A PERFECT FIT.

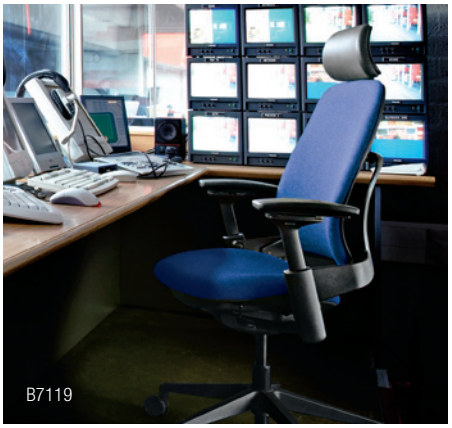

DEVELOPED BY STEELCASE DESIGN STUDIO

Leap Plus and 24/7 chairs offer all the benefits, aesthetic appeal and functionality of Leap with support for users up to 230Kg with Leap Plus and outstanding durability for use 24 hours a day with Leap 24/7. It's all thanks to Leap's advanced design with innovative features such as a flexible backrest, separate upper and lower back controls and a dynamic seat.

FULLY ADJUSTABLE

The eight independent adjustments offer support through the full range of dynamic seating postures: upright, reclined and forward. Diagrams and an explanation of how to use each adjustment are available under the chair's right armrest.

UP TO 230 KG WITH LEAP PLUS

Leap Plus fits the broadest range of people up to 230kg. It features an 18% larger seat and 12% larger back, thicker and wider seat cushion, high-pressure cylinder, wider diameter base to meet the needs of larger users.

OUTSTANDING DURABILITY WITH LEAP 24/7

British Standard regulation BS5459: Leap 24/7 is suitable for use 24 hours a day, and for people weighing up to 150kg (33% more weight and up to 3 times as long for uninterrupted sitting periods compared to the European Standard EN1335).

Leap 24/7's hard-wearing fabric is highly resistant, rated at 200 000 and 500 000 Martindale (Standard fabric: 50 000 Martindale).
