and digital tools boosts the use of these spaces throughout the day by giving teams and individuals more choices when it comes to making progress on their work.

Training Spaces

The ability to learn and develop individual and organizational capabilities is key to innovation and growth. Multi-modal spaces support different purposes, giving teams and individuals the opportunity to experiment, create and build on each other's ideas. Both in-person and distributed team members can actively participate in spaces designed to be inclusive.

Transition + Waiting Spaces

Purposeful and productive waiting spaces provide hosting amenities, access to power and multiple seating options to meet the needs of a variety of patients and family members.

Patient Spaces

Welcoming patient rooms provide a hosted environment that considers the fundamental needs of friends and family members and helps them partner with clinicians.

Exam Spaces

Innovative exam and consultation spaces effectively allow clinicians to engage with patients (in person and from a distance) by considering changing user needs, increased family involvement and evolving technology.

Seating

Smart seating delivers comfort and support for long hours — blending ergonomic design with high performance, quality, sustainability, and durability employees can count on across every setting.
